Budget Action Description:

The Budget Action imposes the following proviso, which would be lifted each quarter after the Executive submits the required reports, on appropriations for the Navigation Team in the Human Services Department (HSD):

“No more than \$830,500 of the money appropriated in the 2020 Adopted Budget for the Addressing Homelessness BSL may be spent for the functions and activities performed by the City’s Navigation Team until the Executive submits on a quarterly basis to the City Clerk a report that is filed, without vote, as a Council Clerk File.”

It is the Council’s intent that the Executive provide quarterly reports according to the “schedule and subjects” listed below. The first, second and third quarterly reports may be incorporated into distinct Clerk files, the filing of which will each release an additional \$830,500 of appropriation authority.

As part of the Executive’s commitment to accountability and continuous quality improvement, HSD will present to the City Council quarterly reports on Navigation Team activities to connect people living within unmanaged encampments to services and shelter. These reports will also include information on efforts to reduce negative impacts stemming from encampments throughout Seattle. The “schedule and subjects” for quarterly reports with additional requirements by quarter are listed below.

SCHEDULES AND SUBJECTS:

A. Reporting in Every Quarter (1-4):

HSD and the Navigation Team will report on performance measures that are reflected in the updated

Theory of Change. These metrics include: 1) connecting individuals living unsheltered to services, 2) connecting people to safer spaces, and 3) addressing hazardous and unsafe conditions stemming from, and found within, unmanaged encampments. Specifically, the report will provide measures for the prior quarter, including:

- Total number of contacts made quarterly, duplicated and unduplicated;
- Number of referrals to services by service category (e.g., obtaining documents, mental health, coordinated entry assessment, etc.);
- Breakdown, by percentage, of client demographic information quarterly;
- Percentage of people whose needs assessment screening was completed;
- Total number of referrals to shelter quarterly, duplicated and unduplicated;
- Number of shelter arrivals at the shelter referred to within a 48 hour period following referral—quarterly, duplicated and unduplicated;
- Number of times in the quarter a Field Coordinator provided assistance to or responded to a call for support from a Community Police Team or bike patrol officer;
- Number of times in the quarter a System Navigator provided assistance to or responded to a call for support from a Community Police Team or bike patrol officer;
- Number of instances diversion strategies or resources were utilized and the number of individuals/households that moved to permanent housing because of this service;
- Breakdown of referrals to specific shelter type by quarter to date;
- Average shelter bed availability by quarter, broken down by type (i.e., basic shelter, tiny house village, enhanced shelter);
- Quarterly and year-to-date total tonnage of garbage, waste, and debris removed from unmanaged encampments;
- Total number of inspections conducted by quarter; and
- Total number of unmanaged encampments removed (broken down by 72-hour clean-up, obstruction, and hazard) by quarter.

HSD will provide relevant qualitative updates on key projects and developments that are either Navigation Team-led or intersect with homelessness response efforts. Updates may include:

- Analysis of emerging trends;
- Progress in developing and implementing a Racial Equity Toolkit on the Navigation Team;
- Trainings and workshops attended, or undertaken, by the Navigation Team or by individual members, upcoming opportunities for continual improvement; and
- Qualitative updates on new shelter resources that have come online and/or notable trends.
