MEMORANDUM

To: Seattle City Council
From: Karina Bull, Analyst
Subject: Council Bill 120468: Fourth Quarter 2022 Employment Ordinance

On December 6, 2022, the City Council (Council) will discuss and may vote on [Council Bill \(CB\) 120468](#), the Fourth Quarter Employment Ordinance. This memo provides an overview of the legislation and describes potential impacts.

Overview

The Council authorizes certain City of Seattle (City) personnel actions through quarterly employment ordinances. In the Fourth Quarter 2022 Employment Ordinance, Council would authorize the Seattle Department of Human Resources (SDHR) Director to: (1) return one position to the civil service system, (2) exempt two positions from the civil service system, and (3) establish two job titles with corresponding rates of pay.

1. Return one position to the civil service system

The SDHR Director has determined that the work performed by one position no longer meets the criteria for civil service exemption and recommends returning this position to the civil service system. See Table 1 for information on this position.

Table 1. Position that would return to civil service

	Department	Original Classification (Exempt)	New Classification (Civil Service)	Vacancy Status
1	Office for Civil Rights	Manager 2, Exempt	Manager 3, General Government	Filled

Civil service provides a range of job protections for City employees, including merit-based hiring and promotions, opportunity for employees to correct performance issues, and “for cause” termination (i.e., termination based only on unsatisfactory job performance). In contrast, employees exempt from civil service may be appointed without a competitive hiring process and are subject to “at-will employment” (i.e., employment that may be terminated at any time for any reason not prohibited by law).

The [City Charter Article XVI, Section 3](#)¹ requires civil service membership for all City employees except for those in positions specifically exempted from civil service in the Charter and [Seattle Municipal Code \(SMC\) 4.13](#).² In total, about 90 percent of City employees are in the civil service.

The SDHR Director has authority under [Personnel Rule 2.2](#) to determine whether a position is exempt from civil service under SMC 4.13. The Director may exempt the following types of positions:

- Positions requiring a particularly high degree of professional responsiveness and individual accountability;
- Positions requiring a confidential or fiduciary relationship with the appointing authority; or
- Judicial positions requiring insulation as a third branch of government.

After making this determination, the SDHR Director may submit legislation to Council that recommends returning a position to civil service or exempting the position from civil service. Council also has authority to introduce legislation on civil service classification.

2. Exempt two positions from the civil service system

The SDHR Director has determined that the work performed by two positions meet the criteria for civil service exemption and recommends exempting these positions from the civil service system. The SDHR Director’s recommendation for exemptions will only take effect upon approval by two-thirds vote of the Council. See Table 2 for information on these positions.

Table 2. Positions that would be exempted from civil service

	Department	Original Classification (Exempt)	New Classification (Civil Service)	Vacancy Status
1	Law Department	Administrative Staff Assistant	Executive Assistant	Filled
2	Seattle Fire Department	Manager 2, General Government	Executive 2	Filled

¹ Under the Charter, positions exempted from civil service include elected officers, certain appointive offices, assistant city attorneys, heads of departments, members of boards and commissions, and additional positions exempted by legislation approved by two-thirds vote of the Council.

² Under SMC 4.13, positions exempted from civil service include identified job titles in all employing units and specific positions. Examples of exempted job titles include temporary employees, interns, administrative secretaries, executives, office/maintenance aides, and exempt strategic advisors, managers, and information technology professionals. Examples of specific positions include electric utility executives at Seattle City Light, administrative staff and executive assistants identified by position number, and all directors of offices in the Executive Department.

3. Establish two job titles with corresponding rates of pay

The SDHR Director recommends establishing two job titles with corresponding rates of pay for positions in Seattle City Light (SCL). These positions would operate the Conservation Fish Hatchery Program in Usk, Pend Oreille County, in northeast Washington, scheduled to open in 2023. The job titles would be effective as of January 1, 2023, and SCL intends to fill the positions in the first quarter of 2023. See Table 3 for information on these job titles.

Table 3. New Job titles and corresponding rates of pay

	Department	Job Title	2022 Salary Rates
1	SCL	Conservation Fish Hatchery Operator	\$30.72 - \$31.86 - \$33.14 - \$34.47 - \$35.74
2	SCL	Conservation Fish Hatchery Supervisor	\$41.66 - \$43.34 - \$44.95 - \$ 46.68 - \$48.48

Potential Impacts of CB 120468

Financial Impacts

There would be no direct costs associated with these personnel actions. Any discretionary costs that might be associated with an incumbent’s change in civil service status or establishing an employee’s pay would be absorbed by the department’s existing budget authority and would not require appropriation of new funds. Notably, the 2023 Adopted Budget includes funds for the fish hatchery positions in SCL’s boundary license mitigation program for Native Salmonid Conservation.

