

City of Seattle

2020 Annual Action Plan for Federal Grants

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

This 2020 Annual Action Plan is submitted to the U.S. Department of Housing and Urban Development as the application for origin year 2020 funds from the Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons with AIDS programs. This is submitted in compliance with regulations found at 24 CFR 91. The Annual Action Plan encapsulates the third year of the 2018-2022 Consolidated Plan for Housing and Community Development. Funding priorities will continue to be used to support emergency shelter and services for homeless persons, to provide for affordable housing, small business and microenterprise financial assistance and business district planning, job training and readiness services, and for park upgrades and ADA improvements. For program year 2020, a total of approximately \$21.9 million is governed by this annual plan.

Three changes will impact 2020 programs: the update of the Housing Levy Administration and Financial Plan and Policies and the transition to the new King County Regional Homelessness Authority during 2020-2021 and changes in the approach to Economic Development funding [including the response to the coronavirus pandemic](#):

Housing Policy: Seattle's Office of Housing updated the Housing Levy Administration and Financial Plan and Housing Funding Policies in 2019, for program years 2019-2020. This biennial update applies to the taxpayer-approved Housing Levy passed in 2016, which includes \$290 million for affordable housing over a span of 7 years. As part of the 2019-2020 update, the Office of Housing standardized affirmative marketing requirements for City-funded affordable housing developments. The update also created policy around the use of community preference in City-funded affordable housing developments in areas at high risk of displacement. The City is developing a community preference guideline in consultation with several department including the Office for Civil Rights and stakeholders. Several non-profit housing developers have expressed interest in implementing community preference outreach in their upcoming projects.

Homeless Services Consolidation with King County: The City of Seattle's 2019 investments in homelessness response project increases in the numbers of households served, as well as increases in the rates of permanent housing exits, notably among key focus populations (Black/African American and American Indian/Alaska Native households). In 2020, the City will continue to build on this impact, aligning its work with King County and All Home (our region's Continuum of Care) to create a new King

County Regional Homelessness Authority. This new governing body will provide a strategic, unified regional response to homelessness.

Economic Development Policy: Since 2010, job growth in the city of Seattle has outpaced national averages, growing by over 20%. Seattle’s median income has soared, but that increase is not shared across racial groups, with whites continuing to significantly outpace other racial groups. As well, Seattle was the 2nd fastest growing large city between 2010 and 2017, growing by almost 20%. The City’s growth challenges our small business community, particularly members from low-income neighborhoods, who voiced a significant need for support to maintain their businesses in the face of gentrification. OED piloted in 2019 two new programs, a Business Stabilization Fund and a Tenant Improvement Fund to develop tools responsive to the current reality.

COVID-19 response: As Seattle is increasingly affected by the spread of the COVID19 virus, businesses are struggling with loss of customers, particularly small and minority-owned businesses. As part of a suite of resources available to combat the economic impacts of this virus, grants of up to \$10,000 will be made available to ensure businesses can maintain operations during this downturn. Small businesses located in Seattle, owned by those up to 80% of median income with five or fewer employees with income loss due to coronavirus restrictions may apply to this program. ~~accessible loans will be made available to ensure businesses can maintain operations.~~

2. Summarize the objectives and outcomes identified in the Plan

The objectives of the governing 2018 - 2022 Consolidated Plan funding are to 1) support the delivery of emergency shelter and related services for homeless persons and families; 2) develop and preserve affordable rental and homeownership housing; 3) support low- and moderate-income neighborhoods, businesses and business districts with infrastructure and economic development assistance; 4) support job training activities as part of an anti-poverty strategy; and advance the objectives of affirmatively furthering fair housing.

3. Evaluation of past performance

- Human Services Department CDBG public service and ESG dollars provided vital overnight shelter to over 4,402 homeless households in 2018.
- The Office of Housing (OH) awarded funding for 27 federally funded affordable housing units. CDBG funds were used to rehabilitate and preserve 16 units in North Seattle. In addition, CDBG support provided home repair to 500 households: primarily for senior homeowners. HOME funds were used in the Low-Income Housing Institute Othello project, estimated to produce 93 units, 11 of which are HOME funded. OH completed and leased up 21 HOME units in two previously funded projects: Estelle by DESC, Tony Lee Apartments by the Low-Income Housing Institute.

- Parks and Recreation Department used CDBG funding to complete capital improvements and renovations, including ADA improvements, at nine (9) neighborhood parks serving low-moderate-income neighborhoods.
- The Office of Economic Development (OED) CDBG funded activities supported approximately 200 businesses in 9 neighborhood districts, with about 85 low income microenterprises receiving direct technical support. Outside of neighborhood centric work, an additional 200 businesses were assisted in 2019.
- The Office of Immigrant and Refugee Assistance ESL for Work Program continues to meet client demographic goals. In 2018, of 133 unduplicated clients served 93 were extremely low income and 40 were low income. All were immigrants (76) Asian American; (51) Black/African American/Other African, and 6 Hispanic. The Ready to Work (RTW) program is recognized by the US Department of Labor, National Skills Coalition, and the Research Triangle institute as a best practice community anti-poverty, employment program.
- In 2019, the Office of Planning and Community Development's (OPCD), Equitable Development Initiative awarded \$5 million to 10 community-initiated projects one of which received an award of \$1 million of CDBG dollars to support services intended to reduce disparities in housing outcomes for Alaskan-Native/American Indian people. The projects will be developed in at least 8 high-risk displacement neighborhoods.

4. Summary of Citizen Participation Process and consultation process

The Consolidated Plan relies on multiple planning efforts from a variety of sources to inform the allocations of the Consolidated Plan funds. The consultation process illustrates how HUD funds are part of a much larger funding picture for housing, human services, and community development in the City of Seattle.

The City's conduct of planning efforts through the Area Agency on Aging, the Seattle / King County Committee to End Homelessness, the Mayor's Emergency Task Force on Unsheltered Homelessness and the City's Housing Affordability and Livability Advisory (HALA) Committee, Seattle 2035 Comprehensive Plan Update, the Mayor's Commercial Affordability Advisory Committee, the Human Services Department's Pathways Home plan development to evolve our homeless prevention and service system each provided key opportunities for consultation and public input. In addition, the City's 2020 Adopted (second year of biennial budget) and 2021 Proposed Budget will include significant general public input and discussion to shape budget priorities. The budget is passed by City Council in November each year.

A draft of the 2020 Annual Action Plan was publicized and made available for public comment for a 30-day public comment period beginning November 15, 2019.

5. Summary of public comments

[A public hearing was conducted on the 2020 Annual Action plan during the December 11, 2019 Finance and Neighborhoods committee of the Seattle City Council. Due to the corona virus outbreak the final draft 2020 AAP was reviewed on May 4, 2020 in a virtual session.](#)

~~Public hearings were conducted on the 2020 Annual Action plan during the December 11, 2019 Finance and Neighborhoods committee of the Seattle City Council, and at the April 7th Finance and Housing committee. [update to include comments if received]~~

6. Summary of comments or views not accepted and the reasons for not accepting them

No comment was received on December 11, 2019 and [see above]

7. Summary

The City of Seattle coordinates HUD’s Consolidated Plan funds with other local resources including General Fund; Families and Education Levy, Housing Levy; federal McKinney-Vento funds; and state Real Estate Excise Tax (REET) to provide for human services, affordable housing, and community and economic development. Not all the needs identified in the Consolidated Plan are addressed with HUD funds, particularly those activities that support Assessment of Fair Housing work plan items. **How each fund source is used depends upon the various restrictions and regulations covering the funds and the most efficient and effective mix of funds.**

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	SEATTLE	
CDBG Administrator	SEATTLE	Human Services Department, Fed. Grants Mgt. Unit
HOPWA Administrator	SEATTLE	Human Services Department, FGMU
HOME Administrator	SEATTLE	Office of Housing (OH)
ESG Administrator	SEATTLE	Human Services Department, FGMU

Table 1 – Responsible Agencies

Narrative (optional)

The City's Federal Grants Administration Unit (FGMU), housed in the City's Human Services Department, coordinates the development of the Consolidated Plan, the annual action plans, the CAPER, and the Assessment of Fair Housing. Consolidated Plan funds are used by several City departments: the Human Services Department, the Office of Housing, the Office of Economic Development, the Office of Immigrant and Refugee Affairs, the office of Planning and Community Development and the Parks and Recreation Department. All concerns or questions about the Consolidated Plan should be directed to the Federal Grants Administration Unit.

As noted above, the City and King County are transitioning to a new regional model of governance to ensure coordinated, effective coverage for a range services to people experiencing homelessness. It is anticipated that the City will co-locate staff administering homelessness intervention services with their King County counterparts early in 2020 and continue to transition to an independent King County Regional Homelessness Authority (KCRHA) in 2021. The City anticipates that federal CDBG and ESG public services funding will continue through 2020. Once the new regional authority is in place, the role and allocation of federal grants for homeless services will be reviewed. Pending that review, a Memorandum of Agreement regarding priorities for City federal grant funds by the KCRHA in accord with the City’s 2018-2022 Consolidated Plan and in compliance with all HUD certifications and requirements for use of these grant funds can be executed.

Consolidated Plan Public Contact Information

The Federal Grant's Management Unit is housed in the City's Human Services Department. Our mailing address is P.O. Box 34215, Seattle, Washington 98124-4215. The Manager of the FGMU Administration Unit may be reached by calling 206-256-5415.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The AAP relies on *multiple planning efforts* conducted by partners such as the Area Agency on Aging, Human Services Department, Committee to End Homelessness, Office of Housing, Office of Economic Development, Seattle Housing Authority, and Office of Planning and Community Development.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Seattle 2035 Comprehensive Plan is a 20-year vision and roadmap for Seattle’s future that guides City decisions on where to build new jobs and houses, how to improve our transportation system, and where to make capital investments such as utilities, sidewalks, and libraries. New to the plan was a Growth and Equity Analysis which resulted in an Equitable Development Implementation Plan. Federal grant funding for the Equitable Development Initiatives noted in this AAP grew out of this community engagement and planning.

Seattle's Office of Housing continues to coordinate with Seattle Housing Authority particularly for:

Coordinated acquisitions: The City and Seattle Housing Authority (SHA) are partnering on acquisitions of existing multifamily rental housing at-risk of being converted to market-rate housing. One transaction includes the preservation of 3 buildings, and over 260 units, OH will be a \$15 million dollar investor in these properties, preserving them for another 50 years. The City and SHA are also working to acquire 8 acres of “naturally affordable” housing near the Northgate light rail station. This will preserve over 200 units of “naturally affordable” housing, while also creating an opportunity for future redevelopment and upwards of 1,600 units of affordable housing.

Yesler Terrace Cooperative Agreement: Per a Cooperative Agreement signed by the City and SHA in 2012, the two parties continue to coordinate on the execution of housing covenants between the City, SHA, and private developers, in conjunction with sales of SHA-owned land in the Master Planned Community Yesler Terrace (MPC-YT) zone. Additionally, the City continues to track SHA’s progress toward development and affordability goals, as stated in the Cooperative Agreement and its subsequent amendments.

Tenant-based vouchers in Multifamily Tax Exemption (MFTE) units: The City and SHA continue to coordinate on affirmative marketing of MFTE units to SHA’s list of Housing Choice Voucher (HCV) shoppers. This coordination helps SHA staff place HCV holders in MFTE units in newly constructed multifamily properties.

