Amendment #1 Version 1 to CB 120580 – App-Based Worker Deactivation Rights

Sponsor: Councilmembers Herbold and Lewis

Allow for temporary suspensions if unrelated to the worker's actions

Effect: This amendment would revise the definition of “deactivation” to allow for temporary suspensions due to reasons unrelated to the app-based worker's actions (e.g., platform is unavailable due to technological or maintenance issues, or inclement weather endangering the safety of app-based workers in performing services in Seattle).

For these instances, the network company would not be required to follow the deactivation requirements in CB 120580 (e.g., advance notice of deactivation, provision of records substantiating deactivation, facilitation of internal challenge procedure).

Amend Section 2 of CB 120580 as follows:

8.40.020 Definitions

For purposes of this Chapter 8.40:

* * *

“Deactivation” means the blocking of an app-based worker's access to the worker platform, changing an app-based worker's status from eligible to accept offers to perform services to ineligible, or other material restriction in access to the worker platform that is effected by a network company. Deactivation” does not include temporary suspensions lasting less than 48 hours when the worker platform is unavailable to an app-based worker due to reasons unrelated to the action or behavior of the app-based worker and that are clearly communicated to the app-based worker at the time of the temporary suspension. Such reasons include but are not limited to: technology, software, or network outages; account access or security issues; routine maintenance; and inclement weather endangering the safety of app-based workers in performing services in Seattle.

Amendment #2a Version 1 to CB 120580 – App-Based Worker Deactivation Rights

Sponsor: Councilmembers Herbold and Lewis

Broaden definition of “egregious misconduct”

Effect: This amendment would broaden the definition of “egregious misconduct” to include:

1. Threats to the physical safety of network companies and animals, in addition to customers and third parties; and
2. Conduct that threatens or harasses customers or third parties

The amendment would include a wider range of behaviors and actions in the definition of “egregious misconduct.” For actions that constitute “egregious misconduct,” network companies may deactivate an app-based worker before completing an investigation and may provide notice of the deactivation on the effective date of such action (rather than 14 days prior to the date of such action). The network company would then have ten days to complete the investigation except in case of extraordinary circumstances.

Amend Section 2 of CB 120580 as follows;:

8.40.020 Definitions

For purposes of this Chapter 8.40:

* * *

“Egregious misconduct” means an action or behavior by an individual app-based worker that: (1) endangers the physical safety of the customer, ~~((or))~~ a third person, network company, or animal((,or)); (2) intentionally causes economic harm to the customer, a third person, or the network company; or (3) threatens or harasses the customer or a third person. “Egregious misconduct” includes conduct that occurs outside of an app-based worker’s provision of app-based services if the network company can prove by clear and convincing evidence that the conduct directly relates to the app-based worker’s fitness to provide app-based services. “Egregious misconduct” includes but is not limited to the following conduct in connection with

an app-based worker's provision of app-based services: assault, sexual assault, sexual harassment, communicating with a minor for immoral purposes, sexual conduct as defined in RCW 7.105.010 as amended, unlawful harassment as defined in RCW 7.105.010 as amended, unlawful imprisonment as defined in RCW 9A.40.040 as amended, solicitation of any sexual act, theft, fraud, robbery, burglary, prostitution, issuing racial slurs or verbal threats, reckless driving, or driving under the influence of alcohol or drugs(~~(; and)~~), animal cruelty, or failing to maintain a valid state driver's license. The Director may issue rules further defining what constitutes economic harm or egregious misconduct.

Amendment 2b Version 1 to CB 120580 App-Based Worker Deactivation Rights Ordinance

Sponsor: Councilmember Nelson

Broaden definition of “egregious misconduct.”

Effect: This amendment would broaden the definition of “egregious misconduct” as follows:

1. Add to the definition:
 - a. Actions or behaviors that endanger the emotional well-being of the customer, any other person, or an animal;
 - b. Other specific criminal offenses (e.g., kidnapping, money laundering),
 - c. Actions related to cybercrimes;
 - d. Posting or transmission of certain content, such as threatening, harassing, or abusive materials;
 - e. Animal cruelty; and
 - f. Violations against a network company policy intended to protect the safety of a person or animal;
2. Require network company to “demonstrate by a preponderance of evidence” that the conduct directly relates to the app-based worker’s fitness to provide services or use the platform, rather than prove the nexus by “clear and convincing evidence.”

