Finance Director

**Confirmation Packet
May 23, 2024**

Jamie Carnell

May 23, 2024

The Honorable Sara Nelson
President, Seattle City Council
Seattle City Hall, 2nd Floor
Seattle, WA 98104

Dear Council President Nelson:

It is my pleasure to transmit to the City Council the following confirmation packet for my appointment of Jamie Carnell as Director of the Office of City Finance (OCF).

The materials in this packet are divided into two sections:

A. **Jamie Carnell**

This section contains Ms. Carnell's appointment, oath of office form, and resume.

B. **Background Check**

This section contains the report on Ms. Carnell's background check.

Jamie Carnell has ably served as the City's Interim City Finance Director over the last two years, and after review of her remarkably well-regarded performance, it is with total confidence that I recommend her for you and your colleagues' consideration today.

Ms. Carnell brings a wealth of experience to her role, serving at the City of Seattle in roles of increasing responsibility since 1994. Prior to becoming Interim City Finance Director, she served as Director of the City's Business Systems Division and Deputy Director to former City Finance Director, Glen Lee. She has overseen several enterprise financial system implementations for the City of Seattle as well as across other multiple jurisdictions in Western Washington. Ms. Carnell has spent her entire 30-year career in local government finances, information technology, communications, and project management. She brings the right combination of big picture thinking, strategic acumen, and a commitment to fiscally sound business practices to soundly serve both our City government's operations and our community at-large.

In assessing Ms. Carnell's performance as Interim Finance Director, my office has consulted with stakeholders and leaders who have worked alongside her, including the Seattle Police Pension Board, the Seattle Firefighters Pension Board, the Executive Director of the Seattle City Employees Retirement System, the City's Financial Advisor at Piper Jaffray & Company, Accenture, the immediate former City Finance Director (and current Chief Financial Officer for the District of Columbia), the immediate former Director of the Office of Economic & Revenue Forecasts, the immediate former City Budget Director, the Director of the Seattle Department of Human Resources, the Finance Director for the City of Tacoma, the International Brotherhood of Electrical Workers (IBEW) Local 77, and several OCF employees who work with her on issues ranging from risk management to human resources. It was readily evident that Jamie Carnell has deep personal integrity, a strong project management focus, and a solution-oriented attitude to run our Office of City Finance with distinction. Review of her performance at OCF and the

overwhelmingly positive feedback from affected stakeholders is the process that informed my decision to advance Ms. Carnell for your consideration today.

I trust that after reviewing Ms. Carnell's application materials, meeting with her, and following Councilmember Strauss' diligent Finance, Native Communities, and Tribal Governments Committee review, you will find that Jamie Carnell is a thoughtful, personable, respected collaborator who cares deeply about her 150-person team and the people of Seattle. I trust you'll see she is the right choice to serve as permanent Finance Director.

If you have any questions about the attached materials or need additional information, my Chief of Staff & General Counsel Jeremy Racca would welcome hearing from you. I appreciate your consideration.

Sincerely,

BUSINESS SYSTEMS DIRECTOR/DEPUTY CITY FINANCE DIRECTOR
2019 - 2022

Executive responsible for driving programs that span across the organization and across departments. The division also supports internal and external back-office systems for the City of Seattle's collection of tax revenue. The division has an operating budget of around 15 million, a current capital budget of over 30 million and a staff of 45. The role requires assessing the full breadth of the transformation in the City including system usage, governance of business processes and the adoption of change by city departments.

Position also serves at the Deputy Finance Director to the City Finance Director. Responsible for providing strategic operational guidance for the divisions under the Director of Finance which encompasses citywide accounting and payroll, treasury services, risk management, and license and tax administration.

PEOPLESOFT IMPLEMENTATION DIRECTOR
2016 - 2019

Directly responsible for the successful implementation of PeopleSoft 9.2 for over 40 departments and 14,000 plus employees with an implementation budget of \$140 million. Included in implementation was a significant upgrade to a Time and Labor module, a Cash Management System with integrations to PeopleSoft 9.2 and a significant realignment of City financial and procurement practices to a single standardized set of policies and processes to ensure unified processing in PeopleSoft 9.2.

ASSISTANT FINANCE DIRECTOR
2015 - 2017

Integral executive team member in the City Finance organization responsible for articulating expectations and developing strategies for process improvements with applications owned by the City Finance Director and affiliated divisions. Responsible for driving highly complex, interdepartmental, and multidisciplinary projects on behalf of the Mayor, City Budget Office, and City Finance Directors. Advise on key information technology issues and solutions including policy and financial positions, departmental staffing/operational issues, administrative interpretations and implementation of legal and regulatory requirements, and communication with elected officials. Appointment Questions

City Finance Interim Director, Jamie Carnell

Background and Vision

- 1. As Interim Director of the Office of City Finance since 2022, what accomplishments are you most proud of and what has surprised you?**

I have served as a member of City Finance for 30 years. Since 2022, I serve as Interim Director, and I have the privilege of ascending through progressive leadership opportunities which allowed me to work with all facets of City Finance. I have a unique ability to understand the needs of the city and identify the most efficient process and appropriate technology to achieve our policymakers' collective goals. You will see that woven through my accomplishments and the specific goals for the Office of City Finance.

With my skills and experience there were not many surprises when I stepped into this role. I have spent many years in City Finance and worked very closely with the previous City Finance Director as the Deputy Director and a key strategic planner/problem solver for the organization. Any accomplishment I refer to here is a testament to the Office of City Finance (OCF) staff who partner with me daily to ensure the Office of City Finance is a leader in public sector financial management.

Accomplishments:

1. During my tenure we continued to execute sound fiscal policies and maintain a solid financial foundation. This has enabled the city to maintain "high" to "highest" ratings for all its outstanding bonds at this time. This is in part due to the City's strong economic performance over time, and adherence to our debt and fiscal policies that maintain a strong financial foundation for the City. The City's strong credit ratings allow the city to borrow at lowest borrowing costs. The City debt management program is a tenured and well performing program that is managed as a citywide function by our debt management team in the Office of City Finance, which works in close collaboration with the City's outside financial advisor, bond counsel, the City Attorney's Office, and City departments including the two Utility departments, and CBO.
2. In 2022, the Office of City Finance had a leadership transition in our Treasury Division. I was able to source an incredible individual as City Treasurer. She and her team have been able to stabilize and transform our treasury services. One specific example of this is related to improving our automated clearing house transactions and vendor identification processes, which lowered our risk related to financial fraud through providing an additional level of protection against unauthorized transactions. Additionally, the team enhanced our cash forecasting model, and as a result we now have a more robust cash forecast which has strengthened our ability to anticipate inflows and outflows to avoid liquidity risks. The model has also helped develop practical short-term and long-term investment strategies allowing us to capture yield opportunities by locking down higher rates for longer terms.
3. In 2016, I took over a high-risk financial system implementation project and successfully implemented Peoplesoft 9.2 for the City of Seattle. This action standardized business practices in finance which aligned disparate financial processes, policies, and procedures. This resulted in consistent financial data across the City and created the opportunity for departments and Citywide Accounting staff to reduce the amount of time it takes to produce our Annual Comprehensive Financial report. In my role as Interim City Finance Director, working in collaboration with the City

Budget Office, we are streamlining financial reporting through the development of quarterly monitoring tools. We are excited to introduce the new reporting and monitoring capabilities to the City Council through the Fiscal Transparency Ordinance in 2025.

2. What are your specific goals for the Office of City Finance over the next three years?

As of 2022, the Office of City Finance became a separate office and is no longer a part of the Department of Finance and Administration. As part of becoming a separate entity I wanted to establish a strategic plan for OCF. This development of our five-year strategic plan, is tied to our mission and vision with a focus on four major initiatives:

1. Office Establishment - Establish an OCF culture that attracts and retains diverse high -performing employees.
 - Over the next five years, I am establishing a positive OCF culture – it is important to me that OCF is a place where employees feel like they are part of a team and that their contributions are valued.
 - I am acutely aware that it is necessary to prepare my workforce for the future – employee growth plans, re-establishing a performance management function, looking at training options, establishing succession planning, etc.
 - I want to improve the current baseline human resources, communication & performance management functions.
2. Technology Investments - Reduce financial risk within City financial systems by investing in up-to-date technology where possible.
 - I am focused on continued technology investment by OCF - the financial risk to the city will increase if our systems & processes do not improve.
 - I am also focusing on improving financial data and system/technology literacy (for our staff and partner staff).
 - Finally, I am focusing on investing in financial system upgrades and standardization/automation where it makes sense to support the use of new, advanced technology and find system solutions for manual processes.
3. Process Improvements - Improve processes to continue supporting a sound financial foundation.
 - With continuous improvement as a core value, I have elevated process improvement initiatives in this plan. I have directed that during the next five years each division will lead specific process improvement projects that are either internal to OCF or are done in collaboration with departments.
 - This includes mapping and simplifying overly complex or dated processes, developing financial data standards, and revising citywide processes where applicable.
 - My goal is to embed the value of continuous improvement into OCF culture, so we continue to improve over time.
4. Services and Support - Enhance financial services provided to all OCF customers.
 - This initiative focuses on the service OCF provides to its partners – I believe there are opportunities to enhance the financial services provided to external City partners, internal City departments, and other stakeholders.

- Generally, this initiative will look at providing more access to financial data, providing new reporting tools, and identifying areas that take advantage of potential savings by providing more shared services.
- Finally, recognizing that other areas in need of financial improvement may be identified over the coming years, I may need to redirect staff to adapt to these new needs.

3. What do you see as the primary challenges facing the Office of City Finance? How do you plan to overcome these challenges?

Overall, the primary challenge facing the city and the Office of City Finance is the budget constraints we are facing this year and next. My OCF strategic plan provides opportunities for continued improvement, and those opportunities bring budgetary challenges. Investments in technology take funding we will not have, and I have asked my executive team to focus on projects which do not require additional funding but keep us on pace with continuous improvement.

An example of this continuous improvement is my License and Tax Administration (LTA) managerial team taking advantage of free artificial intelligence (AI) training from the Federation of Tax Administrators, a national association of tax administrators from state and local jurisdictions. LTA was able to gain a better understanding of the types of artificial intelligence that are available, such as machine learning, generative AI etc., and which of those AI tools are in use within agencies currently or what future opportunities could exist. The training also included a session on considerations of the associated risks and governance that may be required as we move to identify how AI could be leveraged in Tax Administration. Investing time in opportunities such as this allows City Finance to leverage planning for future investments when funding is more readily available.

4. What past experiences have prepared you to be a trusted advisor for City Council in the areas of tax administration and policy, debt management, and investment of municipal funds?

Serving as the Interim City Finance Director for the last two years has given me exposure and greater understanding of the importance of the role. During this time, I have spent time doing deeper dives with immersive training in debt management and pension systems.

I worked to earn the confidence of the City Executives and Council by being able to demonstrate my understanding of these vast and complex areas and communicating in an honest and transparent manner. I was successful in doing so due to my experience of working together with our dedicated team of experts for many years, including knowing when to lean on those with more knowledge in a particular space. Additionally, being in the Office of City Finance and having served as deputy director provided me with extensive and deep understanding of the issues. My tax administration experience has been developed over years of working directly with our License and Tax team to develop the FileLocal tax portal and implement tax systems.

I also know how to recognize and source excellent talent in our key leadership positions, and I accomplished that recently when we recruited our new City Treasurer. I rely on our Treasurer's experience and insights especially related to the investment of municipal funds. Her experience with treasury best practices has already allowed us to streamline and create efficiencies in the organization.

As the City Finance Director, it is important for me to rely on my personal skills and experience while collaborating with the strong team of experts who are directly responsible for these key areas.

