

Economic and Revenue Update

City Budget Office
September 29, 2016

Economy and Revenue

- Economic forecasts underpin the revenue forecast
 - Regional forecast is primary
 - It is based on a national forecast
- U.S. economic outlook
 - Modest growth to continue
 - Forecast: 20% chance of recession
 - Overheating/imbances largely absent
- Region's economy is stronger than it looked in April
 - Data revisions
 - Employment growth has accelerated in 2016

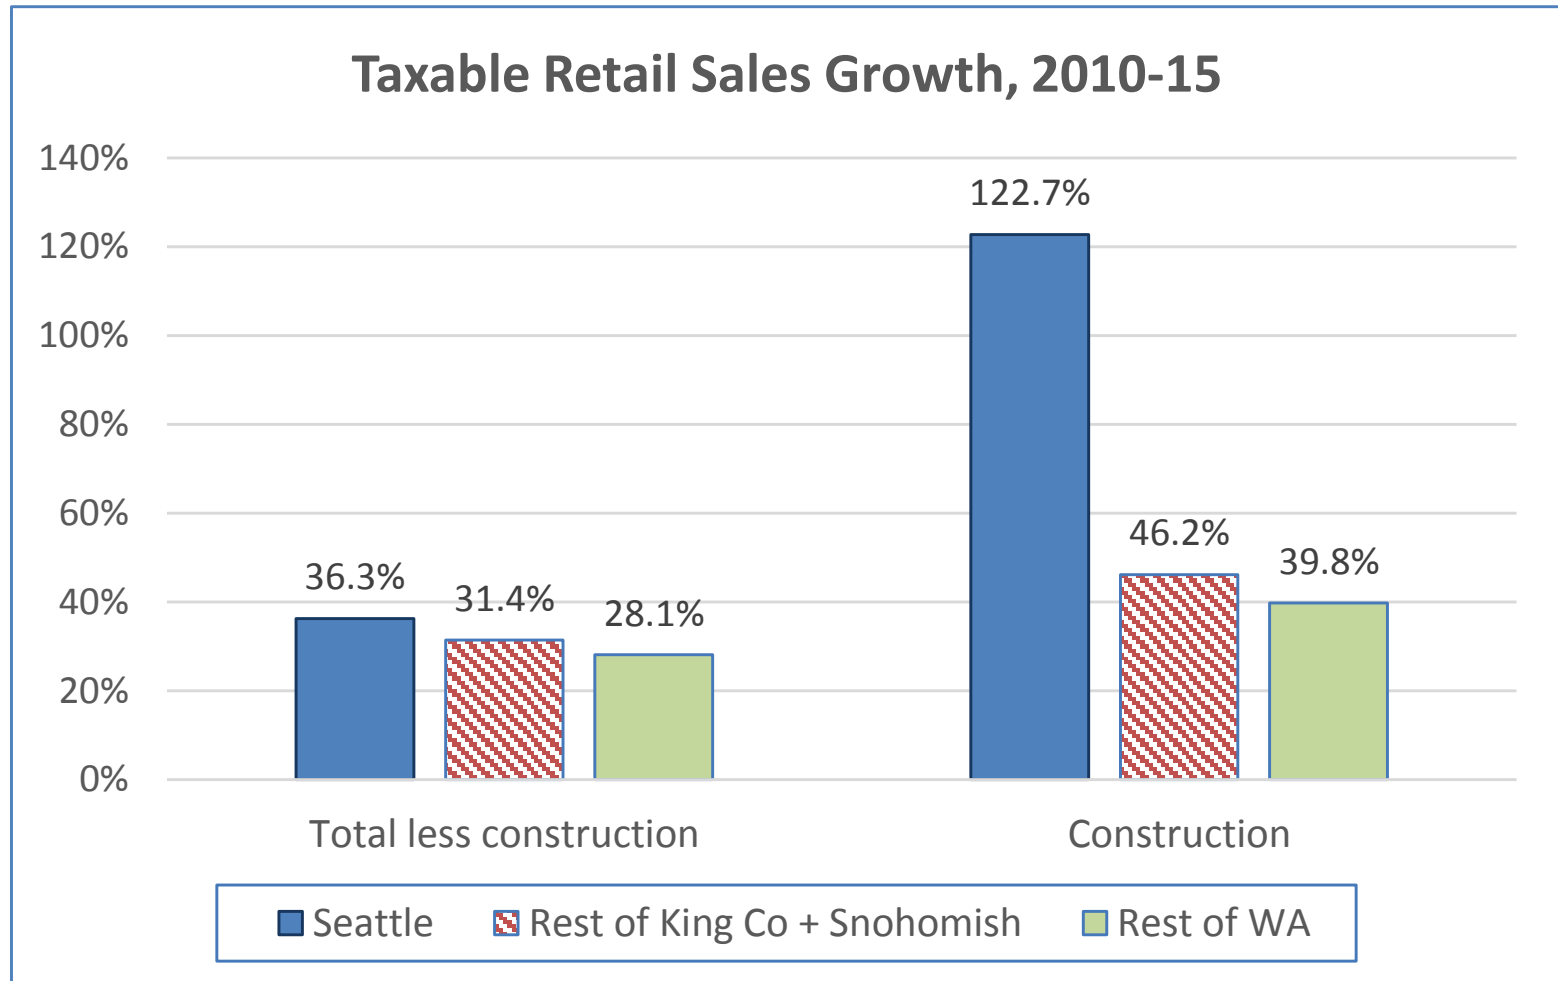

Seattle Taxable Retail Sales

Puget Sound Region Economy and Forecast

- WA growth has been focused in Puget Sound region