The amendment would include a wider range of behaviors and actions in the definition of “egregious misconduct,” notably adding actions against animals as well as persons, and would lower the evidentiary standard for showing that these actions directly relate to the app-based worker’s fitness to provide services or use the platform.

For actions that constitute “egregious misconduct,” network companies may deactivate an app-based worker before completing an investigation and may provide notice of the deactivation on the effective date of such action (rather than 14 days prior to the date of such action). The network company would then have ten days to complete the investigation except in case of extraordinary circumstances.

Amend Section 2 of CB 120580 as follows:

8.40.020 Definitions

For purposes of this Chapter 8.40:

* * *

“Egregious misconduct” means an action or behavior by an individual app-based worker that: (1) endangers the physical safety or emotional well-being of the customer or ~~((a third))~~ any other person, or an animal, or (2) ~~((intentionally))~~ causes economic harm to the customer, ~~((a third))~~ any other person, or the network company. “Egregious misconduct” includes conduct that occurs outside of an app-based worker’s provision of app-based services or use of the network company’s worker platform if the network company can demonstrate by a preponderance of evidence ~~((prove by clear and convincing evidence))~~ that the conduct directly relates to the app-based worker’s fitness to provide app-based services or to use the network company’s worker platform. “Egregious misconduct” includes but is not limited to the following conduct in connection with an app-based worker’s provision of app-based services or use of the network company’s worker platform: assault, sexual assault, sexual harassment, communicating with a minor for immoral purposes, sexual conduct as defined in RCW 7.105.010 as amended, unlawful harassment as defined in RCW 7.105.010 as amended, unlawful imprisonment as defined in RCW 9A.40.040 as amended, kidnapping, unlawful possession of a firearm, solicitation of any sexual act, registration as a sex offender, theft, fraud, robbery, burglary, money laundering, prostitution, reckless driving, ~~((or))~~ driving under the influence of alcohol or drugs; ~~((and))~~ failing to maintain a valid state driver’s license, animal cruelty, cybercrimes as defined in RCW Chapter 9A.90, as amended, or posting or transmitting content or materials that are threatening, harassing, abusive, or defamatory, or violate a network company policy intended to protect the safety of a person or an animal. The Director may issue rules further defining what constitutes economic harm or egregious misconduct.

Amendment 2c Version 2 to CB 120580 App-Based Worker Deactivation Rights Ordinance

Sponsor: Councilmember Pedersen

Broaden definition of “egregious misconduct.”

Effect: This amendment would broaden the definition of “egregious misconduct” as follows:

1. Add to the definition:
 - a. Actions or behaviors that endanger the physical safety of the network company or an animal;
 - b. Other specific criminal offenses (e.g., kidnapping, money laundering),
 - c. Actions related to cybercrimes;
 - d. Animal cruelty; and
 - e. Other conduct that would constitute a Class A felony offense under Title 9 or 9A RCW as amended.
2. Require network company to prove that the conduct directly relates to the app-based worker’s fitness to provide services or use of the platform by “preponderance of the evidence, a lower standard than “clear and convincing evidence.”

The amendment would include significantly more types of conduct in the definition of “egregious misconduct” and would lower the evidentiary standard for showing that this conduct directly relates to the app-based worker’s fitness to provide services or use the platform.

For allegations of “egregious misconduct,” network companies may deactivate an app-based worker before completing an investigation and may provide notice of the deactivation on the effective date of such action (rather than 14 days prior to the date of such action). The network company would then have ten days to complete the investigation except in case of extraordinary circumstances.

Amend Section 2 of CB 120580 as follows:

8.40.020 Definitions

For purposes of this Chapter 8.40:

* * *

animal; or (2) intentionally causes economic harm to the customer, a third person, or the network company. “Egregious misconduct” includes but is not limited to conduct that occurs outside of an app-based worker’s provision of app-based services or use of the network company’s worker platform if the network company can prove ~~((by clear and convincing evidence))~~ by a preponderance of the evidence that the conduct directly relates to the app-based worker’s fitness to provide app-based services or to use the network company’s worker platform.