5. What methods do you plan to use to monitor the Office of City Finance’s performance?

At my direction, OCF Human Resources and division directors are employing Performance Management tools such as the Equity, Engagement, and Expectation (E3) program. Our strategic planning process has created five key initiatives which are cascaded down into each division as organizational goals in the E3 program. In addition, I created critical milestones and key performance indicators we continue to utilize to monitor performance. These include maintaining our debt ratings annually and completing the Annual Financial Report within established deadlines. These are historical indicators which we have been successfully meeting over the last decade. I also rely on feedback from City departments, the City Budget Office, the Mayor’s Office, and the City Council to ensure that OCF performance meets their expectations.

Executive and Staff Management

6. What strategies have you employed in the past to build cohesive and effective teams?

The approach I am employing in OCF to support our strategic plan is to implement a performance management program and establish new career pathways. This approach is similar to what I have used in the past for building cohesive and effective teams. Some of the HR strategies that I am employing include fostering a series of trainings which lead employees to obtaining their career and organizations goals. I recruited a new HR Manager with considerable experience from outside the city, which has enabled me to put some new and creative practices in place to improve our processes, including building a people manager training program. I believe building out a strong people manager structure with accountability will continue to strengthen our teams.

7. How do you plan to promote a supportive and inclusive environment for staff members from diverse backgrounds within the Office of City Finance?

I have led OCF in establishing culture, processes, and expectations for employees to improve communication and engagement within the department. This work will be done through these five areas of focus:

1. Build the OCF office-wide culture and clearly outline OCF value proposition for employees.
 - In conjunction with the Race and Social Justice Ordinance (RSJ) for the City of Seattle, OCF is actively developing a culture survey emphasizing diversity, equity, and inclusion (DEI) principles that builds a workforce with a sense of belonging. I will encourage my team to develop specific training modules for OCF employees following the results of this survey.
 - At my direction, OCF Human Resources and division directors are employing Performance Management tools such as the Equity, Engagement, and Expectation (E3) program. OCF is working to establish career pathways by fostering a series of trainings that lead employees closer to their career and organizations goals, which encourages an environment where individuals can do their best.

2. I have launched a program to foster employee career/growth paths, by redesigning performance management, and identify potential training or educational opportunities across OCF divisions or in cross-departmental settings.
3. I have directed OCF leadership to effectively support and nurture employees, by integrating succession planning and development strategies and by improving training opportunities for all management and supervisory teams.
 - HR is partnering with the division directors to create a strategy to develop people managers by utilizing mixed methods of learning and development tactics for the implementation of a succession plan. OCF leadership team recognizes the importance of succession planning and is in the process of identifying short- and long-term approaches to cultivate diverse talent to meet current and future leadership positions.
4. Enhance employee engagement within the OCF by building transparency with improved, straightforward communication and create more division touchpoints by utilizing systems such as SharePoint sites, Microsoft Teams, and other collaborative tools.
5. Deploy equitable recruitment practices and policies by creating diversity in hiring that reflects the mission and values of OCF while retaining high performing employees.
 - Promoting a supportive and inclusive environment for staff members from diverse backgrounds starts with the make-up of the leadership team. This is the first time in recent history that the City of Seattle will have a female assume the role as the City Finance Director. Currently our leadership team comprises of 60% diverse leaders. OCF has a workforce made of up 55% diverse employees and have recruited 53% diverse applicants into our vacant positions.

Finally, in my own succession planning for this position my goal is to increase representation. I will be working with the OCF HR team to identify opportunities for the next City Finance Director to be recruited from a diverse background. OCF's HR team will create pipelines for executive and managerial talent, which we will utilize to bring more diverse leadership into OCF as opportunities arise.

8. What is your organizational management approach?

Throughout the course of my career in the City of Seattle, my personal and organizational management style can be defined as transformational. The roles I personally undertook or was assigned to have been transformational for the city. This includes in the municipal tax space by architecting and leading the work of seven cities to create the Municipal License and Tax Portal agency (commonly referred to as "FileLocal") which now has over 10 cities utilizing FileLocal where constituents can apply/renew a business license and file and pay local Business and Occupation tax.

As Interim City Finance Director I am continuing to focus on transformational organizational management and my OCF team is constantly striving to improve strategies and processes to ensure we can react and respond efficiently as necessary. Transformational organizational management requires leadership who encourages change and innovation within the organization. To do this, OCF needs to equip our management with the appropriate tools and critical thinking skills. A primary focus since I took on this role was to ensure we were prioritizing management training for our managers.

Policy Climate and Enforcement

9. Based on your perspectives and observations of the local economy, how might the city need to adjust its revenue (and City services) expectations in the coming years?

The economy is still experiencing the effects of the stimulus package runouts where we saw double digit year-to-year revenue growth. The trend has been a deceleration of growth. Starting in late 2023, there has been contraction in growth year-to-year as inflation slowly lowers to a normal range. The Federal Reserve has stated its desire to see several months of lower inflation before they begin lowering rates. This will still take some time and for that reason, I think the city should remain relatively conservative in forecasting revenue estimates with a continued focus on controlling expenses. My immediate and primary challenge is to support City government in navigating the current economic climate and continue to develop teams and processes that ensure wise planning, maximum revenue, reduced operating costs, and optimally managed debt and cash flow.

10. How will you work to navigate and advocate for policies that support Seattle's fiscal responsibility and sound administration?

It starts with a strong partnership with both the Executive and the City Council to ensure there is awareness of potential policies or programmatic changes with financial impacts that require review with my team to control for alignment with our citywide financial policies, procedures, and practices. In doing so I make certain that there is compliance with not only our internal controls and regulatory compliance, but with policy expectations. I am greatly appreciative of the opportunity to sit at the table with all of you, and Council Central Staff, to converse as we move forward.

11. How do you intend to balance being a member of the Mayor's Cabinet with the vital role of providing unbiased, complete, and timely information to all branches of City government?

The OCF team and I need to anchor the City of Seattle in fulfilling our charter through providing clear and accurate information about the City's financial affairs to all elected officials in a timely manner. I strive to provide a basis for common understanding of the relevant fiscal information to all branches of City government. My vision for OCF includes the phrase "data driven decision making" for this reason. I want to ensure that my team provides unbiased financial data to all elected officials in a timely manner. OCF has a fiduciary duty to ensure City financial activities are tracked and recorded in accordance with applicable policies and regulations. My team and I provide unbiased financial data through utilizing a single source of truth stemming from citywide use of our financial system and utilizing standard citywide financial policies and procedures. This helps to clarify the practical consequences of potential options and supports informed decisions based on financial information.

12. What is your general philosophy for how to work with City Council most effectively?

I believe that our team must gain and maintain the trust of the City Council as the definitive authority for the City's financial affairs. We do this by responding to City Council requests quickly, and by explaining financial information clearly and accurately. I have had meet-and-greet sessions with most of the City Councilmembers, and meet monthly with the Council Finance Committee Chair, Councilmember

Strauss. I also feel that the long-time relationship the Office of City Finance has with the new Council Central Staff Director and many members of the Council Central Staff unit help to establish our credibility with Councilmembers and make working with the City Council even more effective. I believe that the more interaction we have with the City Council, the more trust they will have in OCF and the more effectively we will all work together.

- 13. Your duties include regular reports to elected officials on the financial affairs of the City, including the status of the City Employees' Retirement System's investments, the City's cash pool, interfund loans, City debt, and other issues. Please discuss the benefits of fiscal transparency to City administration and community members, and what innovations you have added to that effort above and beyond existing statutory requirements.**

We currently provide regular reports in multiple formats to elected officials and the public on the financial affairs of the City, which gives transparency to the City's fiscal health. With the successful initiative to standardize our fiscal data, I am now working with staff to rethink how fiscal data can be presented in a more meaningful way. Collaborating with CBO to develop fiscal monitoring tools is the first step in developing innovative fiscal reports utilizing our Citywide Financial Data warehouse and self-service reporting tools. These reports will be presented to the City Council in 2025 as part of the Fiscal Transparency Ordinance. I look forward to working with CBO and Council Central Staff on the roll out of these reports. I am also reviewing our Biennial Citywide Financial Condition Report, which will be sent to the City Council in September of this year. This report combines key information based on the status of the City Employees' Retirement System's investments, the City's cash pool, interfund loans, City debt, and the Annual Comprehensive Financial Report. While this report is rich in detailed information, we have an opportunity to present fiscal data in more meaningful ways to provide certainty to our elected officials and constituents as to the fiscal health of the city. Techniques being explored are providing greater transparency including tools such as data visualization. We want to tailor the data visualization to the information needs and decision-making role for different stakeholder groups.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE relating to City public works and the priority hire program; modifying the methodology for determining which zip codes are Economically Distressed Areas; authorizing the creation of a regional Priority Hire Implementation and Advisory Committee; and amending Sections 20.37.010 and 20.37.040 of the Seattle Municipal Code.

WHEREAS, in January 2015, following the positive results of a pilot program on the Elliott Bay Seawall project, and after making legislative findings, the Seattle City Council, with concurrence from the Mayor, enacted Chapter 20.37 of the Seattle Municipal Code, titled Priority Hire; and

WHEREAS, Priority Hire requires the Director of Finance and Administrative Services to establish the percentage of labor hours on City public works projects of \$5 million or more to be performed by workers living in Economically Distressed Areas of Seattle and King County, and to establish aspirational goals for hiring of women and people of color; and

WHEREAS, analysis has shown that Priority Hire has improved access to training programs and well-paying construction jobs for local workers in economically distressed neighborhoods and has increased the diversity of the workforce on City construction projects that are covered by Chapter 20.37; and

WHEREAS, the Priority Hire Implementation and Advisory Committee was established to provide an advisory role regarding the Priority Hire program's effectiveness and implementation, which may include making recommendations that reflect the region's evolving urban development and economic equity needs; and

WHEREAS, Priority Hire aims to reach people who live in Economically Distressed Areas that have high poverty, high unemployment and low educational attainment, and the Priority Hire Implementation and

Advisory Committee recognizes that these areas need to be updated to account for the region's changing demographics and gentrification; and

WHEREAS, the Priority Hire Implementation and Advisory Committee may benefit from a regional approach that increases alignment with similar programs, addresses regional needs, supports a regional workforce, and streamlines the process for collecting input on topics of interest; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Section 20.37.010 of the Seattle Municipal Code, last amended by Ordinance 125368, is amended as follows:

20.37.010 Definitions

When used in this Chapter 20.37, the following words and phrases shall have the meanings given below unless the context in which they are included clearly indicates otherwise:

* * *

"Economically Distressed Area" means a geographic area defined by zip code and found by the Director to have a high concentration, compared to other zip codes, of individuals: 1) living ~~((at or))~~ below 200% of the Federal Poverty Level, 2) unemployed, and or 3) without a college degree~~((, compared to other zip codes))~~. King County zip codes, with a high ~~((density per acre))~~ concentration of at least two out of the three criteria, will be identified as Economically Distressed Areas. There shall be two classes of such zip codes: tier one zip codes located partially or entirely within the City of Seattle and tier two zip codes located within King County and outside of the City of Seattle.

* * *

Section 2. Section 20.37.040 of the Seattle Municipal Code, last amended by Ordinance 125368, is amended as follows:

20.37.040 Priority Hire

* * *

J. The Director shall establish a Priority Hire Implementation and Advisory Committee that includes representatives of the following groups: 1) Labor Unions, 2) community organizations, 3) Contractors, including at least one WMBE firm, and 4) Apprentice and Pre-apprentice Training Programs. The Committee shall provide an advisory role to the City regarding the implementation and effectiveness of the Priority Hire policy. Each of the four named groups above shall make nominations from among themselves for Committee representatives to the Mayor. The Mayor shall appoint no less than two and no more than four persons from each group to the Committee. The Department will convene the Committee on a regular basis, at least once every quarter, and will provide the Committee with information about program performance. The Director shall assign at least one staff member from the Department to support the work of the Committee. The Committee shall submit an annual report in writing to the Mayor and City Council, and may submit recommendations, findings, or other reports to the Director, Mayor, or City Council, for consideration as appropriate. The Committee shall establish rules for its procedures.

