<b>Background:</b> Seattle Public Utilities 2018-23 Strategic Business Plan Customer Review Panel Retired municipal public works and utilities director and a licensed civil engineer with a Master's in Public Administration. His 40 year career has been focused on municipal stormwater, wastewater, water supply and transportation programs, systems and projects in the Puget Sound region. His early career involved practicing as a project engineer for several local consulting civil engineering firms. In 2012, he was appointed to the SPU's Creeks, Drainage and Wastewater Advisory Committee and served as a co-chair. In 2013 and 2014, he served as the Chair of the Customer Review Panel, supporting the creation of SPU's 2015-2020 strategic business plan.		
<b>Authorizing Signature (original signature):</b> 		<b>Appointing Signatory:</b> Lisa Herbold Council Member

\*Term begin and end date is fixed and tied to the position and not appointment date or appointee.

NOEL F. MILLER, P.E.

**Mission:** To use my leadership, management and engineering skills to promote and deliver efficient and sustainable public works projects and programs.

**Education:** U. of Idaho, B.S of Civil Engineering, 1976  
City University, Masters of Public Administration, 1989  
APWA Short Courses and Conferences, 1991 to date

**Professional Registration:** State of Washington, Civil Engineer, 1981

**Summary of Experience:**

**RoseWater Advisors LLC**

Co-owner of a management consulting business for private and public civil engineering organizations 2012 to present

**City of Edmonds, WA, Department of Public Works**

Positions: Director of Public Works 1997-2010  
Superintendent of Public Works 1991-1997  
Assistant City Engineer/Construction Engineer 1988-1991

**Responsibilities and duties:**

As the Public Works Director of a municipality of 40,000, administered an annual budget of \$12 million encompassing 6 service divisions and a total staff of 75 members.

Directed the planning, design, funding and implementation of the City's capital improvement project and operations/maintenance programs for the City's transportation, storm water, water supply, wastewater collection and treatment, public building and fleet divisions

Administrative and leadership functions as Public Works Director included organizational development; team building, leadership, hiring, and communications training; risk management and emergency preparedness; disaster response and recovery; procurement of Federal and State grants and loans; labor negotiations; claims resolution; environmental education and recycling programs and, financial rate development and implementation for water, sewer and storm water utilities.

As the Assistant City Engineer/Construction Engineer and later as the Public Works Superintendent, managed the design, construction administration and inspection of numerous capital improvement projects including a 3.5-acre, 29,000 s.f. public works operations and maintenance center; storm water, sanitary and water main pipelines; pump stations; roadways; street lighting; waterfront jetty and seawalls; and, miscellaneous City building preservation and improvement projects.

NOEL F. MILLER, P.E

**HDR, Inc. – Seattle, WA**

Position: Project Engineer, 1986 – 1988

Responsibilities:

Designed and provided construction administration for various utility pipeline projects for local agencies. Prepared SOQ and RFP proposal submittals. Provided engineering design support for the City of Edmonds Secondary Wastewater Treatment Plant. Provided construction administration oversight for the Lakehaven Redondo Beach WWTP odor control improvements projects.

**Alpha Engineers, Inc. – Tukwila, WA**

Position: Project Engineer, 1982 – 1986

Responsibilities:

Planned and designed a variety of civil engineering projects including local and state agency roadway improvements, drainage planning studies, a County solid waste plan, shoreline protection, and water/sewer utility projects. Supervised staff engineers and technicians.

**URS Corporation – Seattle, WA**

Positions: Assistant Project Engineer, 1981 – 1982

Civil Engineer, 1977 – 1981

Responsibilities:

Led the design team as the resident engineer of a wastewater low pressure pumping system and lift stations for the Kodiak Island Borough, AK. Supervised project staff technicians and surveyors. Provided the design and construction administration of water supply, storage and distributions projects for several special purpose water districts in the State of Washington.

Updated comprehensive public water supply and distribution plans, formed a local utility water district for the Jefferson County, WA PUD, and performed utility developer design reviews for a large King County water district. Performed design and field engineering and construction inspection as part of a \$40 million EPA funded project to provide a new sanitary sewer collection and pumping system for the City of Aberdeen, WA over a period of 2 years.

**Professional Affiliations:**

American Public Works Association (APWA)

American Society of Civil Engineers (ASCE)

National Society of Professional Engineers (NSPE)

**Publications:** “County Provides a Rural Water Supply System” Public Works Magazine, July 1982.

**Awards:** City of Edmonds Distinguished Service, 1990