“Egregious misconduct” includes but is not limited to the following conduct in connection with an app-based worker’s provision of app-based services or use of the network company’s worker platform: assault, sexual assault, sexual harassment, communicating with a minor for immoral purposes, sexual conduct as defined in RCW 7.105.010 as amended, unlawful harassment as defined in RCW 7.105.010 as amended, hate crimes, unlawful imprisonment as defined in RCW 9A.40.040 as amended, kidnapping, unlawful possession of a firearm, solicitation of any sexual act, registration as a sex offender, stalking, theft, fraud, robbery, burglary, money laundering, animal cruelty, cybercrimes as defined in chapter 9A.90 RCW as amended, prostitution, reckless driving, ~~((or))~~ driving under the influence of alcohol or drugs, ~~((or))~~ and failing to maintain a valid state driver’s license, and other conduct that would constitute a Class A felony offense under Title 9 or 9A RCW as amended. The Director may issue rules further defining what constitutes economic harm or egregious misconduct.

Amendment #3 Version 1 to CB 120580 – App-Based Worker Deactivation Rights

Sponsor: Councilmembers Herbold and Lewis

Clarify when moving violations can constitute egregious misconduct

Effect: This amendment would clarify that a network company cannot determine that an app-based worker engaged in “egregious misconduct” for non-criminal moving violations unless the app-based worker has accumulated more than three at-fault accidents or non-criminal moving violations in the previous three years.

For actions that constitute “egregious misconduct,” network companies may deactivate an app-based worker before completing an investigation and may provide notice of the deactivation on the effective date of such action (rather than 14 days prior to the date of such action). The network company would then have ten days to complete the investigation except in case of extraordinary circumstances.

Amend Section 2 of CB 120580 as follows:

8.40.020 Definitions

1. Increase threshold for app-worker coverage from ten percent of completed offers in Seattle to 50 percent of completed offers in Seattle; and
2. Exclude offers cancelled with cause from the threshold calculation.

Amend Section 2 of CB 120580 as follows:

8.40.020 Definitions

For purposes of this Chapter 8.40:

* * *

“Marketplace network company” means a network company primarily engaged in facilitating or presenting pre-scheduled offers in which (a) the application or platform enables the prospective customer and app-based worker to exchange information about the scope and details of services to be performed, prior to the customer placing the online order for those services or the app-based worker accepting the offer; (b) the app-based worker sets their own rates; and (c) the network company does not monitor offers by mileage or time. On-demand network companies and companies that primarily provide delivery services are not marketplace network companies.

“Network company” means an organization, whether a corporation, partnership, sole proprietor, or other form, operating in Seattle, that uses an online-enabled application or platform, such as an application dispatch system, to connect customers with app-based workers,

present offers to app-based workers through a worker platform, and/or facilitate the provision of services for compensation by app-based workers.

2. The term “network company” excludes:

a. An entity offering services that enable individuals to schedule appointments with and/or process payments to users, when the entity neither engages in additional intermediation of the relationships between parties to such transactions nor engages in any oversight of service provision;

b. An entity operating digital advertising and/or messaging platforms, when the entity neither engages in intermediation of the payments or relationships between parties to resulting transactions nor engages in any oversight of service provision;

* * *

E. For the purposes of this Chapter 8.40, covered network companies do not include any network company that is primarily engaged in facilitating or presenting offers in which the app-based worker 1) performs unsupervised services for pets, children, or vulnerable adults, as defined by RCW 7.105.010, or 2) performs services that primarily occur inside or around, a customer's home.

When determining whether a network company is "primarily engaged in facilitating or presenting offers in which the app-based worker 1) performs unsupervised services for pets, children, or vulnerable adults, as defined by RCW 7.105.010, or 2) performs services that primarily occur inside or around, a customer's home," the Agency may consider any number of factors, including but not limited to the following examples: number of offers for performing such services relative to the network company's overall offers; information from app-based workers performing offers through the application or platform; marketing or promotional materials from the network company; or other public statements from representatives of the network company.

Y. Marketplace Network Companies that routinely offer pet care or pet services allow unique, unsupervised access to pet caretakers' clients' homes and pets that introduce a higher level of inherent risk than services like deliveries.

Z. Background checks and other safety measures are a norm and expectation in the pet care industry and are necessary for independent pet care proprietors to attract clients.