 - Particularly in Seattle
- Forecast: region's growth to slow
 - Boeing reductions
 - Forecast for non-store retailers
 - Construction
 - Uncertainty is elevated
- Risks/likely sources of forecast error
 - National economy
 - Construction
 - Non-store retailers

Puget Sound Region Economy

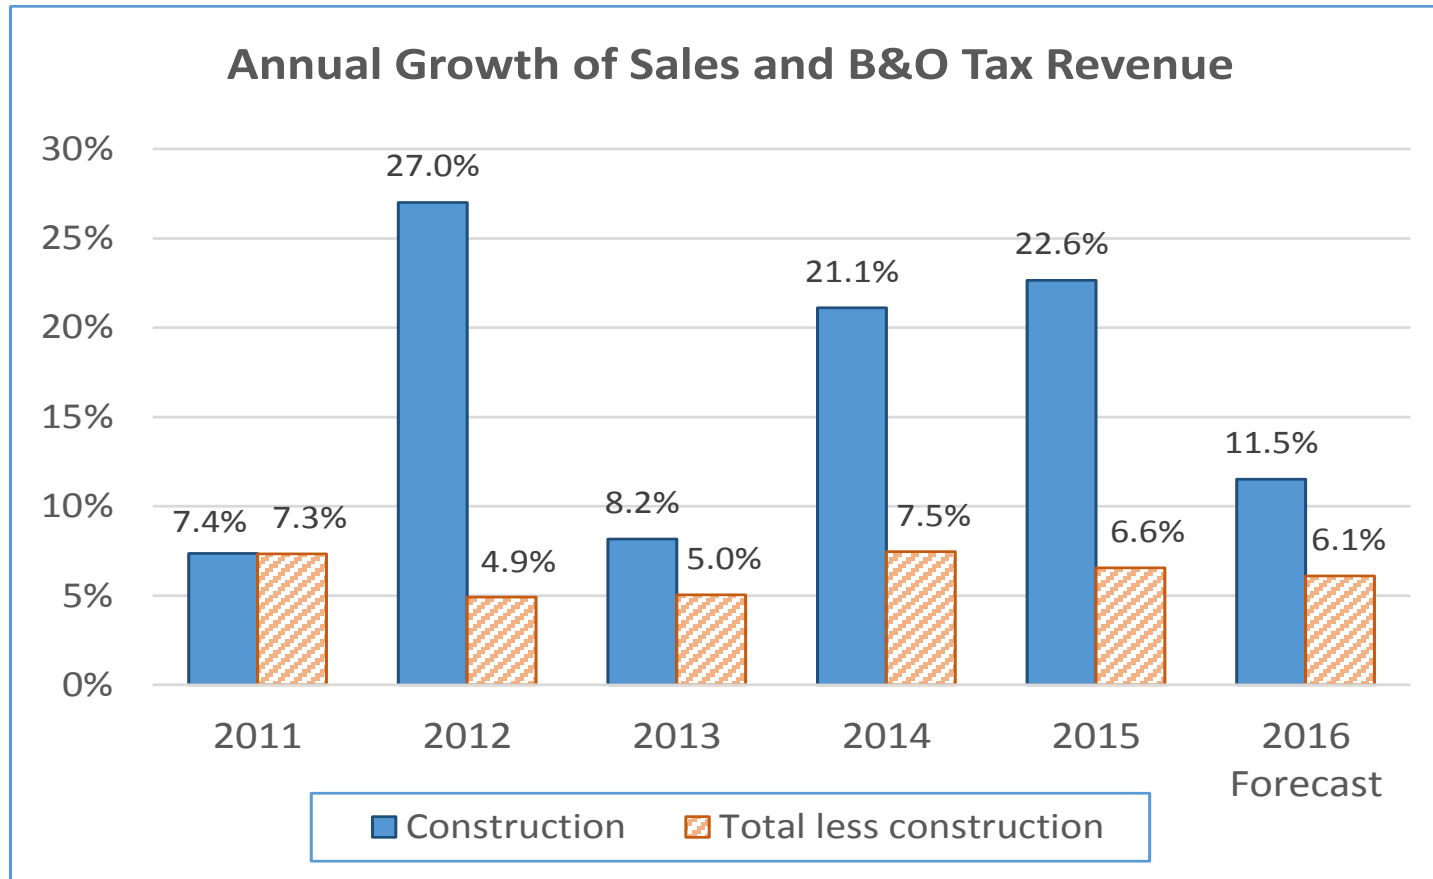

Puget Sound Region Forecast

Annual Growth of Puget Sound Region* Employment

Sales and B&O Taxes

- Sales and B&O taxes generate 41% of general fund revenue
- Had construction grown at same rate as rest of tax base, revenue would be \$36 million less in 2016, \$103 million less over the 6-year period

