## CITY OF SEATTLE

## ORDINANCE \_\_\_\_\_

## COUNCIL BILL \_\_\_\_\_

AN ORDINANCE relating to employment in Seattle; adding a new Chapter 14.36 to the Seattle Municipal Code; and establishing a retirement-savings program for certain employees working in Seattle.

WHEREAS, an expanding population of workers in Seattle, as elsewhere in the United States, are failing to  
save adequately for their retirement; and

WHEREAS, although Social Security does provide some basic retirement income, it is insufficient to meet

living costs during retirement and must be complemented by other sources of retirement savings, and a

2013 survey by AARP, titled “Not Making the Grade,” found that 24 percent of Washingtonians aged 45 to 64 had less than \$25,000 in savings and that 81 percent wished they had saved more for their retirement; and

WHEREAS, the growing issue of retirement security is partially due to diminishing access of many employees to workplace retirement savings plans, in addition to the challenges of wage stagnation and increased living costs facing low and middle-income workers; and

WHEREAS, a 2016 Pew Charitable Trusts study conducted for The City of Seattle found that 40 percent of employees in the Seattle metropolitan area do not have access to a workplace retirement savings plan; and

WHEREAS, the aforementioned 2016 Pew Charitable Trusts study found that people of color and employees of small businesses in the Seattle metropolitan area are particularly disadvantaged in terms of access to retirement plans; and

WHEREAS, it is well established that individuals are far more likely to save for retirement if an option is made available to them in their workplace, especially if they are automatically enrolled into a retirement savings plan; and

WHEREAS, by providing an efficient and cost-effective way to save for retirement, the Seattle Retirement Savings Plan would provide workers the opportunity to improve their own retirement security and reduce inequities; and

WHEREAS, the Seattle Retirement Savings Plan is also expected to protect the City’s financial well-being as the cost of insufficient retirement savings is borne in part by higher spending on social services; and

WHEREAS, the Mayor’s 2018 Proposed Budget allocates \$200,000 to begin an efficient implementation of the Seattle Retirement Savings Plan; NOW, THEREFORE,

**BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

Section 1. A new Chapter 14.36 is added to the Seattle Municipal Code as follows:

## **CHAPTER 14.36 SEATTLE RETIREMENT SAVINGS PLAN**

### **14.36.010 Findings**

The City Council makes the following findings of fact and declarations:

A. In 2016, Pew Charitable Trusts conducted a study for the City, reporting that 40 percent of employees in the Seattle metropolitan area do not have access to a workplace retirement savings plan. Applying this figure to Seattle, an estimated 200,000 Seattle workers and their families do not have access to a workplace retirement savings plan.

B. People of color in the Seattle metropolitan area are particularly disadvantaged in terms of access to retirement plans. In the 2016 Pew Charitable Trusts study cited in subsection 14.36.010.A, Pew also reported that 45 percent of black employees, 54 percent of Latino employees, and 47 percent of Asian employees lacked access to a workplace retirement savings plan compared to 37 percent for white employees.

C. The 2016 Pew Charitable Trusts study cited in subsections 14.36.010.A and 14.36.010.B also found that employees of small businesses are especially unlikely to have access to a workplace retirement program, and that 68 percent of employees in the Seattle metropolitan area at firms with under 50 employees lack access to a workplace retirement savings plan.

D. Individuals are far more likely to save for retirement if an option is made available to them in their workplace, especially if they are automatically enrolled into a retirement savings plan.

E. Providing an efficient and cost-effective way to save for retirement will help smaller employers and people of color close the inequitable gap in retirement savings, and improve their retirement security.

F. A retirement savings plan for Seattle workers would help protect the finances of the City by lessening the higher spending on social services that results from insufficient retirement savings.