Section 18 conversion of scattered sites: As allowed by Section 18 of the U.S. Housing Act of 1937, SHA is applying to HUD to convert funding for 236 Scattered Site units from low-income public

housing to project-based vouchers. City staff is coordinating with SHA on its application and outreach to City elected officials.

City supported housing projects coordinate with mental health services programs:

Harborview Medical Center – Non-profit affordable housing developers supported by the City receive referrals, mental health, and medical services from Harborview Medical Center. These relationships and coordination with the behavioral health unit at Harborview include, but are not limited to, Plymouth Healing Communities, DESC, Plymouth Housing Group, YWCA, and other nonprofit housing developers.

Western State Hospital – OH supports projects that provide affordable housing for people with severe and persistent mental illness, like Community House and Transitional Resources, which coordinate with Western State Hospital for referrals and mental health services.

The Human Services Department coordinates with health, mental health and services systems and housing in multiple ways:

Area Agency on Aging coordinated the Mayor's Age Friendly initiatives to address environmental, economic, and social factors influencing the health and well-being of older adults. Programs such as utility discounts for seniors and people with disabilities, regional reduced transit fares, senior/disabled enrollment in property tax exemption program to help older households to maintain their housing will benefit from this initiative.

Homeless Services and Intervention (HSI)The City has a strong, collaborative, ongoing relationship with Public Health Seattle & King County, which includes regular meetings and shared priorities. Coordination increased in 2019 during a severe extended winter weather event and Hep A outbreak, bringing together housing providers, health and mental health providers, and government partners to respond together and establishing a deeper foundation for further collaboration.

Housing Connector developed in 2019, and supported by public funding, this program incentivizes private and non-profit property owners and managers to open their units to individuals in need of a home, while ensuring they have a steady revenue stream and protecting their bottom line. This results in lowered screening criteria for rapid re-housing and voucher holders and as increase in the units available to them. In the process, Housing Connector streamlines how households looking for a home are connected to available units and reduces the time spent searching for housing.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The current Seattle/King County Continuum of Care (CoC) includes King County plus cities such as Seattle, Auburn, Bellevue, Federal Way, Kent, Renton, and Shoreline. The lead agency for the CoC is All Home, which convenes government, faith communities, non-profits, the business community and

homeless and formerly homeless people working together to implement the Continuum of Care in King County. ESG funding decisions are coordinated with All Home and its Funders Group. For more information about All Home, please visit <http://allhomekc.org/about/>.

The CoC's work benefits persons experiencing homelessness or at risk of homelessness across all populations (single adults, young adults, couples, families, and veterans). Examples of coordination include co-developing service delivery standards, identifying training needs and delivering training, contributing resources to support HMIS and coordinated entry, serving on the CoC Coordinating Board and other CoC policy committees, and engaging with people with lived experience of homelessness. In addition, the City recently partnered with All Home to support a two-year End Youth Homelessness Now! initiative and is working in tandem with All Home and King County on restructured homelessness governance, outlined elsewhere in this report.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Seattle's federal grants team assists in determining ESG allocations. The City worked in partnership with the CoC (All Home), King County, and United Way of King County to develop shared system-wide performance standards used in all contracts. These standards were included in the City's 2017 RFP. Examples of performance requirements include Exit Rate to Permanent Housing, Length of Stay (days), Return Rates to Homelessness, and Entries from Literal Homelessness.

The City reviews program performance monthly, and the City's data team provides quarterly progress reports and as-needed technical assistance, working collaboratively with the data team at King County to review system trends. The City is also in sync with King County and other local funders to develop policies for HMIS. (King County is the operator of HMIS.)

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

See table below.

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	All Home
	Agency/Group/Organization Type	Planning organization
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Seattle / King County Continuum of Care (CoC) includes King County plus the cities of Seattle, Auburn, Bellevue, Federal Way, Kent, Renton, and Shoreline. The lead agency for the CoC is All Home, a broad coalition of government, faith communities, non-profits, the business community and homeless and formerly homeless people. ESG funding decisions are coordinated with All Home, as lead CoC agency, and its Funders Group. For more information about All Home please visit: http://allhomekc.org/about/ .
2	Agency/Group/Organization	Ready to Work Steering Committee
	Agency/Group/Organization Type	Services-Education Services-Employment Other government - State Other government - County Regional organization Civic Leaders Business and Civic Leaders
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	RTW steering committee sets program priorities which informed which services would be submitted for CDBG fund consideration.

3	Agency/Group/Organization	Housing Development Consortium of Seattle-King County
	Agency/Group/Organization Type	Housing Services - Housing Services-homeless
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Market Analysis
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Housing Development Consortium (HDC) is a membership organization representing the many agencies and businesses involved in the nonprofit housing industry in Seattle and King County. Its members include nonprofit housing providers, homelessness services organizations, lenders, builders, architects, investors, local government, and housing authorities. During the development of the 2016 Housing Levy, HDC convened members including organizations serving the array of populations such as homeless, low-wage workers, seniors, people with disabilities, families, immigrant and refugee households -- served by the levy. The City of Seattle Office of Housing met regularly with these HDC members to get input on needs and market conditions related to rental development and operations, homebuyer assistance and development, and homeowner foreclosure prevention. HDC members were also actively involved in reviewing funding policies for the Housing Levy Administrative and Financial Plan after the levy was approved by voters. Consultation for the Housing Levy is incorporated into the Consolidated Plan because a project from the City of Seattle Office of Housing may use HUD funds as well as Housing Levy funds.
4	Agency/Group/Organization	Housing Levy Technical Advisory Committee
	Agency/Group/Organization Type	Housing Services - Housing Services-homeless

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Strategy Market Analysis
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Technical Advisory Committee was convened by the Office of Housing to advise the City on programs and goals for the proposed 2016 Seattle Housing Levy. It was comprised of 28 members with a broad range of expertise, including assisted and market rate rental housing, home ownership development, land use and environmental planning, homelessness prevention and stability programs, and housing finance. The committee met four times during the fall of 2015. It reviewed the performance of existing levy programs, existing and projected housing and homelessness needs, and existing and projected housing market conditions. The committee helped shape the program elements of the new levy, both its broad policy priorities, and its underlying financial assumptions and administrative structure. This work established the parameters for Housing Levy funding over seven years, 2017 to 2023.
5	Agency/Group/Organization	Housing Levy Oversight Committee
	Agency/Group/Organization Type	Housing Services - Housing Services-homeless
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Market Analysis

	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>The Housing Levy Oversight Committee is the citizen body responsible for monitoring and reporting on performance of Seattle Housing Levy to City officials and the public. The Oversight Committee also recommends funding policies for levy programs to the Mayor and Council. The current Oversight Committee was convened in January 2016, with seven members appointed by the Mayor and six by the City Council. In first quarter 2016 the committee reviewed funding policies for the new 2016 Housing Levy, including public and stakeholder input compiled over the prior six months. These policies address population and geographic priorities, funding allocation, contracting requirements, and ongoing compliance. The policies were subsequently adopted by City Council as the Housing Levy Administrative and Financial Plan, with attached Housing Funding Policies. The Housing Funding Policies also govern Consolidated Plan funds administered by OH, consistent with federal requirements for HOME, CDBG and other City-administered sources.</p>
6	<p>Agency/Group/Organization</p>	SEATTLE HOUSING AUTHORITY
	<p>Agency/Group/Organization Type</p>	<p>Housing PHA Services - Housing</p>
	<p>What section of the Plan was addressed by Consultation?</p>	Public Housing Needs
	<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>SHA is a full partner with the City of Seattle in housing development, identifying gaps in service needs and coordination between private, subsidized and public housing services.</p>
7	<p>Agency/Group/Organization</p>	<p>Workforce Development Council of Seattle and King County: ABE-ESL Planning Committee</p>
	<p>Agency/Group/Organization Type</p>	<p>Job Training Economic Development</p>

	What section of the Plan was addressed by Consultation?	Non-housing Community Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The WDC is considering in their strategic plan investing in models like RTW in other geographic areas in Seattle and King County not being served by the City’s RTW program as a result of our participation in their planning process.
8	Agency/Group/Organization	Seattle, King County and All Home
	Agency/Group/Organization Type	Services - homeless
	What section of the Plan was addressed by Consultation?	Homeless Need – Chronically Homeless Homeless Needs – Families with Children Homeless Needs – Veterans Homeless Needs Unaccompanied Youth Homeless Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	In consultation with National Innovation Service (NIS) all parties assessed potential for regional model of coordinated services to all categories of people experiencing homelessness. Addressing the needs of persons experiencing homelessness is called out specifically in the goals of the 2018-2022 Consolidated Plan. Recommends 10 actions including creation of a new regional homelessness authority.
	Agency/Group/Organization	Seattle, King County and All Home
	Agency/Group/Organization Type	
	What section of the Plan was addressed by Consultation?	

<p>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</p>	<p>In consultation with the Corporation for Supportive Housing (CSH), all parties developed elements of a Regional Action Plan to address the needs of all categories of people experiencing homelessness. Addressing the needs of persons experiencing homelessness is called out specifically in the goals of the 2018-2022 Consolidated Plan. New King County Regional Homelessness Authority will be tasked with writing and implementation of this plan based on recommendations of this group.</p>
---	--

Identify any Agency Types not consulted and provide rationale for not consulting

Finite time, staff capacity and other resources always impose a practical limit on how many entities and possible interested parties are consulted in any given planning process. However, please refer below to the extensive list of consulted entities involved in the key plans relied upon to develop the Consolidated Plan that informs each Annual Action Plan (e.g. the Housing Affordability and Livability, an initiative to renew the City’s Housing Levy, the Positive Aging Initiative, the Equitable Development Initiative, the Seattle Housing Authority’s Strategic Plan, etc.)

Describe other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	All Home	Addressing the needs of persons experience homelessness is called out specifically in the goals of the 2018-2022 Consolidated Plan. Seattle/King County Strategic Plan to End Homelessness is managed by All Home, the Continuum of Care (CoC) Lead agency, and has served as a guiding effort to coordinate a system of services across the City and King County that focuses on ending rather than institutionalizing homelessness. www.allhomekc.org/the-plan
2017 City and SHA Assessment of Fair Housing	Human Services Dept. - FG MU	The AFH Work Plan is fully integrated into the 2018-2022 Consolidated Plan as required by HUD. See http://www.seattle.gov/Documents/Departments/HumanServices/CDBG/2017%20AFH%20Final.4.25.17V2.pdf

