1. BILL SUMMARY

- a. **Legislation Title:** A RESOLUTION approving the alignment, station locations, and maintenance base location for Sound Transit’s Central Link, University Link, Northgate Link Extension, East Link, and Lynnwood Link Extension light rail lines in the City of Seattle; and superseding the alignment, station locations, and maintenance base location approved in Resolution 31465.

b. **Summary and background of the Legislation:**

This legislation approves the alignment and station locations for Sound Transit’s Lynnwood Link Extension project within the City of Seattle, which is a land use action complementary to the City’s right-of-way and permitting actions for the facilities. It also reconfirms the Sound Transit light rail lines that were previously approved in Resolution 31465.

The City authorizes the location of Sound Transit’s Link Light Rail transit facilities within City right-of-way through the execution of a Transit Way Agreement and subsequent permitting activities. This alignment resolution provides an approval of the alignment and location of the Lynnwood Link transit facilities within the City, providing the policy context for the permitting of the facilities.