Racial Equity Impacts

This legislation would return one filled position to civil service status and exempt two filled positions from civil service.

Increasing the number of positions with civil service status would support the City’s commitment to eliminating racial disparities and achieving workforce equity.³ The City’s [2021 Workforce Equity Update](#) reports that Black, Indigenous, and People of Color (BIPOC) employees, and especially BIPOC women, are underrepresented at the top levels (e.g., supervisors and high wage earners) of City employment when compared to the general population. Increasing the number of positions with civil service protections, especially those with opportunities for higher pay and/or additional benefits, could achieve more equity for BIPOC employees by requiring a competitive hiring process and removing the barriers that

³ In the City’s 2021 Workforce Equity Update Report, “workforce equity” is defined as (1) when the workforce is inclusive of people of color and other marginalized or under-represented groups at a rate representative of the greater Seattle area at all levels of government and (2) where institutional and structural barriers impacting employee attraction, selection, participation, and retention have been eliminated, enabling opportunity for employment success and career growth.

create risk and uncertainty for employees seeking career growth. In this legislation, the position recommended for return to civil service would also be reclassified at a higher level (i.e., from Manager 2 to Manager 3), thereby increasing opportunities for both job security and compensation.⁴

Exempting positions from civil service creates greater risk for employees and has workforce equity implications. However, the Charter provides a right for any person appointed to an exempt position from civil service to return to the same or a like position in civil service upon termination of the appointment, unless the person is dismissed for cause. Changing the civil service status for some positions can also increase earning potential. In this legislation, the positions recommended for civil service exemption would be reclassified in positions that are automatically exempt under SMC 4.13 with an increased range of compensation.⁵

Recognizing the workforce equity implications of civil service exemptions, SDHR is updating and refining the civil service exemption process to ensure more consistency and equity in the Director's recommended personnel actions. SDHR is undertaking this effort alongside a full compensation and classification program review, last performed over 30 years ago. Additionally, SDHR has already partnered with the City Budget Office and Finance Managers to modify internal practices, such as prioritizing civil service status for new positions and decreasing the number of exemption requests submitted to Council.

Please contact me if you have questions about this proposed legislation.

Background: <i>Drawing from ecological restoration, cartography, and art, Laura’s work synthesizes a breadth of information to create enduring multifunctional spaces. Laura received her Bachelor of Science in Landscape Architecture at the University of Washington where she focused on researching how ecological, geographic, and cultural narratives shape the natural and built environments for resilient futures. While interning with the Seattle Department of Transportation Urban Forestry Division, Laura conducted field research quantifying the impact of Seattle’s urban forest on quality of life. Green infrastructure (urban tree canopy being a key example) plays an important role in revising the current rhetoric of the built environment. Laura intends to continue working to illuminate how systems of privilege can be shifted for a more equitable and sustainable world, and make these changes tangible through physical design interventions. She currently practices the art of balancing science and design through interdisciplinary collaboration as a Landscape Designer at The Watershed Company. Laura looks forward to continuing participating in public dialogue as a re-appointed member of the Urban Forestry Commission. When communities are engaged meaningfully, green spaces become drivers of increased social equity.</i>

CITY OF SEATTLE

RESOLUTION _____

A RESOLUTION supporting the Whole Washington State Universal Healthcare Initiative.

WHEREAS, Article 25 of the United Nations Universal Declaration of Human Rights sets forth that “Everyone

has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his control establishes a fundamental right to healthcare”; and

WHEREAS, in Washington State, 430,000 have no health coverage and even more residents are underinsured, and lives would be saved by ensuring universal access to healthcare; and

WHEREAS, the COVID-19 pandemic has demonstrated the negative ramifications of tying healthcare to employment; and

WHEREAS, the Whole Washington Health Trust bill, sponsored by seven Washington State

Senators, guaranteeing a non-profit, universal healthcare system for all Washingtonians, with a funding mechanism devised by a noted economist, reviewed by the Department of Revenue and the Employment Securities Department, demonstrates that Washington State residents will save billions of dollars annually when universal healthcare is implemented; and

WHEREAS, the passage of I-1471 in Washington State will support the state and national

efforts to establish Medicare for All: in December, 2021 the Washington State Universal Health Care Commission was established to further study implementation in this state and in May of 2022 15 U.S.