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
23rd Avenue Action Plan	Office of Planning and Comm. Dev.	Creates strong communities in the face of displacement pressures through the Healthy Living Framework, increase affordable Housing Options (Multiple Goals), promote economic mobility for low-income residents, Implements the City's Comprehensive Plan. http://www.seattle.gov/Documents/Departments/OPCD/OngoingInitiatives/CentralArea/23rdAvenueUDF.pdf
Central Area Design Guidelines	Office of Planning and Comm. Dev.	Supports City's Comprehensive Plan. Increases access to high quality community infrastructure and high opportunity neighborhoods. http://www.seattle.gov/opcd/ongoing-initiatives/central-area
Breaking Barriers and Building Bridges	Office of Immigrant and Refugee Affairs	Complements Consolidated Plan goals by promoting equitable investment and development in low income communities to create shared prosperity; advancing economic mobility for the immigrant and refugee workforce and combatting institutional racism and barriers faced by low-income people with different abilities. https://www.seattle.gov/Documents/Departments/OIRA/BreakingBarriersandBuildingBridges.pdf
Ready To Work	Office of Immigrant and Refugee Affairs	Complements Consolidated Plan goals by promoting equitable investment and development in low income communities to create shared prosperity; advancing economic mobility for the immigrant and refugee workforce and combating institutional racism and barriers faced by low-income people with different abilities. https://www.seattle.gov/iandraffairs/RTW
Racial and Social Justice Initiative	Office of Civil Rights	Combat institutional racism and barriers faced by low income people, people with disabilities, families with children, veterans and other groups. Pursue best practices to eliminate structural and individual bias (related to racism, homophobia, transphobia, ableism, ageism and other forms of bias) http://www.seattle.gov/rsji/resources
Seattle 2035: Growth Management Act Update	Office of Planning and Comm. Dev.	The Comprehensive Plan guides City decisions on where to build new jobs and houses, how to improve our transportation system, and where to make capital investments such as utilities, sidewalks, and libraries. Our Comprehensive Plan is the framework for most of Seattle Countywide Planning Policies. http://www.seattle.gov/opcd/ongoing-initiatives/seattles-comprehensive-plan
Waterfront Seattle	Office of Planning and Comm. Dev.	Supports goals directed towards equitable access to a healthy environment in the downtown waterfront area of Seattle. https://waterfrontseattle.org/overview

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Capitol Hill Design Guidelines	Office of Planning and Comm. Dev.	Supports City's Comprehensive Plan. Increases access to high quality community infrastructure and high opportunity neighborhoods. http://www.seattle.gov/opcd/ongoing-initiatives/capitol-hill-design-guidelines-update
Chinatown International District Design Guidelines	Office of Planning and Comm. Dev.	Supports City's Comprehensive Plan. Increases access to high quality community infrastructure and high opportunity neighborhoods. https://www.seattle.gov/opcd/ongoing-initiatives/chinatown-international-district
Delridge Action Plan	Office of Planning and Comm. Dev.	Supports City's Comprehensive Plan. Increases access to high quality community infrastructure and high opportunity neighborhoods. https://www.seattle.gov/opcd/ongoing-initiatives/delridge-action-plan
Little Saigon Business District	Office of Planning and Comm. Dev.	Supports City's Comprehensive Plan. Increases access to high quality community infrastructure and high opportunity neighborhoods. https://www.seattle.gov/opcd/ongoing-initiatives/little-saigon-business-district
Rainier Beach Action Plan	Office of Planning and Comm. Dev.	Supports City's Comprehensive Plan. Increases access to high quality community infrastructure and targeted neighborhood investments. https://www.seattle.gov/opcd/ongoing-initiatives/rainier-beach
University District Rezone and Urban Design	Office of Planning and Comm. Dev.	Supports City's Comprehensive Plan. Increases access to high quality community infrastructure and targeted neighborhood investments. https://www.seattle.gov/opcd/ongoing-initiatives/u-district-urban-design
Uptown Rezone	Office of Planning and Comm. Dev.	Contributes to most of the goals in the Consolidated Plan as related to this geographic area in context of HALA and Mandatory Housing Affordability (MHA) ordinance. https://www.seattle.gov/opcd/ongoing-initiatives/uptown-framework-for-the-future

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Equitable Development Initiative	Office of Planning and Comm. Dev.	Contributes to most goals of Consolidated Plan for housing, economic and community development, and equity issues targeting areas of the City represented by high percentages of people of color. http://www.seattle.gov/Documents/Departments/OPCD/OngoingInitiatives/EquitableDevelopmentInitiative/EDImpPlan042916final.pdf
Housing Affordability & Livability Agenda (HALA)	Office of Planning and Community Development and Office of Housing	Advances all Consolidated Plan Housing Goals, specifically the HALA goal. http://www.seattle.gov/hala
Under One Roof	Office of Housing	Describes need for affordable housing and the impact of the local Housing Levy for Seattle subsidized housing development. http://www.seattle.gov/housing/levy/
Seattle Housing Levy Administrative and Financial	Office of Housing	Referenced in Consolidated Plan because of direct connection to Housing Funding Policies contained in the Levy Administrative & Financial plan. https://www.seattle.gov/Documents/Departments/Housing/Footer%20Pages/HousingLevy_A-F-Plan_2017-18.pdf
Seattle Housing Authority Strategic Plan	Seattle Housing Authority	The goals of SHA strategic plan and the Consolidated Plan align well. Specifically, the strategic plan calls for SHA to expand public housing opportunities for low income households, promote quality communities, and improve quality of life for its participants. It also commits to partnership and coordinated action as well as race and social justice as organizational cornerstones. https://www.seattlehousing.org/sites/default/files/SHA_2016_2020_Strategic_Plan.pdf
Pathways Home	Human Services Department	Background and analysis of Seattle's homeless strategies and planned investments. Overlaps with Consolidated Plan Annual Action Plans. http://www.seattle.gov/Documents/Departments/HumanServices/Reports/Final_PH_1_Year.pdf
Open Space Plan	Parks	Includes plans for park improvements in economically distressed neighborhoods or sites. http://www.seattle.gov/parks/about-us/policies-and-plans/2017-parks-and-open-space-plan
Community Center Strategic Plan	Parks	Includes plans for Community Center improvements in economically distressed neighborhoods or sites needing ADA improvements. http://www.seattle.gov/parks/about-us/policies-and-plans/community-center-strategic-plan

Seattle Conservations Corps Needs Assessment	Parks	The Seattle Conservation Corps is a work program for homeless adults. SCC provides up to one year paid full time employment doing public works projects around the city. Corps Members receive wrap around services, housing support and job search assistance. SCC has been providing these services to homeless individuals since 1986. Every three years the SCC conducts a Community Needs Assessment. This includes surveys of people in Seattle experiencing homelessness, other service providers and SCC program alumni.

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

The City of Seattle, Human Services Department, Federal Grants Management Unit (FGMU), is the lead agency for the development of the Consolidated Plan and the administration of Community Development Block Grant, Emergency Solutions Grant, and Housing Opportunities for Persons with AIDS funding. The City's Office of Housing is the lead agency for the administration of the HOME Investment Partnership program.

Consolidated Plan funds are allocated to several City departments for implementation of programs benefitting low- and moderate-income clients and other eligible populations. The Human Services Department utilizes CDBG, ESG, and HOPWA funds to provide public services for homeless and low- and moderate-income persons and for minor home repair services to low- and moderate-income homeowners. The Office of Housing (OH) uses CDBG and HOME funds to provide for the preservation and development of affordable housing, assistance to qualifying homeowners in need of home repairs,

and assistance benefiting qualifying homebuyers. CDBG funds used by many City departments address a variety of community needs, including business development, revitalization, workforce development, community and neighborhood facilities, infrastructure and park improvements as well as improved accessibility for those with mobility impairments. All CDBG-funded projects are reviewed by the FGMU for compliance with applicable federal rules and regulations.

Changes coming for Seattle homeless service system: In May 2018, the Mayor of Seattle and the Executive of King County signed an MOU committing to deeper partnership and stronger regional coordination. As a result of the MOU, the City and County contracted with a national consultant (National Innovation Service, or NIS) who recommended creation of a new regional authority—a stand-alone entity that would be responsible for homelessness planning and investments. In 2019, NIS worked with the City and County to design the legal framework for what will become the new King County Regional Homelessness Authority. Another consultant, CSH, is in the final stages of developing a Regional Action Plan to lay out a strategic workplan for the work ahead.

The King County Regional Homelessness Authority is expected to open in mid- to late-2020. The process will occur in phases, transitioning from two distinct entities to co-located entities and then into a Public Development Authority governed by a new Board of Directors and an Executive Director. The Continuum of Care will be integrated into the structure of the new authority.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal setting

As illustrated by AP-10 and AP-12 tables included in this report, the City and Seattle Housing Authority commits significant time and resources to on-going citizen participation and outreach efforts for its multiple planning and initiative processes to increase the scope and potential impact of activities funded with federal, state and local funds. The City's Race and Social Justice Initiatives requires all City actions to be filtered through the process of determining how the action (or lack thereof) might impact people and communities of color. The Department of Neighborhood's Community Liaison program hires people from underrepresented communities of color, national origin, religious and language minorities for the express intent of connecting City programs and services more effectively. Like most grantees, we rely on digital forms of communication to support broader participation of all citizens without having to come to meetings during the workday or at night during off hours for other priorities. We are also working to increase the accessibility of our webpages, written materials and presentations to be inclusive of those who have sight, hearing and/or mobility limitations. Additionally, City departments work hard to ensure inclusion of LMI people and those with lived experience of homelessness on advisory groups and planning committees.

Citizen Participation Outreach

Sort Order	Mode of Outreach	Target of Outreach	Summary of response/attendance	Summary of Comments received	Summary of comments not accepted and reasons	URL (If applicable)
1	Focus Group	Residents of Public and Assisted Housing	From November 2016 through March 2017, SHA staff attended a number of resident events to discuss issues related to the Assessment of Fair Housing. Overall, staff attended 24 events reaching at least 390 residents and voucher holders.	Seattle's biggest fair housing challenge is the cost of living. High rents and home prices are displacing low- and middle-income households; impacting the ability of voucher holders to successfully find a unit. Lengthy wait times for SHA units and the homeless population are evidence that the demand for affordable housing surpasses the stock. A number of residents and voucher holders discussed instances of housing discrimination against individuals due to their participation in the Housing Choice Vouchers program. Historic redlining and mortgage practices have shaped the racial and ethnic characteristics of Seattle's neighborhoods.		See summary of public comments in Executive Summary of the Assessment of Fair Housing at http://www.seattle.gov/Documents/Departments/HumanServices/CD

6	Stakeholder groups	Non-targeted/broad community outreach	The Office of Housing sought feedback on the development of a new community preference guideline in stakeholder forums. Issues included implementation, (e.g. technical assistance, funding).	Permanent supportive housing providers requested clarifying language acknowledging their tenant referral requirements through the Coordinated Entry for All system. Organizations requested clear step-by-step guidelines, similar to existing affirmative marketing guidelines and additional funding to support enhanced affirmative marketing efforts to accompany community preference implementation. In November 2019, the Office of Housing and Office for Civil Rights will release a Draft Guideline for implementation and give affordable housing developers, community-based organizations, and advocacy groups the opportunity to provide feedback and ask City staff questions about the new policy.	Funding options to support staff capacity for enhanced affirmative marketing and community preference implementation are being considered by the City but may be addressed separately from the final guideline document to be published by the end of 2019.

13	Community meeting	Community members advising on permitted encampments	Monthly meetings in seven neighborhoods, attended by 6-9 members per group, for a total of approximately 40-50 attendees/month.	Participants commented on the successes/outcomes and challenges of the permitted encampments and made recommendations.		Comments from Community Advisory Committees are located in meeting minutes for each City-permitted encampment at https://www.seattle.gov/homelessness/city-permitted-villages
14	Community meeting	General community, business groups and faith groups	Various community meetings and listening sessions with stakeholders on a range of issues including proposed safe parking lots, permitted encampments, shelters, and outreach to unsheltered homeless.	Participants provided feedback around siting of programs, cleanliness of neighborhoods, resources needed, services, safety, and more.		

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Overall resources in 2020 from the Consolidated Plan funds are expected to remain similar to recent years. The City of Seattle coordinates HUD’s Consolidated Plan funds with other City resources such as our General Fund, Families and Education Levy, Housing Levy, federal McKinney-Vento funds, and Real Estate Excise Tax (REET) to provide for human services, affordable housing, and community and economic development. Not all the needs identified in the Consolidated Plan are addressed with HUD funds. How each fund source is used depends upon the various restrictions and regulations covering the funds and the most efficient and effective mix of funds.