K. As an alternative to the Priority Hire Implementation and Advisory Committee, the Director may establish a regional priority hire committee in partnership with other regional public agencies, provided that the regional committee continues to have representatives from each of the groups named in subsection 20.37.040.J. If the Director establishes a regional committee, the Mayor shall appoint the City's share of representatives to the regional committee. Once a regional committee's positions are filled, the Director may, at the Director's discretion, dissolve the Priority Hire Implementation and Advisory Committee.

Section 3. This ordinance shall take effect as provided by Seattle Municipal Code Sections 1.04.020 and 1.04.070.

Passed by the City Council the _____ day of _____, 2024, and signed by
me in open session in authentication of its passage this _____ day of _____, 2024.

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to City public works and the priority hire program; modifying the methodology for determining which zip codes are Economically Distressed Areas; authorizing the creation of a regional Priority Hire Implementation and Advisory Committee; and amending Sections 20.37.010 and 20.37.040 of the Seattle Municipal Code.

Summary and Background of the Legislation:

The City of Seattle’s Priority Hire program is a community-initiated effort that began over a decade ago. At that time, south Seattle residents saw public infrastructure projects being built in their communities — yet had limited access to jobs on those projects. They formed a coalition to bring a message to City leadership: Seattle’s struggling communities needed good jobs, and the City could help by investing in its own people when it invested in construction projects. From there, Priority Hire was born through City leadership’s development of the Priority Hire Ordinance. Priority Hire shares a goal among the City, community, labor unions, contractors and training programs to increase construction career opportunities for those living in economically distressed communities, people of color and women. In short, Priority Hire ensures local residents receive a fair share of wealth-generating construction jobs and increases economic equity in our region.

The Department of Finance and Administrative Services (FAS) is providing proposed updates to the Priority Hire Ordinance (Seattle Municipal Code [20.37](#)). The ZIP code update is responsive to a Priority Hire Implementation and Advisory Committee (PHAC) recommendation.

Proposed updates involve the following:

- Economically Distressed Area methodology
- Potential for regional PHAC

Seattle City Council passed the Priority Hire Ordinance in January 2015 and amended it in 2017.

The Priority Hire program has evolved over the years, by identifying and applying best practices in implementation; strengthening regional partnerships as other agencies began their own Priority Hire programs; and responding to community needs to maximize community benefit. The Priority Hire program has reached a point in which continued improvements require legislative updates.

FAS received stakeholder input and support for the proposed updates.

| Legislative Update | Reason |
|--|---|
| Expand the Economically Distressed Areas methodology to include areas with lower density that have large numbers or rates of people living in economic distress | <ul style="list-style-type: none"> • Respond to the region’s changing demographics. • Reach the most people who live in communities with high poverty, high unemployment and low educational attainment. • Ensure inclusion of priority areas identified by the City’s Racial and Social Equity Index. • Support Seattle-area residents in accessing living-wage construction jobs and bringing that money back to their communities. |
| Allow a regional committee option for PHAC | <ul style="list-style-type: none"> • Create better alignment with King County, the Port of Seattle and Seattle Public Schools, who began Priority Hire programs after the City. • Address regional issues outside the City’s span of control. • Streamline how we solicit feedback from stakeholders on topics of interest. |

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☐ Yes ☒ No

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation have financial impacts to the City? ☐ Yes ☒ No

3.d. Other Impacts

Does the legislation have other financial impacts to The City of Seattle, including direct or indirect, one-time or ongoing costs, that are not included in Sections 3.a through 3.c? If so, please describe these financial impacts.

N/A

If the legislation has costs, but they can be absorbed within existing operations, please describe how those costs can be absorbed. The description should clearly describe if the absorbed costs are achievable because the department had excess resources within their existing budget or if by absorbing these costs the department is deprioritizing other work that would have used these resources.

N/A

Please describe any financial costs or other impacts of *not* implementing the legislation.
FAS does not anticipate any financial costs to the City of Seattle if the Priority Hire ordinance updates are not made. However, there is a huge financial benefit to construction workers and their families living in the newly added Economically Distressed Areas, which include the University district and parts of South King County. Construction contractors working on City

construction projects will be incentivized to hire more workers living in low-income neighborhoods and create generational wealth building career opportunities.

Additionally, the new allowance for developing a region-wide Priority Hire Advisory Committee creates opportunities to solve regional issues and standardize services across the three agencies: the City, King County and the Port of Seattle. If this legislation is not implemented, the City will continue to convene our own committee with potential for duplication with other agencies and limited authority to implement regional advisory committee recommendations from the existing committee.

4. OTHER IMPLICATIONS

a. Please describe how this legislation may affect any departments besides the originating department.

The Priority Hire ordinance applies to capital departments with public works projects \$5 million and above. Expanding the definition of Economically Distressed Areas will make it easier for construction contractors to hire workers who will help the general contractor meet the contractual hiring requirements for Priority Hire.

The Office of Sustainability and Environment (OSE) and the Office of Economic Development (OED) partner with FAS on Priority Hire workforce development for construction and the clean energy workforce more generally. Expanding Economically Distressed Areas will increase opportunities for Seattle-area workers and employers to benefit from community-based workforce training funded across FAS, OSE and OED.

The allowance for a regional PHAC will not affect any departments.

b. Does this legislation affect a piece of property? If yes, please attach a map and explain any impacts on the property. Please attach any Environmental Impact Statements, Determinations of Non-Significance, or other reports generated for this property.

N/A

c. Please describe any perceived implication for the principles of the Race and Social Justice Initiative.

i. How does this legislation impact vulnerable or historically disadvantaged communities? How did you arrive at this conclusion? In your response please consider impacts within City government (employees, internal programs) as well as in the broader community.

Priority Hire is a key social and racial equity program for the City of Seattle. The proposed Economically Distressed Area legislative change increases investment in and opportunities for underserved communities by increasing job access for people who meet the criteria of high poverty, high unemployment and lack of college degree by age 25. Construction contractors will be required to employ more workers living in historically disadvantaged communities and/or give them longer work assignments. Plus, City-funded community-based organizations and construction training programs will focus outreach efforts in expanded Economically Distressed Areas.

The expansion of Economically Distressed Areas includes priority areas identified in the City's Racial and Social Justice Index. It also supports Seattle-area residents in accessing living-wage construction jobs and bringing that money back to their communities.

The allowance of a regional advisory committee, instead of each agency convening their own, improves our ability to address regional issues of inequity collectively instead of in silos. No one jurisdiction can address racism on their own.

ii. Please attach any Racial Equity Toolkits or other racial equity analyses in the development and/or assessment of the legislation.

Economically Distressed Areas are race neutral. They focus on areas of high poverty, high unemployment and low educational attainment.

Data on construction workers living in current Economically Distressed Areas show that they are more diverse than workers coming from other ZIP codes. In 2023, Black, Indigenous and People of Color (BIPOC) workers performed 61% of the hours from Economically Distressed Areas, compared to 30% of hours from other areas.

iii. What is the Language Access Plan for any communications to the public?

FAS will notify capital departments and prime contractors who are working on current projects affected by the change. We do not anticipate any language access needs for this communication. Construction contractors and unions will communicate the updates to their employees and members, respectively and City staff who are bilingual in Spanish will be available to answer questions from contractors and construction workers in Spanish. City staff will use LanguageLine if encountering construction contractors and/or workers who speak other languages.

d. Climate Change Implications

- i. Emissions: How is this legislation likely to increase or decrease carbon emissions in a material way? Please attach any studies or other materials that were used to inform this response.**

The goal is to continue to increase expectations via public works contractual requirements for construction contractors to hire workers living in or near Seattle so they have shorter commute times and less emissions from commuting to City construction sites. Many construction workers live outside King County and Priority Hire's list of Economically Distressed Areas sets expectations that contractors hire workers living in high poverty areas of Seattle and King County.

- ii. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

The expansion of Economically Distressed Areas into additional historically disadvantaged neighborhoods greatly expands the number of people living in these communities to clean energy construction training which will help Seattle have a larger pool of trained workers who can build more energy efficient infrastructure.

- e. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)? What mechanisms will be used to measure progress towards meeting those goals?**

In 2015, City Council set an aspirational goal in the Priority Hire ordinance (SMC 20.37.040.C.) for 40% of all labor hours on Priority Hire covered projects to be performed by construction workers living in Economically Distressed Areas by 2025. This legislation will help achieve the program goal to address the changing demographics of our region and get closer to meeting the 40% goal.

The City uses a labor compliance software called LCPtracker to collect payroll data on a weekly basis and FAS reports to capital departments and prime contractors on a bi-weekly and monthly basis about their individual project performance. FAS also submits a Priority Hire annual report to Mayor and Council outlining performance and will report on outcomes for this legislative change, should it be approved by Council.

5. CHECKLIST

- ☐ **Is a public hearing required?**
- ☐ **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required?**
- ☐ **If this legislation changes spending and/or revenues for a fund, have you reviewed the relevant fund policies and determined that this legislation complies?**

☐ **Does this legislation create a non-utility CIP project that involves a shared financial commitment with a non-City partner agency or organization?**

Update Economically Distressed
Area methodology

Allow potential for regional Priority
Hire Implementation and Advisory
Committee (PHAC)

Photo: Emelia on Climate Pledge Arena in 2020. Emelia worked on several Priority Hire projects over her apprenticeship, and recently completed her training. She's now a journey-level ironworker.

What does PHAC recommend?

Recommendation 1: Update Economically Distressed Area methodology

- PHAC supports this recommendation

Recommendation 2: Allow potential for a regional PHAC

- PHAC supports collaboration and coordination across regional Priority Hire programs

Economically Distressed Area Methodology

Why

Better reflect the changing demographics

Reach the most people who meet ZIP code criteria

Include areas in the City's Racial and Social Equity Index

How

Change "high density" to "high concentration" to add areas with high density, numbers or rates of poverty, unemployment, low educational attainment

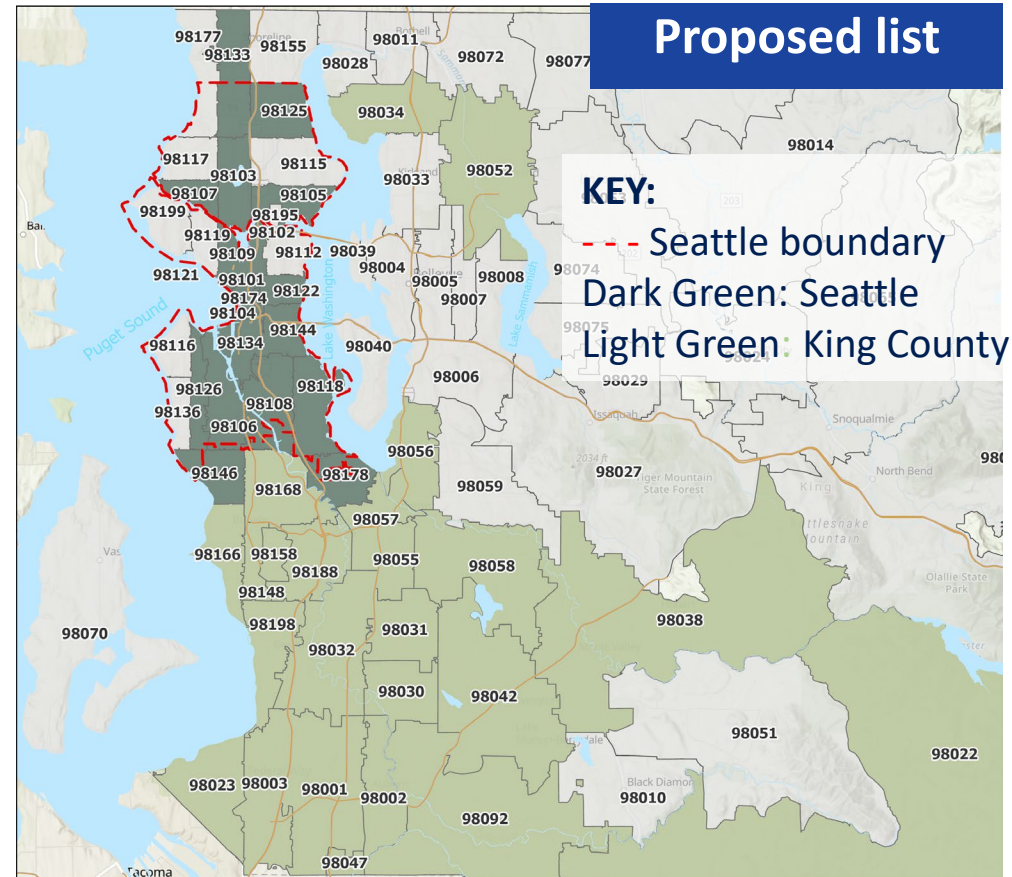

Impact

Increase number of people reached

Increase number of ZIP codes by 12

Increase contractor options for hiring workers

How would the list of Economically Distressed Areas change?

