# 2021-2022 Comprehensive Plan Docket

---

ERIC MCCONAGHY AND LISH WHITSON, ANALYSTS  
LAND USE AND NEIGHBORHOODS COMMITTEE  
JULY 14, 2021

# Annual Docket Process – Resolution 31807

---

## Four steps:

- Spring, 2021: the Council calls for amendment proposals
- Summer, 2021: the Council reviews amendment applications with recommendations from Seattle Planning Commission (SPC) and Office of Planning and Community Development (OPCD) and establishes by resolution a docket for consideration
- Fall, 2021: OPCD reviews the amendments, conducts environmental analysis, and recommends amendments to the Council
- Winter, 2022: the Council receives recommendations from OPCD and SPC, considers the merits of proposed amendments, and acts on a bill amending the Comprehensive Plan

# Docketing Criteria – Resolution 31807 [1/3]

---

**A. The amendment is legal under state and local law.**

**B. The amendment is appropriate for the Comprehensive Plan because:**

1. It is consistent with the role of the Comprehensive Plan under the State Growth Management Act;
2. It is consistent with the Countywide Planning Policies and with the multi-county policies contained in the Puget Sound Regional Council's regional growth strategy;
3. Its intent cannot be accomplished by a change in regulations alone;
4. It is not better addressed as a budgetary or programmatic decision; and
5. It is not better addressed through another process, such as activities identified in departmental work programs under way or expected soon, within which the suggested amendment can be considered alongside other related issues.

# Docketing Criteria – Resolution 31807 [2 of 3]

---

**C. It is practical to consider the amendment because:**

1. The timing of the amendment is appropriate, and Council will have sufficient information to make an informed decision;
2. City staff will be able to develop within the time available the text for the Comprehensive Plan and, if necessary, amendments to the Seattle Municipal Code, and to conduct sufficient analysis and public review; and
3. The amendment is consistent with the overall vision of the Comprehensive Plan and well-established Comprehensive Plan policy, or the Mayor or Council wishes to consider changing the vision or established policy.

**D. If the amendment has previously been proposed, relevant circumstances have changed significantly so that there is sufficient cause for reconsidering the proposal.**

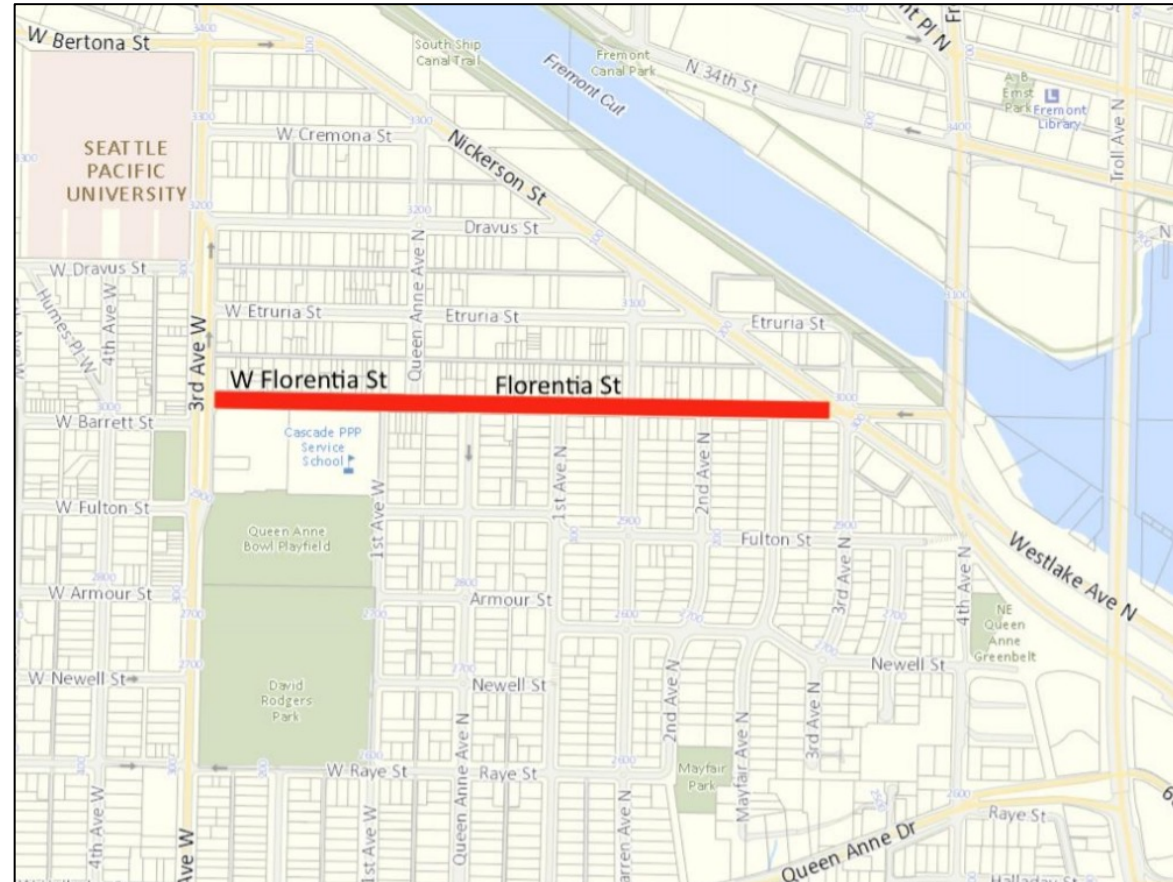

# Docketing Criteria – Resolution 31807 [3 of 3]

---

- D. If the amendment would change a neighborhood plan, there is evidence that proponents of the amendment, or other persons, have effectively communicated the substance and purpose of the amendment with those who could be affected by the amendment and there is documentation provided of community support for the amendment.**
- E. The amendment is likely to make a material difference in a future City regulatory or funding decision.**
- F. A proposal that would change the boundary of an urban center, urban village, or manufacturing/industrial center requires an amendment to the Future Land Use Map (FLUM), regardless of the area’s size. However, an amendment that proposes to change the FLUM is not necessary and will not be considered when it would affect an area that is less than a full block in size and is located adjacent to other land designated on the FLUM for a use that is the same as - or is compatible with - the proposed designation.**