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 3				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

OH: federal funds are leveraged in multiple ways:

- City of Seattle Housing Levy: Seven years of Levy (2017-2023) will generate \$201 million for multifamily rental projects; \$42 million for O&M, \$9.5 for homeownership and \$11.5 for housing stability programs.
- MF Rental and Home Repair Programs leverages other local funding including the City's Incentive Zoning Program, Mandatory Housing Affordability Program, repaid loans from investments of prior City levies, investment earnings, and City surplus property sales. Beginning in 2020, local City revenue for housing will also include the Real Estate Excise Tax, which is available for housing purposes between the years of 2020 and 2025, and the Local Option Bond, which is allowable beginning in 2020 due to a State legislative change.
- Some HOME and CDBG funds leverage King County DCHS funding, estimated at approximately \$1.5 million in Vets and Human Services Levy and Document Recording Fee funding, in addition to approximately \$6 million in Transit Oriented Development bonding authority. In addition, State Housing Trust Fund, with approximately \$10 million towards Seattle projects and the Low Income Housing Tax Credits and private debt will be used.
- To meet match requirements for HOME, the City of Seattle tracks and reports on Yield Foregone.

HSD: allocation of \$10.2 million in Consolidated Plan funds for services supporting homeless and low-income persons and families and approximately \$14 million in federal McKinney funding is leveraged with nearly \$56 million in local General Fund resources for the Addressing Homelessness Budget Control Level.

OPCD: CDBG funds designated for the EDI are leveraged with \$5 million in local government funding. Projects frequently have significant amounts of both private and public dollars from additional sources.

OIRA: The continuing success of the ESL for Work RTW program has led to new opportunities to leverage existing CDBG funding to obtain \$25,500 in City of Seattle General Funds to add program enhancements to the existing program model. The city of Seattle has also dedicated \$225,000 in annual general funds to support RTW programs in other economic distressed zip codes in West and North Seattle.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Seattle considers many strategies to address homelessness, including considering public land. Previous strategies used include siting emergency shelters or sanctioned encampments on public land/buildings. Examples in the Human Services Department include the Seattle Navigation Center and permitted encampments known locally as "villages." The City has also used strategies of selling land/buildings to finance new shelter beds or housing, such as in 2018 when proceeds from the sale of a

building were purposed for adding 500 new shelter beds.

The Office of Housing is working on several projects using publicly owned land:

- **K-Site:** In June of 2018, the City issued a Request for Proposal for an 11,000 square foot surplus property in the Uptown neighborhood of Seattle. The city prioritized homeless housing and awarded the property and \$8 million dollars to Plymouth Housing. Plymouth proposes to develop 72 units of “graduation” housing for formerly homeless individuals and 19 permanent supportive housing units. The project includes an arts component on the ground floor, housing “Path with Arts”, a nonprofit who transforms lives of people recovering from homelessness addiction and other trauma, by harnessing the power of creative engagement as a bridge and path to stability.
- **Yesler Terrace:** Per a Cooperative Agreement signed by the City and SHA in 2012, the two parties continue to coordinate on the execution of housing covenants between the City, SHA, and private developers, in conjunction with sales of SHA-owned land in the Master Planned Community Yesler Terrace (MPC-YT) zone. Additionally, the City continues to track SHA’s progress toward development and affordability goals, as stated in the Cooperative Agreement and its subsequent amendments.
- **SCL properties:** The City will transfer two City-light owned properties at no cost to non-profit developers for the creation of permanently affordable homes. All homes created will be available to first-time, low-income homebuyers at or below 80% AMI. One site will be transferred to Habitat for Humanity for the creation of 8 townhomes along with a \$720,000 funding award from the Office of Housing. The other site will be transferred to Homestead Community Land Trust along with a \$1.5 million funding award from the Office of Housing.
- **Yakima:** The City will transfer this site to Homestead Community Land Trust at no cost for the development of 10 permanently affordable homes for low-income, first-time homebuyers at or below 80% AMI. The Office of Housing is also providing a \$900,000 funding award. Construction will begin this spring.

Discussion

The City’s use of the Consolidated Plan funds is based on the purpose of the funds, eligible activities, and those of other financial resources available to the City, such as our housing levy, families and education levy, and general fund. We try to match the fund source to its best use in the context of all the other funds. Our contingency plan is found in Section AP-35. If necessary due to unanticipated revenue changes (either in the allocation or in program income) that necessitate a substantial amendment, formal City budget action will take place to adjust affected budget authorizations to departments.

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b)

In 2020, the Office of Housing estimates it will use HOME funds to provide affordable housing to 22 extremely low-income, low-income, or moderate-income families through the Multifamily Rental Housing Program.

AP-35 Projects – 91.220(d)

Introduction

This annual action plan is developed in the context of the City of Seattle’s overall budget of \$6 billion (Mayor’s 2020 Proposed Budget). Given all available resources and needs, the City has determined that these proposed uses of Consolidated Plan funds give us the greatest opportunity to achieve the City’s goals, meet its responsibilities, and address the needs of low- and moderate-income residents. CDBG-funded public services projects, and projects funded with ESG and HOPWA, have been or will be reviewed and selected via competitive "requests for investments" processes to ensure that the proposed services lead to the positive client outcomes.

OED 2020 COVID19 Small Business Stabilization

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

These allocations are based on needs analyses, the availability of other funds targeted to various needs, the purpose of the Consolidated Plan funds, and the availability of City General Funds to meet a wide variety of needs.

Should HUD revenues (either annual allocation or program income) exceed the planned amount, the additional resources shall be allocated in accordance with these funding guidelines.

- Mitigate the funding reductions applied to various CDBG programs, grant administration, and planning efforts over the past several years in response to diminishing resources;
- Maximize use of funds for public services to the extent prudent to address gaps in funding for services for homeless persons (such as emergency shelter and day / hygiene services) and other low- and moderate-income households;
- Increase funding for those physical development activities (housing, community facilities, parks, economic development) that do not require on-going annual funding. To the extent possible, the City shall avoid development of a CDBG operating expense base that cannot be sustained if the federal government fails to maintain future CDBG funding at the current levels.

Should HUD revenues come in lower than planned, the City will continue its policy that the priority for managing decreases in CDBG resources will, to the extent possible, be to reduce funding allocations in physical development and/or administrative activities and not in public services.

- The HUD funding reductions shall be made in planning, administration, and/or physical development programs, including program delivery costs. One-time-only capital projects are most likely to experience reduced allocations of any HUD revenue decrease. Funding reductions may be applied across-the-board among physical development programs. Reductions in administration and planning will be done to the extent that they will not substantially impair the City's ability to manage the Consolidated Plan funds in an accountable manner.
- Comply with expenditure cap limitations on public services and planning and administration.
- The City will explore any other possible areas of savings or reductions that have a minimal impact on sustaining current levels of program operations and services. The Federal Grants Manager shall work with affected City programs in identifying and capturing prior year CDBG under-expenditures.

If increases are not substantial or significant enough to enhance or fund an activity, funds may be placed in contingency for programming late in the year or in the next program year.

If a local "urgent needs" event and/or a state or federally declared disaster occurs, federal grant funds which are allocated but not yet distributed and expended may be reprogrammed to address otherwise HUD eligible activities that address the disaster conditions. Such a response would not be treated as a

Substantial Amendment to this Plan but would be handled according to the Citizen Participation Plan adopted as part of this Consolidated Plan (see attachments). See AP-90 for applicability of the Residential Anti-displacement and Relocation Assistance Plan (RARAP).

AP-38 Project Summary

Project	Goals Supported	Geographic Areas	Needs Addressed	Funding
HSD 2020 CDBG Administration and Planning	AFH: Equitable access and amenities throughout city			\$1,122,621
Description	<p>The Consolidated Plan funds are used to benefit the 704,352 residents of the City of Seattle (2016 Population Estimates, US Census Bureau), specifically targeting the needs of the 237,285 Low-Moderate-Income residents of Seattle (FY 2017 LMISD by Grantee - Summarized Block Group Data, Based on 2006-2010 American Community Survey). Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color. Economic and community development activities will specifically target historically disadvantaged neighborhoods and business districts.</p>			
Target Date for Completion	12/31/2020			
Estimate the number and type of families that will benefit from the proposed activities	<p>The Consolidated Plan funds are used to benefit the 704,352 residents of the City of Seattle (2016 Population Estimates, US Census Bureau), specifically targeting the needs of the 237,285 Low-Moderate-Income residents of Seattle (FY 2017 LMISD by Grantee - Summarized Block Group Data, Based on 2006-2010 American Community Survey). Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color. Economic and community development activities will specifically target historically disadvantaged neighborhoods and business districts</p>			
Location Description	City of Seattle, Human Services Department, 700 5th Ave, Seattle, WA 98104			
Planned Activities	<p>Provide internal staffing capacity to adequately and effectively manage and administer the CDBG program and oversight of all Consolidated Plan funds, and to review eligibility and monitor labor standards, and environmental compliance. Ensure programmatic compliance with applicable federal regulation. Maintain data integrity of IDIS data. Development annual action plans, CAPER and updates; research into related issues, including fair housing, homeless response, and other topics related to homeless and low- and moderate-income persons and families. Provide CDBG program for indirect administration support of program operations, including executive leadership, communications, payroll / human resources, information</p>			

	technology, and accounts payable / budget management services. Charges consistent with approved indirect cost allocation plan.</		
HSD 2020 Homeless Services	CPD: Increase homeless services		AFH: Insufficient Investment in Affordable Housing AFH: Lack of Afford, Access. Hsg in Range of Sizes AFH: Admissions, occupancy policies & procedures \$3,354,765
Description	Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color.		
Target Date for Completion	12/31/2020		
Estimate the number and type of families that will benefit from the proposed activities	Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color. Approximately 3,800 individuals will benefit from the CDBG funding.		
Location Description			
Planned Activities	Provide emergency shelter operations and case management to move people to permanent housing.		
Goals	Homeless Person Overnight Shelter: 500 persons assisted		

ESG20 Seattle	CPD: Increase homeless services	AFH: Displacement due to economic pressure AFH: Access to financial services AFH: Impediments to mobility	\$820,644
Description	Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color.		
Target Date for Completion	12/31/2020		
Estimate the number and type of families that will benefit from the proposed activities	Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color. Approximately 4,800 individuals will benefit from the ESG funding.		
Location Description			
Planned Activities	The 2019 ESG allocation will be used to fund operations at two shelter sites and also fund a Rapid Re-Housing program for families. The amount of funds going to emergency shelter will not exceed the amount spent on emergency services in 2010 and no more than 7.5% of the 2019 allocation will be used for administration		
Goals	Homeless Person Overnight Shelter: 500 persons assisted		

2020 - 2023 City of Seattle WAH20-F001 (SEA)	CPD: Increase homeless services	AFH: Displacement due to economic pressure AFH: Historic Disinvestment in Public Hsg Community AFH: Lack of Afford, Access. Hsg in Range of Sizes AFH: Access to financial services AFH: Admissions, occupancy policies & procedures AFH: Impediments to mobility	<u>\$7,832,835</u> \$2,929,601
Description	Allocate funds to project sponsors to provide the most effective mix of activities to serve persons living with AIDS and their families.		
Target Date for Completion	9/30/2023		
Estimate the number and type of families that will benefit from the proposed activities	Low and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color. Approximately 340 households will benefit from the HOPWA funding.		
Location Description			
Planned activities	Provide funding for homelessness prevention and permanent housing through tenant based and project based rental assistance, and permanent housing placement. In 2019, three subrecipients will provide tenant- and project-based rental assistance to approximately 230 residents. One subrecipient will receive operational support for approximately 50 HOPWA eligible tenants of in an apartment building. Allocation for 2019 funding will be used for service activities in 2020-2021		
Goals	Tenant-based rental assistance / Rapid Rehousing 230 Homeless Person Overnight Shelter 500 HIV/AIDS Housing Operations 50		

