Budget Action Description:

This Council Budget Action recommends passage of Council Bill (CB) 120445, known as the “long” property tax ordinance. The long property tax ordinance is one of the two ordinances required to levy property taxes for collection in 2023. This bill fixes the rates and/or amounts of property taxes to be levied, and levies the taxes.

This bill increases the regular non-voted levy by one percent for taxes to be collected in 2023, adds the allowance for new construction and other allowable amounts, and specifies the dollar amounts to be collected for the special purposes of voter-approved property tax measures. This bill also levies the excess levy property taxes to pay debt service on voter-approved bond measures.

RCW 84.55 limits the increase in regular property tax that the City can collect, based on the previous year’s regular property tax multiplied by a “limit factor.” The City is generally required to use the lesser of 101 percent, or 100 percent plus the “implicit price deflator” (IPD) (the measure of inflation that applies to property tax calculations), as the limit factor. If the IPD is less than one percent, and the Council finds, by supermajority vote, a substantial need to use 101 percent as the limit factor, then the City can use 101 percent as the limit factor.

The IPD for 2023 is 5.08 percent, exceeding one percent. Because the IPD is greater than one percent, 101 percent is used as the tax limit factor.

The total anticipated property tax revenue collected in 2023 under this bill would be approximately \$602.7 million.