Senators introduced a Medicare for All Act, endorsed by "more than 60 major organizations" across the U.S.; and

WHEREAS, the January 15, 2021 Universal Health Care Work Group's report to the

Washington State Legislature included "Option A," "which found that a state-governed and administered program for all state residents" in Washington State would save an "Estimated implementation year savings [of]: \$2.5 billion [and an] Estimated annual steady state savings [of]: \$5.6 billion/year" in total public and private health care spending; and

WHEREAS, in 2017, the U.S. spent twice as much on health care (17.1 percent of GDP) as

comparable Organization for Economic Co-Operation and Development countries (OECD) (8.8 percent of GDP), all of whom have universal health care. In terms of dollars spent, in 2017, the average per capita health care spending of OECD countries [with universal health care] is \$3,558, while in the U.S. it is \$10,207 - nearly three times as costly; and

WHEREAS, according to the Commonwealth Health Fund, in the U.S., infant mortality is

higher, and the life span is shorter than among all comparable economies that provide universal health care; and

WHEREAS, "Black women face three times the maternal mortality risk as white women" in the

U.S. With an overall 23.8 deaths per 100,000 live births for all women, the U.S. statistic is nearly three times higher than France, the second highest among industrialized nations; and

WHEREAS, a Kaiser Family Foundation analysis of federal data "estimated that collective

medical debt [in the U.S.] totaled at least \$195 billion in 2019, larger than the economy of Greece.”; and

WHEREAS, from 2012 to 2016, prices for medical care surged 16 percent, almost four times the rate of overall

inflation, a report by the nonprofit Health Care Cost Institute found; and

WHEREAS, the Urban Institute shows that nationwide, according to the poll, Black adults are 50 percent more

likely and Hispanic adults 35 percent more likely than whites to owe money for care. Women are more likely than men to be in [medical] debt; and

WHEREAS, people of color, people with disabilities, LGBTQI people, women, and low-income people are the most likely to lack affordable, comprehensive healthcare; and

WHEREAS, "In 2021, the Washington State Nurses Association (WSNA) joined health care unions SEIU 1199NW and UFCW 21, which represent more than 71,000 healthcare workers in the state, to form WA Safe + Healthy. This coalition called on Washington State legislators to pass safe staffing standards for the health and safety of workers and patients." The legislature failed to pass this bill; and

WHEREAS, in the Washington State 2021-22 Legislative session the "Keep Our Care Act" was introduced and supported by the ACLU, unions, and patient rights' advocates. "The bill included: A prohibition on health entity consolidations that diminish access to affordable quality care. The Keep Our Care Act would ensure health entity mergers, acquisitions, and contracting affiliations improve rather than harm access to affordable quality care within a community." This Washington State Legislature failed to pass these bills; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE THAT:

Section 1. The Seattle City Council endorses the people's efforts to pass Improved Medicare for All through Whole Washington's state-wide initiative I-1471; United States Senate Bill 4204 ("S. 4204"), "A bill to establish a Medicare-for-all national health insurance program"; and United States House Bill 1976 ("H.R. 1976"), "A bill to establish an improved Medicare for All national health insurance program."

Section 2. The Seattle City Council urges the Universal Health Care Commission to adopt "Option A" from the Universal Health Care Work Groups' report to the Legislature in January of 2021; and for Washington State lawmakers to pass a Medicare-for-All trust and statewide insurance program until such time that a national Medicare-for-All health insurance program is enacted.

Section 3. The Seattle City Council urges federal elected officials to pass Medicare-for-All national

legislation. The Seattle City Council urges Democrats in the U.S. Congress to use their full power, to vote for such legislation and their resources to build collegial grassroots action to pass it.

Section 4. The Seattle City Council requests that the Office of Intergovernmental Relations convey this resolution to the Washington State legislators; the Governor of Washington; the Washington State Universal Healthcare Commission; the Washington State Department of Health, Health Equity Division; and Washington State federal Congressional delegation.

Adopted by the City Council the _____ day of _____, 2022, and signed by me in open session in authentication of its adoption this _____ day of _____, 2022.