HSD 2020 Minor Home Repair	AFH/CPD:Resources for at-risk renters/owners	AFH: Displacement due to economic pressure AFH: Insufficient Investment in Affordable Housing AFH: Lack of Afford, Access. Hsg in Range of Sizes AFH: Impediments to mobility AFH: Scarcity/High Costs of Land AFH: Lack of Hsg Accessibility Modification Assist	\$449,917
Description	Provide minor home repairs to qualifying low- and moderate-income homeowners for safety and health-related repairs to their homes via sub-recipient service provider.		
Target Date for Completion	12/31/2020		
Estimate the number and type of families that will benefit from the proposed activities	<p>Programs and activities supported by these funds are specifically intended to benefit low- and moderate-income seniors and younger disabled adults. These persons are disproportionately underserved and from communities of color. Economic and community development activities will specifically target historically disadvantaged neighborhoods and business districts. It is estimated 550 homeowners in 2019 will be assisted with this minor home repair program, enabling the homeowner to stay in their home longer, as well as preserve older housing stock in Seattle. This program has been funded at the same level since 2014 with CDBG funding and historically assisted a majority of households of color throughout Seattle. Specifically, 67% of 556 households assisted in 2016 identified as households of color; 65% of 623 for 2015, 64% of 673 in 2014, and 65% of 682 in 2013, and 66% of 709 households in 2012. It is anticipated that a similar percentage of households assisted will also identify as households of color in 2019. Historically this program has assisted homeowners of which 85% identify as senior and of which over 60% are Female Heads of Household. Additionally, over 80% of the households have incomes that are half (50%) of Area Median Income; a 2-person household makes less than \$40,100 annually in 2018.</p>		
Location Description			

Planned Activities	<p>The Minor Home Repair program serves younger disabled homeowners, low-income family homeowners, and older adult homeowners who are faced with the challenge of affording home repairs. Subrecipient staff provide parts and labor to make minor home repairs for homeowners who are on limited incomes. Subrecipient staff conduct an assessment and implementation of minor repairs on owner-occupied housing. Repairs include, but are not limited to, fixing leaking pipes, replacing broken sinks, rebuilding broken steps, replacing broken doors and windowpanes, building wheelchair ramps, and installing grab bars.</p>
Goals	<p>Homeowner Housing Rehabilitated: 500</p>

HSD 2020 SHA Improvements	AFH/CPD: Equitable investment across communities			\$1,000,000
Description	Seattle Housing Authority will use these funds to make required upgrades to fire alarm systems and other building rehab needs at its properties. These upgrades will both improve the safety of residents and reduce the number of false alarms to which the Seattle Fire Department currently responds.			
Target Date for Completion	12/31/2021			
Estimate the number and type of families that will benefit from the proposed activities	Approximately 1,100 households will benefit from these proposed activities.			
Location Description	City-wide			
Planned Activities	24 fire panels will be replaced at Seattle Housing Authority properties serving approximately 1,300 people with incomes at or below 30% of AMI at move in, across 1,100 units.			
Goals	Rental units rehabilitated: 1,100			

OH 2020 Home Repair Revolving Loan Program	AFH/CPD:Resources for at-risk renters/owners	AFH: Displacement due to economic pressure AFH: Access to financial services AFH: Impediments to mobility	\$605,462
Description	Provide major home repair financial assistance to qualifying low- and moderate-income homeowners, to help them maintain their homes so that they can continue to live there.		
Target Date for Completion	12/31/2020		
Estimate the number and type of families that will benefit from the proposed activities	Approximately 30 homeowners will receive financial assistance for major home repair. Assisted households typically include seniors and others on low, fixed incomes. The Home Repair Loan Program helps prevent displacement of low-income homeowners by helping them remain safely in their homes. Homeowners of color are more likely than their white counterparts to be severely cost burdened, meaning that they pay more than 50% of their income towards housing. Therefore, homeowners of color may be more likely to not have access to resources needed for critical home repairs like roof replacements or side sewers.		
Location Description	City-wide		
Planned Activities	Financial assistance in the form of loans to qualifying homeowners. Program development, financial management, and data reporting activities in support of the Home Repair Program.		
Goals	Homeowner Housing rehabilitated: 30		

OH 2020 Admin & Planning				\$160,972
Description	Support OH staff costs associated with CDBG and HOME program planning administration, and contracted services.			
Target Date for Completion	12/31/2020			
Estimate the number and type of families that will benefit from the proposed activities	<p>The Consolidated Plan funds are used to benefit the 704,352 residents of the City of Seattle (2016 Population Estimates, US Census Bureau), specifically targeting the needs of the 237,285 Low-Moderate-Income residents of Seattle (FY 2017 LMISD by Grantee - Summarized Block Group Data, Based on 2006-2010 American Community Survey).</p> <p>Programs and activities supported by these funds in the Office of Housing are specifically intended to address affordable housing needs that benefit low- and moderate-income and homeless persons and families. These persons and families are disproportionately underserved and from communities of color.</p>			
Location Description				
Planned Activities				

OH 2020 Homebuyer Assistance Revolving Loan Program	AFH/CPD: Promote financial security for LMI HHS	AFH: Displacement due to economic pressure AFH: Location & Type of Affordable Housing AFH: Lack of Afford, Access. Hsg in Range of Sizes AFH: Access to financial services	\$146,793
Description	These funds will be used to provide direct assistance to low- and moderate-income (LMI) households to purchase existing homes. It is the goal of the City's Homebuyer Assistance Program to create access to housing stability and wealth building through provide access to affordable homeownership for LMI households in Seattle.		
Target Date for Completion	12/31/2020		
Estimate the number and type of families that will benefit from the proposed activities	Six households of color, or other historically disadvantaged Seattle residents will benefit from the proposed activities.		
Location Description	City-wide		
Planned Activities	Six loans will be issued to support the purchase of homes.		
Goals	Direct Financial Assistance to Homebuyers: 6		

<p>OH 2020 Rental Housing Preservation & Development</p>	<p>AFH/CPD: Preserve and increase affordable housing</p>	<p>AFH: Displacement due to economic pressure AFH: Insufficient Investment in Affordable Housing AFH: Lack of Afford, Access. Hsg in Range of Sizes AFH: Lack of Afford. in-Home/Com Based Spprt Serv. AFH: Access to Medical Services AFH: Access publicly supprted hsg for ppl w/disabil AFH: Admissions, occupancy policies & procedures AFH: Lack of Afford Integrated Hsg-Ind w/Supp Serv AFH: Lack of Hsg Accessibility Modification Assist</p>	<p>\$6,390,613 \$5,390.613</p>
<p>Description</p>	<p>Provide financial assistance for the preservation and development of multifamily rental affordable housing. The Seattle Office of Housing will use the 2020 HOME allocation solely for the production of rental housing.</p>		
<p>Target Date for Completion</p>	<p>12/31/2022</p>		
<p>Estimate the number and type of families that will benefit from the proposed activities</p>	<p>Funding will be awarded to housing development and preservation projects through a competitive Notice of Funds Available (NOFA) process in December 2018. An estimated 57 households will be assisted, of whom an estimated 20 will be homeless households.</p> <p>Funded projects will serve low-income households, including formerly homeless households, for 50 years or more. These are households with incomes at or below 60% of AMI who are disproportionately people of color and disproportionately cost burdened. These households also include other protected classes, such as seniors and people with disabilities who are living on low, fixed incomes. Housing will be affirmatively marketed to ensure access by disadvantaged groups. Homeless housing will serve households assessed and referred through in the Continuum of Care's coordinated entry system.</p>		
<p>Location Description</p>			
<p>Planned Activities</p>	<p>Capital financing related to rehabilitation of 34 units of affordable rental housing for low-income households in the Delridge Neighborhood. Rental Housing Program staffing.</p>		

This year's allocation of HOME funds will likely go towards the production of approximately 20+ units of rental housing, some of which may be developed by a CHDO. The CDBG funds will be used, with other funds, for capital financing related to construction, acquisition and rehabilitation of affordable rental housing for low-income households.

OED 2020 Neighborhood Business District - Only in Seattle	CPD: Increase Small Business Assistance			\$371,675
Description	The Only in Seattle Initiative provides grants and services to foster inclusive neighborhood business districts that allow small businesses to thrive. The Initiative focuses on supporting district stakeholders to organize around a common vision for their district and take action. Includes planning and administration that supports the Only in Seattle Initiative.			
Target Date for Completion	12/31/2020			
Estimate the number and type of families that will benefit from the proposed activities	<p>Two staff people and 1 or 2 consultants will provide support, assistance and oversight in approximately 9 business districts. 200 small businesses are located within the business districts served with CDBG and benefit from the work.</p> <p>Seattle is experiencing rapid redevelopment, particularly in urban villages and business districts. Although some areas of Seattle have not seen the same level of redevelopment, particularly in areas of historic disinvestment, the rapid rise in real estate costs has pushed higher income people into these less-expensive areas and pushed lower-income residents and businesses out of Seattle. The projects in the Only in Seattle program focus on preventing displacement of small businesses of color. This is accomplished by organizing district stakeholders to create a shared vision, developing strategies to address priorities and intentionally reaching out to businesses and connecting them to services. This allows local businesses, property owners, residents and organizations to drive changes and develop local support for businesses.</p>			
Location Description				
Planned Activities	Racial Equity in Business Districts Project: This project includes supporting several business districts to conduct in-language outreach to local small businesses, to learn challenges they are facing and support with services. The project also includes a training cohort in racial equity and implicit bias to build awareness and provide tools for business district leaders to build more equitable organizations and practices. In 2020, approximately 3-5 business districts will receive outreach support and 15-20 business district leaders will receive training.			
Goals:	Businesses: 200			

OED 2020 Small Business Support	CPD: Increase Small Business Assistance	CPD: Increase Small Business Assistance	AFH: Displacement due to economic pressure	\$692,000
Description	This project flexibly responds to emergent business needs multiple ways: by providing technical assistance on the stabilization and financial aspects of maintaining a business, providing working capital grants for businesses after a destabilizing event (for example, disruption of customers caused by nearby construction) and by financing necessary tenant improvements.			
Target Date for Completion	12/31/2020			
Estimate the number and type of families that will benefit from the proposed activities	. The program prioritizes outreach for business technical assistance to women, minority and immigrant owned businesses.			
Location Description	City-wide			
Planned Activities	<p>Approximately 145 small businesses will be supported with technical assistance.</p> <p>Approximately 5 small businesses will be supported with financing for tenant improvements</p> <p>Approximately 10 small businesses will be supported with working capital grants.</p>			
Goals	Businesses: 160			

