EXPERIENCE

Amazon Commute Solutions Program Manager

7/13 – 1/15

CBRE | Amazon North American Fulfillment | Seattle, WA

- Develop, implement, and assess TDM programs at 20 U.S. fulfillment centers.
- Present program proposals, best practices, results and lessons learned to fulfillment center managers and corporate sponsors.
- Conduct employee travel behavior surveys, develop reports, and present findings.
- Research transportation policies, resources, and services in dozens of U.S. markets.
- Ensure fulfillment center compliance with local and regional commute trip reduction requirements.
- Work closely with U.S. transit agencies to enhance service to/from fulfillment centers.
- Host onsite transportation fairs to provide fulfillment center employees with information about their commute options.
- Convene stakeholder groups across business units (HR, Security, Management, Floor Employees) to identify opportunities for transportation improvements.
- Partner with transportation agencies to provide ridematching services to employees.
- Partner with local transportation management associations and transportation agencies on JARC and CMAQ applications to fund transit and shuttle services.
- Prepare program budgets and report program expenses.
- Manage two full-time regional coordinators.

Active Transportation Analyst

1/10 – 7/13

University of Washington | Transportation Services | Seattle, WA

- Managed or contributed to successful grant applications, including a CMAQ application to plan, design, and build a regional trail; a WSDOT application to fund a bike share system in the University District; a CMAQ application to fund bike share in Downtown and South Lake Union; a Statewide Transportation Enhancements grant to develop a bike share business plan and implementation strategy; and, two Campus Sustainability Fund grants to install bicycle repair stations on campus.
- Working with King County, the City of Seattle, and other stakeholders, incorporated a nonprofit – Puget Sound Bike Share – to bring bike share to the Puget Sound region.
- Managed the Annual Bike Parking Utilization Survey, including asset inventory and map development, hiring staff, data collection, data entry and analysis, and report writing.
- Coordinated the weeklong Annual Campus Automobile Traffic Count, including identifying 25+ count sites, contracting with vendors, data analysis, and report writing.
- Oversaw the Annual Husky Football Transportation Management Plan Study, including survey development, hiring and managing staff, data analysis, and report writing.
- With UW staff and consultants, developed forecasting models for campus bicycle parking and pedestrian/bicycle use of the regional Burke Gilman Trail.
- Managed the UW's 2012 Ride in the Rain and 2013 Bike to Work Month competitions, increasing participation more than 10% and 50% over 2011 and 2012, respectively.
- Oversaw the UW's 400-participant vanpool program with six different transit agencies.

- With UW staff, developed active transportation marketing and outreach materials, including 1-pagers for TDM projects, a bicycle branding package, and project websites.
- Collaborated with the League of American Bicyclists to develop the Bicycle Friendly Universities program. Subsequently applied for and was awarded Silver status as a Bicycle Friendly University, one of just nine initial schools to receive the designation.
- Monitored sales and participation data for U-PASS, the UW's transit pass program, and drafted quarterly participation reports.
- Modeled U-PASS participation, rates, and pricing scenarios for contract negotiations.
- Planned, designed, and implemented bike/ped infrastructure like crosswalks, signs, and sharrows, as well as free-standing, covered, and secure bicycle parking options.

Bicycle & Pedestrian Planning Intern

9/07 – 1/10

City of Portland | Bureau of Transportation | Portland, OR
