\*Term begin and end date is fixed and tied to the position and not the appointment date.

## Joel Paisner

### Practice and Background

Joel brings over thirty years of experience advising, representing and providing strategic advice to businesses and governmental entities. His practice today is focused in the energy and telecommunications sectors, and serving as general counsel to electric utilities in Washington and Alaska.

Joel has worked on a wide variety of issues facing electric utilities from project development work to community solar projects, to operational issues, and labor issues. Joel's telecommunication experience involves work for both corporations and utilities assisting with deployment of facilities and negotiating strategic agreements. His corporate work includes representation of wireless carriers and service providers, fiber optic providers, cable companies, and covers all aspects of deployment of facilities and operational issues. Joel has been involved in siting work for many years. Joel also works with electric utilities throughout the Pacific Northwest and Alaska, advising management and boards on a wide range of issues in this increasingly dynamic area.

Beyond Joel's years in private practice, he has corporate in-house experience, having served as counsel to InterNAP Network Services, and as Vice President for the Pacific Northwest Region for Western Integrated Networks, an early fiber-to-the-home cable television company.

Joel comes to Ascent Law Partners after working at Ater Wynne, LLP for fifteen years, where he was Chair of the Energy Practice and Telecommunications practice and Managing Partner of the Seattle office. Joel began his career as a Senior Deputy Prosecuting Attorney for the Civil Division of King County, representing a wide variety of county agencies, and work included land use, construction and rights-of-way issues.

Recent transactions include negotiating a unique joint venture agreement between a national wireless carrier and electric utility involving shared use of facilities, frequency lease swaps, MVNO development, wireless broadband and LTE deployment in a difficult terrain and local regulatory environment. Electric utility work includes serving as counsel to Jefferson County Public Utility District in its successful purchase of Puget Sound Energy's distribution assets, the first new public electric utility established in Washington state in over 60 years.
