1. BILL SUMMARY

1. Legislation Title:

A RESOLUTION establishing enhanced reporting requirements for the City’s Capital Improvement Program projects and establishing the City’s intent to use a stage-gate appropriation process for selected projects.

2. Summary and background of the Legislation:

Proposed legislation would formalize a process by which the Council intends to adopt a so-called “Watch List” of large, complex, or politically sensitive capital projects. The legislation requests that the Mayor submit quarterly reports to the Council with enhanced information about these Watch List projects as well as summary information for all capital projects.

The legislation also outlines circumstances in which Council intends to impose stage-based appropriations allowing unrestricted spending on some project development activities while preventing spending on other specified activities. For instance, the Council may appropriate funding for a project while specifying that none of those appropriations may be used for construction (but allowing activities such as design or real estate acquisition).