Seattle ZIP codes added:

- 98103 Aurora
- 98105 University District
- 98134 Industrial District

No Seattle ZIP codes are removed.

10 King County ZIP codes are added, and one is removed.

Expands Priority Hire opportunities to nearly 14,000 more workers.

Source: Community Attributes Inc., 2024.

Why do we need regional collaboration?

Priority Hire Implementation and Advisory Committee: Advise on the effectiveness and implementation of Priority Hire

Address regional challenges

Insufficient supply of Priority Hire workers

Worker retention challenges

Align programs

Variable practices/processes make worker navigation and contractor compliance difficult

Systems not working together

Worker Shortages Average 5.6% Annually

Projected Construction Employment Worker Shortage, King, Pierce and Snohomish Counties, 2022-2026

- **Regional demand** for construction workers is projected at about 159,000 workers per year on average between 2022 and 2026, with **shortages ranging from 6,000 to 12,000 workers**.
- Region-wide construction **supply is projected to fall short of demand** from 2022 through 2026 by an average of 5.6%.

CITY OF SEATTLE

ORDINANCE _____

COUNCIL BILL _____

AN ORDINANCE amending Ordinance 126955, which adopted the 2024 Budget, including the 2024-2029 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; and ratifying and confirming certain prior acts; all by a 3/4 vote of the City Council.

WHEREAS, on December 12, 2023, the City Council passed Ordinance 126974, authorizing the execution of a collective bargaining agreement between The City and the International Association of Fire Fighters, Local 27; and

WHEREAS, on December 12, 2023, the City Council passed Ordinance 126975, authorizing the execution of a Memorandum of Agreement between The City and the International Brotherhood of Electrical Workers, Local 77; and

WHEREAS, on April 2, 2024, the City Council passed Ordinance 127004, authorizing the execution of a collective bargaining agreement between The City and the Washington State Council of County and City Employees, American Federation of State, County and Municipal Employees, Local 21SP; and

WHEREAS, on April 2, 2024, the City Council passed Ordinance 127005, authorizing the execution of collective bargaining agreements between The City and certain City unions in the Coalition of City Unions; and

WHEREAS, on April 2, 2024, the City Council passed Ordinance 127006, extending annual wage increases to non-represented City employees; and

WHEREAS, on May 14, 2024, the City Council passed Ordinance 127019, authorizing the execution of a

collective bargaining agreement with the Seattle Police Officers' Guild; and

WHEREAS, on May 14, 2024, the City Council passed Ordinance 127023, authorizing the execution of a collective bargaining agreement between The City and the Washington State Council of County and City Employees, American Federation of State, County and Municipal Employees; and

WHEREAS, now that these agreements have been executed, City departments require additional funds in 2024 to pay for increased labor costs; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. In order to pay for necessary costs and expenses in 2024, but for which insufficient appropriations were made due to causes that could not reasonably have been foreseen at the time of the making of the 2024 Budget, appropriations for the following items in the 2024 Budget are increased from the funds shown, as follows:

1. BILL SUMMARY

Legislation Title: AN ORDINANCE amending Ordinance 126955, which adopted the 2024 Budget, including the 2024-2029 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; and ratifying and confirming certain prior acts; all by a 3/4 vote of the City Council.

Summary and Background of the Legislation: This legislation increases 2024 appropriations to City departments to allow for increased costs of labor resulting from executed agreements with City unions and related legislation for non-represented employees. The ordinances authorizing the increased costs contained in this bill are:

- Ordinance 126974, which authorized the execution of a collective bargaining agreement between The City and the International Association of Fire Fighters, Local 27.
- Ordinance 126975, which authorized the execution of a Memorandum of Agreement between The City and the International Brotherhood of Electrical Workers, Local 77 Power Dispatchers for 2022.
- Ordinance 127004, which authorized the execution of a collective bargaining agreement between The City and the Washington State Council of County and City Employees, American Federation of State, County and Municipal Employees, Local 21SP.
- Ordinance 127005, which authorized the execution of collective bargaining agreements between the City and certain City unions in the Coalition of City Unions.
- Ordinance 127006, which extended annual wage increases to non-represented City employees.
- Ordinance 127019, which authorized the execution of a collective bargaining agreement with the Seattle Police Officers' Guild from January 1, 2021 through December 31, 2023.
- Ordinance 127023, which authorized the execution of a collective bargaining agreement between The City and the Washington State Council of County and City Employees, American Federation of State, County and Municipal Employees, Local 21SP beginning January 1, 2023.

When the 2024 Budget was considered and adopted in 2023, these labor actions were outstanding and not included in the 2024 base budget. Additional appropriations to City departments are now needed to allow them to pay for the increased labor cost in 2024.

This legislation includes appropriations to account for all 2022 and 2023 retroactive wage increases and approximately 50% of the forecasted wage increases for 2024 for all agreements listed above. City departments in the Executive branch have been asked to deploy a number of

strategies to limit current year (2024) spending to relieve pressure on the budget. As a result of these cost saving strategies, some departments have savings in their current base budgets and are forecasted to not need the entire incremental additional cost borne by these labor increases. Remaining appropriation increases necessary because of the labor agreements will be sent in subsequent legislation in the fall of 2024.

Estimated costs by agreement and fund type can be found in Attachment A.

3.a. Appropriations

☒ This legislation adds, changes, or deletes appropriations.

Appropriations Notes: See ordinance for details on the BCL level appropriations.

3.d. Other Impacts

Does the legislation have other financial impacts to The City of Seattle, including direct or indirect, one-time or ongoing costs, that are not included in Sections 3.a through 3.c? If so, please describe these financial impacts.

The ongoing (2025-2028) financial impacts related to this legislation are held in planning reserves and will be appropriated through the annual budget process, or included in future financial plan reserves.

If the legislation has costs, but they can be absorbed within existing operations, please describe how those costs can be absorbed. The description should clearly describe if the absorbed costs are achievable because the department had excess resources within their existing budget or if by absorbing these costs the department is deprioritizing other work that would have used these resources.

The costs associated with this legislation cannot be absorbed with existing appropriations. The City has held planning reserves for each fund to provide the resources for the appropriations in this legislation.

Please describe any financial costs or other impacts of *not* implementing the legislation.

City departments will not have the appropriations necessary to implement the requirements of the labor agreements described in Section 1.

4. OTHER IMPLICATIONS

a. Please describe how this legislation may affect any departments besides the originating department.

Yes, this legislation impacts most departments' 2024 budgets. The budget appropriation contained in this legislation provides appropriation authority to implement the labor agreements described in Section 1.

b. Does this legislation affect a piece of property? If yes, please attach a map and explain any impacts on the property. Please attach any Environmental Impact Statements, Determinations of Non-Significance, or other reports generated for this property.

No

c. Please describe any perceived implication for the principles of the Race and Social Justice Initiative.

i. How does this legislation impact vulnerable or historically disadvantaged communities? How did you arrive at this conclusion? In your response please consider impacts within City government (employees, internal programs) as well as in the broader community.

This legislation provides the appropriations necessary to implement previously approved labor agreements. Please see implications for the principles of the Race and Social Justice Initiative section in the Summary and Fiscal Note for Ordinance

126974, Ordinance 126975, Ordinance 127004, Ordinance 127005, Ordinance 12006, Ordinance 127019, and Ordinance 127023.

- ii. **Please attach any Racial Equity Toolkits or other racial equity analyses in the development and/or assessment of the legislation.**

N/A

- iii. **What is the Language Access Plan for any communications to the public?**

N/A

d. Climate Change Implications

- i. **Emissions: How is this legislation likely to increase or decrease carbon emissions in a material way? Please attach any studies or other materials that were used to inform this response.**

N/A

- ii. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

N/A

- e. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)? What mechanisms will be used to measure progress towards meeting those goals?**

N/A

5. CHECKLIST

- ☐ Is a public hearing required?
- ☐ Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required?
- ☒ If this legislation changes spending and/or revenues for a fund, have you reviewed the relevant fund policies and determined that this legislation complies?
- ☐ Does this legislation create a non-utility CIP project that involves a shared financial commitment with a non-City partner agency or organization?

MEMORANDUM

To: Finance, Native Communities, and Tribal Governments Committee
From: Ben Noble, Central Staff
Subject: Council Bill 120811: Appropriating Funding for Employee Wage Adjustments

On July 17, 2024, the Finance, Native Communities, and Tribal Governments Committee will discuss [Council Bill \(CB\) 120811](#), which would appropriate funds to cover the costs associated with the series of labor agreements approved by Council earlier this year. This includes new agreements with the Coalition of City Unions, Local 27 of the International Association of Fire Fighters, Local 77 of the International Brotherhood of Electrical Workers, the Seattle Police Officer's Guild, and several other unions.

The estimated incremental cost of these agreements for 2024 totals approximately \$352 million, of which \$216 million impacts the General Fund (GF). These figures include the cost of both retroactive payments for previous years and ongoing 2024 wages. In anticipation of these appropriations, the Executive has set aside reserves in the GF and all other affected funds in amounts sufficient to meet these obligations.

The proposed legislation would appropriate only a portion of the available reserves. In particular, the bill would approve new funding in the amount of \$255 million, of which approximately \$162 million is from the GF. The requested funding can fully address the required retroactive payments and approximately half the 2024 costs. Although there are sufficient reserves to cover the incremental cost, the Executive has proposed only partial funding as part of its strategy to address spending pressures in 2024 and the deficits projected for 2025 and beyond. As announced earlier this year, the Executive has imposed a hiring freeze and a contract review process to help control 2024 spending.

The Executive intends to have departments use these savings to help offset a portion of the incremental 2024 costs. At this point in the year, the total amount of potential savings is unknown, so it is unclear what portion of the additional labor costs can be absorbed within existing budgets and what portion will require additional appropriations from reserves. The Executive initially estimated that the hiring freeze could save as much as \$20 million in General Fund resources, but the precise figure won't be known until later in the year. The City Budget Office plans to develop more precise estimates of projected underspend in early September and will use this analysis to develop a final, further request of funding to be transferred from the reserves. This request will come in the year-end supplemental that will be transmitted with the Mayor's Proposed Budget in late September. Overall, this strategy appears sound, and given that the City is contractually obligated to the wage payments the proposed legislation is appropriate.

