internal and external stakeholders, as necessary, to develop and provide this plan to the Council by March 1, 2019.

The plan may also include analysis in the following areas:

- Staff and resource needs to launch a Mobile Integrated Health Response Team pilot program by April 1, 2019;
- the types of calls coming in and the most appropriate types of responses that would benefit these situations;
- areas to improve or better coordinate existing non-emergent response programs, outreach, case management, and diversion contracts (including performance considerations);
- successful approaches in other cities; and
- supplemental recommendations to provide a multidisciplinary approach to low acuity response, which could include technology solutions and/or expansion of existing non-emergent response programs.
