social service organizations and individuals with direct lived experience to include persons experiencing homelessness, mental illness, and substance use disorders.

The contracted community-based organization shall possess expertise in harm reduction and alternative responses to the traditional criminal legal system, such as Decriminalize Seattle, King County Equity Now, or the Public Defender Association

Renumber the following sections of the bill, as appropriate.

Effect: This amendment would cut \$50,000 GF from FAS for jail contract services in anticipation of a potential extension of a waiver from King County that would reduce jail costs from October through December. This amendment would add \$50,000 General Fund to HSD's Preparing Youth for Success budget. The amendment would also impose a proviso on the HSD funds to develop a Plan for a community visioning process that will result in recommendations on scaling a non-police 911 response system. This Plan must identify any new funding necessary to carry out this work.

If the jail contract waiver is not extended from October through December, cutting funds from FAS for the contract may result in FAS having to find another source of funding to pay for this portion of the contract costs.