### **14.36.020 Definitions**

#### **14.36.060 Rules for SRSP**

E. Set minimum, maximum, and default contribution levels in accordance with limits established by the Internal Revenue Code;

F. Establish the process for withdrawals from SRSP accounts;

G. Establish whether the definition of "covered employer" should be limited to employers with at least a certain number of eligible employees, considering the number of employees that would be affected, the approximate costs of participation in SRSP for smaller employers, the objectives of the SRSP, and the approach taken to defining covered employers in other City regulations related to private employment;

H. Establish whether the definition of "eligible employee" should be limited to employees customarily working a certain number of hours per month in the Seattle city limits, considering the approximate costs of participation in SRSP, the objectives of the SRSP, and the approach taken to defining eligible employees in

other City regulations related to private employment;

4. How to participate in the SRSP with a level of contributions other than the default rate;

5. The process for withdrawal of retirement savings;

8. That the SRSP is not an employer-sponsored retirement plan;

9. Any contribution limits and salary requirements under the Internal Revenue Code applicable to an employee's account; and

10. That the SRSP accounts and rate of return are not guaranteed by the City, participating employers, or any other parties.

#### **14.36.070 Confidentiality of account information**

Individual account information for accounts under the SRSP is confidential to the extent allowed by law. A person who either provides or is the subject of the individual account information may agree expressly in

writing that the information may be disclosed.

#### **14.36.080 Seattle Retirement Savings Plan Administrative Fund**

A. The Seattle Retirement Savings Plan Administrative Fund is established in the City budget, separate and distinct from the General Fund. Interest earned by the Seattle Retirement Savings Plan Administrative Fund shall be credited to the fund.

B. The Board may use the moneys in the fund to pay the administrative costs and expenses of the Board and the SRSP and for any other purpose described in this Chapter 14.36.

#### **14.36.090 Seattle Retirement Savings Plan Trust**

There is hereby created as an instrumentality of the City a trust to be known as the Seattle Retirement Savings Plan Trust.

A. The Board shall appoint an institution qualified to act as trustee of IRA trusts or insurance company issuing annuity contracts under Section 408 of the Internal Revenue Code and licensed to do business in the City to act as trustee.

B. The assets of IRAs established for participating employees shall be allocated to the trust and combined for investment purposes. Trust assets shall be managed and administered for the exclusive purposes of providing benefits to participating employees of the SRSP and defraying reasonable expenses of administering and maintaining, and managing investments, of the IRAs and the Trust, including the expenses of the Board under Section 14.36.035.

C. The Board shall establish within the trust several investment funds, each pursuing an investment strategy and policy established by the Board. The Board shall establish at least three “core” investment funds, which shall be diversified so as to minimize the risk of large losses under the circumstances, and may establish one or more “non-core” investment funds that participating employees may select. The Board may, at any time and from time to time, add, replace, or remove any investment fund.

D. The Board may allow participating employees to allocate assets of their IRAs among such

investment funds and in such case, the Board also may designate an investment fund as a default investment for the IRAs of participating employees who do not make an investment choice.

E. Subject to subsection 14.36.090.F, the Board, in consultation with such third-party professional investment advisers, managers, or consultants as it may retain, shall establish each investment fund. Such investment funds may include mutual funds, index funds, collective funds, separately managed accounts, exchange-traded funds, or other pooled investment vehicles that are generally available in the market place. The Board shall not direct that any investment fund or any other entity make any investment in any bond, debt instrument, or other security issued by the City.

F. The Board may, in its discretion, retain an investment adviser to select and manage the investments of an investment fund on a discretionary basis, subject to the Board's ongoing review and oversight.

G. The trustee shall be subject to directions of the Board under subsection 14.36.090.E or an investment adviser under subsection 14.36.090.F and shall otherwise have no responsibility for the selection, retention, or disposition of trust investments or assets.

H. The assets of the trust shall at all times be preserved, invested, and expended solely for the purposes of the trust and no property rights therein shall exist in favor of the City or any covered employer. Trust assets shall not be transferred or used by the City for any purposes other than the purposes of the trust or funding the expenses of operating the SRSP. Amounts deposited with the trustee shall not constitute property of the City and shall not be commingled with City funds and the City shall have no claim to or against, or interest in, the trust assets.

