CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to acceptance of funding from non-City sources; authorizing the heads of various departments to accept and authorize the expenditure of specified grants, private funding, and subsidized loans and to execute, deliver, and perform corresponding agreements; amending Ordinance 126955, which adopted the 2024 Budget, including the 2024-2029 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; revising project allocations for certain projects in the 2024-2029 CIP; and ratifying and confirming certain prior acts.

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. For each item in the following table, the head of the listed department is authorized to accept non-City funding from the listed sources below; and to execute, deliver, and perform, on behalf of The City of Seattle, agreements for the purposes described. The funding, when received, shall be deposited in the receiving fund identified to support, or as reimbursement for, either the appropriations set forth in Section 2 of this ordinance or existing appropriations in the receiving department.

Item	Department	Source	Purpose	Fund	Accept
1.1	Executive (Community Assisted Response and Engagement)	Association of Washington Cities	This grant will be used to pay for salary and benefit costs of Behavioral Health Professionals (BHP) employed by the CARE program.	General Fund (00100)	\$165,000

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to acceptance of funding from non-City sources; authorizing the heads of various departments to accept and authorize the expenditure of specified grants, private funding, and subsidized loans and to execute, deliver, and perform corresponding agreements; amending Ordinance 126955, which adopted the 2024 Budget, including the 2024-2029 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; revising project allocations for certain projects in the 2024-2029 CIP; and ratifying and confirming certain prior acts.

Summary and Background of the Legislation: This ordinance proposes the acceptance of grants and/or private funds or donations from various agencies and organizations and authorizes the expenditure of funding backed by their respective revenue sources.

During the year, City departments receive grant awards or opportunities for other funding resources that are not anticipated in the Adopted Budget. The City Budget Office formally accepts these funds by compiling departmental grants acceptances and similar agreements in separate ordinances throughout the year.

The attached ordinance contains requests related to grants, donations, or other private funding agreements, modifying the Adopted Budget for the first quarter of 2024.

2. CAPITAL IMPROVEMENT PROGRAM

3.a. Appropriations

This legislation adds, changes, or deletes appropriations.

See Attachment A to this document for additional details.

3.b. Revenues/Reimbursements

This legislation adds, changes, or deletes revenues or reimbursements.

See Attachment A to this document for additional details.

3.c. Positions

This legislation adds, changes, or deletes positions.

3.d. Other Impacts

Does the legislation have other financial impacts to The City of Seattle, including direct or indirect, one-time or ongoing costs, that are not included in Sections 3.a through 3.c? If so, please describe these financial impacts. No.

If the legislation has costs, but they can be absorbed within existing operations, please describe how those costs can be absorbed. The description should clearly describe if the absorbed costs are achievable because the department had excess resources within their existing budget or if by absorbing these costs the department is deprioritizing other work that would have used these resources.

Items 1.13, 1.14, and 1.15 support existing CIP appropriation in the 2024 Adopted Budget. This does not affect the overall prioritization of the work as the grants provide additional resources unanticipated during the 2024 budget process.

Please describe any financial costs or other impacts of *not* implementing the legislation. Without these resources, Departments will be unable to carryout the work as described in Attachment A without affecting other resources.

4. OTHER IMPLICATIONS

- a. Please describe how this legislation may affect any departments besides the originating department.**

This legislation is prepared by the City Budget Office on behalf of other Departments and impacts a number of departments' 2024 budgets as outlined in Attachment A.

- b. Does this legislation affect a piece of property? If yes, please attach a map and explain any impacts on the property. Please attach any Environmental Impact Statements, Determinations of Non-Significance, or other reports generated for this property.**

No

- c. Please describe any perceived implication for the principles of the Race and Social Justice Initiative.**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- i. How does this legislation impact vulnerable or historically disadvantaged communities? How did you arrive at this conclusion? In your response please consider impacts within City government (employees, internal programs) as well as in the broader community.**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- ii. Please attach any Racial Equity Toolkits or other racial equity analyses in the development and/or assessment of the legislation.**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- iii. What is the Language Access Plan for any communications to the public?**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- d. Climate Change Implications**

- i. Emissions: How is this legislation likely to increase or decrease carbon emissions in a material way? Please attach any studies or other materials that were used to inform this response.**

Please see Attachment A to this document for additional details on grants that may affect carbon emissions.

- ii. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle’s resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

Please see Attachment A to this document for additional details on grants that may affect Seattle’s resiliency.

- e. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program’s desired goal(s)? What mechanisms will be used to measure progress towards meeting those goals?**

Grant funding goals are outlined in specific grant agreements. Please see Attachment A to this document for details on the grant purpose as it pertains to grant agreement goals.

5. CHECKLIST

Please click the appropriate box if any of these questions apply to this legislation.

- Is a public hearing required?**
- Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required?**
- If this legislation changes spending and/or revenues for a fund, have you reviewed the relevant fund policies and determined that this legislation complies?**
- Does this legislation create a non-utility CIP project that involves a shared financial commitment with a non-City partner agency or organization?**
If yes, please review requirements in Resolution 31203 for applicability and complete and attach “Additional risk analysis and fiscal analysis for non-utility partner projects” form.

