WATERFRONT LID AGREEMENT

THIS WATERFRONT LID AGREEMENT (“Agreement”) is by and among THE CITY OF SEATTLE, a first class charter city and municipal corporation (the “City”); and each of the parties identified as “Owners” on the attached signature pages (each an “Owner”); and WATERFRONT PARK CONSERVANCY, a Washington not-for-profit corporation (the “Conservancy”); effective as of the Effective Date (as defined in Section 7.11). The City, each Owner, and Conservancy are each a “Party” and collectively the “Parties” to this Agreement. Based on the mutual covenants and obligations set forth herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows.

1. DETERMINATIONS AND FINDINGS.

1.1 The City Council (Council) adopted Resolution 31812, proposing to form a local improvement district under Chapter 35.43 RCW (the “LID”) and is expected to consider Ordinance _____ on _____ forming the LID (the “LID Formation Ordinance”) for the purpose of undertaking certain improvements to the Seattle central waterfront (the “LID Improvements”), described in the LID Formation Ordinance.

1.4 Simultaneously with the introduction and passage of the LID Formation Ordinance, the City Council is expected to consider (a) Ordinance _____, authorizing the execution and delivery by the City of this Agreement (the “Waterfront LID Agreement Authorizing Ordinance”) and (b) Ordinance _____ (the “O&M Ordinance”) providing, *inter alia*, for the maintenance of the Central Waterfront Improvements (as defined in the O&M Ordinance). The Central Waterfront Improvements include the LID Improvements.

1.5 For the purpose of ongoing oversight of matters relating to this Agreement and the O&M Ordinance and the representation of the Parties, other than the City, the Conservancy has been formed.

3. AGREEMENTS OF THE CITY

3.1 Review of Plans in Development. Certain components of the LID Improvements have not progressed beyond 30% design. These elements include the Overlook Walk, Waterfront Park, Pike and Pine Street improvements, and Pioneer Square Street improvements. The City will continue to engage communities throughout the city in refining the design, and as part of this shall convene a representative group of owners of commercial properties located within the boundaries of the LID to advise the Office of the Waterfront on: (i) the evolving design of these elements of Waterfront Park and the Pike/Pine Corridor Project that have not yet reached 100 percent design; (ii) substantial changes, if any, in major elements that have reached 100 percent design; and (iii) Waterfront Park and Pike/Pine Corridor Project construction budget development and adjustment, specifically including contingencies and overhead costs. Such representatives shall have demonstrated experience in design, construction, construction pricing, construction management and/or engineering. The City shall provide additional opportunities for property owners in the Pike/Pine corridor to help shape the emerging design for Pike and Pine Streetscape improvements through the Pike and Pine Streetscape Project Sounding Board co-convened by the Downtown Seattle Association (DSA) and other focused workshops as needed. This process shall not result in any modifications to the scope of LID Improvements, although this process may result in recommendations for modifications that do not lower the special benefits provided under the LID.

3.2 Maximum LID Assessment. The City agrees and the LID Formation Ordinance confirms that the aggregate total dollar amount of assessments to be levied within the LID will be no greater than \$160,000,000 (plus such additional amount as shall be approved for the payment of financing costs and the City’s contribution to the Guaranty Fund of the City (pursuant to authority granted under RCW 35.54)) (the “Maximum LID Assessment”). The Maximum LID Assessment shall not be increased for any reason, including but not limited to increased costs required to complete the LID Improvements. All costs incurred by the City in connection with undertaking and completion of the LID Improvements shall be paid and/or financed from sources other than assessments within the LID and shall not result in an increase in the Maximum LID Assessment. The foregoing constitutes the City’s waiver of rights under Chapters 35.43 and 35.44 RCW to increase the Maximum LID Assessment through supplemental assessment or reassessment.

3.3 Approval of the O&M Ordinance. The City acknowledges that consistent with the Waterfront Seattle Guiding Principles and Council Resolutions 31399 and 31768, the Waterfront Park and Public Spaces, which include the LID Improvements, should be maintained for the benefit of the residents of the City as a whole, for the benefit of the Property Owners within the LID and for the economic benefit of downtown Seattle which also inures to the benefit of the City and the region. Simultaneously with the submittal of the LID Formation Ordinance

(Exhibit A to this Agreement), the O&M Ordinance (Exhibit B to this Agreement) shall be presented to Council for approval.

3.4. Park Boulevard Designation. The City shall designate the Waterfront Park and Public Spaces not currently under DPR jurisdiction as a City park boulevard, in the manner as described in the O&M Ordinance.

