

Sound Transit-Seattle Public Utilities Stormwater Facilities Operations and Maintenance Agreement

Seattle City Council

Transportation & Seattle Public Utilities Committee

June 20, 2023

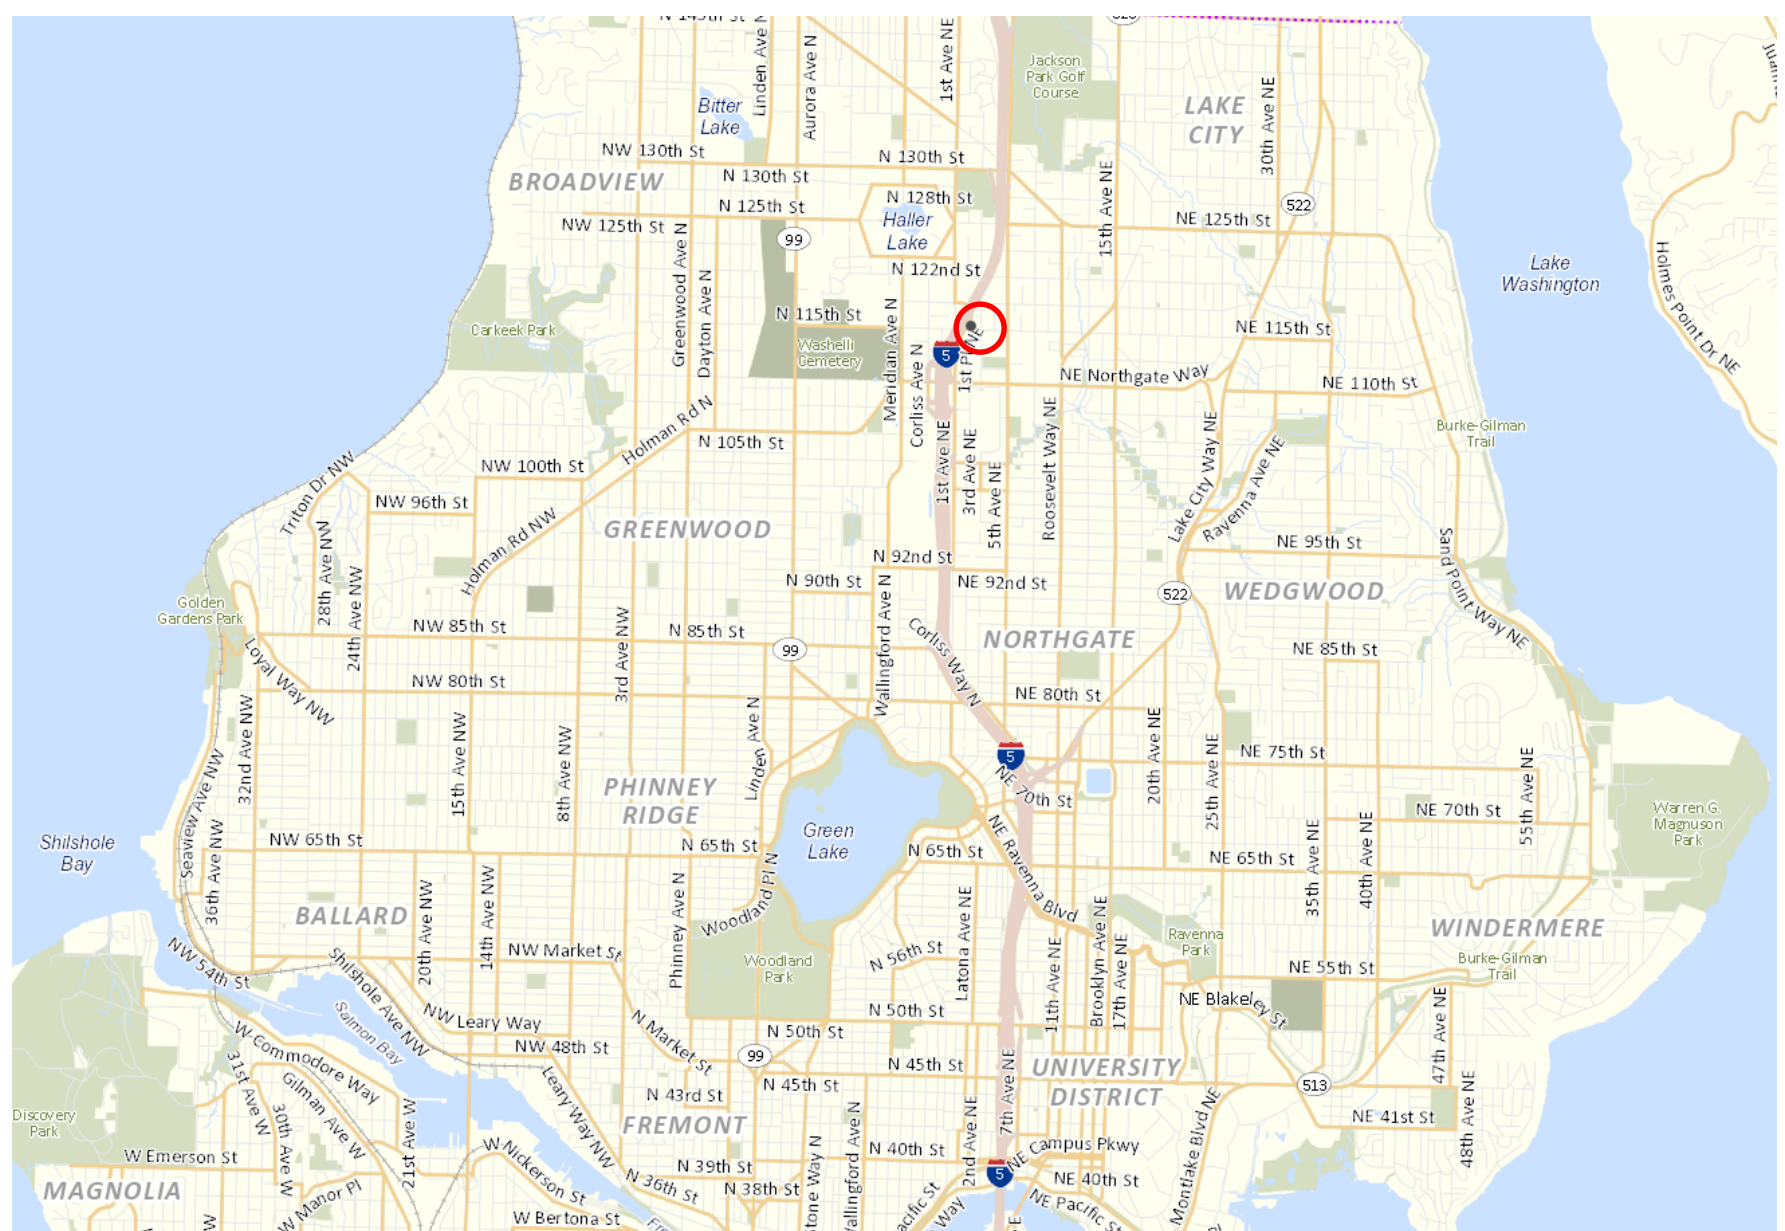

Purpose of Legislation

This legislation will allow SPU to execute an ownership, operations and maintenance agreement with Sound Transit for Drainage Facility 2D.

- SPU owns the existing drainage in the ROW
- Sound Transit owns the land parcel
- Sound Transit will build a new stormwater conveyance system and tie-in to SPU's existing system
- Future legislation is required to accept easement

Project Location

Stormwater Conveyance System

Underneath Guideway from
NE 115th St to NE 120th St

Facility 2D north of 117th St

Fenced in area 7800 SF

Facility 2D

Sound Transit Lynnwood Link Extension

- Stormwater Code Compliance
- Operation and Maintenance Agreement
- Facility located on parcel owned by Sound Transit
- Joint Planting Plan
- Both Parties maintain their own Stormwater Systems

Advantage

- Water Quality Improvement – Previous Untreated Roadway Stormwater is Cleaned
- SPU has Approved Construction Plans and Specifications
- Jointly Create Planting Plan and Maintenance Plan
- Sound Transit is Responsible for Plant Establishment for 3 years
- After Joint Inspection and Acceptance, SPU assumes Responsibility of Plantings in Drainage 2D
