## Summary

Continuity of Operations, Emergency Response, Disaster Recovery, and Enterprise Risk Management professional with extensive experience spanning all areas of event mitigation, business resiliency, and continuance planning:

- ❖ Crisis Management professional who provides plan development, predictive analysis, team building, crisis communications, and incident response operations
- ❖ Information Technology professional with foundational experience in disaster recovery operations and information lifecycle management
- ❖ Life Safety Program Manager, training and leading incident response teams including Medical, Evacuation, Light Urban Search and Rescue, and Safety Committees
- ❖ Project Manager overseeing IT and business initiatives
- ❖ Government Liaison partnering with city, county, state, and federal planning and response agencies

## Experience

### Disaster Recovery Manager | University of Washington, 2015 - Current

- **Enterprise Technology Resiliency:** Responsible for managing and coordinating enterprise IT disaster recovery projects and initiatives. Including, but not limited to geographic resiliency, risk management, recovery planning, testing and exercises, and developing a culture of resiliency within the University of Washington:
  - Analyze existing and future technologies and determine appropriate resiliency measures to ensure critical features applicable to Administration, Campus, and Medicine are available
  - Implement resiliency goals across UW-IT through documentation, training, and geographic diversity
  - Establish a culture of resiliency across many layers of management and lines of business

### Crisis Communications Specialist | Expedia Inc, 2014 - 2015

- **Global Crisis Communications.** Provide business resiliency and rapid event response for global organization operating more than 100 branded points of sale in more than 60 countries and travel bookings for over 10,000 partners:
  - Continuously monitor active and emerging global events, threats, and incidents which have impact to operations, brand, and customers
  - Utilize public and private sources to collect information and create intelligence related to circumstances with real and potential impact
  - Communicate status and directives to internal and external partners from inception to closure of event

### Enterprise Business Continuity Program Manager | BECU, 2008 – 2014

- **Enterprise Business Continuity.** Business Continuity and Life Safety Program Manager for organization with over 850,000 members, \$12 billion dollars in assets, and points of presence throughout Washington State. Establish and implement business continuity program at all levels of the organization:
  - Manage response operations from establishment of command center through after action reporting
  - Produce business resumption and crisis management plans at all organizational levels, partnering with business units and defined teams to train and successfully implement

- Develop and implement functional and tabletop exercises for Crisis Management, Disaster Recovery, Business Unit, and Incident Response teams
- Forecast and consult on trends and threats
- **Life Safety Program Manager.** Responsible for planning, training, and supervising incident response operations and teams
- **Government and Business Liaison.** Strengthen the resiliency position of the organization through strategic partnerships with public and private institutions