This project creates a master plan for the development of City Light's North Service Center (NSC) properties, buildings and workspaces. The plan includes acquiring property, abutting the Service Center that is being offered for sale by the University of Washington and will provide improvements to make this property usable for City Light operations. Additional properties will be acquired, if available, between Stone Way and Aurora Ave to allow further development of the NSC, to the west. The plan also looks at potential vacation of streets and alleys to combine the space into a campus setting that can be better secured for SCL security and safety purposes. The plan could also include the addition of parking, warehouse space, engineering and shop space, a customer service center, and improved access and egress for the NSC.

Solar Microgrid for Resilience

| Project Type: | Discrete | BSL Name: | Power Supply - CIP |
| Project Category: | New Investment | Location: | TBD |
| Current Project Stage: | Stage 6 - Closeout | Council District: | TBD |
| Start/End Date: | 2016 - 2023 | Neighborhood District: | Not in a Neighborhood District |
| Total Project Cost: | \$4,311 | Urban Village: | Not in an Urban Village |

This project provides construction of an islandable microgrid located at a City of Seattle designated emergency shelter such as a community center, where a solar photovoltaic (PV) system coupled with an appropriately-sized battery energy storage system will be installed. The project provides backup power to support critical emergency facilities and services during extended power outages when electricity distribution facilities are down due to a catastrophic event, such as an earthquake, severe windstorm (or associated flooding), fire or landslide. The Washington State Dept. of Commerce will grant the utility approximately half of the funding to cover the costs for this project.

This project increases the capacity of City Light power distribution systems to serve increased power requirements projected for Sound Transit's Link system. Initial upgrades will be in the Capitol Hill Sound Transit Station area. Construction there may be underway in 2017. Other areas projected to need power distribution system upgrades include area between the International District Station and Lake Washington, the University of Washington Station area, areas in the Rainier valley, and some areas along the proposed Lynnwood Link line.

1. BILL SUMMARY

Legislation Title: AN ORDINANCE amending Ordinance 126955, which adopted the 2024 Budget, including the 2024-2029 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; revising project allocations for certain projects in the 2024-2029 CIP; adding CIP Projects; imposing a proviso; creating positions; modifying positions; abrogating positions; and ratifying and confirming certain prior acts.

Summary and Background of the Legislation: This ordinance proposes several adjustments to the 2024 Adopted Budget.

The City Budget Office compiles departmental requests for spending adjustments to the Adopted Budget into a Supplemental Ordinance for review and approval by the City Council. This bill accomplishes the following:

- Adjusts appropriation authority to Budget Control Levels approved in the Adopted Budget or subsequent legislation;
- Appropriates funding backed by new revenue sources;
- Adjusts the Adopted Capital Improvement Program;
- Makes changes to departments position authority; and
- Imposes a proviso.

2. CAPITAL IMPROVEMENT PROGRAM

Does this legislation create, fund, or amend a CIP Project? ☒ Yes ☐ No

Note: Please see Attachment A to this document.

3. SUMMARY OF FINANCIAL IMPLICATIONS

Does this legislation have financial impacts to the City? ☒ Yes ☐ No

2025-2028 ongoing costs are current estimates and will be addressed through subsequent budget action including the annual budget process.

3.a. Appropriations

☒ This legislation adds, changes, or deletes appropriations.

Appropriations Notes: See Summary Attachment A for details on 2024 Mid-Year Supplemental appropriations.

3.d. Other Impacts

Does the legislation have other financial impacts to The City of Seattle, including direct or indirect, one-time or ongoing costs, that are not included in Sections 3.a through 3.c? If so, please describe these financial impacts.

No. Please see Summary Attachment A for details on 2024 Mid-Year Supplemental appropriations.

If the legislation has costs, but they can be absorbed within existing operations, please describe how those costs can be absorbed. The description should clearly describe if the absorbed costs are achievable because the department had excess resources within their existing budget or if by absorbing these costs the department is deprioritizing other work that would have used these resources.

Please see Summary Attachment A for details on 2024 Mid-Year Supplemental appropriations.

Please describe any financial costs or other impacts of *not* implementing the legislation.

The objectives supported by these resources could not be achieved without this legislation.

4. OTHER IMPLICATIONS

a. Please describe how this legislation may affect any departments besides the originating department.

Yes, this legislation impacts most departments' 2024 budgets.

- b. Does this legislation affect a piece of property? If yes, please attach a map and explain any impacts on the property. Please attach any Environmental Impact Statements, Determinations of Non-Significance, or other reports generated for this property.**

No

- c. Please describe any perceived implication for the principles of the Race and Social Justice Initiative.**
- i. How does this legislation impact vulnerable or historically disadvantaged communities? How did you arrive at this conclusion? In your response please consider impacts within City government (employees, internal programs) as well as in the broader community.**
 - ii. Please attach any Racial Equity Toolkits or other racial equity analyses in the development and/or assessment of the legislation.**
 - iii. What is the Language Access Plan for any communications to the public?**

See Summary Attachment A for any associated implications for question c.

- d. Climate Change Implications**
- i. Emissions: How is this legislation likely to increase or decrease carbon emissions in a material way? Please attach any studies or other materials that were used to inform this response.**
 - ii. Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle's resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

See Summary Attachment A for any associated implications for question d.

- e. If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program's desired goal(s)? What mechanisms will be used to measure progress towards meeting those goals?**

See Summary Attachment A for any associated implications.

5. CHECKLIST

- ☐ **Is a public hearing required?**
- ☐ **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required?**

- ☒ **If this legislation changes spending and/or revenues for a fund, have you reviewed the relevant fund policies and determined that this legislation complies?**
- ☐ **Does this legislation create a non-utility CIP project that involves a shared financial commitment with a non-City partner agency or organization?**

Summary Attachment A – 2024 Mid-Year Supplemental Ordinance Summary Detail Table

2024 Mid-Year Supplemental Ordinance Summary Detail Table

| Item # | Title | Description | Amount/FTE |
|--|--|---|-------------|
| Section 1 – Appropriation Decreases – Operating Budgets | | | |
| 1.1 | Abandon Pier 1 & 2 Grant (Department of Neighborhoods) | This item decreases grant-backed appropriation authority by \$8,275 in the Department of Neighborhoods in the General Fund Community Building Budget Control Level (00100-DN-I3300). This item is necessary to facilitate the close-out of a grant from the Port of Seattle for planning and public improvements for Pier 1, Pier 2, and adjacent properties. This action abandons remaining authority from a grant that was initially accepted in the Department of Neighborhoods in the 1996 Budget via Ord. 118016. | (\$8,275) |
| 1.2 | NEA Grant Transfer from DON to SDOT (Department of Neighborhoods) | This item decreases grant-backed appropriation authority from the Department of Neighborhoods (DON) in the amount of \$125,000 in General Fund Community Building (00100-DN-I3300). Item 3.11 adds this appropriation authority to the Seattle Department of Transportation (SDOT) in the Transportation Fund Mobility Operations Budget Control Level (BO-TR-17003). This request is necessary to transfer a National Endowment for the Arts grant previously managed by DON to SDOT. This grant was initially accepted in DON in 2022 and is intended to support cultural asset mapping and multidisciplinary artworks which will inform planning and development of a light rail transit project in Seattle. Transfer of this grant aligns with an interdepartmental transfer of the grant's program manager from DON to SDOT that occurred in the beginning of 2024. Please see item 3.11 for the corresponding increase in SDOT. | (\$125,000) |

| Item # | Title | Description | Amount/FTE |
|--------|---|---|---------------|
| 1.3 | Transfer Trial Court Improvement Account Appropriation to Seattle Municipal Court (Finance General) | This item decreases appropriation authority in the amount of \$135,225 from Finance General, in the General Fund General Purpose Budget Control Level (00100-BO-FG-2QD00). Item 2.15 adds this appropriation authority to the Seattle Municipal Court (SMC), in the General Fund Administration Budget Control Level (00100-BO-MC-3100). These actions appropriate Trial Court Improvement Account Funds that are held in Finance General to SMC. SMC will use this funding for a temporary strategic advisor position to implement a support structure for the new Municipal Court Information System 2.0 (MCIS 2.0) implemented this year. Tasks will include process improvements and associated documentation, developing financial reports for the Executive Leadership Team and other decision makers, and creating systems to support sharing and distribution of data resources. This is funded with TCIA revenues received for the Washington State Administrative Office of the Courts in response to the City meeting guidelines on judicial salaries. | (\$135,225) |
| 1.4 | Grant Budget Abandonment (Human Services Department) | This item decreases grant-backed appropriation authority in the Human Services Department by \$534,492 in the Human Services Fund Supporting Affordability & Livability Budget Control Level (16200-PO-HS-H1000), \$1,539,268 in the Human Services Fund Addressing Homelessness Budget Control Level (16200-PO-HS-H3000), \$32,015 in the Human Services Fund Leadership & Administration Budget Control Level (16200-PO-HS-H5000), and \$1,006,384 in the Human Services Fund Promoting Healthy Aging Budget Control Level (16200-PO-HS-H6000). | (\$3,112,159) |

| Item # | Title | Description | Amount/FTE |
|--------|--|--|---------------|
| 1.5 | Reduce NEA Hope Corps Grant Appropriation (Office of Arts and Culture) | This item decreases appropriation authority by \$10,000 in the Office of Arts and Culture in the Arts & Culture Fund (12400) Arts and Cultural Programs Budget Control Level (12400-BO-AR-VA162). In 2023, the National Endowment for the Arts (NEA) Hope Corps had an unspent balance of \$10,437, however, the amount carried forward in 2024 was \$20,437. This is a technical correction to correctly align the appropriation authority with the available grant budget. | (\$10,000) |
| 1.6 | Abandonment of Excess Grant Authority (Office of Housing) | This item decreases appropriation authority by \$2,624,130 in the Low Income Housing Fund Homeownership and Sustainability Budget Control Level (16400-BO-HU-2000), decreases appropriation authority by \$4,073,276 in the Low Income Housing Fund Multifamily Housing Budget Control Level (16400-BO-HU-3000), decreases appropriation authority by \$274,454 in the Office of Housing Fund Leadership and Administration Budget Control Level (16600-BO-HU-1000), and decreases appropriation authority by \$8,111 in the Office of Housing Fund Multifamily Housing Budget Control Level (16600-BO-HU-3000). This request is necessary to abandon unused grant authority and facilitate close-out of several grants. | (\$6,979,969) |
| 1.7 | DSHS 2022-2023 Grant Abandonment (Office of Immigrant and Refugee Affairs) | This item decreases appropriation authority by \$105,306 in the Office of Immigrant and Refugee Affairs (OIRA) General Fund Office of Immigrant and Refugee Affairs Budget Control Level (00100-BO-IA-X1N00). This grant funding is from the Washington Department of Social and Health Services to support the participation of state benefits recipients in the New Citizen Program (NCP). This item abandons the authority for the unspent balance of the grant from OIRA's 2022-2023 award. | (\$105,307) |

| Item # | Title | Description | Amount/FTE |
|--------|--|---|-------------|
| 1.8 | Transfer EDI Funding to HSD to Streamline Contracting (Office of Planning and Community Development) | This item decreases appropriation authority in the amount of \$700,000 from the Office of Planning and Community Development's (OPCD's) Payroll Expense Tax Equitable Development Initiative (EDI) Budget Control Level (14500-BO-PC-X2P40). Item 2.3 adds this appropriation authority to the Human Services Department's Payroll Expense Tax Supporting Affordability & Livability Budget Control Level (14500-BO-HS-H1000). In 2023, the EDI program's RFP process awarded funding to El Centro de la Raza to fund a portion of a community facility in the Jose Marti Child Development Center. Since HSD has already negotiated a contract for this project with specific public benefit requirements, it is more efficient to combine the EDI support with the existing HSD project. Please see corresponding appropriation increase in HSD (item 2.3). | (\$700,000) |

