Section 2. Section 4 of the ordinance introduced as Council Bill 119812 is amended as follows:

((The appropriations in Section 2 of this ordinance, amending the 2020 Adopted Budget, shall be subject to the following provisos:

A. Of the funding appropriated to the Office of Economic Development's Business Services (BO-ED-X1D00) Budget Summary Level in the 2020 Adopted Budget, \$14.45 million of the funds shall be used to address the economic hardship small business owners and their employees, and nonprofit organizations and their employees, experience due to loss of business income, grant funding reductions, layoffs and reduced work hours for a significant percentage of this workforce as a result of the COVID-19 crisis and may be used for no other purpose. Up to five percent of these funds may be used for expenditures incurred by the department to administer the investments. The Council intends that this funding will be allocated as follows:

1. \$14.1 million to provide financial assistance to small business owners or operators and nonprofit organizations, with preference to brick and mortar small businesses, that would be used to reduce the economic hardship caused by COVID-19 crisis and assist small businesses and nonprofit organizations to comply with public health guidelines, thereby protecting the local economy by reducing the number of businesses or nonprofits that are permanently closed and jobs permanently lost due to the short and long term economic

~~impacts caused by COVID-19.~~

2. ~~\$315,000 to provide training, referral services, and technical assistance to support businesses, including assistance in preparing applications for federal or state loans or grants that provide direct financial assistance to small businesses to prepare such businesses for the road to recovery.~~
3. ~~The Council further intends that:~~
 - a. ~~Up to \$10,000 in financial assistance may be provided to any single eligible small business owner or nonprofit organization under this proviso.~~
 - b. ~~Assistance should be prioritized for businesses and nonprofit organizations who commit to not reducing wages and benefits provided prior to the COVID-19 emergency, and for business and nonprofit organizations who have historically, or recently, been unable to access other forms of assistance through state or federal programs available to support businesses, including businesses owned by Black, Indigenous, and people of color and those with limited English proficiency, and businesses in the creative industry. Any awards to those in the creative industry should be made in partnership with advocates in the creative industry sphere.~~
 - c. ~~For purposes of this proviso, an eligible “small business” is defined as a business with 25 or fewer full time equivalent employees (FTEs) and an eligible “nonprofit organization” is a nonprofit with 25 or fewer FTEs that provides community services that protect or enhance the health, safety, environment, or general welfare of people who live or work in Seattle.~~
 - d. ~~The Executive should develop eligibility criteria for small businesses who have been economically impacted by the COVID-19 crisis and for whom such assistance will provide economic benefits to the public by saving or creating jobs, moderating impacts to local tax revenue by supporting continue operations of small businesses and ensuring that businesses can modify operations as necessary to comply with public health guidance. Criteria should include consideration of equitably distributing financial assistance to small businesses and nonprofit organizations located in neighborhoods across Seattle. Further, businesses that have previously received financial assistance from the City’s Small Business Stabilization Fund are not eligible for additional assistance.~~

~~B. Of the funding appropriated to the Department of Education and Early Learning’s Early Learning (BO-EE-IL100) Budget Summary Level in the 2020 Adopted Budget, \$3.61 million of the funds shall be used to address the economic hardship child care providers and their employees experience due to loss of income, layoffs and reduced work hours for a significant percentage of this workforce as a result of the COVID-19 crisis and may be used for no other purpose. Up to five percent of these funds may be used for expenditures incurred by the department to administer the investments. The Council intends that:~~

1. ~~Up to \$10,000 in financial assistance may be provided to (1) any single eligible family child care provider and (2) other licensed child care providers that adhere to labor laws and has a commitment to labor harmony, under this proviso.~~
2. ~~Up to \$500 in financial assistance may be provided to any single eligible family, friends, and neighbors (FFN) child care provider under this proviso.~~

