

Racial Equity Toolkit

to Assess Policies, Initiatives, Programs, and Budget Issues

RACE & SOCIAL JUSTICE
INITIATIVE

The vision of the Seattle Race and Social Justice Initiative is to eliminate racial inequity in the community. To do this requires ending [individual racism](#), [institutional racism](#) and [structural racism](#). The Racial Equity Toolkit lays out a process and a set of questions to guide the development, implementation and evaluation of policies, initiatives, programs, and budget issues to address the impacts on racial equity.

When Do I Use This Toolkit?

Early. Apply the toolkit early for alignment with departmental racial equity goals and desired outcomes.

How Do I Use This Toolkit?

With Inclusion. The analysis should be completed by people with different racial perspectives.

Step by step. The Racial Equity Analysis is made up of six steps from beginning to completion:

Racial Equity Toolkit Assessment Worksheet

Title of policy, initiative, program, budget issue: Sweetened Beverage Tax

Description: A tax applied to beverages with sugar or artificial sweeteners

Department: Mayor's Office & CM Burgess Contact: Seferiana Day and David Mendoza

Policy Initiative Program Budget Issue

Step 1. Set Outcomes.

1a. What does your department define as the most important racially equitable **community outcomes** related to the issue? *(Response should be completed by department leadership in consultation with RSJI Executive Sponsor, Change Team Leads and Change Team. Resources on p.4)*

1b. Which racial equity **opportunity area(s)** will the issue primarily impact?

- | | |
|--|---|
| <input checked="" type="checkbox"/> Education | <input type="checkbox"/> Criminal Justice |
| <input type="checkbox"/> Community Development | <input type="checkbox"/> Jobs |
| <input checked="" type="checkbox"/> Health | <input type="checkbox"/> Housing |
| <input type="checkbox"/> Environment | |

1c. Are there impacts on:

- | | |
|---|--|
| <input type="checkbox"/> Contracting Equity | <input checked="" type="checkbox"/> Immigrant and Refugee Access to Services |
| <input type="checkbox"/> Workforce Equity | <input type="checkbox"/> Inclusive Outreach and Public Engagement |

Please describe: The revenues from the tax will be invested in expanding services in Birth to 5 programs, K-12 Education and food access strategies. The tax will likely reduce consumption of sugary beverages which are consumed in greater proportion by communities of color

Step 2. Involve stakeholders. Analyze data.

2a. Are there impacts on geographic areas? Yes No
Check all neighborhoods that apply *(see map on p.5)*:

- | | | |
|---|---|--|
| <input checked="" type="checkbox"/> All Seattle neighborhoods | <input type="checkbox"/> Lake Union | <input type="checkbox"/> East District |
| <input type="checkbox"/> Ballard | <input type="checkbox"/> Southwest | <input type="checkbox"/> King County (outside Seattle) |
| <input type="checkbox"/> North | <input type="checkbox"/> Southeast | <input type="checkbox"/> Outside King County |
| <input type="checkbox"/> NE | <input type="checkbox"/> Delridge | Please describe: |
| <input type="checkbox"/> Central | <input type="checkbox"/> Greater Duwamish | |

2b. What are the racial demographics of those living in the area or impacted by the issue?
(See Stakeholder and Data Resources p. 5 and 6)

According to the 2013 American Community Survey :
White – 70.4%
Black or African American – 7.1%
American Indian and Alaska Native - .5%
Asian – 13.4%
Native Hawaiian and Pacific Islander - .4%
Hispanic or Latino – 6.4%

2c. How have you involved community members and **stakeholders**? *(See p.5 for questions to ask community/staff at this point in the process to ensure their concerns and expertise are part of analysis.)*

We held numerous meetings and focus groups with ethnic business owners, grassroots community organizations, and public health and education stakeholders. We also conducted a survey of the Seattle Youth Commission to gain feedback on how the tax may affect young people of color. Please see attached

2d. What does data and your conversations with stakeholders tell you about existing racial inequities that influence people's lives and should be taken into consideration? (See Data Resources on p.6. *King County Opportunity Maps* are good resource for information based on geography, race, and income.)

Please see attached document.

2e. What are the root causes or factors creating these racial inequities?

Examples: Bias in process; Lack of access or barriers; Lack of racially inclusive engagement

Please see attached document.

Step 3. Determine Benefit and/or Burden.

Given what you have learned from data and from stakeholder involvement...

3. How will the policy, initiative, program, or budget issue increase or decrease racial equity? What are potential unintended consequences? What benefits may result? Are the impacts aligned with your department's community outcomes that were defined in Step 1.?

Please see attached document.

Step 4. Advance Opportunity or Minimize Harm.

4. How will you address the impacts (including unintended consequences) on racial equity? What strategies address immediate impacts? What strategies address root causes of inequity listed in Q.6? How will you partner with stakeholders for long-term positive change? If impacts are not aligned with desired community outcomes, how will you re-align your work?

Program Strategies? Please see attached document.

Policy Strategies? Please see attached document.

Partnership Strategies? Please see attached document.

Step 5. Evaluate. Raise Racial Awareness. Be Accountable.

5a. How will you evaluate and be accountable? How will you evaluate and report impacts on racial equity over time? What is your goal and timeline for eliminating racial inequity? How will you retain stakeholder participation and ensure internal and public accountability? How will you raise awareness about racial inequity related to this issue?

Please see attached document

5b. What is unresolved? What resources/partnerships do you still need to make changes?

The Mayor's office and Councilmember Burgess' staff are working with stakeholders to more precisely identify programs for Birth to 5 and Food Access strategies and to find members of the Levy Oversight Committee.

Step 6. Report Back.

Share analysis and report responses from Q.5a. and Q.5b. with Department Leadership and Change Team Leads and members involved in Step 1.

