Budget Action description:
This green sheet would impose the following proviso:

"Of the appropriations in the 2018 budget to Budget Control Levels the purposes of which would authorize expenditures on involuntary removal of persons or their personal property engaged in unauthorized entry or unauthorized camping on City or State-owned or controlled property, none of the money so appropriated may be spent on the involuntary removal of persons engaged in unauthorized camping, or the personal belongings of people engaged in unauthorized camping on City or State-owned or controlled property; and none of the money so appropriated may be spent on providing administrative, security, or contracting support for removing such persons or their property; except when the persons or property are on school property, active rights-of-way including sidewalks and stairways, activated park spaces, City utility rights-of way, or controlled-access areas of City-owned property, or unless authorized by future ordinance. This proviso does not limit the authority of departments to engage in sanitation, law enforcement unrelated to residing in an unauthorized encampment, trash removal, counseling, outreach to mitigate any unsafe or hazardous locations, or providing other homeless services in unauthorized encampments."
