

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

..title

AN ORDINANCE relating to land use review decision and meeting procedures; temporarily modifying and suspending procedures in Titles 23 and 25 of the Seattle Municipal Code and amending Chapters 23.41, 23.49, 23.66, 23.79, 25.12, 25.16, 25.20, 25.21, 25.22, 25.24, and 25.30 of the Seattle Municipal Code, consistent with the Governor’s proclamations and the Mayor’s proclamation of civil emergency on March 3, 2020; declaring an emergency; and establishing an immediate effective date; all by a 3/4 vote of the City Council.

..body

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. The City Council finds and declares that:

A. On February 29, 2020, Governor Inslee proclaimed a State of Emergency for all counties throughout the State of Washington as a result of the confirmed person-to-person spread of COVID-19 in Washington State.

B. The COVID-19 disease, caused by a virus that spreads easily from person to person and which may cause serious injury and death, has spread throughout King County and the City of Seattle.

C. On March 3, 2020, Mayor Durkan issued a Proclamation of Civil Emergency declaring a civil emergency within the City of Seattle based on the confirmed spread of COVID-19 in King County and resulting deaths.

D. In recognition of the danger that hospitals may become overwhelmed with COVID-19 patients unless the spread of the disease is slowed, on March 23, 2020, Governor Inslee imposed a stay-home order throughout Washington State prohibiting all people in the State from leaving their homes or participating in gatherings with only limited exceptions for participating in

1 essential activities or essential business services. While the order initially was for a term of two
2 weeks, the Governor has already recognized that that the order may need to be extended beyond
3 that time to effectively fight the pandemic. It is possible that, to respond to COVID-19, social
4 distancing measures will be required for a considerable period of time, measured in months.

5 E. In recognition of the fact that to curtail the spread of COVID-19, it is necessary to
6 limit person to person contact the Governor determined that it is necessary to waive any
7 requirements in the Open Public Meetings Act (chapter 42.30 RCW) that provide for activities
8 necessitating in-person contact, and issued Proclamation 20-28 on March 24, 2020 prohibiting
9 any public agency from conducting any meeting subject to chapter 42.30 RCW unless the
10 meeting is not conducted in-person and instead provides an option for the public to attend
11 through, at minimum, telephonic access.

12 F. In addition to the paramount public health concerns, the spread of COVID-19 and the
13 necessary measures taken to reduce that spread are causing and will continue to cause severe
14 economic dislocation in the State of Washington, King County, and the City of Seattle. On
15 March 26, it was announced that over 133,000 Washington residents filed for jobless benefits the
16 previous week – nine times greater than a week earlier and five times greater than in any week
17 during the Great Recession. Indeed, the velocity of jobless claims is the greatest since the 1930s
18 – even before the effect of Governor Inslee’s stay-at-home order is fully felt. In addition,
19 governments at all levels, including the City of Seattle, face major reductions in tax revenues
20 even as they face major new emergency expenditures to combat the pandemic.

21 G. Commercial and residential construction is necessary to accommodate businesses and
22 to provide much-needed housing, including affordable housing, for City residents. Construction
23 also employs a large number of workers and is a driver of economic activity in its own right.

1 Construction activity has, of necessity, been severely reduced by the recent measures needed to
2 limit in-person contact. However, when public health considerations allow relaxation of those
3 measures, resumption of normal levels of construction will be essential to reviving the local
4 economy as well as meeting the still-urgent need for housing.

5 H. The City of Seattle is a focus of construction activity in the region, and the volume of
6 land use permitting activity has been very robust in recent years. Many of the City’s land use
7 permitting processes, particularly those involving design review and the regulation of historic
8 structures and districts, involve public meetings as an integral and required part of the
9 development approval process. In light of the public health crisis described above and the orders
10 and proclamations issued to respond to COVID-19, the City cannot now hold public meetings
11 that involve in-person contact, and likely will be unable to do so for a considerable period of
12 time. The City has recently been cancelling, and will continue to cancel, public meetings – at
13 least 18 design review meetings have already been cancelled.

