AN ORDINANCE relating to contracting by the Human Services Department; providing that the Seattle Human Services Department provide a cost increase when renewing or renegotiating contracts to address escalation in costs and specifying how and when to apply the increase; amending Section 20.60.102 of the Seattle Municipal Code to exempt human services contracts from the provisions of Chapter 20.60; and adding a new Section 3.20.060 to the Seattle Municipal Code.

WHEREAS, the Human Services Department has not consistently provided inflation adjustments to ensure contracted nonprofit agencies could sustain service levels to City residents; and

WHEREAS, in the absence of an inflation adjustment, the City's partner organizations and contracted workers have struggled to provide support for its most vulnerable residents; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. A new Section 3.20.060 of the Seattle Municipal Code is added to Subchapter I of Chapter 3.20 as follows:

3.20.060 Inflationary increases

A. The City finds that it fulfills an important duty by providing services to vulnerable residents.

B. The City finds that human services agencies have challenges maintaining services due to vacancy, turnover rates, and increasing costs.

C. When renewing or renegotiating contracts funded by the General Fund, other sources, or a combination of the General Fund and other sources for an existing program consistent with the requirements of Section 3.20.050, the funded contract amount must take into consideration escalation of costs and provide for a funding increase using the measurement in subsection 3.20.060.D unless:

1. The City is solely acting as a pass-through agency for services that are not provided in the city limits; or
2. The contract is solely supported by state Medicaid funds or funds appropriated by Title XIX of the Social Security Act; or
3. The services are provided by a consultant as defined in Section 20.50.010; or
4. Explicitly prohibited by or otherwise incompatible with requirements of the funding source.

D. For contracts renewed or renegotiated after the effective date of this ordinance and through June 30, 2020, the Department shall use 100 percent of the annual average growth rate of the bi-monthly Seattle-Tacoma

-Bellevue Area Consumer Price Index for Urban Wage Earners and Clerical Workers, termed CPI-W, during the prior 12 month period ending in April for 2019 as a measure of how much the costs of services have increased, For contracts renewed or renegotiated after June 30, 2020, the Department shall use 100 percent of the annual average growth rate of the bi-monthly CPI-W during the prior 12 month period ending in June of each year. The Department shall use a minimum increase of zero percent if the index change is negative.

E. When issuing new awards funded by the General Fund, other sources, or a combination of the General Fund and other sources for an existing program consistent with the requirements of Section 3.20.050, the award should be sufficient to fund an accurate and fair assessment of current expenses of the human services provider, reflecting previous contracts and inflationary adjustments.
