CITY CLERK

The Honorable Edward B. Murray  
Mayor of Seattle

Dear Mayor Murray:

This report regarding my audit of certain Police Department files is sent to you pursuant to Seattle Municipal Code Chapter 14.12 (the Investigations Ordinance), specifically Section 14.12.320C.

## AUDIT CONCLUSIONS

The audit was completed on January 5th and concerned the specific files described below. I found the Seattle Police Department to be in compliance with the pertinent sections of the Ordinance. An inspection of the files and records revealed: (a) no violations of the Ordinance, and (b) a good faith effort by the officers of this Department to comply with the Ordinance in all respects.

Specifically, I confirmed that the Department has complied with the mandates of Ordinance Section 14.12.320C, which require that:

- (1) "...All information designated for audit by the Chief shall meet all the provisions of this chapter controlling the collection, receipt and/or transmittal of information.
- (2) Only information regarding organized criminal activity obtained by a designated departmental LEIU representative, or information regarding criminal narcotics activity obtained by a designated departmental WSIN representative, from designated LEIU or WSIN representatives, respectively, in other agencies, will be audited under this subsection by the Chief. All other information collected from outside agencies will be subject to audit by the appointed Auditor.
- (3) "Organized criminal activity" is defined as conduct that relates to a continuing enterprise engaged in solely for the purpose of obtaining monetary gain wholly or in part through racketeering, vice, narcotics, gambling, fencing, or similar criminal activity.
- (4) "Criminal narcotics activity" is defined as conduct that relates to the illegal manufacture, transportation, distribution, or sale of narcotics or other controlled substances.
- (5) All information designated for audit by the Chief shall be filed separate from other Department files.
- (6) Access to the information designated for audit by the Chief shall be limited to police officers specifically designated by the Chief of Police."