3.5. Park Oversight. Management, operations, maintenance and security of the Waterfront Park and Public Spaces shall be subject to review in order to evaluate the effectiveness of the Management Agreement and to confirm that the Waterfront Park and Public Spaces are being operated and maintained in a manner consistent with the Performance Standard. The Operating Partner and the appropriate City departments are subject to review in their provision of services under the Management Agreement as set forth in the O&M Ordinance.

As provided in the O&M Ordinance, the City shall establish and designate a Central Waterfront Oversight Committee with the composition and responsibilities as provided therein, including:

3.7 Park Rules. The operations of Waterfront Park and Public Spaces shall at all times be undertaken in accordance with the standards set forth in the O&M Ordinance, including posting and enforcement of Park Rules and the Code of Conduct.

3.8. Authorizing Ordinance. Upon the adoption of the Waterfront LID Agreement Authorizing Ordinance, the City will promptly execute this Agreement.

4. AGREEMENTS OF THE OWNER

4.1 Acknowledgment of Special Benefit and Waiver. In consideration of the commitments of the Parties to this Agreement, each Owner executing this Agreement,

(a) confirms with respect to his/her/its Property that the LID Improvements, upon completion, will provide a special benefit to his/her/its Property, and

(b) in accordance with RCW 35.43.182, waives his/her/its right to object to the formation of the LID, including but not limited to those rights specifically granted under RCW 35.43.100 and 35.43.180, in accordance with the provisions of RCW 35.43.182.

The foregoing shall be irrevocable upon the execution of this Agreement by the Owner, subject to the express provisions or limitations set forth herein and on the Owner's signature page. Each Owner acknowledges that the City will approve this Agreement and the LID Formation Ordinance in reliance upon the Owner's commitment and execution of this Agreement.

4.2 Reservation of Rights. The foregoing waiver shall not apply to any rights that an Owner has to object to a final assessment on its/his/her Property (including the determination of the special benefits allocable to the property, to appeal to the superior court the decision of the City affirming the final assessment roll), provided however that any such objection shall not be based on the City's creation or implementation of the LID itself. The Owner acknowledges that the final assessment on his/her/its Property may be higher or lower than the preliminary assessment roll prepared on behalf of the City in connection with the formation of the LID, so long as the sum of all LID assessments on the final assessment roll may not exceed the Maximum LID Assessment.

5. AGREEMENT OF THE CONSERVANCY. For all purposes under this Agreement, including but not limited to the right to receive notices, the right to enforce the obligations of the other Party, and the right to grant waivers and amend this Agreement, the Conservancy shall be the exclusive representative and agent of the Owners. No individual owner who is party to this Agreement may bring any individual action or claim to enforce such obligation, grant such waiver or amend this Agreement. The City shall be entitled to communicate solely with the Conservancy and rely upon the agreements with the Conservancy as agent for the Owners. The City recognizes the Conservancy as the agent of the Owners under this Agreement for all purposes, with full power and authority to act on the collective behalf of all Owners for all purposes relating to this Agreement. In particular, the City agrees that the Conservancy shall have the power to enforce this Agreement. Each Owner agrees that the Conservancy is the Party designated to enforce the terms of this Agreement on behalf of the Owners. The Conservancy has delivered a copy of its "Articles of Incorporation" and "Bylaws" dated _____, to the City. The Conservancy agrees and confirms that during the term of this Agreement, it will not dissolve or merge into another organization nor will it amend the provisions of its Bylaws at Sections _____ describing its [governance structure and voting rights] without the prior written consent of the City.

6. TERM. The commitments of the City shall remain in effect for 20 years following the date of final confirmation of the assessment roll for the LID, other than as provided in the O&M Ordinance with regard to the Oversight Committee.

7. GENERAL PROVISIONS.

7.1 Governing Law. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Washington.

7.2 Interpretation and Severability. If any provisions of this Agreement are determined to be unenforceable or invalid by a court of law, then all remaining provisions of the Agreement shall remain in force and effect. If a court finds unenforceability or invalidity of any portion of this Agreement, the Parties shall diligently and in good faith seek to modify the Agreement consistent with any court decision.

7.3 Time of Essence. Time is of the essence of this Agreement in every provision hereof.

7.4 Integration. This Agreement represents the entire agreement of the Parties with respect to the subject matter hereof. There are no other agreements, oral or written, except as expressly set forth herein. This Agreement may not be amended except by an instrument in writing executed by the City and Conservancy.