14 I. The City is undertaking urgent efforts to design and implement, as soon as possible,
15 technical measures that would allow public meetings to be held remotely or virtually, without in-
16 person contact. However, for the types of public meetings involved in the land use approval
17 process, such measures are not easy to place in operation. The members of many of the boards
18 in question are volunteers who will be participating from their individual homes or businesses
19 and will require training to do so effectively on a remote basis. Particularly in the case of design
20 review, many meetings involve substantial graphic materials such as plans, pictures, and
21 visualizations that are difficult to present electronically, particularly given the technological
22 limitations that may be faced by members of the public wishing to participate. Some meetings
23 involve large attendance, increasing the difficulty of designing processes that allow public input

1 in an orderly fashion. Finally, any virtual meeting process will require development of careful
2 instructions and outreach materials to educate the public on the technical aspects of using the
3 process, and preparing such materials will take time.

4 J. Even in the best of circumstances, virtual public meetings will proceed slower than in-
5 person meetings, reducing a board's capacity.

6 K. During the likely several-months-long period of time that it will take the City to create
7 the capacity for non-in-person public meetings by many of the boards involved in the land use
8 permitting process, the City faces the prospect of major disruptions in land use permitting unless
9 Seattle Municipal Code procedures are modified. As noted, public meetings are a required part
10 of the current process for many types of approval. For example, the Design Review Boards
11 involved in the "full" design review process under the City's Land Use Code hold meetings in a
12 given month involving approximately 20 major projects. The boards involved in historic
13 preservation matters process a wide range of matters, from nominations and designations of
14 landmarks, to certificates of approval for alterations and modifications to various structures.
15 Absent the ability of the various boards to hold public meetings, a large number of development
16 projects will become stalled in the development approval process.

17 L. The ability of projects to continue through the development approval process is critical
18 to the economic recovery of the City and region as the restrictions needed to combat the
19 pandemic are, hopefully, relaxed in coming months. When construction activity is able to
20 resume, it will be critical for permits to be ready to be issued, as opposed to being either stalled
21 or months behind in the permitting process.

22 M. The changes in this ordinance are designed to achieve that goal while still allowing
23 for public input in the permitting process. The ordinance shifts projects that are subject to full

1 design review (which requires meetings of the Design Review Board) to administrative design
2 review for the six-month duration of the ordinance or until such earlier time as the City has put in
3 operation a system for the Board to hold such meetings virtually or the Board is able to resume
4 meetings involving in-person contact. Administrative design review still involves opportunities
5 for public input, but the design review recommendation is made by the Director of the Seattle
6 Department of Construction and Inspections rather than by the Board.

7 N. Similarly, the ordinance suspends meetings of the Landmarks Preservation Board and
8 other boards involved with historic preservation to give the City time to set up virtual meetings.
9 However, to reduce the workload of these boards so that they can accommodate the likely slower
10 pace of virtual meetings, as well as to avoid interruption in the approval of comparatively minor
11 matters such as certain alterations to existing structures, the ordinance temporarily shifts to the
12 City's Historic Preservation Officer the authority to approve such matters.

13 O. The ordinance also provides an exemption from design review for certain affordable
14 housing projects, if they can file a building permit application in the next six months. The Office
15 of Housing is funding a number of affordable housing projects that will serve populations
16 particularly impacted by the COVID-19 pandemic, including seniors and people at risk of or
17 exiting homelessness, and that are far into the permitting process. These projects are currently
18 subject to administrative design review, which allows certain departures to be granted from
19 provisions of the Land Use Code. Exempting these projects from design review and allowing
20 limited departures to be granted outside of the design review process will shorten the time
21 required for these projects to complete the permitting process, advancing the date by which they
22 can be constructed, and the allowed departures seek to increase the number of affordable units
23 created. Finishing these projects as soon as possible and maximizing the ability of vulnerable

1 populations to access affordable housing is critical to the City’s recovery from the COVID-19
2 pandemic.

3 P. The City Council determines that the foregoing creates an emergency justifying
4 adoption of the ordinance without a pre-adoption public hearing and justifying making the
5 ordinance immediately effective. Holding a public hearing (with 30 days’ notice) and following
6 the normal rules for the ordinance becoming effective (e.g. after 30 days) would delay the
7 proposed changes for over two months. During that period, for the reasons discussed above, the
8 many projects whose approval requires public meetings that cannot now occur would face the
9 prospect of being stalled, or at a minimum delayed, in the permitting process. This would stymie
10 the City’s and region’s recovery from the COVID-19 emergency.

