P.O. Box 94709
Seattle, WA 98124

Dear CTAB Board Members:

I write today to express interest in serving as a full board member of the Community Technology Advisory Board. I have been involved with CTAB for more than 2 years, first as a member of the eGov Committee, then as a participant in the full board meetings, and now as the Smart Cities & Community Innovation Committee Chair. I would be thrilled to join CTAB, as I believe I can add a unique perspective to the board, and I believe the Smart Cities Committee would benefit from having representation on the board.

I come to CTAB as an attorney with a background in meteorology and a keen interest in urban wellbeing. I am particularly interested in smart cities projects, as many are focused on environmental and public health issues, and such projects often implicate legal and privacy concerns. My background gives me some technical familiarity with the environmental subject matter, and my legal work has focused on privacy and the rulemaking process and scope of authority of different lawmaking bodies.

I am dedicated to supporting CTAB's role as a community ombudsman and have proven myself capable of leading high-impact projects with multiple stakeholders. I would greatly value the opportunity to use these skills to serve as a full board member, and am grateful for the opportunity to be considered.

Warm regards,

Charlotte E. Lunday

CHARLOTTE E. LUNDAY

Attorney focusing on emerging technology and state and local governments.
