## Budget Action Description:

This Council Budget Action would add \$455,000 JumpStart Fund in 2023 (one-time) to the Office of Sustainability and Environment (OSE) for an organization leading the development of a community-led climate resilience hub in South Beacon Hill, such as the project located on the campus of Bethany United Church of Christ. This amount is anticipated to help cover the costs for decarbonizing and weatherizing existing buildings and installation of a solar photovoltaic array and a battery backup system. Total cost of the project is estimated to be \$735,000, of which \$280,000 would be covered by private donations.

This proposal aligns with the Green New Deal Oversight Board's recommended use of JumpStart Green New Deal funds for climate resilience hubs at existing community and cultural anchors.
