Budget Action description:

This green sheet recommends passage of C.B. xxx that (a) establishes a list of approved projects for which the Seattle Department of Transportation (SDOT) may seek grant funding and (b) prohibits SDOT from applying for any other grants of $5 million of more in 2019 without a future ordinance.

This legislation is part of Council's oversight of the City's Capital Improvement Program. The ordinance is permissive: SDOT may seek grants for any of the listed projects, but SDOT is not required to seek grants for any or all of the listed projects. The ordinance can be amended during the course of the year through a separate future ordinance in the event that SDOT determines that there are new projects or new grant opportunities to pursue.
