Budget Action Description:

This budget action substitutes version D2 of Council Bill (CB) 119687, shown in Attachment 1, for version D1a. The substitute bill removes one area of evaluation; adds two areas of evaluation; states an intent to consider future adjustments if state or federal law mandates elements of the minimum compensation standard; and adds a definition of "dispatch platform time."

This budget action also passes CB 119687 as amended which requires (1) Finance and Administrative Services (FAS) to complete an evaluation process to develop a minimum compensation standard for TNC drivers by March 31, 2020; and (2) the Mayor to transmit to Council future legislation to propose implementation of a minimum compensation standard by May 1, 2020.