OIRA 2020 ESL for Work (Ready for Work)	AFH/CPD: Initiatives support marginalized groups	AFH: Displacement due to economic pressure AFH: Access to financial services AFH: Impediments to mobility AFH: Scarcity/High Costs of Land AFH: Lack of Educational/Employment Spprt for LMI AFH: Lack Private Investment in Specific Neighbhds	\$400,000
Description	Provide ESL, job skills training and placement for persons with limited English proficiency via a CBDO.		
Target Date for Completion	12/31/2020		
Estimate the number and type of families that will benefit from the proposed activities	The total number of families served is estimated to be 150. Participants will be English language learners in need of stable employment and ongoing access to English language learning programs. Currently immigrant and refugee jobseekers who have low levels of English language proficiency succeed in college certificate, job training, and basic skills programs at a significantly lower rate than native -born English proficient individuals. The outcomes of this program will demonstrate course completion and educational advancement rates that exceed those of traditional college-based ESL programs.		
Location Description			
Planned Activities	Via a CBDO, and subcontracted CBOs, provide English language learning classes and employment services including outreach, learning assessments, classroom instruction, case management, educational and career planning, job placement and employer engagement to support the program.		
Goals			

OPCD 2020 Equitable Development Initiative	AFH: Promote equitable growth in new development	AFH: Lack Public Investment in Specific Neighbhds.	\$430,000
Description	Provide support for community-based organizations pursuing investment strategies that will mitigate displacement within high-risk neighborhoods.		
Target Date for Completion	12/31/2021		
Estimate the number and type of families that will benefit from the proposed activities	<p>Funding will be awarded to eligible organizations through a competitive Notice of Funds Availability (NOFA) process in early 2019. CDBG funds will support at least 2 neighborhoods pursuing an anti-displacement strategy.</p> <p>The EDI Fund addresses displacement and the unequal distribution of opportunities to sustain a diverse Seattle. The EDI fosters community leadership and supports organizations to promote equitable access to housing, jobs, education, parks, cultural expression, healthy food and other community needs and amenities. The EDI Framework integrates people and place to create strong communities and people, as well as great places with equitable access. The Framework, with its equity drivers and outcomes, functions as an analytical tool to guide implementation to reduce disparities and achieve equitable outcomes for marginalized populations. The following are the indicators that inform the displacement Risk Index that EDI projects are focusing on:</p> <ol style="list-style-type: none"> 1. People of color: Percentage of population that is not non-Hispanic White 2. Linguistic isolation: Percentage of households in which no one 14 and over speaks English only or no one 14 and over speaks both a language other than English and English "very well" 3. Low educational attainment: Percentage of population 25 years or older who lack a Bachelor's degree 4. Rental tenancy: Percentage of population in occupied housing units that are renters 5. Housing cost-burdened households: Percentage of households with income below 80% of AMI that are cost burdened (> 30% of income on housing) and Percentage of households with income below 80% of AMI that are severely cost burdened (> 50% of income on housing) 6. Household income: Percentage of population with income below 200% of poverty level 7. Proximity to transit: Number of unique transit trips within 0.25-mile walking distance of a location 		

Location Description	To be determined in 2020
Planned Activities	<p>Equitable Development Projects are community-driven strategies created through an inclusive community engagement process and are prioritized in neighborhoods with high levels of chronic and recent displacement risk, history of disinvestment and community driven priorities to mitigate further displacement and increase access to opportunity. Funds will be awarded to eligible organizations through a request for proposal process in 2020.</p>

Parks 2020 Seattle Conservation Corps Park Upgrades	CPD: Access to Nature and Physical Activities			<u>\$878,441</u> \$808,000
Description	Provide capital improvements, renovation and ADA improvements in neighborhood parks serving qualifying low- and moderate-income neighborhoods.			
Target Date for Completion	12/31/2020			
Estimate the number and type of families that will benefit from the proposed activities	Park improvements occur in parks that serve low income neighborhoods. The neighborhoods disproportionately serve people of color and other historically disadvantaged people. The residents within an approximate 1.5-mile radius of each park benefit from the improvements.			
Location Description	City-wide			
Planned Activities	Installation of up to 10 park improvements including but not limited to safety fencing, paths, ADA compliance, and improved landscaping.			
Goals	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 35,000			

Parks 2020 ADA Parks Improvements				\$700,000
Description	Funds will be used to implement American with Disabilities Act (ADA) improvements in order for Seattle dept. of Parks and Recreation to address citywide ADA needs			
Target Date for Completion	12/31/2021			
Estimate the number and type of families that will benefit from the proposed activities				
Location Description	TBD			
Planned Activities	This project provides for ADA improvements at a number of parks facilities. Work will be focused on selected community centers (e.g., Bitter Lake, Delridge, Garfield, Jefferson, Meadowbrook, Miller and others) and will consist of adjustments to signage, door closures, restroom fixtures, and other features. Signage will be added where needed as well. Similar work will be undertaken at Discovery Park Environmental Learning Center and other facilities to the degree that funding allows			
Goals				

Project	Goal Supported	Needs Addressed	Funding
OED 2020 COVID19 Small Business Stabilization	CPD: Increase Small Business Assistance	AFH: Displacement due to economic pressure CPD: Increase Small Business Assistance	\$2,810,400
Description	This project will issue stabilization grants to microenterprises to ensure they are able to meet their financial obligations during income losses attributed to the COVID19 outbreak		
Target Date for Completion	12/31/2020		
Estimate the number and type of families that will benefit from the proposed activities	Up to 260 microenterprises		
Location Description	City-wide		
Planned Activities	The City of Seattle Office of Economic Development (OED) offers grants of up to \$10,000 to microenterprises with low- and moderate- income owners located in Seattle. Grants may be used to cover the day-to-day operating expenses of the business, such as but not limited to payroll or losses due to the impacts of the COVID19 crisis.		
Goals	Businesses: 260		

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

At present, the City is not implementing HUD designated geographic based priority areas such as NRSAs, Empowerment Zone or Brownfields. Allocations and program activities are funded City-wide in accordance with eligibility and program priorities set through sub-recipient departments policies. Going forward, however, there will be intentional application of the following principles to help address the disparities of access to services, housing and community infrastructure identified through:

1. Disparities identified through the 2017 City and Seattle Housing Authority's Assessment of Fair Housing analysis in terms of geographic equity in access to private and publicly supported housing, services and community assets. In many cases this will be based on the need to balance City-wide access; but it will also prioritize those investments that address the current and future boundaries that HUD maps and data determine fall into Racial/Ethnically Concentrated Areas of Poverty. Other issues, such as improving access and reducing impact on people with different abilities could focus on system-level improvements without being tied to specific geographic locales such as Transit Improvement that are primarily driven by urban planning and growth management principles but need to address disparate impact on people with different abilities, *regardless* of location.
2. The City's Economic Equity Development Initiative (EDI); part of the AFH work plan, focuses on areas with a high potential for gentrification and displacement, particularly areas that have been high minority concentrations as a result of racially restrictive covenants and/or redlining. Organizations prioritized for funding from EDI are expressly rooted in impacted communities and geographies.
3. The Mandatory Housing Affordability ordinance and implementation. In order to realize affordable housing goals in the mix of all residential and commercial development across the City, the Office of Planning and Community Development in consultation with many other departments and Seattle Housing Authority will implement a series of up zones in areas of the City deemed "high opportunity" areas (mainly based on transit access and growth management goals) where higher density development will be required in conjunction with incentives and required production of units of affordable housing by private and public developers. As each up zone happens through the Mayor's Office and Council; that area may rise in priorities for investment of CDBG/HOME, State trust fund or local Levy funding. The HUD federal grants may be used for eligible high priority developments that directly benefit LMI households.

Geographic Distribution

Target Area	Percentage of Funds

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

See answer to question one above. In addition, where activities might impact HUD identified Racial/Ethnically concentrated area of Poverty (R/ECAPS) we want to suggest a broader approach to those neighborhoods. The [2017 Assessment of Fair Housing](#) suggested that it's good to pay attention not only to areas currently meeting R/ECAP criteria, but also areas of the city that are close to meeting the R/ECAP criteria **and** to areas that have come out of R/ECAP status.

- Areas of micro-segregation and economic disadvantage can be masked with data at the Census Tract level.
- A Census Tract can land inside or outside of the criteria for R/ECAPs as an artifact of the high margins of error in the ACS estimates used to test for R/ECAP status. (The tract-level margins of error for poverty rate HUD used to identify R/ECAPs averages +/- 9 to 10 percentage points.)

Additionally, it's helpful to keep in mind that former R/ECAPs may be rapidly gentrifying areas with high displacement risk. Example: in 1990, Census Tract 87 in the Central Area/Squire Park area was a R/ECAP; as of the 2009-2013 5-year ACS, this Census Tracts was no longer a R/ECAP.

Discussion

Regardless of focus on a particular geographic area which is an official HUD designation like an empowerment zone, or Brownfield urban renewal area, this Consolidated Plan will prioritize projects that meet the following criteria:

- Meet one or more of the established Consolidated Plan Goals for 2018-2022;
- Address and/or mitigate issues identified in the 2017 Assessment of Fair Housing;
- Proactively address the Race and Social Justice impact questions included in SP- 25 and SP-25;
- Address the needs of a City R/ECAP (geographic area that is disproportionately represented by people of color who are in poverty);
- Leverage the work of other City and/or SHA adopted plans or initiatives.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Homeless	254
Non-Homeless	608
Special-Needs	109
Total	971

Table 9 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	340
The Production of New Units	22
Rehab of Existing Units	609
Acquisition of Existing Units	0
Total	971

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

The Office of Housing's 2019 Notice of Funding Availability (NOFA) for the Multifamily Rental Housing Program was announced on July 24, 2019 and included approximately \$45 million for multifamily rental projects, which includes funds from the Housing Levy, other local and state sources as described here, along with federal funds.

Starting in 2020, Office of Housing Homebuyer Education and Counseling will no longer be supported by CDBG funds.

Affordable housing assistance programs implement many of the goals of the 2017 Assessment of Fair Housing and this Consolidated Plan by assisting people who are experiencing homelessness and other high needs groups, and by providing housing in areas with access to high opportunity and areas at high risk of displacement.

Funding for rental housing production and preservation is awarded following the priorities and procedures adopted in OH's Housing Funding Policies (link in PR-10 of the Consolidated Plan).

The funding supports housing that will serve seniors and people with disabilities; low-wage workers and their families; and adults, families and youth/young adults experiencing homelessness, including chronically homeless people with disabilities. Housing is funded throughout the city, meeting fair housing goals to increase housing options in areas that afford access to opportunity, as well as preserve and increase housing in areas where residents are at high risk of displacement. Rehabilitation funding is

also available for existing low-income rental housing needing major systems upgrades to extend the life of buildings that serve extremely low-income residents.

Funding for housing rehabilitation loans and grants is also made available following priorities and procedures in OH's Housing Funding Policies (see above). Assistance is available to low-income homeowners, including seniors on fixed income and other homeowners at risk of displacement. The program prioritizes repairs that address immediate health and safety issues and other urgent repairs that will result in increased cost and unhealthy living conditions if left unaddressed.

AP-60 Public Housing – 91.220(h)

Introduction

Seattle Housing Authority is a public corporation, providing affordable housing through a variety of programs and properties to nearly 36,000 people, including over 30,000 who are living in neighborhoods throughout the City of Seattle. Participants include approximately 11,700 children, 7,200 seniors and 5,500 non-elderly disabled adults. Eighty percent of SHA households have annual incomes below 30 percent of the area median income.