* * *

Amend Section 2 of CB 120580 as follows:

8.40.040 Network company coverage

* * *

D. For the purposes of this Chapter 8.40, covered network companies do not include any network company that is primarily engaged in facilitating or presenting offers in which the app-based worker performs pet care services.

A. A network company shall adopt the following measures prior to deactivating an app-based worker, except as provided in subsection 8.40.050.C:

1. Fair notice of deactivation policy. A network company must inform the app-based worker in writing of the network company's deactivation policy ~~((, defining what constitutes a violation that may result in deactivation))~~. The network company's written deactivation policy must be specific enough for an app-based worker to understand what constitutes a violation ~~((and how to avoid violating the policy))~~. The deactivation policy must be available to the app-based worker in English and any language that the network company knows or has reason to know is the primary language of the app-based worker. ~~((The deactivation policy must be accessible to the app-based worker at least three years after deactivation. The Director may issue rules governing the form and description of the deactivation policy, the manner of its distribution, and required languages for its translation.))~~

Amendment #6b Version 1 to CB 120580 App-Based Worker Deactivation Rights Ordinance

Sponsor: Councilmember Nelson

2. Reasonable policy. The policy that may lead to a deactivation must be reasonably related to the network company’s safe and efficient operations. Examples of policies that are not reasonably related to the network company’s safe and efficient operations include, but are not limited to:

a. Any rule or policy that would result in a deactivation based on an app-based worker’s availability to work or number of hours worked, consistent with subsection 8.37.080.A.1;

b. Any policy that would result in a deactivation based on an app-based worker’s acceptance or rejection of any individual offer, any types of offers, or any number or proportion of offers, consistent with subsection 8.37.080.A.2;

c. Any policy that would result in a deactivation based on an app-based worker's cancellation of an offer with cause, consistent with subsection 8.37.080.C, provided that this requirement does not apply to marketplace network companies;

d. Any policy that would result in a deactivation based on an app-based worker contacting the network company;

~~((e. Any policy that would result in a deactivation based solely on a quantitative metric derived from aggregate customer ratings of an app-based worker's performance;~~

* * *

Amendment #6c Version 1 to CB 120580 App-Based Worker Deactivation Rights Ordinance

Sponsor: Councilmember Nelson

Revise pre-deactivation requirements - investigation

Effect: This amendment would revise network company pre-deactivation requirements by permitting the network company to complete the investigation on reasonably available sources of information if the app-based worker does not participate or provide relevant information.

Amend Section 2 of CB 120580 as follows:

8.40.050 Deactivation requirements

A. A network company shall adopt the following measures prior to deactivating an app-based worker, except as provided in subsection 8.40.050.C:

The investigation must be sufficiently thorough to justify the deactivation ~~((and demonstrate an unbiased and neutral view of facts collected))~~. If the app-based worker does not participate in the investigation or provide relevant information, the network company may complete the investigation based on available sources of information.

* * *

Amendment #6d Version 1 to CB 120580 App-Based Worker Deactivation Rights Ordinance

Sponsor: Councilmember Nelson

Revise pre-deactivation requirements.

A. A network company shall adopt the following measures prior to deactivating an app-based worker, except as provided in subsection 8.40.050.C:

* * *

4. Confirmation of violation. The network company must demonstrate by a preponderance of the evidence that the alleged violation of the network company's policy or rule occurred.

5. Consistent application. The network company must apply the rule or policy, and penalty for violations, in a consistent manner.

~~((6. Proportionate penalty. The penalty of deactivation must be reasonably related to the offense, and account for mitigating circumstances, such as the app-based worker's past work history with the network company.))~~

8.40.050 Deactivation requirements

C. Subject to the provisions of this Section 8.40.050 and rules issued by the Director, a network company may immediately deactivate an app-based worker if such action is required to comply with any applicable court order or local, state, or federal laws or regulations, or where an app-based worker has engaged in egregious misconduct.

1. In the case of allegations of egregious misconduct, the network company may deactivate the app-based worker before completing an investigation. Except in extraordinary circumstances, the ((The)) investigation shall not take longer than the later of ((ten)) 14 days or seven days after the network company receives all necessary information from the app-based worker, the customer, or third persons ((except in the case of extraordinary circumstances)). If the investigation is delayed due to extraordinary circumstances, the network company must provide the app-based worker with written notice that the investigation is delayed, the reason(s) for the delay, and the date on which the completion of the investigation is anticipated.