11 Section 2. Subsection 23.41.004 of the Seattle Municipal Code, last amended by
12 Ordinance 125603, is amended as follows:

13 **23.41.004 Applicability**

14 A. Design review required

15 1. Subject to the exemptions in subsection 23.41.004.B, design review is required
16 in the following areas or zones when development is proposed that exceeds a threshold in Table
17 A or Table B for 23.41.004:

- 18 a. Multifamily;
- 19 b. Commercial;
- 20 c. Seattle Mixed;
- 21 d. Downtown; and
- 22 e. Stadium Transition Area Overlay District as shown in Map A for

23 23.74.004, when the width of the lot exceeds 120 feet on any street frontage.

1 2. Subject to the exemptions in subsection 23.41.004.B, design review is required
2 in the following areas or zones when commercial or institution development is proposed that
3 exceeds a threshold in Table A or Table B for 23.41.004:

- 4 a. Industrial Buffer; and
- 5 b. Industrial Commercial.

6 3. The gross floor area of the following uses is not included in the total gross floor
7 area of a development for purposes of determining if a threshold is exceeded:

- 8 a. Religious facilities;
- 9 b. Elementary and secondary schools;
- 10 c. Uses associated with a Major Institution Master Plan (MIMP); or
- 11 d. Development of a major institution use within a Major Institution

12 Overlay (MIO) district.

13 4. Any development proposal participating in the Living Building Pilot Program
14 according to Section 23.40.060, regardless of size or site characteristics, is subject to full design
15 review according to Section 23.41.014.

16 5. Any development proposal, regardless of size or site characteristics, is subject
17 to the administrative design review process according to Section 23.41.016 if it receives public
18 funding or an allocation of federal low-income housing tax credits, and is subject to a regulatory
19 agreement, covenant or other legal instrument recorded on the property title and enforceable by
20 The City of Seattle, Washington State Housing Finance Commission, State of Washington, King
21 County, U.S. Department of Housing and Urban Development, or other similar entity as
22 approved by the Director of Housing, which restricts at least 40 percent of the units to occupancy

1 2. Administrative design review. According to the applicable process described in
2 Section 23.41.016, administrative design review is optional for a development proposal that is
3 not otherwise subject to this Chapter 23.41 and is on a site that contains an exceptional tree, as
4 defined in Section 25.11.020, when the ability to depart from development standards may result
5 in protection of the tree as provided in Sections 25.11.070 and 25.11.080.

6 D. Temporary provisions for shifting projects to administrative design review

7 1. The provisions of this subsection 23.41.004.D apply notwithstanding any
8 contrary provision of this Title 23.

9 2. The provisions of this subsection 23.41.004.D apply from the effective date of
10 this ordinance until the earlier of: (a) 180 days after the effective date of this ordinance; (b) the
11 date when the Department places in operation a system, consistent with applicable statutory
12 requirements, for holding meetings of the Design Review Board that do not involve in-person
13 contact; or (c) the date when the Design Review Board resumes meetings involving in-person
14 contact consistent with applicable statutory and public health requirements.

15 3. While the provisions of this subsection 23.41.004.D apply according to
16 subsection 23.41.004.D.2,

17 a. All projects that are subject to the full design review process according
18 to Section 23.41.014 shall, if the applicant elects, be processed through the administrative design
19 review process according to Section 23.41.016 if (i) a Design Review Board meeting for the
20 project has been cancelled due to the need to avoid in-person contact, or (ii) the project is
21 otherwise ready to be scheduled for a Design Review Board meeting but such a meeting cannot
22 be scheduled due to the need to avoid in-person contact and the lack of an operational system for
23 holding meetings of the Design Review Board that do not involve in-person contact.

1 b. If an applicant makes the election described in subsection
2 23.41.004.D.3.a, all early design guidance and recommendation processes, to the extent not
3 completed under administrative design review, shall be shifted back to the full design review
4 process at the time set forth in subsection 23.41.004.D.2-, except that an applicant may elect to
5 have its project continue in administrative design review through the entire period this ordinance
6 is effective, notwithstanding that the Design Review Board has started holding meetings as
7 described in subsections 23.41.004.D.2.b or 23.41.004.D.2.c, if:

8 i. The project has completed early design guidance under
9 administrative design review prior to the Design Review Board starting to hold meetings as
10 described in subsections 23.41.004.D.2.b or 23.41.004.D.2.c, or

11 ii. The Director determines that a return to full design review would preclude review
12 from being completed in the time required by Section 23.76.005.

