ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to land use review decision and meeting procedures; temporarily modifying and suspending procedures in Titles 23 and 25 of the Seattle Municipal Code and amending Chapters 23.41, 23.49, 23.66, 23.79, 25.12, 25.16, 25.20, 25.21, 25.22, 25.24, and 25.30 of the Seattle Municipal Code. WHEREAS, the COVID-19 pandemic continues to preclude holding in-person public meetings by the Design

Review Board and various other City boards; and

WHEREAS, the Seattle City Council adopted, and the Mayor signed, Ordinance 126072 to facilitate virtual meetings and virtual public outreach, allow projects to elect to be processed through administrative design review while the Seattle Department of Construction and Inspections (SDCI) worked to set up a system for virtual Design Review Board meetings, and allow various processes related to historic preservation to be handled administratively in recognition of the reduced capacity of the relevant boards when holding virtual meetings, and

WHEREAS, SDCI has been working diligently to set up virtual Design Review Board meetings but the rollout of such a system involves difficult issues and is taking considerable time and is ongoing; and

WHEREAS, Ordinance 126072 was effective for a limited time; and

WHEREAS, in light of the continuing COVID-19 pandemic and the continuing issues related to setting up and holding virtual meetings, the need for provisions to address many of the matters addressed by Ordinance 126072 remains; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Low-income populations have increased risks of contracting, transmitting, suffering complications, and dying from COVID-19. These populations include low-income seniors and persons at risk of, or exiting, homelessness. Closure of non-essential businesses to mitigate risk of community transmission of COVID-19 has increased unemployment and put more people at risk of homelessness. Since passage of Ordinance 126072, seventeen affordable housing projects have taken advantage of the exemption from design review provided by that ordinance. At least five additional affordable housing projects have indicated an intent to take advantage of the exemption, if it is extended. Projects reviewed pursuant to Ordinance 126072 and those that have indicated an intent to utilize the exemption if it is extended, represent 2,756 new affordable units, 555 of which would serve people exiting homelessness and 263 of which would serve seniors and

veterans experiencing chronic homelessness. The remainder would serve low-income families and individuals who may be more at risk of homelessness due to increased unemployment. An exemption from design review will accelerate the timeline for these projects, advancing the date when units serving these populations will be put in service. Based on the foregoing facts, the Council finds that an exemption from conducting SEPA review of the proposed design review exemption is necessary under Seattle Municipal Code Section 25.05.880 in order to expedite development of affordable housing serving populations vulnerable to COVID-19.

Section 2. Section 23.41.004 of the Seattle Municipal Code, last amended by Ordinance 126072, is amended as follows:

23.41.004 Applicability

A. Design review required

1. Subject to the exemptions in subsection 23.41.004.B, design review is required in the following areas or zones when development is proposed that exceeds a threshold in Table A or Table B for 23.41.004:

- a. Multifamily;
- b. Commercial;
- c. Seattle Mixed;
- d. Downtown; and
- e. Stadium Transition Area Overlay District as shown in Map A for 23.74.004, when the

width of the lot exceeds 120 feet on any street frontage.

2. Subject to the exemptions in subsection 23.41.004.B, design review is required in the following areas or zones when commercial or institution development is proposed that exceeds a threshold in Table A or Table B for 23.41.004:

- a. Industrial Buffer; and
- b. Industrial Commercial.

3. The gross floor area of the following uses is not included in the total gross floor area of a development for purposes of determining if a threshold is exceeded:

- a. Religious facilities;
- b. Elementary and secondary schools;
- c. Uses associated with a Major Institution Master Plan (MIMP); or
- d. Development of a major institution use within a Major Institution Overlay (MIO)

district.

4. Any development proposal participating in the Living Building Pilot Program according to Section 23.40.060, regardless of size or site characteristics, is subject to full design review according to Section 23.41.014.

5. Any development proposal, regardless of size or site characteristics, is subject to the administrative design review process according to Section 23.41.016 if it receives public funding or an allocation of federal low-income housing tax credits, and is subject to a regulatory agreement, covenant or other legal instrument recorded on the property title and enforceable by The City of Seattle, Washington State Housing Finance Commission, State of Washington, King County, U.S. Department of Housing and Urban Development, or other similar entity as approved by the Director of Housing, which restricts at least 40 percent of the units to occupancy by households earning no greater than 60 percent of median income, and controls the rents that may be charged, for a minimum period of 40 years.

