Section 3. The Mayor and the City Council recognize ~~that the need for ongoing~~ coordination with the Washington State Department of Transportation (WSDOT) and that long-term investments in the Greenbelt and surrounding areas should continue to be made. To this end, The City of Seattle will continue to work with ~~the Washington State Department of Transportation WSDOT throughout 2016~~ to identify short- and long-term maintenance, activation, and infrastructure opportunities that promote public safety. Council requests that the Executive report to Council on progress toward a memorandum of understanding, or other agreement, among The City of Seattle, WSDOT, and any other relevant parties regarding the ongoing maintenance of the Greenbelt before the end of Phase IV of the I-5 East Duwamish Greenbelt Operational Plan (see Attachment B to this resolution). This agreement should provide clear expectations of the role of each of the parties to the agreement and consideration to not only the area within the Greenbelt but the surrounding neighborhoods.