13 c. An applicant may make the election described in subsection
14 23.41.004.D.3.a notwithstanding that this subsection 23.41.004.D became effective after the
15 applicant's application vested according to Section 23.76.026.

16 E. Temporary provisions for affordable housing projects

17 1. Notwithstanding any contrary provision of Title 23, a project subject to
18 administrative design review according to subsection 23.41.004.A.5 or a project in a Master
19 Planned Community zone that meets the requirements according to subsection 23.41.004.A.5
20 shall be exempt from design review if the applicant files a complete building permit application
21 while this ordinance is in effect, except that the applicant may elect to have the project be subject
22 to design review notwithstanding the preceding exemption.

1 2. Requests for departures. If a project is exempt from design review according to
2 subsection 23.41.004.E.1, the Director may consider requests for departures from the following
3 development standards in Title 23:

4 a. Requirements for bike rooms and the quantity of bike parking;

5 b. Requirements for the size of parking spaces;

6 c. Requirements for overhead weather protection;

7 d. Requirements for façade openings, articulation, and modulation and art
8 on the facades of buildings but not including limitations on structure width;

9 e. Requirements for the size and design of common recreational areas,
10 amenity areas, community rooms, and similar indoor amenities but not including any required
11 outdoor open space;

12 f. Requirements related to residential uses, transparency, blank facades,
13 and floor-to-floor height at street level, except as otherwise limited in subsection 23.41.012.B;
14 and

15 g. Other similar standards as determined by the Director, not including
16 those listed in subsection 23.41.012.B, that pertain to the interior of the building and do not
17 affect the size of the building envelope.

18 3. Departures decision. Requests for departures according to subsection
19 23.41.004.E.2 shall be evaluated by the Director, in consultation with the Office of Housing, in
20 light of the particular population designed to be served by the project, and may be granted by the
21 Director as a Type I decision if the departure would not impact the overall height, bulk, and scale
22 of the proposed building and would result in additional housing units meeting the standards of
23 subsection 23.41.004.A.5 being constructed.

1 Section 3. Subsection 23.41.008.E of the Seattle Municipal Code, which section was last
2 amended by Ordinance 125662, is amended as follows:

3 **23.41.008 Design Review general provisions**

4 * * *

5 E. Meetings of the Design Review Board

6 1. Notice of Design Review Board meetings shall be given as described in
7 subsection 23.76.015.C.

8 2. All meetings of the Design Review Board shall be held in the evening in a
9 location that is accessible and conveniently located in the same design review district as the
10 proposed project, except that the East Board may meet in either the East or Central Area
11 district, except that the foregoing requirements of subsection 23.41.008.E.2 are suspended for
12 meetings that do not involve in-person contact according to subsection 23.41.004.D. Board
13 meetings are open to the general public. The actions of the Board are not quasi-judicial in
14 nature.

15 3. Design Review Board meetings are limited to the maximum number
16 described in Table B for 23.41.008.

¹ There is no limit to the number of Board meetings when:
The project lot is abutting or across the street from a lot in a single-family zone;
The development proposal includes a Type IV or Type V Master Use Permit component as described in Chapter 23.76; or

Departures are requested, unless the project applicant elects the MHA performance option according to Sections 23.58B.050 or 23.58C.050.

² The Director may require additional Design Review Board meetings according to subsection 23.41.008.E.4.

4 * * *

5 B. Community outreach

6 1. Applicants shall prepare a community outreach. The outreach plan shall
7 include, at minimum, the following outreach methods: printed, electronic or digital, and in-
8 person; except that, while this ordinance is in effect, ~~electronic or digital methods~~ a high impact
9 electronic or digital outreach method from Seattle Department of Construction and Inspections
10 Director's Rule 4-2018, or its successor rule, that is not already being used to meet the electronic
11 or digital outreach requirement, shall satisfy the requirement for in-person outreach methods
12 regardless of the contents of an outreach plan, and a project may ~~proceed to the be~~ scheduled for
13 an early design guidance ~~process~~ meeting, to the extent such a meeting may be held according to
14 subsection 23.41.004.D, notwithstanding a lack of in-person outreach.

15 2. Applicants shall document compliance with the community outreach plan and
16 submit documentation demonstrating compliance to the Director prior to the scheduling of the
17 early design guidance meeting. The Director shall make the documentation available to the
18 public. The documentation shall include:

19 a. A summary of the outreach completed to comply with the outreach plan,
20 including a list and description of the outreach methods used, dates associated with each method,
21 and a summary of what the applicant heard from the community when conducting the outreach;

22 and

23 b. Materials to demonstrate that each outreach method was conducted.