Amendment 7a Version 1 to CB 120580 App-Based Worker Deactivation Rights Ordinance

3. ~~((Any and all records relied upon to substantiate))~~ A summary description of the records substantiating deactivation, pursuant to Section 8.40.080, unless the network company reasonably believes that such information could compromise the safety of persons or animals or could interfere with pending law enforcement investigation or court proceeding;
4. The length of the deactivation;
5. A description of the steps an app-based worker can take, if any, to remedy the deactivation;

6. The app-based worker's right to challenge such deactivation under this Chapter 8.40; and

7. The network company's process for challenging a deactivation, pursuant to subsection 8.40.060.B, including the available methods of contact for an app-based worker to initiate a challenge; ~~((and~~

If a network company notifies an app-based worker upon the occurrence of a violation of a company's deactivation policy, provides notice that future violations of the deactivation policy may result in deactivation, and provides a means for the worker to review information regarding past violations of the deactivation policy via smartphone application or online web portal were a subsequent violation of the deactivation policy to occur, the network company may provide the notice of deactivation no later than the effective date of the deactivation.

Amendment 7b Version 1 to CB 120580 App-Based Worker Deactivation Rights Ordinance

Sponsor: Councilmember Pedersen

Revise notice of deactivation.

Effect: This amendment would add subsection 8.40.070.D to revise network company requirements for providing the notice of deactivation.

The proposed addition would allow the network company to provide the notice no later than the effective date of the deactivation if the network company previously provided the app-based worker with a warning based on a past violation, as detailed in the proposed 8.40.070.D below.

Amend Section 2 of CB 120580 as follows:

8.40.070 Notice of deactivation

A. Except as provided under subsection 8.40.070.C or 8.40.070.D, a network company shall provide an app-based worker with notice of deactivation 14 days in advance of the deactivation, as well as upon the effective date of deactivation. The notice of deactivation shall include a written statement of the following:

1. The reasons for deactivation; including the network company's policy that was violated, pursuant to Section 8.40.050, and the specific incident or pattern of incidents that violated the deactivation policy;
2. The effective date of deactivation;
3. Any and all records relied upon to substantiate deactivation, pursuant to Section 8.40.080;
4. The length of the deactivation;

Amendment #8a Version 1 to CB 120580 – App-Based Worker Deactivation Rights

Sponsors: Councilmembers Herbold and Lewis

Revise requirements for records substantiating deactivation when deactivation based on a complaint

Effect: This amendment would allow for summary information to be provided to the worker upon a notice of deactivation, if the reason for deactivation is based solely on complaints from a customer or third party.

Amend Section 2 of CB 120580 as follows:

8.40.080 Access to records substantiating deactivation

A. Pursuant to subsection 8.40.080.D, ((U))upon notice of deactivation, a network company shall provide an app-based worker with the records relied upon by the network company to substantiate deactivation, unless contrary to local, state, or federal law. These records shall include but not be limited to the date, time, and location of all incidents supporting the deactivation decision, a copy of the evidence the network company considered in the deactivation decision, and a certified statement from an individual at the network company with authority to reinstate the app-based worker, attesting that these are true and accurate records to the individual's knowledge.

B. If further records substantiating a deactivation come into the network company's possession after the app-based worker is deactivated, such records shall be provided to the app-based worker as soon as practicable and no later than 14 days from the date of the network company's receipt.

C. If an app-based worker challenges a deactivation pursuant to subsection 8.40.060.B, all records of that challenge and any responses must be provided to the worker within 14 days of each submittal or response.

D. If the records substantiating deactivation involve information related to a customer or a third party and the network company reasonably believes that information could compromise the customer or third party's safety, the network company may take measures to anonymize information related to that customer or third party. If a complaint from a customer or third party is the sole basis for a deactivation, the network company may provide a summary description of the records substantiating the deactivation. The Director may issue rules regarding the measures taken to summarize the records substantiating the deactivation or anonymize information related to a customer or third party.

