ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to citations and penalties in the Street and Sidewalk Use code; assessing citation penalties based on land use zoning and permit type; adding citation fee amounts to the Street Use Permit Fee Schedule; granting authority to annually adjust citation penalty fees; and amending Sections 15.91.016 and 15.91.030 and repealing Section 15.91.025 of the Seattle Municipal Code.

WHEREAS, the Seattle Department of Transportation (SDOT) Street Use Division is charged with regulating the use of the public right-of-way under Seattle Municipal Code (SMC) Title 15, Street and Sidewalk

Use code; and

WHEREAS, the primary purposes of regulating the right-of-way are to ensure mobility is maximized for the traveling public, protect the public's health and safety, ensure public infrastructure is installed or restored properly by private utilities and developments, and activate public spaces; and

WHEREAS, Street Use manages the right-of-way by reviewing and issuing permits, inspecting permitted work, and providing code enforcement for non-permitted or non-compliant uses of the right-of-way; and

WHEREAS, SMC Title 15 provides several options for code enforcement actions, including warnings, citations, notices of violation (NOV), stop work orders, emergency orders, and abatement; and

WHEREAS, SMC Chapter 15.91 authorizes SDOT to issue citations for violating specific portions of Title 15 and permit conditions, and citations fee amounts have not been holistically updated since they were first introduced in 2002; and

WHEREAS, Street Use inspectors follow SDOT's Swift and Certain enforcement process for enforcing violations in the public right-of-way to quickly address safety, access, or environmental problems and change the violator's behavior over time; and

WHEREAS, SDOT is proposing a new citation penalty structure be added to the Street Use Permit Fee Schedule that will be based on the land use zone adjacent to the violation's location to incentivize efficient and effective compliance with Title 15 and permit conditions, and to promote mobility and safety through the right-of-way; and

WHEREAS, SDOT will adjust the citation penalty fee amounts annually based on the Consumer Price Index as authorized by Ordinance 125185; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

The Director of Transportation shall prepare and recommend for adoption by the City Council a citation penalty fee schedule for violations of Title 15. b. The vendor has previously received two upheld citations for violating Chapter 15.17 for not being in possession of a Street Use vending permit as provided for in subsection 15.91.002.A.1 within a one-year period from the date the Director determines a new violation exists for not being in possession of a valid Street Use vending permit; or

~~c. The vendor has previously received two upheld citations for operating a vending unit that the City determines is insecure or unsafe as provided for in 15.04.070 within a one-year period from the date the Director determines that a new violation exists where the vending unit is insecure or unsafe; or~~

The warning may be mailed to the owner of the vending unit by first-class mail if the Director can determine by reasonable investigation the owner's mailing address. A warning may alternatively be hand-delivered to the operator of the vending unit; or if the operator is not present, the warning may be posted in a conspicuous manner on the vending unit. The warning shall include:~~

~~a. The Seattle Municipal Code provisions violated;~~

Section 3. Section 15.91.030 of the Seattle Municipal Code, last amended by Ordinance 123659, is amended as follows:

15.91.030 Abatement

Any public place on which there continues to be a violation of any of the provisions referenced in Section 15.91.002 after enforcement action taken according to this Chapter 15.91 is declared a nuisance and subject to abatement by the City in the manner authorized by law. ~~((Violations of subsection 15.91.002.A.6 shall be subject to abatement according to Section 15.91.025.))~~

Section 4. The Seattle Department of Transportation (SDOT) Street Use Permit Fee Schedule, Attachment A to Ordinance 125706, is amended by adding the Citation Penalty Fee Schedule attached as Attachment A to this ordinance.

Section 5. The Director shall adjust citation penalty fees annually in Attachment A based on changes in the purchasing power of the dollar during the preceding calendar year shown by the Consumer Price Index for Urban Wage Earners and Clerical Workers for Seattle-Tacoma-Bellevue, WA, First Six Months (CPI), published in or about August of each year by the U.S. Department of Labor Bureau of Labor Statistics. This annual adjustment is consistent with the annual CPI adjustments to be made on base and hourly fees in the SDOT Street Use Permit Fee Schedule, which authority was granted by Ordinance 125185.

Section 6. No adjusted fee shall be effective unless it is included in a schedule of adjusted fees the Director files with the City Clerk. The schedule shall state the year the fees shall first be in effect. If the Director files the schedule with the City Clerk on or before December 1 of the year before the stated year, the

adjusted fees shall become effective on January 1 of the stated year. Otherwise, the fees shall become effective on the first date that is a) at least 30 days after the date of filing and b) is the first day of a calendar month.

Section 7. The failure of the Director to adjust the fees for any given year shall not limit the Director's mandate and authority to adjust the fees in subsequent years, but in no case may the Director adjust the fees upward by more than ten percent at any one time.

Section 8. This ordinance shall take effect and be in force 30 days after its approval by the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it shall take effect as provided by Seattle Municipal Code Section 1.04.020.
