Project Description:

Project #1147980: Seattle – North Beacon Hill/Mt. Baker Urban Village-17th Ave S & S Walker St Acquisition (annual funding), \$25,000

The City of Seattle seeks to fill park service gaps in urban villages, focusing on south Seattle in the Beacon Hill/North Rainier Valley area. This project targets the fee acquisition of 10 adjoining parcels totaling 1.4 acres between the North Beacon Hill and Mt. Baker Hub urban villages. If acquired, the city would demolish the structure on site and largely preserve and restore the forest. This project would create an open space connection between two urban villages. This project was determined to merit a match waiver. This acquisition project is receiving annual and bond funding awards; this represents the annual funding. Project funding was authorized in King County Ordinance [XXXXXX – to be completed after King County council budget adoption late 2024].

Is this a Bond-financed Project? No

Project #1147981: Westwood-Highland Park RUV Gap Acquisition (annual funding), \$25,000

The City of Seattle seeks to fill park service gaps in urban villages in this proposal focusing on southwest Seattle. This year’s target is the fee acquisition of three parcels totaling 0.32 acres in the Westwood-Highland Park Residential Urban Village near the border with White Center. This secures open space in one of the largest park service gaps in West Seattle. This project, coupled with the future addition of Seattle Department of Transportation (SDOT)’s Delridge Triangle and partial closure of 18th Ave SW, will provide a buffer to traffic and the adjacent neighborhood. This project was determined to merit a match waiver. This acquisition project is receiving annual and bond funding awards; this represents the annual funding. Project funding was authorized in King County Ordinance [XXXXXX – to be completed after King County council budget adoption late 2024].