E. Network companies shall establish an accessible system for app-based workers to access their receipts and/or payment disclosures for each offer performed or cancelled, pursuant to subsection 8.37.070.B and Section 14.34.060. Network companies shall make this system available to the app-based worker via smartphone application or online web portal. This accessible system shall be available to an app-based worker at least three years after deactivation.

F. Network companies shall retain the records required by this Section 8.40.080 for a period of three years.

G. If a network company fails to disclose adequate records to the app-based worker as required under this Section 8.40.080, there shall be a presumption, rebuttable by clear and convincing evidence, that the network company violated this Chapter 8.40 for the relevant periods and for each app-based worker for whom records were not disclosed in a timely manner.

This presumption is substantive and necessary to effectuate the other rights provided in this Chapter 8.40.

B. An app-based worker shall have a right to challenge the worker's deactivation through an internal deactivation challenge procedure established by the network company.

2. The internal deactivation challenge procedure must be available to the app-based worker in writing, in a format that is readily accessible to the app-based worker, and in English and any language that the network company knows or has reason to know is the primary language of the app-based worker. The written policy describing the deactivation challenge procedure shall be available to the app-based worker at least three years after deactivation. The Director may issue rules governing the form and content of the policy describing the deactivation challenge procedure, the manner of its distribution, and required languages for its translation.

3. A network company shall review and respond to an app-based worker's challenge to deactivation within 14 days of receiving a challenge.

work; terminating; deactivating; threatening; penalizing; retaliating; engaging in retaliatory ~~((unfair))~~ immigration-related practices; filing a false report with a government agency; or discriminating against any person for any reason prohibited by Section 8.40.120. “Adverse action” for an app-based worker may involve any aspect of the app-based worker’s work, including compensation, work hours, volume, and frequency of offers made available, desirability and compensation rates of offers made available, responsibilities, or other material change in the terms and conditions of work or in the ability of an app-based worker to perform work. “Adverse action” also includes any action by the network company or a person acting on the network company’s behalf that would dissuade a reasonable person from exercising any right afforded by this Chapter 8.40.

8.40.050 Deactivation requirements

A. A network company shall adopt the following measures prior to deactivating an app-based worker, except as provided in subsection 8.40.050.C:

1. ~~((Fair-n))~~ Notice of deactivation policy. A network company must inform the app-based worker in writing of the network company’s deactivation policy, defining what constitutes a violation that may result in deactivation. The network company’s written deactivation policy must be specific enough for an app-based worker to understand what constitutes a violation and how to avoid violating the policy. The deactivation policy must be available to the app-based worker in English and any language that the network company knows or has reason to know is the primary language of the app-based worker. The deactivation policy must be accessible to the app-based worker at least three years after deactivation. The Director may issue rules governing the form and description of the deactivation policy, the manner of its distribution, and required languages for its translation.

2. ~~((Reasonable-p))~~ Deactivation Policy. The policy that may lead to a deactivation must be ~~((reasonably))~~ related to the network company's safe and efficient operations. Examples of policies that are not ~~((reasonably))~~ related to the network company's safe and efficient operations include, but are not limited to:

* * *

3. Investigation. A network company must conduct ~~((a fair and objective))~~ an investigation prior to deactivating an app-based worker. The investigation must be sufficiently thorough to justify the deactivation and demonstrate an unbiased and neutral view of facts collected.

* * *

6. Proportionate penalty. The penalty of deactivation must be ~~((reasonably))~~ related to the offense, and account for mitigating circumstances, such as the app-based worker's past work history with the network company.

* * *

8.40.080 Access to records substantiating deactivation

* * *

D. If the records substantiating deactivation involve information related to a customer or a third party and the network company ~~((reasonably))~~ believes that information could compromise the customer or third party's safety, the network company may take measures to anonymize information related to that customer or third party. The Director may issue rules regarding the measures taken to anonymize information related to a customer or third party.