MEMORANDUM

To: Finance, Native Communities & Tribal Governments
From: Edin Sisic, Analyst
Subject: Council Bill 120752 – 2024 Q1 Grant Acceptance & Appropriation Ordinance

On March 20, 2024, the Finance, Native Communities & Tribal Governments Committee (“Committee”) will discuss [Council Bill \(CB\) 120752](#), which would provide authority for select City departments to accept and appropriate the expenditure of specified grant revenues from non-City sources.

This memo summarizes CB 120752 and describes the next steps in the process.

CB 120752 Summary

CB 120752 is the first comprehensive grant acceptance and appropriation legislation transmitted by the Executive in 2024, authorizing City departments to accept a total of \$10.5 million and appropriate \$7.8 million from external funding sources. Table 1 (*2024 Q1 Grant Acceptances and Appropriations by Department and Grant Source*) shows, by department, the total award, appropriation, and local grant match required amount from each granting agency.

Table 1. 2024 Q1 Grant Acceptances and Appropriations by Department and Grant Source

Department & Grant Source	Accepted Amount	Appropriated Amount	City Match Amount
Community Assisted Response and Engagement (CARE)			
Association of Washington Cities	\$165,000	\$165,000	-
Bureau of Justice Assistance	\$230,439	\$230,439	-
CARE Subtotal	\$395,439	\$395,439	-
Office of Emergency Management			
Washington State Military Department	\$402,567	\$402,567	\$402,567
Office of Housing			
Emerald Cities Collaborative	\$580,000	\$580,000	-
Office of Planning and Community Development			
Washington State Department of Commerce	\$50,000	\$50,000	-
Office of Sustainability and Environment			
Seattle Foundation	\$75,000	\$75,000	-
Human Services Department			
Washington State Department of Commerce	\$176,873	\$176,873	-
Seattle Department of Construction and Inspections			
Washington State Department of Ecology	\$27,960	\$27,960	-

Department & Grant Source	Accepted Amount	Appropriated Amount	City Match Amount
Seattle Fire Department			
Department of Homeland Security	\$1,508,708	\$1,508,708	150,871
Washington Dept of Health	\$766	\$766	-
Seattle Fire Department Subtotal	\$1,509,474	\$1,509,474	-
Seattle Police Department			
Washington Traffic Safety Commission	\$53,896	53,896	-
Seattle Public Utilities			
King County Flood Control District	\$1,273,300	-	-
U.S. Environmental Protection Agency	\$4,000,000	4,000,000	-
Washington Recreation and Conservation Office	\$2,000,000	-	317,500
Seattle Public Utilities Subtotal	\$7,273,300	4,000,000	317,500
Grand Total	\$10,544,509	7,271,209	720,067

Of the total acceptance amount in *Table 1*, approximately 60 percent is funding from the Environmental Protection Agency (EPA) and Washington Recreation and Conservation Office (RCO) for Seattle Public Utilities (SPU) related projects. EPA grant funding (\$4 million) would support the local circular wood economy through the establishment of a salvaged wood warehouse. The proposed RCO grant would provide \$2 million to acquire 20 acres of floodplain and river frontage along the Cedar River, for future restoration of natural riverine processes. This funding requires a \$317,500 grant match, which has already been secured through a separate, King County Conservation Futures Fund grant.

Other noteworthy grant backed items include:

- \$1.5 million from the Department of Homeland Security to the Seattle Fire Department (SFD) to provide funding for the purchase of personal protective equipment (PPE) for firefighter safety. This grant requires a 10 percent match (\$150,000), which is included in SFD’s 2024 Adopted Budget.
- \$1.3 million from King County Flood Control District to SPU for outfall improvements on Taylor Creek and for sea level rise infrastructure along the Duwamish River (in the South Park neighborhood).
- 402,000 from WA State Military Department to the Office of Emergency Management (OEM) to support the City’s emergency management program. This funding provides partial support for three OEM positions that lead the ‘*Enhancement, Sustainment, and Improvement*’ of emergency management programs and related staff costs. This grant requires a 100 percent match; this funding from the GF was included in OEM’s 2024 adopted GF budget.
- \$580,000 from Emerald Cities Collaborative to the Office of Housing for weatherization projects. Specifically, this funding will support the delivery of deep energy retrofits to 40 single family low-income households in Seattle.

These and all other grants that would be accepted in the bill are described in Attachment A to the summary and fiscal note submitted by the Executive. It is worth noting that, consistent with past practice, and given that spending of external grant awards can cross fiscal years, the appropriations made in CB 120752 are non-lapsing, meaning the authority to spend these amounts will persist until funds are fully expended or the appropriations are abandoned through a future Council action.

Next Steps

If the Committee votes to make a recommendation on CB 120617 at its April 3, 2024, meeting, the legislation will be considered for final action at the April 9, 2024, City Council meeting.
