## Budget Action Description:

This Council Budget Action would add \$50,000 GF to the Human Services Department (HSD) to contract with a community-based organization to conduct a survey of national best practices related to community violence interruption. The survey would focus specifically on how the City can work with community to interrupt gun violence. The funding could go to an organization such as the Alliance for Gun Responsibility.

In accordance with recommendations from the City Auditor, the survey should:

1. Build on existing knowledge (see the 2020 review of national best practices for reducing violence); and
2. Align to help inform the work and the evaluation of HSD's Community Safety cohort.