Actions planned during the next year to address the needs to public housing

In 2020, SHA will continue to innovate and adopt practices and policies that can increase access to affordable housing for more households in Seattle. While the Seattle housing market has grown increasingly expensive over the years, SHA has played a critical role in helping low-income households find stable, safe and affordable housing while remaining in Seattle. See Seattle Housing Authority's 2016-2020 Strategic Plan, 2020 Annual Moving to Work Plan and 2020 Annual Budget for SHA's proposed actions to address Seattle's public housing needs in 2020.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Residents play an active role at SHA. SHA Community Builders support residents in becoming involved in management, working with interested residents to form and sustain elected resident councils and issue-specific work groups to collaborate with management on issues of common interest. In addition, most communities send representatives to the Low-Income Public Housing Joint Policy Advisory Committee (JPAC) and the Seattle Senior Housing JPAC, which SHA regularly consults on major policy issues, the Annual MTW Report and the Annual Budget. Residents are also involved in planning for the use of HUD's Resident Participation Funds. Finally, SHA's Board of Commissioners has two resident Commissioners who provide a valuable point of view in SHA's governance.

In 2020, SHA will partner with Habitat for Humanity in Lake City and HomeSight in Othello to create homeownership opportunities in newly constructed homes for SHA residents. The developers have been asked to work with designated staff to allow SHA residents who might be interested in purchasing the units access to all relevant information and all units are being constructed under an affordable housing covenant to ensure that they are affordable to households with annual incomes no higher than 80% AMI.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Seattle Housing Authority is not a troubled PHA.

Discussion

Seattle has been experiencing a sustained, unprecedented period of economic growth. The region's future is bright, but there are unfortunate consequences of this growth. While the need for safe, decent,

affordable housing has always been greater than the supply, Seattle's income inequality gap is widening and the ability for people with low incomes to live in our city without additional support grows increasingly difficult. The majority of households we serve are comprised of seniors or people with disabilities who don't have a chance to earn higher incomes to cover increasing rents and other costs of living. Those who are able to work need stable, affordable housing, as well as access to low-cost childcare, job training and other services so they can participate in the workforce and benefit from the City's strong economy. Thus, in addition to providing affordable housing, SHA will continue to help residents access other services to ensure residents stay housed and Seattle remains a place for people of all income levels to live.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Seattle is responding to the needs of people experiencing homelessness through a coordinated Continuum of Care (CoC), currently led by All Home. The City invests in services to prevent homelessness and to help homeless people access and retain permanent, affordable housing with direct grants through contracts with community-based organizations. The City also invests in the development of affordable, permanent housing for homeless and low-income individuals and families.

To provide more effective and efficient services, the City of Seattle anticipates merging its homeless services with King County and All Home to create a new King County Regional Homelessness Authority (KCRHA) in 2020. A consultant from the Corporation for Supportive Housing has been working with all three organizations and other stakeholders to develop a Regional Action Plan, which will be complete in late 2019. In the meantime, all three organizations continue to coordinate on shared goals and outcomes, such as increasing rates of exits to permanent housing, and addressing racial inequities.

Through consolidation into a new regional authority, the City, King County and All Home will formalize goals around investment priorities and outcomes. Until that time, we continue to share goals around outcomes such as increasing permanent housing exits through housing interventions and diversion, reducing inflow, and reducing returns to homelessness. Additional strategies to meet these goals include consolidating government homeless services, releasing requests for proposals, strengthening our Coordinated Entry for All (CEA) system, providing targeted technical assistance, and further engaging customer voice in the design of homelessness prevention and response. Goals will be refined through a new Regional Action Plan, which will be complete in 2020.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Funding to agencies described in the action plan is provided in the form of a contract between the recipient agency and the Seattle Human Services Department (HSD). The contract contains terms and conditions of funding, reporting and invoicing requirements, performance expectations and service delivery levels, record keeping responsibilities, and consent to on-site monitoring as requested by the City.

HSD makes funding awards through competitive procurement processes. The specific requirements for requests for funding are detailed in procurement materials. Funding opportunities and materials are posted on the HSD Funding Opportunities web page. All agencies submitting proposals for investment through the competitive process demonstrate their ability to deliver established outcomes for clients by providing specific services.

Applications in each process are reviewed for ability to deliver services that meet investment outcomes and goals. Applicants are also asked to demonstrate how they will incorporate specific standards and principles, such as cultural and linguistic relevance, in their program model.

A similar model of funding process is expected in the new King County Regional Homelessness Authority.

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Seattle funds traditional street outreach services across several contracted service providers that have population and culturally specific focus. Seattle’s Navigation Team is an innovative 7-day/week outreach approach that combines behavioral health-trained outreach workers, police officers and field workers in identifying unsheltered households camping in unsafe conditions and connecting them to shelters or other safe spaces. In 2020, focus will be on additional gap analysis, further collaboration, and continuous improvement.

Addressing the emergency shelter and transitional housing needs of homeless persons

Both the City of Seattle and King County invested in hundreds of new shelter beds in 2018 and 2019, adding beds to existing facilities and repurposing spaces such as former apartment buildings and an unused wing of the King Co Correctional Facility. Both the City and County worked to further shift to “enhanced” shelter models that offer 24/7 services, right of return, storage, hygiene, meals and amenities, with staffing support to quickly exit households to permanent housing and create space for inflow. The City also shifted in 2018 to a pay for performance model for shelter and transitional housing and has developed peer “learning circles” and targeted technical assistance to support grantee success. In 2020, focus will be on refining the enhanced model and identifying potential new spaces to increase of shift bed capacity as resources allow.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Several regional efforts are underway to help homeless households’ transition to permanent housing:

- Providing staffing at crisis centers (shelters, day centers, regional access points) to provide coordinated entry assessments, diversion, and housing support
- Piloting and scaling Housing Connector, a public-private partnership engaging landlords in offering housing to households experiencing homelessness
- Improving the coordinated entry assessment tool to best prioritize households in highest need of housing
- Continuing weekly case conferencing to review by-name households by population type who are

eligible for housing placement

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City of Seattle uses a vulnerability tool to identify households at highest risk of becoming homeless, then supports those households through culturally competent, effective homelessness prevention program. The City piloted in 2018 and will continue in 2020 a project to target prevention services toward households on the waitlist for Seattle Housing Authority housing choice vouchers and who are at high risk of homelessness.

System partners are engaged regularly in homelessness response, and partners continue to focus attention on reducing system exits into homelessness. The City of Seattle participated with regional partners in 2018 in the Mayor's "One Table" initiative, which convened system representatives from child welfare, health, corrections and more. A new End Youth Homelessness Now! campaign also actively engages child welfare and other systems to focus on reducing exits into homelessness. These system partners will be involved in the shift to the new King County Regional Homelessness Authority.

Also, in 2020, OPCD's EDI allocations prioritize CDBG funding for the Chief Seattle Club, which is an organization specializing in providing supportive services and housing for homeless individuals from the American Indian/Alaskan-Native populations.

Discussion

Public Housing Impact on Homelessness: Seattle Housing Authority serves nearly 18,000 households. In 2018, 49% of new households admitted into SHA's subsidized housing programs were homeless. Additionally, over 80% of all households served are extremely low-income at 30% or less of area median income. Without housing supports, many of these families and individuals could be at risk of homelessness. Specific housing supports are also targeted to individuals and families experiencing homelessness. For example, 19% of SHA's housing capacity is designated for previously homeless households, including 1,646 vouchers supporting permanent supportive housing in partnership with local government and community nonprofits. In addition, 300 vouchers were committed to the City of Seattle's 2016 Housing Levy projects, 154 vouchers are dedicated to non-elderly adults with disabilities who are homeless or at risk of homelessness and 509 Veterans Affairs Supportive Housing vouchers are designated for homeless veterans and their families. SHA's homelessness commitment also includes support for families with children, through 275 Family Unification Project vouchers, which help to reunite families who have been separated due to homelessness or foster youth who are aging out of the foster system.

Seattle Housing Authority believes in keeping people stably housed, working with residents and service providers to be flexible and supportive. The agency recognizes that residents may have few, if any, other options for stable affordable housing and staff strive to work with residents to remain housed. SHA meets residents where they are and works with them to be successful in housing while still holding them accountable and being mindful of impacts on the health and safety of the community. This is done by investing in services in partnership with community-based organizations that provide case management, wellness and physical and behavioral health services. SHA also invests in adult education, employment and asset-building programs.

AP-70 HOPWA Goals– 91.220 (I)(3)

One-year goals for the number of households to be provided housing through the use of HOPWA for:	
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	96
Tenant-based rental assistance	140
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	51
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0
Total	287

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The 2017 City of Seattle (City) and Seattle Housing Authority (SHA) Assessment of Fair Housing (Assessment) responds to the requirements of HUD’s December 2015 Final Rule requiring jurisdictions to make a baseline assessment of their compliance with Affirmatively Furthering Fair Housing. The Assessment requirements in 24 CFR 5.150 through 5.180 make clear that HUD’s purpose in adopting the new rule is to ensure that public and private policies, programs, contracting and resource allocations: 1) take “meaningful action” to affirmatively further fair housing and economic opportunity; and 2) remove barriers to compliance with the Fair Housing Act of 1968 (FHA); and 3) not take action that is inconsistent with the duty to further fair housing.

To complete this assessment, the City and SHA used HUD’s prescribed Assessment Tool to analyze HUD-provided maps and data, identify contributing factors that “cause, increase, contribute to, maintain, or perpetuate segregation, racially or ethnically concentrated areas of poverty, significant disparities in access to opportunity, and disproportionate housing needs” by Federal protected class members (24 CFR 5.154a and 5.154d(4)). This data analysis combined with the input gained through multiple community engagement efforts to develop the Fair Housing Goals and Priorities integrated into this Assessment. The City and SHA have long been committed to the principles of equity and compliance with the Fair Housing Act of 1968 and related civil rights laws. People who live and work here in the public and private sectors of this city and region are known for a progressive approach to fair housing and equity issues.

The City released its community preference guideline, which was developed through cross-departmental efforts by the Office of Housing and the Office for Civil Rights and informed by many months of stakeholder and community engagement. A number of non-profit housing developers in Seattle have already expressed interest in implementing community preference as part of affirmative marketing for new subsidized rental housing projects.

The City’s 2018 CAPER reflects the accomplishments for projects committed to in the 2017 AFH. See the full report at <http://www.seattle.gov/Documents/Departments/HumanServices/Reports/2018-CAPER-final.pdf>

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

HUD requires the AFH to address prioritized Contributing Factors (which include public and private action or inaction regarding public policies, land use controls, tax policies affecting land zoning ordinances, growth limitations, etc.) by developing fair housing Goals and Objectives which the City adopted via the AFH; to eliminate or mitigate the fair housing issues and conditions identified in the community engagement and data analysis phases of the assessment. The City and SHA strategies to

address the "contributing factors" are detailed in the 2017 AFH Goals and Objectives Matrix that is attached to the 2018-22 Consolidated Plan as a supplemental document, see section AD-25. The following list highlights the City and SHA identified factors.

- Access to financial services
- Access to proficient schools for persons with disabilities
- Access to publicly supported housing for persons with disabilities
- Access to transportation for persons with disabilities
- Admissions and occupancy policies and procedures, including preferences in publicly supported housing
- The availability of affordable housing units in a range of sizes
- The availability, type, frequency and reliability of public transportation
- Community opposition
- Displacement of residents due to economic pressures
- Inaccessible buildings, sidewalks, pedestrian crossings, or other infrastructure
- Inaccessible government facilities or services
- Lack of community revitalization strategies
- Lack of local private fair housing outreach and enforcement
- Lack of local public fair housing enforcement
- Lack of private investment in specific neighborhoods
- Lack of public investment in specific neighborhoods, including services or amenities
- Land use and zoning laws
- Lending Discrimination
- Location of employers
- Location of environmental health hazards
- Location of proficient schools and school assignment policies
- Location and type of affordable housing
- Occupancy codes and restrictions
- Private discrimination
- Siting selection, policies, practices and decisions for publicly supported housing
- Source of income discrimination

Discussion:

As the City and SHA proceed with implementation of the 2017 Assessment of Fair Housing Goals and Priorities it must take into consideration the following challenges which require balancing potentially competing strategies.