Creating Effective Community Outcomes

Outcome = the result that you seek to achieve through your actions.

Racially equitable community outcomes = the specific result you are seeking to achieve that advances racial equity in the community.

When creating outcomes think about:

- What are the greatest opportunities for creating change in the next year?
- What strengths does the department have that it can build on?
- What challenges, if met, will help move the department closer to racial equity goals?

Keep in mind that the City is committed to creating racial equity in seven key opportunity areas: **Education, Community Development, Health, Criminal Justice, Jobs, Housing, and the Environment.**

Examples of community outcomes that increase racial equity:

OUTCOME	OPPORTUNITY AREA
Increase transit and pedestrian mobility options in communities of color.	Community Development
Decrease racial disparity in the unemployment rate.	Jobs
Ensure greater access to technology by communities of color.	Community Development, Education, Jobs
Improve access to community center programs for immigrants, refugees and communities of color.	Health, Community Development
Communities of color are represented in the City's outreach activities.	Education, Community Development, Health, Jobs, Housing, Criminal Justice, Environment
The racial diversity of the Seattle community is reflected in the City's workforce across positions.	Jobs
Access to City contracts for Minority Business Enterprises is increased.	Jobs
Decrease racial disparity in high school graduation rates	Education

Identifying Stakeholders + Listening to Communities of Color

Identify Stakeholders

Find out who are the **stakeholders** most affected by, concerned with, or have experience relating to the policy, program or initiative? Identify racial demographics of neighborhood or those impacted by issue. (See *District Profiles in the [Inclusive Outreach and Public Engagement Guide](#) or refer to U.S. Census information on p.7)*

Once you have identified your stakeholders

Involve them in the issue.

Describe how historically underrepresented community stakeholders can take a leadership role in this policy, program, initiative or budget issue.

Listen to the community. Ask:

1. What do we need to know about this issue? How will the policy, program, initiative or budget issue burden or benefit the community? (*concerns, facts, potential impacts*)
2. What factors produce or perpetuate racial inequity related to this issue?
3. What are ways to minimize any negative impacts (harm to communities of color, increased racial disparities, etc) that may result? What opportunities exist for increasing racial equity?

Tip: Gather Community Input Through...

- Community meetings
- Focus groups
- Consulting with City commissions and advisory boards
- Consulting with Change Team

Examples of what this step looks like in practice:

- A reduction of hours at a community center includes conversations with those who use the community center as well as staff who work there.
- Before implementing a new penalty fee, people from the demographic most represented in those fined are surveyed to learn the best ways to minimize negative impacts.

For resources on how to engage stakeholders in your work see the **Inclusive Outreach and Public Engagement Guide**: <http://inweb1/neighborhoods/outreachguide/>

Data Resources

City of Seattle Seattle's Population and Demographics at a Glance:

http://www.seattle.gov/dpd/Research/Population_Demographics/Overview/default.asp

Website updated by the City Demographer. **Includes: Housing** Quarterly Permit Report • **Employment data** • 2010 Census data • **2006-2010 American Community Survey** • 2010 Census: Demographic highlights from the 2010 Census; Basic Population and Housing Characteristics Change from 1990, 2000, and 2010 – PDF report of counts of population by race, ethnicity and over/under 18 years of age as well as a total, occupied and vacant housing unit count; Three-page subject report – PDF report of detailed population, household and housing data • American Community Survey: **2010 5-year estimates and 2009 5-year estimates** • Census 2000 • Permit Information: Comprehensive Plan Housing Target Growth Report for Urban Centers and Villages; Citywide Residential Permit Report • Employment Information: Comprehensive Plan Employment Target Growth Report for Urban Centers and Villages; Citywide Employment 1995-2010 • The Greater Seattle Datasheet: a report by the Office of Intergovernmental Relations on many aspects of Seattle and its region.

Glossary

Accountable- Responsive to the needs and concerns of those most impacted by the issues you are working on, particularly to communities of color and those historically underrepresented in the civic process.

Community outcomes- The specific result you are seeking to achieve that advances racial equity.

Contracting Equity- Efforts to achieve equitable racial outcomes in the way the City spends resources, including goods and services, consultants and contracting.

Immigrant and Refugee Access to Services- Government services and resources are easily available and understandable to all Seattle residents, including non-native English speakers. Full and active participation of immigrant and refugee communities exists in Seattle's civic, economic and cultural life.

Inclusive Outreach and Public Engagement- Processes inclusive of people of diverse races, cultures, gender identities, sexual orientations and socio-economic status. Access to information, resources and civic processes so community members can effectively engage in the design and delivery of public services.

Individual racism- Pre-judgment, bias, stereotypes about an individual or group based on race. The impacts of racism on individuals including white people internalizing privilege and people of color internalizing oppression.

Institutional racism- Organizational programs, policies or procedures that work to the benefit of white people and to the detriment of people of color, usually unintentionally or inadvertently.

Opportunity areas- One of seven issue areas the City of Seattle is working on in partnership with the community to eliminate racial disparities and create racial equity. They include: Education, Health, Community Development, Criminal Justice, Jobs, Housing and the Environment.

Racial equity- When social, economic and political opportunities are not predicted based upon a person's race.

Racial inequity-When a person's race can predict their social, economic and political opportunities and outcomes.

Stakeholders- Those impacted by proposed policy, program or budget issue who have potential concerns or issue expertise. Examples might include: specific racial/ethnic groups, other institutions like Seattle Housing Authority, schools, community-based organizations, Change Teams, City employees, unions, etc.

Structural racism - The interplay of policies, practices and programs of multiple institutions which leads to adverse outcomes and conditions for communities of color compared to white communities that occurs within the context of racialized historical and cultural conditions.

Workforce Equity- Ensure the City's workforce diversity reflects the diversity of Seattle