| Item # | Title | Description | Amount/FTE |
|--------|--|---|---------------|
| 1.9 | Transfer Duwamish Valley Program funding to OSE and Parks (Office of Planning and Community Development) | <p>This item decreases appropriation authority in the amount of \$3,599,682 from the Office of Planning and Community Development's (OPCD's) Payroll Expense Tax Planning and Community Development BCL (14500-BO-PC-X2P00) and \$205,419 from the OPCD's General Fund Planning and Community Development BCL (00100-BO-PC-X2P00). Of this amount, \$3,413,132 is being added to the Payroll Expense Tax Office of Sustainability and Environment BCL (14500-BO-SE-X1000), \$205,419 is being added to the General Fund Office of Sustainability and Environment BCL (00100-BO-SE-X1000), \$36,550 is being added to Seattle Parks and Recreation's (SPR's) Payroll Tax Maintaining Parks & Facilities-CIP BCL (14500-BC-PR-50000), and \$150,000 is being added to SPR's Payroll Tax Building for the Future BSL (14500-BC-PR-20000). This action transfers the remaining one-time funding that was appropriated to OPCD in the 2022 Adopted Budget as part of the Green New Deal funding package. The funding will provide resources for investments in Duwamish Valley community assets such as the South Park Community Center, South Park Neighborhood Center, Georgetown gathering spaces, and community-supported development in South Park, to be administered primarily by OSE. The SPR portion of the transfer will support the solar energy components of an existing climate resilience infrastructure project at the South Park Community Center (\$150,000) and the Oxbow P-Patch rejuvenation fund to improve the shed and community gathering ability (\$36,550). Please see corresponding appropriation increases for OSE (item 2.8) and SPR (item 7.4 and 7.5).</p> | (\$3,805,101) |

| Item # | Title | Description | Amount/FTE |
|--------|---|--|---------------|
| 1.10 | Transfer FTA Grant to SDOT (Office of Planning and Community Development) | This item decreases revenue backed appropriation authority of \$1,705,556 from the Office of Planning and Community Development's (OPCD's) General Fund Planning and Community Development Budget Control Level (00100-BO-PC-X2P00). Item 3.12 adds this appropriation authority to the Seattle Department of Transportation's (SDOT's) Transportation Fund Mobility Operations BSL (13000-BO-TR-17003). OPCD applied for a Federal Transit Administration (FTA) planning grant in 2020 in partnership with SDOT, and the resulting \$1.75 million grant was accepted in Ordinance 126209 and appropriated in Ordinance 126210. The grant is to advance transit-oriented development at light rail station areas through economic and neighborhood development and public-private and community partnerships. Because SDOT holds the primary relationship with the FTA and also has in-house expertise on federal grant procurement and compliance, SDOT should be the primary grant administrator. Please see corresponding appropriation increase in SDOT (item 3.12). | (\$1,705,556) |

| Item # | Title | Description | Amount/FTE |
|--------|--|--|-------------|
| 1.11 | Transfer funding to support decarbonization projects in Office of Housing (Office of Sustainability and Environment) | This item decreases appropriation authority in the amount of \$475,000 from the Payroll Expense Tax Fund Office of Sustainability and Environment Budget Control Level (14500-BO-SE-X1000). Item 2.20 adds this appropriation authority to the Office of Housing Payroll Expense Tax Fund Multifamily Housing Budget Control Level (14500-BO-HU-3000) to support multifamily affordable housing decarbonization retrofits or engineering plans. These funds are needed to bridge a funding gap for a federally funded project to decarbonize 3 multifamily affordable housing facilities within the city. Payroll Expense Tax funding was allocated to OSE to support low-income housing providers comply with Seattle Building Emissions Performance Standard targets and reduce greenhouse gas emissions. Please see item 2.20 for the corresponding increase in OH. | (\$475,000) |
| 1.12 | CARES Grant Carryover (Seattle Center) | This item decreases the Monorail CARES grant carryover authority of \$90,438 within the Seattle Center Fund Campus BSL (11410-BO-SC-60000). This grant was originally accepted in Q2 2020, and expenditure authority granted in Q4 2020. The purpose of the grant was to provide support for Monorail Operations during the COVID-19 Pandemic. This item abandons this grant authority since the pandemic has ended, and the remaining grant award cannot be spent. | (\$90,438) |

| Item # | Title | Description | Amount/FTE |
|--------|---|---|-------------|
| 1.13 | Debt Service Correction for Bond Repurposing - Operating (Seattle Department of Transportation) | This item decreases appropriation authority by \$1,390,430 in the Seattle Department of Transportation, in the Transportation Fund General Expense and REET II Capital Fund General Expense Budget Control Levels (13000-BO-TR-18002 and 30020-BO-TR-18002). This decrease recognizes the reduced debt service payment requirements associated with the Department transferring \$18 million of bond proceeds to the Office of the Waterfront and Civic Projects. This transfer reduces the debt service obligations owed by the Department in 2024. This item only corrects the debt service budget related to this transfer; the bond transfer itself is included in item 9.13. | (\$766,971) |
| 1.14 | BMP-Greenways Transfer - Operating (Seattle Department of Transportation) | This item decreases appropriation authority in the amount of \$262,751 from the Department of Transportation, in the Coronavirus Local Fiscal Recovery Fund Mobility Operations Budget Control Level (14000-BC-TR-17003). Item 8.2 adds this appropriation authority to the Coronavirus Local Fiscal Recovery Fund Mobility-Capital Budget Control Level (14000-BC-TR-19003). This action would effectively transfer the remaining Coronavirus Local Fiscal Recovery funds from the MO-TR-G071 Safe & Healthy Streets COVID19 master project to the MC-TR-C063 Bike Master Plan-Greenways master project. This transfer is needed for the construction of permanent Healthy Streets in 2024. The other side of this transfer is included in Item 8.2. | (\$262,751) |
| 1.15 | Grant Appropriation Abandonment for Homeland Security (Seattle Fire Department) | This item decreases grant-backed appropriation authority by \$1,612 in the Seattle Fire Department (SFD) Operations Budget Summary Level (BO-FD-F3000). This grant from the Department of Homeland Security has ended, all expenses have been billed, all revenue received, and the remaining appropriation is no longer needed so it can be abandoned. | (\$1,612) |

| Item # | Title | Description | Amount/FTE |
|--------|---|---|------------|
| 1.16 | Grant Appropriation Abandonment for Fire Prevention & Safety 2019 (Seattle Fire Department) | This item decreases grant-backed appropriation authority by \$27,879 in the Seattle Fire Department (SFD) Operations Budget Summary Level (BO-FD-F3000). The Fire Prevention & Safety 2019 Grant from the Department of Homeland Security has been completed. SFD has billed all expenses, received all revenue and the remaining appropriation is no longer needed so it can be abandoned. | (\$27,879) |
| 1.17 | Grant Appropriation Abandonment for Healthier Here 2021 (Seattle Fire Department) | This item decreases grant-backed appropriation authority by \$6,069 in the Seattle Fire Department (SFD) Operations Budget Summary Level (BO-FD-F3000). The Healthier Here 2021 Grant from the Healthier Here Foundation has been completed. SFD has billed all expenses and received all revenue, and the remaining appropriation is no longer needed so it can be abandoned. | (\$6,069) |
| 1.18 | Grant Appropriation Abandonment for Medic One Foundation (Seattle Fire Department) | This item decreases grant-backed appropriation authority by \$1 in the Seattle Fire Department (SFD) Operations Budget Summary Level (BO-FD-F3000). The Medic One Foundation Grant from the Medic One Foundation has been completed. SFD has billed all expenses, received all revenue and the remaining appropriation is no longer needed so it can be abandoned. | (\$1) |

| Item # | Title | Description | Amount/FTE |
|--------|---|---|-------------|
| 1.19 | FY22 UASI Reduction (Seattle Police Department) | This item decreases appropriation authority by \$94,736 in the Seattle Police Department in the Special Operations Budget Control Level (BO-SP-P3400) to amend a previous appropriation for the FY22 UASI grant, which is funded by the Federal Emergency Management Agency and U.S. Department of Homeland Security through the Washington State Military Department - Emergency Management Division under the Urban Areas Security Initiative (UASI). This grant provides funding to continue and enhance the City of Seattle's ability to prevent, protect, respond to and recover from acts of terrorism as well as other emergency events. Grant funds were originally accepted and appropriated in the 2023 First Quarter Supplemental budget legislation (Ordinance 126791, item #1.22) in the amount of \$1,720,528. This amount included a \$90,000 allocation for a cybersecurity IT project, which SPD accepted and appropriated on behalf of Seattle IT. As the project was subsequently transferred to King County, this item reduces the grant appropriation by \$90,000 for project costs and \$4,736 for associated maintenance and administration (M&A) costs for fiduciary oversight of grant funds. The period of performance for this grant is from 9/1/22 through 8/31/24. | (\$94,736) |
| 1.20 | Recurring Grants True-Up (Decrease) (Seattle Police Department) | This item decreases appropriation authority in the Special Operations Budget Control Level (BO-SP-P3400) by \$206,360. This correction is associated with the FY23 Port Security Grant Program awarded by the Department of Homeland Security, which was originally accepted as part of 2024 Recurring Grants Ordinance (Ordinance 126934, Attachment A, item #1.64). The award amount in this legislation was based on best estimates at the time of the submission and must now be adjusted to reflect actual awarded amount. | (\$206,360) |

| | | | |
|------|--|---|---------------|
| 1.21 | Grant Abandonments (Seattle Police Department) | <p>This item decreases appropriation authority by \$1,260,039 in the Seattle Police Department in various Budget Control Levels (BCL). The following appropriations are abandoned from various BCLs associated with grant awards:</p> <p>(1) (\$32,609) from the Leadership and Administration BCL for the FY23 Patrick Leahy Bulletproof Vest Partnership (BVP) grant awarded by the Department of Justice, Bureau of Justice Assistance.</p> <p>(2) (\$175,000) from the Chief of Police BCL for the FY23 Community Policing Development Microgrant awarded by the Community Oriented Policing Services (COPS) Office.</p> <p>(3) (\$200,000) from the Chief of Police BCL for the FY23 Law Enforcement Mental Health & Wellness ACT (LEMHWA) Program Grant awarded by the Community Oriented Policing Services (COPS) Office.</p> <p>(4) (\$799,982) from the Chief of Police BCL for the FY23 Smart Policing Initiative Grant Program awarded by the Department of Justice, Bureau of Justice Assistance.</p> <p>(5) (\$9,285) from the Chief of Police BCL for the FY21 Community Policing Development grant awarded by the Department of Justice</p> <p>(6) (\$210) from the Leadership and Administration BCL for the FY19 Justice Assistance Grant awarded by the Department of Justice</p> <p>(7) (\$20,214) from the Leadership and Administration BCL for the FY22 Impaired Driving Program grant awarded by the Washington Traffic Safety Commission</p> <p>(8) (\$22,740) from the Criminal Investigations BCL for the FY22 Sexual Assault Kit grant awarded by the WA Association of Sheriffs & Police Chiefs</p> <p>Items #1-4 were originally accepted as part of 2024 Recurring Grants Ordinance (Ordinance 126934, Attachment A, items #1.55, #1.57, #1.63, #1.67). | 1.22 | Abandonment of Library Grant Authority (Seattle Public Library) | This item decreases appropriation authority by \$1,464 in the Library Programs & Services BSL (BO-PL-B4PUB). This represents excess budget authority related to a closed 2022-2023 Washington State Library Digital Heritage grant. There is no revenue remaining to back this authority. This request is necessary to ensure Library budget authority remains representative of actual resources available. | (\$1,464) |
| 1.23 | Washington State Patrol Grant Abandonment (Law Department) | This item decreases appropriation authority by \$195,990 in the Law Department Criminal Division Budget Control Level (00100-BO-LW-J1500). This grant with the Washington State Traffic Safety Commission funded a position over four years. The majority of the abandoned funds relate to the position being vacant for over one year and are no longer needed. | (\$195,990) |
| 1.24 | Reduction to facilitate transfer of the Clean Cities funding back to SPU. (Office of Economic Development) | This item decreases appropriation authority in the amount of \$400,000 from the Office of Economic Development (OED) in the General Fund Business Services Budget Control Level (00100-BO-ED-X1D00). Item 2.19 adds this appropriation authority to Seattle Public Utilities (SPU) in the General Fund Utility Service & Operations Budget Control Level (00100-SPU- BO-SU-N200B). This one-time funding was initially transferred to OED from SPU in the 2024 Adopted Budget via CBA SPU-802-B-1 to provide expanded cleaning services in the Chinatown-International District (CID). This funding will support SPU's Clean City program. Please see item 2.19 for the corresponding increase in SPU. | (\$400,000) |