Sales and B&O Taxes

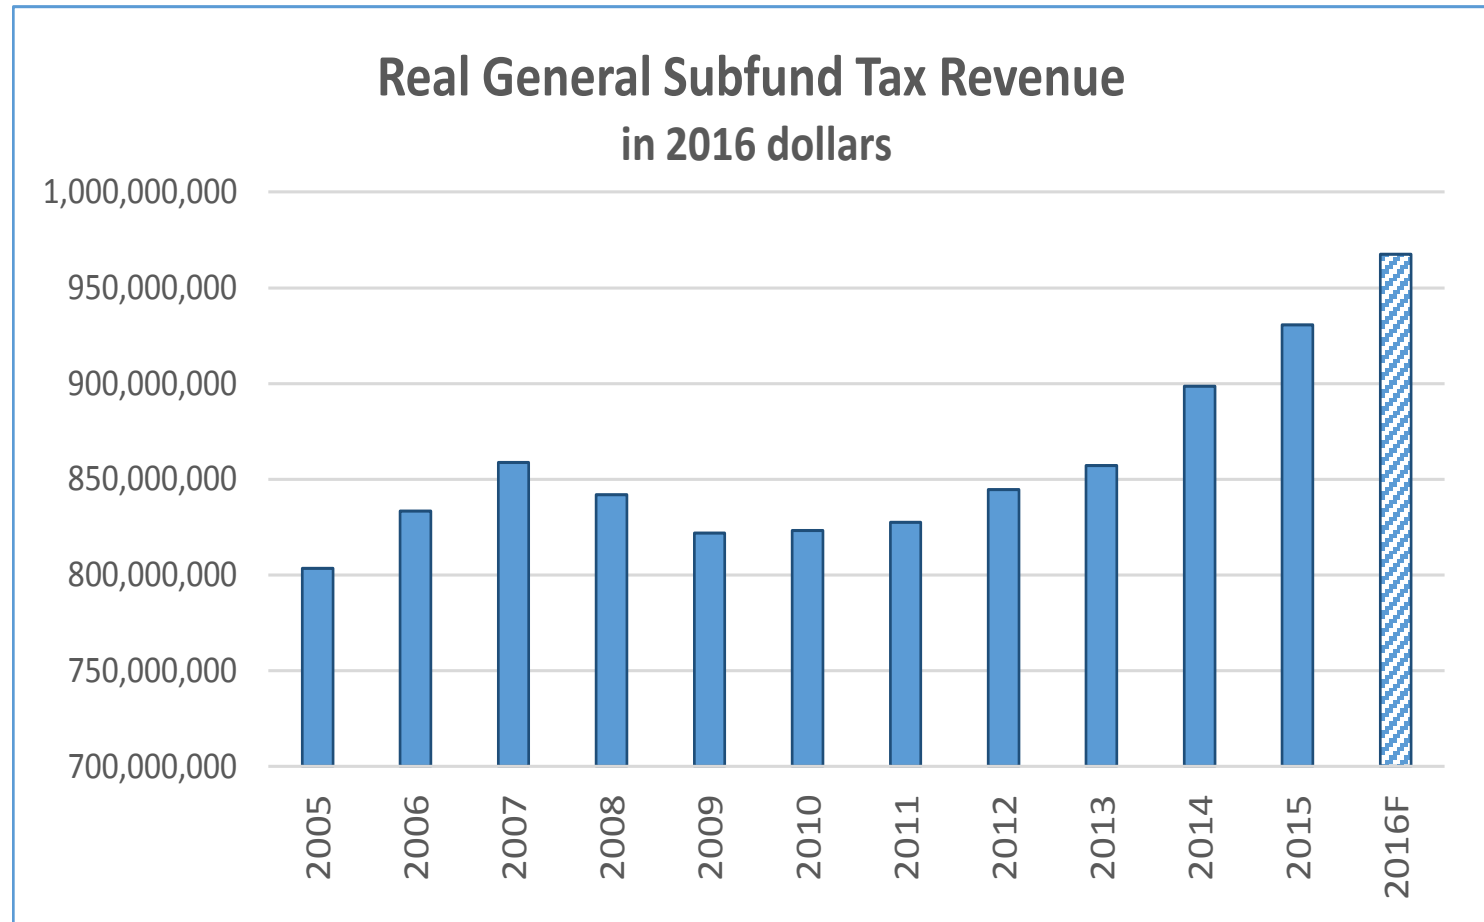

Real Estate Excise Taxes

General Subfund Revenue

Has revenue surpassed its pre-recession peak?

General Subfund Revenue

If we adjust for growth

General Subfund Revenues