3. Assistance should be prioritized for child care providers who commit to not reducing wages and benefits provided prior to the COVID-19 emergency, and for providers who have historically, or recently, been unable to access other forms of assistance through state or federal programs available to support businesses.
 4. For purposes of this ordinance (1) family child care is generally defined as licensed child care for mixed-age children and youth (0-12 years) provided by individuals operating in residential homes; and (2) FFN child care is generally defined as an individual who is exempt from child care licensing requirements and provides in-home child care. FFN providers include grandparents, aunts and uncles, elders, older siblings, friends, neighbors, and others who help families by providing child care.
 5. The Executive should develop eligibility criteria for child care providers who have been economically impacted by the COVID-19 crisis and for whom such assistance will provide economic benefits to the public by saving or creating jobs, providing essential child care services as people return to work, and ensuring that child care providers can modify operations as necessary to comply with public health guidance.
- C. Of the funding appropriated to the Human Services Department's Addressing Homelessness (BO-HS-H3000) Budget Summary Level in the 2020 Adopted Budget, \$32.64 million of the funds shall be used to address housing insecurity by funding housing programs and services that support low-income households and people experiencing homelessness and may be used for no other purpose. Furthermore, none of the money so appropriated may be spent by the Department on congregate shelter. Up to five percent of these funds may be used for expenditures incurred by the department to administer the investments. The Council intends that the City will partner with CBOs that have a history of trust and success in reaching low-income communities and people experiencing homelessness, including experience reaching those who are traditionally marginalized or typically face barriers to enrolling in assistance programs, such as, but not limited to, language barriers, and other historically marginalized communities, to distribute the funds as follows:
1. \$19.5 million for existing homelessness prevention programs, rental assistance that serve individuals and families such as the United Way of King County's Home Base program and other programs to provide rental assistance; and

- D. Of the funding appropriated to the Office of Housing's Homeownership & Sustainability (BO-HU-2000) Budget Summary Level in the 2020 Adopted Budget, \$1.1 million of the funds shall be used for mortgage counseling and foreclosure prevention programs, including costs for housing counselors, legal aid, service coordination, and direct financial assistance. The Council intends that the City will partner with CBOs that have a history of trust and success in reaching low-income communities, including experience reaching those who are traditionally marginalized or typically

face barriers to enrolling in assistance programs, such as, but not limited to, language barriers, and other historically marginalized communities. Up to five percent of these funds may be used for expenditures incurred by the department to administer the investments.

Eligible service and operating costs can include, but are not limited to: personal protective equipment, overtime or premium pay for staff, food service, or cleaning supplies. Up to five percent of these funds may be used for expenditures incurred by the department to administer the investments.
- F. Of the funding appropriated to the Office of Immigrant and Refugee Affairs' (BO-IA-X1N00) Budget Summary Level in the 2020 Adopted Budget, \$17.05 million shall be for (1) direct financial assistance to Seattle's low-income immigrant and refugee workers and households who have experienced the economic impacts caused by the COVID-19 crisis, and (2) to advise potential recipients of this temporary financial assistance to ensure it will not impact the recipients eligibility for, or result in loss of, any other income-tested benefits; and may be used for no other purpose. Furthermore, \$1.05 million shall be for programs and services that provide language access support for low-income people who need help accessing and understanding federal, state and local assistance programs and may be spent for no other purpose. Up to 11 percent of these funds may be used for expenditures incurred by the department to administer the investments. The Council intends the following:
1. Prior to the expenditure of any funds for direct financial assistance, the Executive will partner with CBOs who have a history of trust and success in reaching immigrant and refugee communities to provide such assistance, such as the organizations who worked with the City to distribute emergency grocery vouchers.
 2. Assistance should include direct cash assistance, including pre-paid debit or credit cards, or other services to assist with basic living expenses. The maximum amount of financial assistance provided per individual will not exceed \$1,000.
 3. CBOs will determine the eligibility, including criteria to confirm income eligibility, prioritizing those who experience structural or institutional barriers to accessing support from the government (e.g. language barriers, risk of deportation), are ineligible for other federal or state emergency assistance, or are receiving such assistance in a limited or delayed manner that does not meet their needs, or those who have had or whose families have had adverse health impacts from COVID. Requests for documentation of eligibility should comply with Seattle Municipal Code Section 4.18.015, should not impose an unnecessary burden on those applying for assistance, and should not unnecessarily delay the approval and distribution process.

Up to five percent

~~of these funds may be used for expenditures incurred by the department or the CBOs to administer the investments.~~

~~The Council intends that vouchers will be made available for use at grocery stores participating in the existing Emergency Grocery Voucher program and expanded to include other community grocers and farmers markets. The Council intends that the Executive will work with CBOs that currently enroll people in the Fresh Bucks program to expand the use of vouchers by identifying culturally appropriate neighborhood grocers to participate in the voucher program.))~~