6. Any development proposal that is located in a Master Planned Community zone and that includes a request for departures, regardless of size or site characteristics, is subject to full design review according to Section 23.41.014. If a development proposal in a Master Planned Community zone does not include a request for departures, the applicable design review procedures are in Section 23.41.020.

7. Subject to the exemptions in subsection 23.41.004.B, design review is required for additions to existing structures when the size of the proposed addition or expansion exceeds a threshold in Table A or

Table B for 23.41.004. Administrative design review, as described in Section 23.41.016, is required for certain other additions to existing structures according to rules promulgated by the Director.

C. Optional design review

1. Design review. Development proposals that are not subject to design review may elect to be reviewed pursuant to the full, administrative, or streamlined design review process if:

a. The development proposal is in any zone or area identified in subsection 23.41.004.A.1 or 23.41.004.A.2 or in the Stadium Transition Area Overlay District, except development that is within a Master Planned Community zone is not eligible for optional design review; and

b. The development proposal does not include the uses listed in subsection 23.41.004.A.3.

2. Administrative design review. According to the applicable process described in Section 23.41.016, administrative design review is optional for a development proposal that is not otherwise subject to this Chapter 23.41 and is on a site that contains an exceptional tree, as defined in Section 25.11.020, when the ability to depart from development standards may result in protection of the tree as provided in Sections 25.11.070 and 25.11.080.

D. Temporary provisions for projects that elected administrative design review

1. The provisions of this subsection 23.41.004.D apply notwithstanding any contrary provision of this Title 23 or of Ordinance 126072.

2. If a project elected to be processed through administrative design review as allowed by subsection 23.41.004.D.3.a as that subsection was enacted by section 2 of Ordinance 126072, and as of the effective date of this ordinance the Department has not been able to make a virtual early design guidance meeting or virtual design review recommendation meeting available to such project despite the project being otherwise ready for such a meeting, the project may elect to continue to be processed through administrative

design review until a virtual meeting of the type for which the project is otherwise ready is made available or an in-person meeting is possible; provided that a project making such an election shall shift back to the full design review process no later than January 1, 2021, even if a virtual or in-person meeting is not made available by December 31, 2020. If the project so elects, no new notice that the project is being processed through administrative design review is required, unless the most recent notice did not reference that the project is being processed through administrative design review.

3. Notwithstanding any contrary provision of subsection 23.41.004.D.2, a project that elected to be processed through administrative design review as allowed by subsection 23.41.004.D.3.a as that subsection was enacted by section 2 of Ordinance 126072, and that completed the early design guidance process before the Department made a virtual early design guidance meeting available to such project, may elect to continue to be processed through administrative design review until December 31, 2020, and shift back to the full design review process on January 1, 2021, if the project has not completed design review through the administrative design review process by December 31, 2020. This election is available regardless of whether virtual or in-person meetings become possible before December 31, 2020. If the project so elects, no new notice that the project is being processed through administrative design review is required, unless the most recent notice did not reference that the project is being processed through administrative design review.

E. Temporary provisions for affordable housing projects

1. Notwithstanding any contrary provision of Title 23, a project subject to administrative design review according to subsection 23.41.004.A.5 or a project in a Master Planned Community zone that meets the requirements according to subsection 23.41.004.A.5 shall be exempt from design review if the applicant files a complete building permit application while this ordinance is in effect, except that the applicant may elect to have the project be subject to design review notwithstanding the preceding exemption.

2. Requests for departures. If a project is exempt from design review according to subsection 23.41.004.E.1, the Director may consider requests for departures from the following development standards in

Title 23:

- a. Requirements for bike rooms and the quantity of bike parking;
- b. Requirements for the size of parking spaces;
- c. Requirements for overhead weather protection;
- d. Requirements for facade openings, articulation, and modulation and art on the facades of buildings but not including limitations on structure width;
- e. Requirements for the size and design of common recreational areas, amenity areas, community rooms, and similar indoor amenities but not including any required outdoor open space;
- f. Requirements related to residential uses, transparency, blank facades, and floor-to-floor height at street level, except as otherwise limited in subsection 23.41.012.B; and
- g. Other similar standards as determined by the Director, not including those listed in subsection 23.41.012.B, that pertain to the interior of the building and do not affect the size of the building envelope.

3. Departures decision. Requests for departures according to subsection 23.41.004.E.2 shall be evaluated by the Director, in consultation with the Office of Housing, in light of the particular population designed to be served by the project, and may be granted by the Director as a Type I decision if the departure would not impact the overall height, bulk, and scale of the proposed building and would result in additional housing units meeting the standards of subsection 23.41.004.A.5 being constructed.