7.5 Default and Remedies. Except as set forth below, no Party shall be in default under this Agreement unless it has failed to perform under this Agreement for a period of ninety (90) days after receipt of written notice of default from the other Party. Each notice of default shall specify the nature of the alleged default and the manner in which the default may be cured satisfactorily. If the nature of the alleged default is such that it cannot be reasonably cured within the ninety (90) day period, then commencement of the cure within such time period and the diligent prosecution to completion of the cure shall be deemed a cure. The Conservancy has the sole right to enforce performance by the City of its obligations under this Agreement or the O&M Ordinance in an action seeking specific performance by the City.

SUMMARY and FISCAL NOTE*

Department:	Dept. Contact/Phone:	Executive Contact/Phone:
Office of the Waterfront and Civic Projects	Joshua Curtis/5-0178	Michael McVicker/4-5339

** Note that the Summary and Fiscal Note describes the version of the bill or resolution as introduced; final legislation including amendments may not be fully described.*

1. BILL SUMMARY

a. Legislation Title: AN ORDINANCE relating to a protest waiver agreement between and among the City, the Waterfront Park Conservancy, and certain property owners affected by the proposed Waterfront Local Improvement District; approving the agreement and authorizing the Director of the Office of the Waterfront and Civic Projects and the Superintendent of the Department of Parks and Recreation to execute the agreement and implement its terms.

b. Summary and background of the Legislation:
RCW 35.43.180 allows property owners within a proposed Local Improvement District and the jurisdiction proposing the LID to enter into an agreement in which property owners waive their ability to protest the LID. The Office of the Waterfront and Civic Projects (OWCP) has worked with property owners in the proposed Waterfront LID to develop such an agreement. Should the agreement be executed, property owners will waive both their ability to protest the formation of the LID and to participate in any legal challenge to the formation. In return, the City has agreed to reduce the proposed LID from \$200 million to \$160 million and waive its right to pursue a supplemental assessment in future years. In addition, the City would commit to implement the terms of the Central Waterfront Funding, Operations and Maintenance Ordinance being considered simultaneously by the City Council.

Prior to Council’s action on this Ordinance, property owners have committed to provide signatures representing 51% of the proposed LID assessment in support of the proposed agreement. The agreement designates a new non-profit, the Waterfront Park Conservancy, as the exclusive agent for property owners in enforcing the agreement with the City; individual property owners would not be able to bring individual action or claims against the City regarding the LID formation. The term of the agreement would be 20 years.

2. CAPITAL IMPROVEMENT PROGRAM

a. Does this legislation create, fund, or amend a CIP Project? ___ Yes X No

3. SUMMARY OF FINANCIAL IMPLICATIONS

a. Does this legislation amend the Adopted Budget? ___ Yes X No

- b. Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?**
This legislation has the specific impact of reducing the City's total potential LID assessment to \$160M and waiving the City's ability to pursue supplementary assessments after the completion of the LID funded improvements. Should the City experience project cost overruns or other financial impacts, it would be unable to recoup those costs through the current LID.
- c. Is there financial cost or other impacts of *not* implementing the legislation?**
The protest waiver agreement ensures the City is able to withstand a 60% protest by property owners. Should the City not authorize the execution of this agreement, there is a high likelihood that property owners would reach the 60% protest threshold, thereby divesting the City of the ability to form the LID.

4. OTHER IMPLICATIONS

- a. Does this legislation affect any departments besides the originating department?**
This legislation affects Seattle Parks and Recreation, as well as SDOT.
- b. Is a public hearing required for this legislation?**
No.
- c. Does this legislation require landlords or sellers of real property to provide information regarding the property to a buyer or tenant?**
No.
- d. Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**
No.
- e. Does this legislation affect a piece of property?**
No, the legislation does identify future actions that may affect a piece of property.
- f. Please describe any perceived implication for the principles of the Race and Social Justice Initiative. Does this legislation impact vulnerable or historically disadvantaged communities?**
This legislation supports the creation of improved public spaces along Seattle's Waterfront, consistent with previous legislation, and encourages use of these spaces by people of all ages, incomes, and abilities, and supports free expression. It also helps to ensure that any employment associated with operating and maintaining waterfront parks and public spaces will provide living-wage jobs to local citizens regardless of their age, ethnicity, gender, or sexual orientation.
- g. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s).**

This legislation authorizes an agreement to fund improvements to transform Seattle's central waterfront. The Waterfront Improvement Program spans the waterfront from Pioneer Square to Belltown. It includes improved connections between center city neighborhoods and Elliott Bay, critical utility infrastructure, and new Alaskan Way and Elliott Way surface streets to serve all modes of travel and twenty acres of new and improved public space.
