

Amendment to Attachment 1 (Proposed South Lake Union Neighborhood Design Guidelines) to Council Bill 119332 to clarify that a depiction of streets and the public realm in the proposed design guidelines does not supersede requirements for right-of-way improvements set out the Seattle Department of Transportation's *Street's Illustrated* right-of-way improvement manual.

Amendments shown in underline and ~~strikethrough~~.

Council Bill 119332, Att 1, page 12

South Lake Union ((~~Street Descriptions~~))Public Realm Character

- | | | |
|------------------------|-----------------------------|--------------|
| Freeway | Mixed Use Street | Green Street |
| Boulevard/Great Street | Festival Street (Mixed Use) | Woonerf |
| ((LEGEND)) | | Retail Nodes |

((Line weight represents approximate traffic volume))

This public realm character map is developed to guide how private development projects should relate to the public realm and Right-of-Way. These descriptions are not meant to inform the design of the elements and infrastructure within the right-of-way, and do not replace or supersede SDOT street types or functional classifications. For SDOT street types, functional classifications, and related street design standards refer to [Streets Illustrated](http://streetsillustrated.seattle.gov) (<http://streetsillustrated.seattle.gov>) or contact the Seattle Department of Transportation.