1 **23.49.036 Planned community developments (PCDs)**

6 PCD. These priorities shall be prepared prior to application for a Master Use Permit. They shall
7 include priorities for public benefits listed in subsection 23.49.036.F and priorities for
8 implementing the goals of the Comprehensive Plan, including adopted neighborhood plans for
9 the area affected by the PCD, and a determination of whether the proposed PCD may use public
10 right-of-way area to meet the minimum site size set forth in subsection 23.49.036.E. Before the
11 priorities are prepared, the Director shall cause a public meeting to be held to identify concerns
12 about the site and to receive public input into priorities for public benefits identified in adopted
13 neighborhood plans and subsection 23.49.036.F. Notice for the meeting shall be provided
14 pursuant to Section 23.76.011. The Director shall prepare priorities for the PCD taking into
15 account comments made at the public meeting or in writing to the Director, and the criteria in
16 this Section 23.49.036. The Director shall distribute a copy of the priorities to all those who
17 provided addresses for this purpose at the public meeting, to those who sent in comments or
18 otherwise requested notification, and to the project proponent((-)) , except that, while this
19 ordinance is in effect, the following provisions shall apply in lieu of the requirement for a public
20 meeting:

21 1. Before the priorities are prepared, the applicant shall consult with the
22 Department of Neighborhoods to prepare a community outreach plan for conducting public

1 outreach to identify concerns about the site and receiving public input into priorities for public
2 benefits identified in adopted neighborhood plans and subsection 23.49.036.F;

3 2. Upon approval of the outreach plan by the Department of Neighborhoods, the
4 plan shall govern while this ordinance is in effect and the applicant shall submit to the Director
5 documentation of the public outreach conducted and a summary of public input received;

6 3. The Director shall prepare priorities for the PCD taking into account comments
7 made during public outreach or in writing to the Director, and the criteria in this Section
8 23.49.036; and

9 4. The Director shall distribute a copy of the priorities to all those who provided
10 addresses for this purpose during public outreach, to those who sent in comments or otherwise
11 requested notification, and to the project proponent.

17 D. Review

18 1. Review when no special review board is established

19 a. When there is no special review board, the Department of
20 Neighborhoods Director shall, within 30 days of a determination that an application for a
21 certificate of approval is complete, determine whether the proposed action is consistent with the
22 use and development standards for the district and shall, within 15 additional days, issue, issue
23 with conditions, or deny the requested certificate of approval.

1 b. A copy of the Department of Neighborhoods Director's decision shall
2 be sent to the Director and mailed to the owner and the applicant at the addresses provided in the
3 application. Notice of the Director's decision also shall be provided to any person who, prior to

7 a. When a special review board has been established, the board shall hold
8 a public meeting to receive comments on certificate of approval applications.

9 b. Notice of the board's public meeting shall be posted in two prominent
10 locations in the district at least three days prior to the meeting.

11 c. The board, after reviewing the application and considering the
12 information received at the public meeting, shall make a written recommendation to the
13 Department of Neighborhoods Director to grant, grant with conditions, or deny the certificate of
14 approval application based upon the consistency of the proposed action with the requirements of
15 this Chapter 23.66, the district use and development standards, and the purposes for creating the
16 district. The board shall make its recommendation within 30 days of the receipt of a completed
17 application by the board staff, except that the applicant may waive the deadlines in writing for
18 the special review board to make a recommendation or the Director of the Department of
19 Neighborhoods to make a decision, if the applicant also waives any deadlines on the review or
20 issuance of related permits that are under review by the Seattle Department of Construction and
21 Inspections.

1 d. The Department of Neighborhoods Director shall, within 15 days of
2 receiving the board's recommendation, issue or deny a certificate of approval or issue an
3 approval with conditions.

4 e. A copy of the decision shall be sent to the Director and mailed to the

6 be provided to any person who, prior to the rendering of the decision, made a written request for
7 notice of the decision, or submitted substantive written comments on the application.

8 3. Notwithstanding any contrary provision of Section 23.66.020 or Title 23, while this
9 ordinance is in effect, applications for certificates of approval, [in the Pioneer Square](#)
10 [Preservation District](#), whether pending or filed during the foregoing period, for the following
