**To:** Councilmember Rob Johnson, Chair; Lisa Herbold, and Mike O'Brien – Planning Land Use and Zoning Committee  
**From:** Ketil Freeman, Council Central Staff  
**Date:** August 2, 2016<sup>1</sup>  
**Subject:** Council Bill 118736 – Potential Amendments

---

Planning, Land Use and Zoning Committee members are considering 11 amendments to Council Bill 118736. This memo sets out potential amendments under consideration. These amendments may be modified or abandoned based on committee discussion and ongoing internal review.

Proposed amendments are grouped by the following categories:

- A. Council Intent – Initial Implementation Phase: Setting Initial Payment and Performance Amounts;
- B. Council Intent – Initial Implementation Phase: Ongoing Review;
- C. Program Requirements – Criteria for Use of Payments, Term of Affordability, and Geographic Tiers;
- D. Program Requirements – Ownership Performance; and
- E. Modification of Payment and Performance Amounts – Land Use Decision Type.

**Background**

Council Bill 118736 would establish the Mandatory Housing Affordability – Residential (MHA-R) program. Under the program residential development in areas where the program applies would be required to provide (1) rental housing affordable to households earning up to 60% of Area Median Income (AMI), \$43,380 annually for a 2-person household; (2) ownership housing affordable to households earning up to 80% of AMI, \$55,450 annually for a 2-person household; or (3) make a payment in lieu of providing affordable housing. Performance and payment amounts would be established by future legislation. The program would be implemented concurrently with future increases in residential development capacity.

The MHA-R program is proposed as part of the Mayor's [Housing Seattle: A Roadmap to an Affordable and Livable City](#), which is informed by the work of the Housing Affordability and Livability Action Committee. The Council established the intent to implement the program through [Resolution 31612](#) in November 2015.

Proposed Amendment	Draft Proposed Amendment Language
<b>A. Council Intent – MHA-R Initial Implementation Phase – Setting Initial Payment and Performance Amounts</b>	
<p>1. Establishes Council’s intent to consider initial higher payment and performance amounts in areas identified as having a higher risk of displacement and to consider whether to scale program requirements to address displacement caused by demolition of affordable units.</p> <p>Sponsor: O’Brien and Herbold</p>	<p>Section 1. The Council expresses the following intent as to implementation of Seattle Municipal Code Chapter 23.58C:</p> <p>A. Initial implementation</p> <p style="text-align: center;">***</p> <p>2. Setting initial payment and performance amounts</p> <p>a. Payment and performance amounts are not included in Chapter 23.58C in this Council Bill _____. Payment and performance amounts for particular zones will be added to Tables A and B for 23.58C.040 and Tables A and B for 23.58C.050 at the time development capacity is increased in those zones during the initial implementation phase according to subsection A.1 of this section. <a href="#">The Council intends to consider whether to include higher performance and payment amounts, subject to statutory limits, for those areas where the increase in development capacity would be likely to increase displacement risk. Factors to consider are (a) areas that have been identified in <i>Seattle 2035, Growth and Equity, Analyzing Impacts on Displacement and Opportunity Related to Seattle’s Growth Strategy, May 2016</i>, as having a high displacement risk; (b) areas where the increment of increased development capacity is greater than the standard MHA-implementing zone change; and (c) areas where planning processes, including, but not limited to, the SEPA process for MHA-R implementation have identified affordable units at risk of demolition, the Council will consider whether to implement additional or alternate MHA program measures to increase affordable units sufficient to offset the affordable units at risk of demolition as a result of the increase in development capacity due to MHA.</a></p> <p style="text-align: center;">***</p>
<b>B. Council Intent – MHA-R Initial Implementation Phase – Ongoing Review</b>	
<p>2. Establishes Council’s intent to review actual and modeled program performance in multiple reports that analyze developers’ choices of program options outside of Downtown and the South Lake Union Urban Centers.</p> <p>Sponsor: Johnson and O’Brien</p>	<p>Section 1. The Council expresses the following intent as to implementation of Seattle Municipal Code Chapter 23.58C:</p> <p style="text-align: center;">***</p> <p>B. Amendment of payment and performance amounts</p> <p>1. Ongoing review. The Council directs that, during the first six months of 2018 and annually after July 1, 2018, the Director of the Seattle Department of Construction and Inspections (SDCI) and Director of Housing shall report on the performance of the mandatory affordable housing program provided in Chapter 23.58C, including the amount of payments collected under the payment option, the number of units produced with such payments, and the number of units constructed through the performance option. <a href="#">The July 1, 2018 report shall compare changes in the Consumer Price Index, All Urban Consumers, Seattle-Tacoma-Bremerton, WA, All Items (1982-1984 = 100), with changes in multifamily residential rents and other housing market variables used to determine initial payment amounts since passage of the Ordinance introduced as Council Bill 118736. If the Consumer Price Index has lagged or exceeded rents or other housing market variables, the Director of Housing shall propose an alternative measure or index upon which to base changes in program requirements. The July 1, 2019 report should include an assessment of past and anticipated program performance, including an assessment of whether a developer building outside of the Downtown and South Lake Union Urban Centers would be economically indifferent between performance and payment given market conditions at that time. If the Council determines that adopted in-lieu fee payments for projects, other than smaller projects and projects outside of the Downtown and South Lake Union Urban Centers favor the payment option, the Council will consider raising payment amounts to avoid a bias towards payment, consistent with statutory authority.</a> Units produced under the mandatory housing affordability program provided in Chapter 23.58C shall be measured as net new units. Existing rent- and income-restricted affordable units demolished for development subject to the program are subtracted from the target production.</p> <p style="text-align: center;">***</p>
<b>C. Program Requirements – Criteria for Use of Payments, Term of Affordability, and Geographic Tiers</b>	
<p>3. Adds an additional decision criterion for investment of cash contributions in affordable housing to include proximity to projects choosing the payment option.</p> <p>Sponsor: Johnson</p>	<p><b>23.58C.040 Affordable housing – Payment option</b></p> <p style="text-align: center;">***</p> <p>B. Use of cash contributions</p> <p style="text-align: center;">***</p> <p>3. Location. For purposes of determining the location for use of cash contributions, the City shall consider the extent to which the housing supported by cash contributions advances the following factors:</p> <p>a. Affirmatively furthering fair housing choice;</p> <p>b. Locating within an urban center or urban village;</p> <p>c. Locating in proximity to frequent bus service or current or planned light rail or streetcar stops; <del>and</del></p> <p>d. Furthering City policies to promote economic opportunity and community development and addressing the needs of communities vulnerable to displacement <u>and</u>;</p> <p>e. <a href="#">locating near developments that generate cash contributions.</a></p> <p style="text-align: center;">***</p>
<p>4. Changes the term of affordability for units</p>	<p><b>23.58C.040 Affordable housing – Payment option</b></p> <p style="text-align: center;">***</p>
