1. BILL SUMMARY

- a. **Legislation Title:** AN ORDINANCE amending Ordinance 125207, which adopted the 2017 Budget, creating and revising budget control levels, modifying positions, and changing appropriations to various departments and budget control levels; all by a 3/4 vote of the City Council.
- b. **Summary and background of the Legislation:**

Council Bill [REDACTED] establishes a comprehensive, independent and sustained approach to civilian oversight of SPD, creating a new Chapter 39 in the Seattle Municipal Code. This companion legislation amends Ordinance 125207 by establishing a budget control level, position authority and appropriations for the 2017 fiscal year for the independent Office of the Inspector General (OIG). This legislation also amends Ordinance 125207, changing the name and description of the Office of Professional Accountability to the Office of Police Accountability. Lastly, Council Bill [REDACTED] establishes the Community Police Commission as an independent office outside of the Executive Department, akin to the existing Office of Ethics and Elections; this shift necessitates a change in the budget control level (BCL) code for the Office of the Community Police Department; this legislation amends that BCL code.

The budgets for the new Office of Inspector General, Office of Police Accountability and the Community Police Commission will be independent of each other and any other city departments.

The establishment of the Office of the Inspector General was anticipated in the development of the 2017-2018 biennial budget and funding sufficient to support the accountability functions was set aside in reserves within Finance General. This legislation transfers the reserved funding to the newly created Office of the Inspector General and provides the position authority needed to operationalize the Office.

Please see accompanying legislation, Council Bill [REDACTED] for more information on enhanced police accountability oversight.

Additional funds are held in reserves for other aspects of police accountability as detailed in Council Bill [redacted]; as the timing of these changes is currently unknown, appropriation and/or position authority for other needs will be presented to Council in a future ordinance.