| 2.1 | Retaining Wall Repairs (Department of Finance and Administrative Services) | This item increases appropriation authority by \$1,315,000 in the Finance and Administrative Services, in the Finance and Administrative Services Fund Citywide Asset Services Budget Control Level (50300-BO-FA-0001). This item is necessary to pay for repair of two retaining walls at risk of collapse. Retaining walls at both 5511 Seward Park Ave (\$770,000) and 5023 Baker Ave (\$545,000) border streets and sidewalks respectively. Failure of either would disrupt the right-of-way and could result in injury. Failure of the Seward Park Ave wall could also result in damage to private property. This increase is funded by FAS operating fund balance. | \$1,315,000 |
| 2.2 | Increase Appropriation for Transfer to Revenue Stabilization Fund (Finance General) | This item increases appropriation by \$396,000 in Finance General, in the General Fund Appropriation to Special Fund BCL (00100-BO-FG-2QA00). This supports an increased General Fund transfer to the Revenue Stabilization Fund in 2024 as required by SMC 5.80.020.B. | \$396,000 |

| 2.3 | Transfer EDI Award Funding from OPCD to HSD (Human Services Department) | This item increases appropriation authority by \$700,000 in the Human Services Department's Payroll Expense Tax Supporting Affordability & Livability Budget Control Level (14500-BO-HS-H1000). Item 1.8 decreases appropriation authority in the Office of Planning and Community Development's Payroll Expense Tax Equitable Development Initiative Budget Control Level (14500-BO-PC-X2P40) by a like amount. In 2023, the EDI program's RFP process awarded funding to El Centro de la Raza to fund a portion of a project that they are already working on with HSD. Since HSD has already negotiated a contract for this project with specific public benefit requirements, it is efficient to add the EDI dollars to the existing HSD project. Please see corresponding appropriation decrease in OPCD (item 1.8). | \$700,000 |
| 2.4 | MHA Program Evaluation (Office of Housing) | This item increases appropriation authority by \$238,000 in the Office of Housing in the Office of Housing Fund Leadership & Administration Budget Control Level (16600-BO-HU-1000) This request is necessary to support an evaluation of the Mandatory Housing Affordability (MHA) program. The MHA evaluation will be conducted by a consultant and will examine the performance and outcomes of the MHA program. The evaluation will include a review of any intended or unintended impacts of the requirements on the overall housing market and whether any changes to improve program efficacy are warranted. This request is support by MHA administrative fund balance in the Office of Housing Fund. | \$238,000 |

| 2.5 | Loan Underwriting Support (Office of Housing) | This item increases appropriation authority by \$67,000 in the Office of Housing, in the Office of Housing Fund Multifamily Housing Budget Control Level (16600-BO-HU-3000). This request is necessary to provide support the Capital Investments Team in underwriting affordable housing loans. Two managers on the Capital Investments Team will be on parental leave in 2024, requiring additional assistance in the financial closings of affordable housing projects and in due diligence reviews. The request is supported by 2023 Levy administrative fund balance and MHA administrative fund balance in the Office of Housing Fund. | \$67,000 |
| 2.6 | Demolition of Kings Hall (Office of Housing) | This item increases appropriation authority by \$1.5 million in the Office of Housing (OH), in the Office of Housing Fund Leadership & Administration Budget Control Level (16600-BO-HU-1000). This request is necessary to fund the required demolition of the King's Hall building on the UW Laundry site. The fire and life safety system failed due to vandalism and damage to the electrical system. The Seattle Fire Department has cited the building as a safety hazard, requiring either demolition or costly repairs. OH is moving forward with demolition as that was already the long-term plan for the building. This request is support by the 2023 Levy Pre-Development program, which funds pre-development costs on OH-owned properties, and has a total of \$10 million over the life of the levy. | \$1,500,000 |

| 2.7 | Correction of Carryforward Related to Seattle IT Project (Office of Housing) | This item increases appropriation authority by \$1,000,000 in the Office of Housing in the Office of Housing Fund Leadership and Administration Budget Control Level (16600-BO-HU-1000). This request is necessary to correct the carryforward budget amount related to the OH Data Management Upgrade project. The total budget for this project in 2024 is \$1,485,178 and the Office of Housing Fund has adequate balance to cover this amount and specific reserves for this project. However, due to technical grant accounting issues only \$485,178 is available to carryforward into 2024. This item is related to the grant funding source clean-up in item 1.6. | \$1,000,000 |
| 2.8 | Increase Duwamish Valley Program funding from OPCD (Office of Sustainability and Environment) | This item increases appropriation authority in the amount of \$3,413,132 in the Payroll Expense Tax Fund Office of Sustainability and Environment Budget Control Level (14500-BO-SE-X1000) and \$205,419 in the General Fund in the Office of Sustainability and Environment Budget Control Level (00100-BO-SE-X1000). These increases are budget neutral due to offsetting decreases one-to the Office of Planning and Community Development's Planning and Community Development Budget Control Level (14500-BO-PC-X2P00) and the Office of Planning and Community Development's General Fund Planning and Community Development Budget Control Level (00100-BO-PC-X2P00) in item 1.9. This action transfers the remaining one-time funding that was appropriated to OPCD in the 2022 Adopted Budget as part of the Green New Deal funding package and that was carried forward in OPCD's budget in the 2023 year-end process. The funding will provide resources for investments in Duwamish Valley community assets such as the South Park Community Center, South Park Neighborhood Center, Georgetown gathering spaces, and community-supported development in South Park, to be administered primarily by OSE. Please see corresponding decrease in OPCD (item 1.9). | \$3,618,551 |

| 2.9 | 2023 Surcharge from Central Service Departments (Seattle Department of Construction and Inspections) | This technical item increases appropriation authority by a total of \$721,835 in the Seattle Department of Construction and Inspections and \$64,060 of this amount occurs in the following General Fund Budget Control Levels: \$2,231 in the Land Use Services BCL (00100-BO-CI-U2200), \$1,459 in the Inspections BCL (00100-BO-CI-U23A0), \$51,400 in the Compliance BCL (00100-BO-CI-U2400), and \$8,969 in the Govt Policy, Safety & Support BCL (00100-BO-CI-U2600); a total of \$657,775 occurs in the following Construction and Inspections Fund Budget Control Levels: \$181,948 in the Land Use Services BCL (48100-BO-CI-U2200), \$199,140 in the Permit Services BCL (48100-BO-CI-U2300), \$230,530 in the Inspections BCL (48100-BO-CI-U23A0), \$37,275 in the Compliance BCL (48100-BO-CI-U2400), and \$8,883 in the Government Policy, Safety & Support BCL (48100-BO-CI-U2600). This increase in appropriation is necessary to reconcile actual 2023 central service departments' expenses with the budget. SDCI is provided estimates each year for central service department costs. These costs were exceeded in 2023 and the overage was charged to SDCI via a reconciliation process in 2024. | \$721,835 |
| 2.10 | Paramedic Student Training (Seattle Fire Department) | This item increases appropriation authority by \$258,000 in Seattle Fire Department (SFD) Operations Budget Summary Level (BO-FD-F3000). This funding will cover the costs of training for 5 additional paramedic students in 2024. SFD continues to experience a high vacancy rate within paramedic ranks and projects it to remain higher than normal in 2024. This funding will allow SFD to keep up with attrition and reduce overall vacancy rate. This funding is in addition to the funding for 5 recruits in the SFD base budget for a total of 10 recruits. The next budget will address the funding need for 2025 as the training class runs for 10 months from October 2024 to July 2025. | \$258,000 |

| 2.11 | Additional Appropriation for Microsoft Enterprise Agreement Renewal (Seattle Information Technology Department) | This item increases appropriation authority by \$1,018,246 in Seattle IT in the Frontline Services and Workplace BCL (50410-BO-IT-D0400). This item ensures Seattle IT can cover the Microsoft Enterprise Agreement annual renewal increased costs. Due to an oversight, the appropriation for the increased Microsoft EA was not included in the 2024 Adopted budget, however there are existing revenues to cover these costs. | \$1,018,246 |
| 2.12 | Add Golf Appropriation for 2023 Incentive Pay (Seattle Parks and Recreation) | This item increases appropriation authority by \$398,932 to Seattle Parks and Recreation (SPR) in the Park and Recreation Fund to the Golf Programs Budget Control Level (10200-BO-PR-60000) and provides resources for the 2024 incentive payment made to Premier, operator of the four city-owned public golf courses (Interbay, Jackson, Jefferson, and West Seattle). Per the management agreement with Premier, the City pays Premier a revenue growth incentive fee equal to 10% of the excess revenues generated by the golf courses. In 2023, the courses generated approximately \$4M above Premier's 2023 revenue target. | \$398,932 |

| 2.13 | Sexual Assault Unit Investments (Seattle Police Department) | This item increases appropriation authority by \$250,000 in Seattle Police Department in the General Fund Criminal Investigations Budget Control Level (00100-BO-SP-P7000). This investment is required to complete the City's commitments set forth in the Mayor's Executive Order regarding Sexual Assault Unit (SAU) reform, as well as to execute the recommendations made by the Advisory Panel. This includes: developing a trauma-informed training for all SPD employees, which will be specifically tailored to the needs of the department; instituting ongoing advocate-led case reviews; implementing a data-driven assessment of SPD's SAU-related trainings, involvement in the case review, and improvements to their investigations; commissioning an analysis of the City's victim support landscape that provides suggested improvements; and using an external entity to monitor the implementation of recommendations. | \$250,000 |
| 2.14 | SPD Police Recruiting (Seattle Police Department) | This item increases appropriation authority by \$800,000 in Seattle Police Department in the General Fund Leadership and Administration Budget Control Level (00100-BO-SP-P1600). This appropriation is for an expansion of SPD officer recruitment advertisement placements in 2024. Increasing SPD recruitment marketing has directly resulted in doubling the number of applicants the City is receiving per day. | \$800,000 |

