Staats Family Trust, located in a portion of Lots 6 and 7, Block 35, Rainier Beach), for the purpose of protecting the adjacent roadway of superficial surface erosion of the adjacent slopes along a portion of Rainier Avenue South; placing the real property rights under the jurisdiction of the Seattle Department of Transportation; and ratifying and confirming certain prior acts.

WHEREAS, the Landslide Mitigation Project under the Hazard Mitigation Program (the “Project”) provides the Seattle Department of Transportation (SDOT) with the resources to identify landslide concerns that affect the right-of-way and prioritize and make repairs as necessary to maintain public safety; and

WHEREAS, historically, many landslide occurrences have been recorded along Rainier Avenue South between South Carver Street and South Norfolk Street (“Impacted Area”), and in 1998, the City closed 1,000 linear feet of sidewalk in response to the landslide vulnerabilities in the area; and

WHEREAS, in 2000, SDOT commissioned a geotechnical consultant to perform a slope reconnaissance along the Impacted Area that determined this area to be a moderate to high risk landslide hazard; and

WHEREAS, in April 2013, SDOT closed a segment of the Impacted Area, between 57th Avenue South and

Cornell Avenue South (the “Street Segment”) in response to one of the most recent landslides that blocked Rainier Avenue South; and

WHEREAS, Ordinance 124374 was subsequently passed to accept an easement to construct and maintain a retaining wall along a portion of this Street Segment to mitigate potential adverse impacts due to a high probability of reoccurrence of landslide activity; and

WHEREAS, to that end, the City took permanent measures to restore and stabilize the steep slope above that portion of this Street Segment to prevent further slope erosion and protect the integrity of the roadway; and

WHEREAS, since these repairs, several more landslides have occurred in the area; and

WHEREAS, the City recognizes that more work needs to be done to stabilize an extended area of the steep slope along Rainier Avenue South from South Fletcher Street to the South City Limits near South Ryan Street (“Rainier Corridor”); and

WHEREAS, SDOT recently conducted an evaluation that identified five sites within the Rainier Corridor that are vulnerable to landslide activity and need work; and

WHEREAS, the Project recently received funding to facilitate the necessary repairs; and

WHEREAS, it is in the City’s best interest to take permanent measures to prevent further slope erosion by restoring and arresting future superficial surface erosion debris from entering the right-of-way; and

WHEREAS, the Project work will include characterizing the adjacent slope, placing catchment walls to recover the existing sidewalk, and rebuilding failed sidewalk panels; and

WHEREAS, the City Council must accept the permanent catchment wall easements granted by various private property owners to build a catchment wall along the impacted slope areas to prevent further surface debris flow and complete the Project; and

WHEREAS, Project completion will immediately reduce landslide hazards to Rainier Avenue South, reduce annual maintenance cost for landslide cleanup, and initiate the reopening of the closed sidewalk for

public access; NOW, THEREFORE,