I. The assets of the trust shall at all times be held separate and apart from the assets of the City. None of the City, the SRSP, the Board, any Board member, or any covered employer shall guarantee any investment, rate of return, or interest on amounts held in the trust, an investment fund, or any IRA. None of the City, the SRSP, the Board, any Board member, or any covered employer shall be liable for any losses incurred by trust investments or otherwise by any participating employee or other person as a result of participating in the SRSP,

including but not limited to any and all claims of damage or loss alleged to arise from a participating employee's investment elections, any failure to make such investment elections, or the selection of the investment funds offered in the SRSP.

#### **14.36.100 Prerequisites to establishing the SRSP**

A. Before establishing the SRSP and providing for enrollment, the Board shall:

1. Conduct a market analysis to determine the feasibility and projected impacts of the SRSP, as described in this Chapter 14.36; and
2. Obtain legal advice to determine whether the SRSP conflicts with or is preempted by state or federal law, including the Employee Retirement Income Security Act of 1974 (29 U.S.C. § 1001 et seq.) and the Internal Revenue Code.

B. If, following the market and legal analyses described in subsection 14.36.100.A, the Board determines that the SRSP described in this Chapter 14.36 is unfeasible, then the Board shall propose any reasonable changes necessary to make the SRSP feasible. If the Board finds that the SRSP cannot be made feasible, the Board shall recommend to the City Council that the SRSP not be opened for enrollment.

C. The Board may coordinate with the efforts of states and other local governments as they pursue legal and administrative guidance for similar retirement savings programs.

#### **14.36.110 Annual reports**

The Board shall report in each calendar year to the Mayor and to an appropriate committee of the City Council detailing the Board's activities with respect to the SRSP.

#### **14.36.120 Assistance with outreach, technical assistance, and compliance services**

The Board shall enlist City departments and/or the third-party plan administrator to:

- A. Provide employer outreach, technical assistance, or compliance services for the Board; and
- B. Develop a plan for providing such employer outreach, technical assistance, or compliance services for the Board.

## Section 2. Initial report of the Board

The Seattle Retirement Savings Plan Board of Administration (Board) shall report to the Mayor and to an appropriate committee or interim committee of the City Council on or before December 31, 2018. The report must include:

- A. The results of the market analysis sought by the Board under Section 14.36.100 of the Seattle Municipal Code;
- B. The findings from legal advice obtained by the Board under Section 14.36.100 of the Seattle Municipal Code;
- C. Recommendations regarding how best to approach enforcement of employers' required participation and appropriate penalties for failure to participate;
- D. Any changes to the Seattle Retirement Savings Plan (SRSP) by the Board, or its recommendation that the SRSP not be opened for enrollment, under subsection 14.36.100.B of the Seattle Municipal Code;
- E. An analysis of potential costs to employers, including administrative costs, associated with providing automatic payroll deductions for participation in the SRSP, and recommendations on how to eliminate or reduce those costs through incentives, tax credits or other means;
- F. A draft of the request for proposals to solicit bids from plan administrators;
- G. A timeline for implementation of the SRSP;
- H. If the Board has determined pursuant to Section 14.36.100 of the Seattle Municipal Code that the SRSP is feasible and permissible to establish and implement, the Board shall determine the amount of additional funding needed for establishing, administering, and enforcing employer requirements in the SRSP. The Board shall coordinate with the City Council or, to the extent feasible, seek other funding to satisfy such additional expenses as needed for the establishment of the SRSP; and
- I. An overview of any contracts entered into by the Board in the performance of its duties; and
- J. Recommendations to the City Council regarding ways to increase financial literacy among Seattle

residents and workers.

Section 3. Except as provided in Section 14.36.100 of the Seattle Municipal Code, the Board shall establish the SRSP so that contributions may begin to be made to the SRSP no earlier than January 1, 2019 and no later than January 1, 2021.

Section 4. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.
