This action results in a total budget of \$1 million for Phase 3 of the Rainier Valley Safety Corridor Project within the Vision Zero CIP project. Phase 3 will address safety issues along the Rainier Ave. S. corridor, south of S. Henderson St., as well as spot locations between Columbia City and the intersection of MLK Jr. Way S. and Rainier Ave S.

SDOT began scoping this project in 2018 and intends to begin implementation in 2020. Scope elements are still to be determined, but the scope of work will include a series of spot/low-cost improvements at multiple locations along the corridor in order to reduce speeding and collisions that result in severe injury or fatality.

This green sheet assumes that Move Seattle Levy funding would be available as described in GS 35-25-A-1. If GS 35-25-A-1 is not approved, an alternate source of funding would need to be identified.