8.40.100 Notice of rights

* * *

D. Network companies shall establish an accessible system for app-based workers to understand their eligibility to challenge a deactivation, pursuant to subsection 8.40.030.A. Network companies shall make this system available to the app-based worker via smartphone application or online web portal. This system shall be available to an app-based worker, at least three years after deactivation. The Director may issue rules defining ((reasonable)) criteria or requirements for this system to ensure that app-based workers have sufficient information to understand when they are covered by the entirety of Chapter 8.40, including but not limited to notice of coverage by this Chapter 8.40, the number of offers completed or cancellations in the previous 180 days, the number of completed offers or cancellations that involved performing services in Seattle in the previous 180 days, the overall percentage of completed offers that involved performing services in Seattle in the previous 180 days, and the app-based worker's receipts and/or payment disclosures for each offer performed or cancelled in the previous 180 days, pursuant to subsection 8.37.070.B and Section 14.34.060.

8.40.160 Findings of fact and determination

* * *

4. The Director's Order may direct the respondent to take such corrective action as is necessary to comply with the requirements of this Chapter 8.40, including but not limited to monitored compliance for a ((reasonable)) time period.

* * *

8.40.170 Remedies

* * *

B. A respondent found to be in violation of this Chapter 8.40 shall be liable for full payment of unpaid compensation due plus interest in favor of the aggrieved party for the period of deactivation under the terms of this Chapter 8.40, and other equitable relief.

1. If the precise amount of unpaid compensation cannot be determined due to a respondent's failure to produce records or if a respondent produces records in a manner or form which makes timely determination of the amount of unpaid compensation impracticable, the Director may:

a. Determine unpaid compensation as a matter of just and reasonable inference, including the use of representative evidence such as testimony or other evidence from representative employees or other aggrieved parties establishing violations for a class of employees or aggrieved parties; or

b. Assess a daily amount for unpaid compensation plus interest in favor of the aggrieved party in a minimum amount of at least the equivalent of payment for eight hours of work at the "hourly minimum wage" rate for Schedule 1 employers under Chapter 14.19.

* * *

G. In addition to the unpaid compensation, penalties, fines, liquidated damages, and interest, the Agency may assess against the respondent in favor of the City the ((reasonable)) costs incurred in enforcing this Chapter 8.40, including but not limited to ((reasonable)) investigation costs and attorneys' fees. The Director may issue rules on the amounts and contributing factors for assessing ((reasonable)) investigation costs and is strongly encouraged to

assess such costs in favor of the City to support the Agency's implementation of this Chapter 8.40.

* * *

8.40.210 Failure to comply with final order

* * *

B. No respondent that is the subject of a final order issued under this Chapter 8.40 shall quit business, sell out, exchange, convey, or otherwise dispose of the respondent's business or stock of goods without first notifying the Agency and without first notifying the respondent's successor of the amounts owed under the final order at least three business days before such transaction. At the time the respondent quits business, or sells out, exchanges, or otherwise disposes of the respondent's business or stock of goods, the full amount of the remedy, as defined in a final order issued by the Director or the Hearing Examiner, shall become immediately due and payable. If the amount due under the final order is not paid by respondent within ten days from the date of such sale, exchange, conveyance, or disposal, the successor shall become liable for the payment of the amount due; provided, that the successor has actual knowledge of the order and the amounts due or has prompt, ~~((reasonable,))~~ and effective means of accessing and verifying the fact and amount of the order and the amounts due. The successor shall withhold from the purchase price a sum sufficient to pay the amount of the full remedy. When the successor makes such payment, that payment shall be deemed a payment upon the purchase price in the amount paid, and if such payment is greater in amount than the purchase price the amount of the difference shall become a debt due such successor from the network company.

8.40.230 Private right of action

A. Any person or class of persons that suffers an injury as a result of a violation of this Chapter 8.40, or is the subject of prohibited retaliation under Section 8.40.120, may bring a civil action in a court of competent jurisdiction against the network company or other person violating this Chapter 8.40 and, upon prevailing, may be awarded ~~((reasonable))~~ attorney fees and costs and such legal or equitable relief as may be appropriate to remedy the violation including, without limitation: the payment of any unpaid compensation plus interest due to the person; liquidated damages in an additional amount of up to twice the unpaid compensation; a penalty payable to the aggrieved party of up to \$6,230.88 if the aggrieved party was subject to prohibited retaliation; and other civil penalties and fines payable to any aggrieved party, consistent with Section 8.40.170. Interest shall accrue from the date the unpaid compensation was first due at 12 percent per annum, or the maximum rate permitted under RCW 19.52.020 as amended.
