

Detailed Description of Council Budget Action (CBA) FG-001-D-001

1. Reallocate \$64 million of one-time Coronavirus Local Fiscal Recovery (CLFR) funds to revenue replacement in the General Fund, and back fill this shift with JumpStart (JS) Fund. The CLFR funds will ensure that City services that support COVID response and recovery efforts are maintained in 2022.

	Mayor's 2022 Proposed	Proposed Amendment (CBA FG-001-D-001)	
		Amendment	Notes
CLFR Revenue Replacement	4,500	64,176	Increased to shift revenue replacement from JS Fund to CLFR ¹
Child Care Stabilization Grants Expansion	2,400	-	Same investment now supported by JS Fund
Expanded Capital Investment in Affordable Rental Housing Production and Preservation	50,498	-	Same investment now supported by JS Fund

2. Adjust the amount of funding for Equitable Communities Initiative (ECI), Participatory Budgeting (PB), and community safety investments in a manner that, when combined with unspent 2021 carryforward results in more than \$70 million of total investment in these areas. These investments are shifted from ongoing to one-time.

Grand Total	70,000	22,763	54,237	77,000

¹ This “swapping” of funds is necessary because these expenditures are not generally eligible for direct use of CLFR funds; the CLFR funds are used to address revenue shortfalls in 2022 as the City’s GF has not rebounded from COVID induced decreases and are necessary to support general government services.

A proposed Statement of Legislative Intent (SLI FG-004-B-001) complements this Council Budget Action (CBA), expressing Council’s intent to work with the Executive to identify a new ongoing funding source for these community-led proposals.

3. Modify proposed expenditures from the JumpStart Fund.

- Reduce the revenue support from the JumpStart Fund to the General Fund by \$62 million, to align with the policy level of \$85 million based on the 2022 General Fund revenue forecast and Ordinance 126393 - JumpStart Payroll Expense Tax Fund;
- Change the fund source of \$4.8 million of appropriations from the GF to the JS Fund; and
- Change the fund source of \$9.7 million of appropriations from JS Fund to the GF.
- Adjust 2022 spending to reflect the November update of revenue forecasts that decreased 2022 Payroll Expense Tax revenues by \$755,150.

Grant Total	234,627³	234,627³	233,846³

² The Mayor’s 2022 Proposed Budget was based on the August revenue forecast that included \$234.6 million of 2022 payroll expense tax revenues; the November revenue forecast update decreased 2022 payroll expense tax revenues by \$755,150. This amendment addresses that decrease before making other changes to the use of JS Funds in the 2022 Budget. The reduction is made in the economic revitalization line because the first version of this amendment (FG-001-A-001) had a \$3.1 million reserve, meaning that no specific investments included in the original amendment are impacted by this adjustment. The Mayor’s 2022 Proposed Budget would no longer support the proposed expenditures from the JS Fund due to the November forecast update.

³ This amendment would continue to fund these expenditures from the GF rather than the JS Fund.

4. Reallocate \$4.4 million of 2021 CLFR appropriated in the Human Services Department for rapid rehousing to support other Council priorities listed below. The 2021 appropriation is cut in the Year-end Supplemental Budget ORD (CB 120021) as described in CBA CBO-501-A-001. This \$4.4 million is used as follows:
 - \$308,000 CLFR funds to the Office of Sustainability and Environment (OSE) for a pilot prescription food program administered by a community health center specializing in the care of American Indians and Alaska Natives, such as the Seattle Indian Health Board (SIHB). This pilot would support low-income households, who have experienced disproportionate economic and public health impacts of the COVID-19 pandemic. The prescription food program would address food and chronic disease issues by identifying households with diet-affected health conditions such as diabetes, prediabetes, or hypertension and providing them with "food prescriptions," which would be redeemed for no-cost produce at food retailers such as traditional food vendors, grocers, neighborhood stores, farmers markets, and within Community Supported Agriculture (CSA) programs. The proposed funding would support approximately 200 households over 12 months. (Sponsor: Councilmember Morales)
 - \$3.1 million CLFR for General Fund (GF) revenue replacement to address the increased GF revenue shortfall identified in the November revenue forecast update. This "swapping" of funds is necessary to support general government services that are not generally eligible for direct use of CLFR funds. This includes:
 - \$435,000 GF to the Seattle Public Libraries to repay the costs of repairing damage due to vandalism over the last two years. (Sponsor: Councilmember Morales);
 - \$1.0 million GF to the Office of Housing (OH) for services and capacity funding for non-profit housing providers operating non-permanent supportive housing projects. In 2021, the City adopted Ordinance 126371, allocating \$1 million of CLFR funds for this purpose. OH completed a request for proposals process in October for this funding. It received 14 applications totaling \$2.5 million in requests. OH is in the process of reviewing the requests and making funding decisions; with this CBA OH can fund a larger number of the proposals. (Sponsors: Councilmembers Herbold and Mosqueda)
 - The remaining is used to support other general government services that otherwise would be reduced due to revenue decreases.

