Section 3. Subsection 23.88.020.A of the Seattle Municipal Code, which section was last amended by Ordinance 124843, is amended as follows:

**23.88.020 Land use interpretations**

A. Interpretations generally. A decision by the Director as to the meaning, application, or intent of any development regulation in this Title 23 or in Chapter 25.09, Regulations for Environmentally Critical Areas, as it relates to a specific property, or a decision by the Director upon review of a determination of consistency of a proposed project with a planned action ordinance, is known as an “interpretation.” An interpretation may be requested in writing by any person or may be initiated by the Director. Procedural provisions and statements of policy are not subject to the interpretation process. A decision by the Director that an issue is not subject to an interpretation request is final and not subject to administrative appeal. A request for an interpretation ((§)) and a subsequent appeal to the Hearing Examiner, if available, are not administrative remedies that must be exhausted before judicial review of a decision subject to interpretation may be sought. An interpretation decision by the Director may affirm, reverse, or modify all or any portion of a Type I or Type II land use decision.

Section 4. Applicability. This ordinance applies to every request for interpretation received by the Department: (1) before the effective date of this ordinance, if the Department has not provided notice of the interpretation to the person requesting it on or before the effective date of this ordinance; or (2) on or after the effective date of this ordinance.

Section 5. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.