- HUD calls for a balanced approach to Affirmatively Furthering Fair Housing. HUD is not “prescriptive in the actions that may affirmatively further fair housing, program participants are required to take meaningful actions to overcome historic patterns of segregation, promote fair housing choice, and foster inclusive communities free from discrimination.” However, HUD

makes it clear that “for a balanced approach to be successful, it must affirmatively further fair housing...specific to local context, including the actions a program participant has taken in the past.”

- Jurisdictions are to balance place-based strategies (to create equity, reduce poverty and mitigate displacement risk) and housing mobility strategies (to encourage integration and provide people in protected classes more options for housing city-wide). HUD describes place-based strategies as “making investments in segregated, high poverty neighborhoods that improve conditions and eliminate disparities in access to opportunity” and “maintaining and preserving existing affordable rental housing stock to reduce disproportionate housing needs.” Housing mobility strategies include “developing affordable housing in areas of opportunity to combat segregation and promote integration.”
- The challenge of influencing and/or changing policies, initiatives, and actions that are outside of the direct authority of a jurisdiction. For example, states generally control taxation authority rather than cities, which may impact land use and zoning regulation.
- Because HUD CDBG/HOME/HOPWA/ESG federal funds are targeted to low- and moderate-income people with specific eligibility criteria it was difficult to ensure that the AFH was not limited only to impacts on vulnerable populations. It was necessary to remind agencies, stakeholders, and participants that the AFH is about inequity and potential discrimination regardless of income on a broader scope and scale than in prior planning efforts.

It is also clear that the federal government’s role is changing. Shifting priorities in direct federal allocations; decreasing priority for enforcement of fair housing violations; and cuts in funds for domestic programs which directly impact protected classes will leave cities in a vacuum of resources to address the issues identified in Assessments.

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

The City's EDI funds (including CDBG) target areas that have historically been under-invested in and have significant disparities in positive outcomes for residents compared to more affluent areas of the City.

In addition, the City plans several actions, completed or underway which have been informed by underserved homeless communities, including:

- An LGBTQ Action Plan was developed in 2019 to better meet the sheltering needs of LGBTQ households
- Targeted technical assistance to youth-serving service providers is being designed by a group of young adults with lived experience of homelessness
- The City of Seattle received technical assistance from Native-serving organizations on how to best support service providers serving American Indian/Alaska Natives
- In supportive housing buildings, the City is coordinating to have the same case managers in each building, creating increased trust, referrals and service utilization and decreasing hospitalization and evictions
- The City is working with the Seattle Housing Authority to identify stability needs and reduce evictions among households receiving Housing Choice Vouchers

Actions planned to foster and maintain affordable housing

Please see section PR-10, PR-15, and the Needs Assessment and Market Analysis elements of the 2018-2022 Consolidated Plan for detailed analysis and links to work plans that address Seattle's on-going commitment to foster and maintain affordable housing. Or visit the City Office of Housing website at <http://www.seattle.gov/housing> .

Actions planned to reduce lead-based paint hazards

Please refer to SP-65 of Consolidated Plan for details on the scope of LBP hazard in Seattle's housing stock and for actions planned by the City Office of Housing, the Seattle Housing Authority and during our environmental reviews of federally funded capital project for LBP removal.

Actions planned to reduce the number of poverty-level families

Please refer to the Consolidated Plan, SP-70, for the City's antipoverty approach to the needs of vulnerable populations, homeless and economic equity issues for all communities in Seattle including poverty-level families in general.

For example, the Office of Immigrant and Refugee Assistance ESL for Work RTW program participants obtain stable employment and continue the ESL studies leading to more family economic stability. Emphasis is on referral and placement for clients in ongoing community based social and other services for which participants are eligible. In addition, the City's Equitable Development Initiative's project selection criteria emphasize actions that support economic mobility for people living in under-investment areas of the City as part of an effort to lift communities out of poverty.

In addition, OED's business technical assistance and business financing support for low-income small business owners helps to reduce the number of families in poverty, by supporting those owners to be more successful in managing their business. OED's CDBG funded Business Stabilization Fund program prioritizes making investments in small businesses dealing with commercial affordability and displacement issues.

Actions planned to develop institutional structure

Please refer to SP-40 in the 2018-2022 Consolidated Plan for a description and issues regarding development of institutional structure to carry-out the work of the federal grant activities funded by the City of Seattle.

Actions planned to enhance coordination between public and private housing and social service agencies

Please refer to Consolidated Plan PR-10 and AP-10 in this report for previously provided answers to a similar question. In addition, the City's Human Services department (particularly Homeless Strategies and Investment Division), the Office of Housing and Seattle Housing Authority have consistent interaction, project teams, and collaboration on RFPs, contracting, monitoring and joint reporting which sustains the commitment to our coordination.

For example, City of Seattle helped set up Housing Connector, a public-private partnership where landlords offer housing to households experiencing homelessness, and service providers deliver time-limited services those households. The City will continue to increase coordination with housing authorities through a variety of projects including a homelessness prevention pilot for households awaiting housing vouchers.

The Office for Economic Development collaborates with the Office of Housing to include commercial space geared towards low-income small business owners and nonprofit organizations serving the community where low-income housing development investment are made by the City.

Discussion:

The City encourages HUD staff to take the Consolidated Plan as written, in its entirety with reference to multiple other major plans, as substantial evidence of a broad range of approaches, funding priorities, leveraged activities, and system efficiency toward the federally mandated goals of the

CDBG/HOME/HOPWA/ESG/CoC-McKinney and all state and local funds represented in our investments. We seek to plan for all needs, seek out the high priority and eligible activities for federal funding and make that part of the "whole cloth" overall outcomes and investments the City tries to accomplish. We encourage many City departments, the Mayor's Office and Councilmembers, City Budget Office, Seattle Housing Authority and stakeholder entities and beneficiaries to see this as the City's Consolidated Plan for federal HUD grants in the context of all other plan priorities and resource management.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

**Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(I)(1)**

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$2,505,838
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	\$0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	0
5. The amount of income from float-funded activities	0
Total Program Income	\$2,505,838

Other CDBG Requirements

1. The amount of urgent need activities	<u>\$2,810,400</u> ⁰
---	---------------------------------

**HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(I)(2)**

- 1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:**

No other forms of investment are contemplated for the use of the HOME funds except as identified in 92.205.

- 2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:**

US Department of Housing and Urban Development rules limit the maximum eligible sales price for HOME-assisted ownership housing to \$373,000 for homes in Seattle. In Seattle's high cost market, there is extremely limited inventory available for income-eligible buyers. The City could request a waiver to increase the maximum sales price based on a market study reflecting the higher median sales price; however, HUD requires this study to be updated on an annual basis and the City cannot justify the costs at this time. Therefore, Seattle will use HOME funds solely for rental housing

activities.

- 3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:**

Seattle does not utilize HOME funds for homeownership projects. See above

- 4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:**

The City does not have any plans to refinance existing debt secured by multifamily housing as described in the question, and therefore we do not have any refinancing guidelines for that activity.

Emergency Solutions Grant (ESG) Reference 91.220(l)(4)

- 1. Include written standards for providing ESG assistance (may include as attachment)**

ESG is governed by the same requirements, priorities, and contract processes as other fund sources included in the City's Request for Proposal funding processes.

- 2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

The Seattle/King County Continuum of Care (CoC) has implemented a system wide coordinated entry and assessment system for all population groups. The system has been operational under a new platform since June of 2016. The CEA system is managed by King County. CEA serves all people (single adults, young adults, couples, families, and veterans) experiencing homelessness in the following situations:

- Living and sleeping outside
- Sleeping in a place not meant for human habitation
- Staying in a shelter
- Fleeing/attempting to flee domestic violence
- Exiting an institution where you resided for up to 90 days and were in shelter or a place not meant for human habitation immediately prior to entering that institution or transitional housing
- Young adults who are imminently at risk of homelessness within 14 days are also eligible for CEA.

- 3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).**

ESG funds in the past have been used by the City of Seattle as part of resources prioritized for homeless intervention services. Future sub-awards of ESG funding will be governed by RFP

processes available to all applicants, relying heavily on community based NPOs and open to faith-based organizations within the statutory limits of use of federal funds by these types of organizations.

The City of Seattle's Human Services Department facilitated an open and competitive funding process for homelessness services and support in 2017 for a range of projects including Homelessness Prevention, Diversion, Outreach & Engagement, Emergency Services, Transitional Housing, Rapid Re-Housing and Permanent Supportive Housing. Funding recommendations reflected regional priorities such as person-centered service, results/impact, and addressing racial disparities. The next funding process is expected to be facilitated by 2021 under the new King County Regional Homelessness Authority.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The current Seattle/King County Continuum of Care (CoC) includes King County plus cities such as Seattle, Auburn, Bellevue, Federal Way, Kent, Renton, and Shoreline. The lead agency for the CoC is All Home, which convenes government, faith communities, non-profits, the business community and homeless and formerly homeless people working together to implement the Continuum of Care in King County. ESG funding decisions are coordinated with All Home and its Funders Group. For more information about All Home, please visit <http://allhomekc.org/about/>.

All Home brings together local governments, religious institutions, non-profits, philanthropic organizations, shelter and housing providers, the private sector and engaged citizens in a coordinated effort that both responds to the immediate crisis of homeless individuals and addresses the root causes of the problem in our region. As a critical part of that consultation, All Home includes the Consumer Advisory Council which serves as a forum to incorporate consumer feedback within policy and strategic decisions and action items under the Strategic Plan. Consumers ensure that the effort to end homelessness in King County incorporates the expertise of people who experience homelessness – including those who are at risk of becoming homeless or were formerly homeless – at all levels of implementation, evaluation, and plan revision.

All Home brings together local governments, religious institutions, non-profits, philanthropic organizations, shelter and housing providers, the private sector and engaged citizens in a coordinated effort that both responds to the immediate crisis of homeless individuals and addresses the root causes of the problem in our region. As a critical part of that consultation, All Home convenes the Consumer Advisory Council and the Youth Action Board which serve as forums to incorporate consumer feedback within policy and strategic decisions and action items under the Strategic Plan. Each of the All Home system committees also make an effort to include participation from persons with lived experience. These efforts ensure that the effort to end homelessness in King County incorporates the expertise of people who experience homelessness – including those who

are at risk of becoming homeless or were formerly homeless – at all levels of implementation, evaluation, and plan revision.

5. Describe performance standards for evaluating ESG.

The City of Seattle worked in partnership with the CoC (All Home), King County, and United Way of King County to develop shared performance standards used in all contracts. These standards were included in the City’s 2017 RFP. Examples of performance requirements include Exit Rate to Permanent Housing, Length of Stay (days), Return Rates to Homelessness, and Entries from Literal Homelessness.

The City’s data team provides quarterly performance progress reports and technical assistance as needed and works closely with the data team at King County to evaluate performance and review trends. The City is also in sync with other local funders to develop policies for HMIS. (King County is the operator of HMIS.)
