CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to land use and zoning; amending Section 25.05.800 of the Seattle Municipal Code to repeal the categorical exemption for SEPA review of proposed "infill" development.

WHEREAS in 2003, the law governing infill development categorical exemptions (RCW 43.21C.229) was

enacted by the state of Washington to encourage growth consistent with the Growth Management Act;

and

WHEREAS the infill development categorical exemptions are allowed to be applied by local governments

within an urban growth area, when the environmental impacts of such exemptions and of a comprehensive plan have been considered, and where density and intensity objectives for growth areas are included in a comprehensive plan; and

WHEREAS in 2012, The City of Seattle adopted infill development categorical exemptions for Urban Centers and Urban Villages that contain a Station Area Overlay District; and

WHEREAS anticipated 2015 amendments to Seattle's Comprehensive Plan will include growth estimates for only Urban Centers until growth estimates are adopted for Urban Villages, as part of the Comprehensive Plan amendments City Council will consider in 2016; and

WHEREAS the amendments in this legislation are intended to temporarily repeal the infill development categorical exemptions until such time as the City Council reinstates them with legislation following the adoption of new Urban Village growth estimates into the Comprehensive Plan, NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Subsection 25.05.800.A of the Seattle Municipal Code, which section was last amended by Ordinance 124843, is amended as follows:

25.05.800 Categorical exemptions

The proposed actions contained in this Subchapter IX are categorically exempt from threshold determination and EIS requirements, subject to the rules and limitations on categorical exemptions contained in Section 25.05.305.

A. Minor new construction ((--)); flexible thresholds

1. The exemptions in this subsection 25.05.800.A apply to all licenses required to undertake the construction in question. To be exempt under this Section 25.05.800, the project shall be equal to or smaller than the exempt level. For a specific proposal, the exempt level in subsection 25.05.800.A.2 shall control. If the proposal is located in more than one city or county, the lower of the agencies' adopted levels shall control, regardless of which agency is the lead agency. The exemptions in this subsection 25.05.800.A apply except

when the project:

- a. Is undertaken wholly or partly on lands covered by water;
- b. Requires a license governing discharges to water that is not exempt under RCW

43.21C.0383;

- c. Requires a license governing emissions to air that is not exempt under RCW

43.21C.0381 or WAC 197-11-800 (7) or 197-11-800 (8); or

- d. Requires a land use decision that is not exempt under subsection 25.05.800.F.

2. The following types of construction are exempt, except when undertaken wholly or partly on lands covered by water or unless undertaken in environmentally critical areas listed in subsection 25.05.908.A:

- a. The construction or location of residential or mixed-use development containing no more than the number of dwelling units identified in Table A for 25.05.800;

d. The construction of a parking lot designed for 40 or fewer automobiles, as well as the addition of spaces to existing lots up to a total of 40 spaces;

e. Any fill or excavation of 500 cubic yards or less throughout the total lifetime of the fill or excavation; and any excavation, fill or grading necessary for an exempt project in subsections 25.05.800.A.2.a, 25.05.800.A.2.b, 25.05.800.A.2.c, or 25.05.800.A.2.d shall be exempt.

f. Mixed-use construction, including but not limited to projects combining residential and commercial uses, is exempt if each use, if considered separately, is exempt under the criteria of subsections 25.05.800.A.2.a through 25.05.800.A.2.d, unless the uses in combination may have a probable significant adverse environmental impact in the judgment of an agency with jurisdiction (see subsection 25.05.305.A.2.b);

g. In zones not specifically identified in this subsection 25.05.800.A, the standards for the most similar zone addressed by this subsection 25.05.800.A apply.

h. For the purposes of this subsection 25.05.800.A, "mixed-use development" means development having two or more principal uses, one of which is a residential use comprising 50 percent or more of the gross floor area.

i. To implement the requirements of Table((s)) A for 25.05.800 and Table B for 25.05.800, the Director shall establish exemption limits by rule for each urban center and each urban village containing a SAOD to assure that proposed development that could cause growth targets in Appendix A of the

Comprehensive Plan's Urban Village Element to be exceeded is subject to SEPA review. The exemption limits shall contain a "cushion" to assure that development does not exceed growth targets without SEPA review, provided that the cushion shall be at least 10 percent of the residential or employment growth targets established in the Comprehensive Plan; and

j. The Director shall monitor residential and employment growth and publish quarterly a determination of growth for each urban center and urban village containing a SAOD. Residential growth shall include, but need not be limited to, net new units that have been built and net new units in projects that have received a building permit but have not received a certificate of occupancy. If the Director determines that exemption limits have been reached for an urban center or urban village containing a SAOD, subsequent development is not categorically exempt from SEPA review pursuant to RCW 43.21C.229.
