

# Seattle Freight Master Plan

City Council Sustainability Transportation Committee  
Scott Kubly and Gabriela Vega  
September 14, 2016

# Our mission, vision, and core values

**Mission:** deliver a high-quality transportation system for Seattle

**Vision:** connected people, places, and products

Committed to **5 core values** to create a city that is:

- Safe
- Interconnected
- Affordable
- Vibrant
- Innovative

For all

# Plan purposes

- 20-year blueprint
  - Improve goods movement and deliveries by truck
  - Mitigate adverse impacts
- Increase awareness of importance of goods movement and deliveries
  - Essential to daily lives
  - Duwamish and Ballard-Interbay MICs support 64,000 jobs
  - Washington state is the most trade-dependent state in the nation

# Public engagement

- FMP Advisory Group
- Online survey of truck drivers
- Stakeholder interviews
- Attended nearly 60 meetings:
  - Community organizations
  - Advisory boards
  - Commissions
  - Community District Councils
  - Business organizations
  - Open houses
- Draft plan released May 23
- Over 150 comments from nearly 30 individuals and organizations

## SEATTLE FREIGHT MASTER PLAN OPEN HOUSE

The Seattle Department of Transportation (SDOT) is preparing a Freight Master Plan, the 20-year blueprint to guide freight mobility investments and improvements throughout the city. Join us at one of our two open houses to:

- Learn how why the City is developing a Freight Master Plan
- Review the updated draft freight network and issues related to freight mobility
- Share your thoughts on the updated draft network map
- Find out how you can stay involved as we move forward with the plan

# What we heard

- Support for:
  - Expanded freight network
  - Investments to improve safety, reliability and reduce conflicts throughout city
  - Available curb space for loading/unloading
  - Heavy haul network
  - Expanded data collection program
- Change requests:
  - Expand network
  - Performance measures
  - Acknowledge freight infrastructure (e.g. Ballard Terminal Railroad)
  - Design for large vehicles

# Recommended plan includes:

- Performance measures
- Minor FMP Network changes
- Acknowledgement of freight infrastructure
- 15 additional projects for state plan consistency/funding eligibility

Seattle Department of Transportation
