1. BILL SUMMARY

Legislation Title:

AN ORDINANCE relating to the City Light Department; accepting various easements for overhead and underground electrical rights in King County, Washington; placing said easements under the jurisdiction of the City Light Department; and ratifying and confirming certain prior acts.

Summary and background of the Legislation:

This ordinance accepts 451 easements for overhead and underground electrical rights in King County, Washington. These easements are contained in short plats, lot boundary adjustments, and unit lot subdivisions approved by the Seattle Department of Construction and Inspections (SDCI).

SDCI requires that applications for short plats, lot boundary adjustments, and unit lot subdivisions be reviewed by other City departments. Each lot created in such property divisions needs to have adequate access for all utilities, including electrical service. The access for such utilities is provided by the means of utility easements in the final approved short plats, lot boundary adjustments, and unit lot subdivisions recorded with King County.

City Light periodically requests that the City Council accept by ordinance all the electrical service easements acquired through land use permitting actions.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? Yes No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation amend the Adopted Budget? Yes No

Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?
No.

Is there financial cost or other impacts of *not* implementing the legislation?

City Light cannot provide electrical service for these customers without the easements being in place. The financial cost of not implementing this legislation would be the forgone revenue from these customer accounts.