⁴ This would provide \$120,000 of JS Funds to SDOT to upgrade the currently temporary Columbia City Patio to a permanent pedestrian and community plaza, as proposed by Councilmember Morales.

Appendix 3: Economic Revitalization Implementation Plan

This Council Budget Action would add \$650,000 to the Office of Economic Development (OED) to develop an Economic Revitalization Implementation Plan. Resolution (RES) 31957, the JumpStart Spending Plan adopted by the Council in July 2022, states that JS fund expenditures should include:

“At least \$650,000 in 2022 to contract with an organization with expertise and experience in developing a plan and can act as a catalyst to launch programs and services that will help transition a just local economy that provides stable, safe, and healthy family sustaining jobs, and advance the goals of the GND. The Council expects that, in 2021, the Executive will convene a group that includes, but is not limited to, representatives from City departments, labor organizations, small businesses, and advocates for Seattle’s GND, to develop the scope of work and to select a firm to carry out this work in 2022.”

The Executive did not convene the stakeholder group to develop a scope of work as requested, and the Council anticipates that this work will be undertaken in 2022.

Economic Revitalization Implementation Plan

Of the \$650,000 reserved for the JS Economic Revitalization Implementation Plan that would be appropriated to OED, \$550,000 will be used to identify what economic revitalization investments should be made using JS funds beginning in 2023 until the payroll expense tax sunsets at the end of 2040. This funding is intended to support creation of a plan, and initial development and administration of new programs and services, as needed. OED should collaborate with other departments, as appropriate, to identify a group of City staff and external stakeholders to develop the scope of work and select the organization to lead the development of the plan. Funds may be used to contract with a facilitator to help with this process.

In addition to the priorities included in RES 31957, development of the scope of work should consider, but not be limited to, the following:

- Existing City investments in economic revitalization and community-led economic development efforts (e.g., Equitable Development Initiative, Participatory Budgeting, Equitable Communities Initiative, Small Business Ownership Fund, etc.);
- Workforce development strategic plan (described below);
- Evolving needs of workers, businesses, nonprofits, and key industries as Seattle continues to recover from the immediate impacts of the pandemic;
- Employment trends and potential long-term impacts of remote work;
- Economic revitalization plans of other municipalities similar to Seattle; and
- Engagement with a wide variety of stakeholders (e.g., businesses of varying sizes, business organizations, travel and tourism industry representatives, labor organizations,

community organizations, and the City's advisory bodies, such as the Green New Deal (GND) Oversight Board), ensuring that this engagement is culturally responsive.

The plan should focus on what investments are needed to make Seattle a desirable place to live, work, and visit; and present a detailed strategy that identifies investments needed to address the impacts of COVID in the near term and those needed to create an economically diverse, just, and resilient city over the long term.

Workforce Development Strategic Plan (Sponsor: Councilmember Morales)

The remaining \$100,000 will be used to hire a consultant that would evaluate the City's investments in workforce development and create a strategic plan in collaboration with the City's regional workforce development partners.

The City's workforce development and youth employment initiatives are currently distributed in various departments, including OED, the Department of Finance and Administrative Services, Office of Arts and Culture, Office of Sustainability and Environment, Office of Housing, Office of Immigrant and Refugee Affairs, Human Services Department, and Seattle Parks and Recreation. While OED has been working with the Seattle Jobs Initiative, the Workforce Development Council of Seattle-King County (WDC), the Washington Roundtable's Washington Employers for Racial Equity, the Port of Seattle, and King County on issues related to workforce development, the City lacks a comprehensive approach to this effort.

The intent of the proposed strategic plan is to align the City's workforce development strategies with regional plans, such as those developed by the Central Puget Sound Economic Development District (that will be adopted in December 2021) and the WDC (adopted in January 2021). The plan should:

- Integrate with related efforts to develop an overall JS Economic Revitalization Implementation Plan (described above);
- Prioritize strategies that would reduce the racial wealth gap, address the disproportionate impacts of the pandemic, and create a more equitable economy in the long-term;
- Assess whether there are gaps in regional workforce development investments that should be addressed with City funding (JS funds or otherwise);
- Consider strategies to promote State-registered apprenticeships;
- Incorporate the City's priority to ensure a just transition for workers whose jobs currently depend on the fossil fuel industry, in accordance with the goals of the GND (RES 31895);
- Include strategies to support the creative industries, such as those identified by the City's Film Task Force, OED's Creative Sector Action Plan (to be completed in December 2021), or other relevant reports; and
- Provide a practical approach for measuring progress towards goals.
