This project provides major reconstruction of Fauntleroy WAY SW from approximately SW Alaska St to 35th Ave SW. Seattle Department of Transportation (SDOT) and Seattle City Light (SCL) are jointly performing this work. According to the draft MOA, SCL is to fund 60% of the cost to relocate the electrical distribution system in the project area. The project improves public access for pedestrians and vehicles as determined by City Council and will be completed in conjunction with SDOT.

SCL is funding street light improvements and utility pole relocations that are integral to the current design.