| 2.15 | Financial System Support (Seattle Municipal Court) | This item increases appropriation authority in the amount of \$135,225 to the Seattle Municipal Court (SMC), in the General Fund Administration Budget Control Level (00100-BO-MC-3000). This item appropriates Trial Court Improvement Account (TCIA) Funds that are held in Finance General for use by the Court. Item 1.3 decreases Finance General to support this increase. SMC will use this funding for a temporary strategic advisor position to implement a support structure for the new Municipal Court Information System 2.0 (MCIS 2.0) implemented this year. Tasks will include process improvements and associated documentation, developing financial reports for the Executive Leadership Team and other decision makers, and creating systems to support sharing and distribution of data resources. The TCIA revenues received from the Washington State Administrative Office of the Courts are in response to the City meeting guidelines on judicial salaries. Please see item 1.3 for the corresponding decrease in Finance General. | \$135,225 |
| 2.16 | Generational Wealth Initiative Transfer from DON to OED (Office of Economic Development) | This item increases appropriation authority by \$1,315,053 in the Office of Economic Development Payroll Expenses Tax Fund Business Services Budget Control Level (OED-14500-BO-ED-X1D00). A decrease to the Department of Neighborhoods Payroll Expense Tax Fund Community Building Budget Control Level (DON-14500-BO-DN-I3300) supports this increase. Please see item 1.25 for the corresponding decrease in DON. | \$1,315,053 |

| 2.17 | General Fund Transfer from OED to SPU for Clean City and UCT Activities (Seattle Public Utilities) | This item increases appropriation authority by \$400,000 in Seattle Public Utilities, in the General Fund Utility Service and Operations Budget Control Level (00100-BO-SU-N200B). A decrease to the Office of Economic Development (OED) in the General Fund Business Services Budget Control Level (00100-BO-ED-X1D00) supports this increase, as described in item 1.24. This funding was reduced in the 2024 Adopted Budget process in order to fund more cleaning for the CID by OED. Please see item 1.24 for the corresponding decrease in OED. | \$400,000 |
| 2.18 | OSE Support for Weatherization Work (Office of Housing) | This item increases appropriation authority in the amount of \$475,000 to the Office of Housing (OH), in the Payroll Expense Tax Fund Homeownership & Sustainability Budget Control Level (14500-BO-HU-2000). An offsetting decrease to the Office of Sustainability and Environment (OSE) in the Payroll Expense Tax Fund Office of Sustainability and Environment Budget Control Level (14500-BO-SE-1000) supports this increase. This request is necessary for OH to implement an MOA with OSE to support decarbonization work in three multifamily buildings, contributing to household cost savings and the City's goal of carbon neutrality. Please see item 1.11 for the corresponding decrease in OSE. | \$475,000 |

| 3.2 | Waterfront Improvement Program Legal Expenditures (Department of Finance and Administrative Services) | This item increases appropriation authority by \$70,000 in Finance and Administrative Services, in the Waterfront LID #6751 Fund Central Waterfront Improvement Program Budget Control Level (35040-BO-FA-WATERFRNT). This item is necessary to pay for legal expenditures that cannot be anticipated. It is revenue backed by interest earnings on bond proceeds. | \$70,000 |
| 3.3 | DON/SPU Community Engagement MOA (Department of Neighborhoods) | This item increases revenue-backed appropriation authority by \$41,600 in the Department of Neighborhoods in the General Fund Community Building Budget Control Level (00100-DN-I3300). This item is necessary to adjust appropriation authority in the department to reflect increases to the rate charged to Seattle Public Utilities via MOA for community engagement services. Adjustments to the interdepartmental rate reflect anticipated increases in direct and indirect costs of operating the program. | \$41,600 |
| 3.4 | Opioid Settlement Fund Appropriation (Human Services Department) | This item increases appropriation authority by \$1,758,738 in Human Services Department, in the Opioid Settlement Promoting Public Health Budget Control Level (14510-BO-HS-H7000). This item provides spending authority for revenue received by the City in 2024 from an opioid settlement payout from a pharmacy. The budget will fund substance use disorder treatment services in Seattle. | \$1,758,738 |
| 3.5 | TXIX Grant Appropriation Increase (Human Services Department) | This item increases grant-backed appropriation authority by \$4,706,315 in Human Services Department, in the Human Services Fund Promoting Healthy Aging Control Level (16200-BO-HS-H6000) and \$510,720 in the Human Services Fund Leadership & Administration Control Level (16200-BO-HS-H5000). This appropriation is for an increase in the TXIX grant providing Medicaid and state funded long-term services & supports for adults with functional disabilities. The grant period is July 1, 2023 - June 30, 2024. | \$5,217,035 |

| 3.6 | Amend Existing Grant Budget for Reconnect South Park (Office of Planning and Community Development) | This item increases grant-backed appropriation authority by \$300,000 in the Office of Planning and Community Development (OPCD), in the General Fund Planning and Community Development Budget Control Level (00100-BO-PC-X2P00). In 2022, the Washington State transportation budget included \$600,000 for OPCD to conduct a public engagement/visioning process and feasibility study for reconnecting the South Park neighborhood that is currently divided by State Route 99. This grant was accepted in Ordinance 126635 and appropriated in Ordinance 126641. In the 2024 legislative session, the state added \$300,000 to this project and extended the term of the grant. This item adds \$300,000 to the existing grant funding source for a total of \$900,000. The City must provide a report on the plan that includes recommendations to the Seattle City Council, the Washington State Department of Transportation (WSDOT), and the transportation committees of the state legislature by June 30, 2025. No local match is required. | \$300,000 |
| 3.7 | Operating Expenses for 5th & Mercer (Seattle Center) | This change request increases appropriation in Seattle Center's Campus Fund Campus BSL (11410-BO-SC-60000) by \$285,814 for operations and maintenance at the 5th and Mercer building, formerly known as KCTS. | \$285,814 |
| 3.8 | Climate Pledge Revenue Share (Rent Adjustment) Increase (Seattle Center) | This item increases appropriation authority by \$725,000 in Seattle Center in the Campus Fund Campus Budget Control Level (11410-BO-SC-60000). This request is necessary to pay Climate Pledge Arena (ArenaCo) their share of 2023 Parking Revenue. Seattle Center provides parking revenue to Climate Pledge Arena in excess of an annual adjusted threshold, which was surpassed in 2023. | \$725,000 |

| Item # | Title | Description | Amount/FTE |
|--------|---|--|------------|
| 3.9 | Fisher Pavilion Lawn Restoration (Seattle Center) | This change request increases appropriation in the Seattle Center Campus BSL by \$100,000 (11410-BO-SC-60000). Appropriations are used to address excessive damage to the Fisher Pavilion lawn that occurred from an event ending in January 2024. The additional expenditure authority is backed by the event producer and increased parking revenue. | \$100,000 |
| 3.10 | 2023-2025 Commute Trip Reduction Grant Appropriation (Seattle Department of Transportation) | This item increases grant backed appropriation authority by \$729,550 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Operations Budget Control Level (13000-BO-TR-17003). This is the second of three allocations for Washington State formula grant funding for commute trip reduction. This grant was accepted by Council in Ordinance 126931. The Executive plans to request appropriation for the remaining 25% of grant funding in the 2025 Proposed Budget. | \$729,550 |
| 3.11 | NEA Community Engagement Grant Transfer (Seattle Department of Transportation) | This item increases appropriation authority by \$125,000 in the Seattle Department of Transportation, in the Transportation Fund Mobility Operations Budget Control Level (13000-BO-TR-17003). This action appropriates budget associated with a National Endowment for the Arts grant that is being transferred from the Department of Neighborhoods (DON) to the Seattle Department of Transportation. This action does not move any local funding between departments. This grant requires a 100% match, which will be fulfilled through payroll costs for staff time spent working on grant deliverables. Please see corresponding appropriation decrease in DON (item 1.2). | \$125,000 |

| 3.12 | FTA Grant Transfer (Seattle Department of Transportation) | This item increases grant-backed appropriation authority by \$1,705,556 in the Seattle Department of Transportation (SDOT), in the Transportation Fund Mobility Operations Budget Control Level (13000-BO-TR-17003). This grant is being transferred from the Office of Planning and Community Development. This Federal Transit Administration (FTA) planning grant for transit-oriented development at light rail station areas was accepted in Ordinance 126209, appropriated in Ordinance 126210, and the funding has been obligated. Because SDOT holds the primary relationship with the FTA and also has in-house expertise on Federal grant procurement and compliance, SDOT should be the primary grant administrator. Please see corresponding appropriation decrease in OPCD (item 1.10). | \$1,705,556 |
| 3.13 | Dangerous Buildings Abatement (Seattle Fire Department) | This item increases appropriation authority by \$350,000 in Seattle Fire Department (SFD) Fire Prevention Budget Control Level (BO-FD-F5000). There are currently more than 40 derelict and potentially unsafe buildings in Seattle that SFD is tracking, many of which have had multiple fires and pose risk. To address this issue, recent legislation amended the Seattle Fire Code to clarify the Fire Chief's authority to demolish or otherwise remedy the unsafe building conditions and allows SFD to place a lien against property titles to ensure Seattle taxpayers are reimbursed for the City's costs. This proposal provides the budget for SFD to contract with vendors to perform demolition or other related services. | \$350,000 |

| 3.14 | Contract with SPS for Math Tutoring in Community Learning Centers (Seattle Parks and Recreation) | This item increases appropriation authority by \$78,000 in the Seattle Parks and Recreation Department (SPR) in the Park and Recreation Fund Recreation Facility Programs Budget Control Level (10200-BO-PR-50000). This contract funding from Seattle Public Schools will support providing tutoring services at SPR's Community Learning Centers, within the Extended Learning OPS Master Project (MO-PR-51009). Specifically, the funds will be used to support the 7th grade math at four locations: Aki Kurose Middle School project (PRR0904), Denny International Middle School (PRR0904), Mercer Middle School (PRR0906) and Washington Middle School (PRR0907). The contract expiration date is 8-31-24. | \$78,000 |
| 3.15 | Grant Earned Interest (Seattle Police Department) | This item increases appropriation authority by \$44,818 in the Seattle Police Department in the Leadership and Administration Budget Control Level (BO-SP-P1600) from the interest earned on grant monies paid to SPD in advance. For JAG grants, the grant agreement requires that SPD receive funds in advance and invest the money in order to earn interest. The interest earned is reported to the Federal government and made available to SPD to fund grant activities. This budget item represents interest earned on 4 grants (JAG FY19, FY20, FY21 and FY22) in 2023. This item is revenue-backed. | \$44,818 |

| 3.16 | Recurring Grants True-Up (Increases) (Seattle Police Department) | <p>This item increases appropriation authority by \$167,790 in the Seattle Police Department in multiple Budget Control Levels. The below appropriations are corrected in various BCLs associated with grant awards that were originally accepted as part of 2024 Recurring Grants Ordinance (Ordinance 126934, Attachment A, items #1.61, #1.69, #1.70). The award amounts in this legislation were based on best estimates at the time of the submission, and must now be adjusted to reflect actual awarded amounts:</p> <p>(1) \$115,800 in the Criminal Investigations BCL for the FY23 Supplemental Grant for Internet Crimes Against Children (ICAC) Task Force awarded by the Department of Justice Office;</p> <p>(2) \$10,000 in the Special Operations BCL for the FY 2024 Target Zero grant awarded by the Washington Traffic Safety Commission;</p> <p>(3) \$41,990 in the Special Operations BCL for the FY23 UASI - Seattle Region grant awarded by the Department of Homeland Security.</p> | \$167,790 |
| 3.17 | FY2022-23 Target Zero Grant Increase (Seattle Police Department) | <p>This item increases appropriation authority by \$6,825 in the Seattle Police Department Special Operations Budget Control Level (BO-SP-P3400) to amend a previous appropriation for the FY2022-23 Target Zero Grant, which is funded by the Washington Traffic Safety Commission. This grant provides funding for overtime related to supplemental traffic enforcement with special emphasis on impaired and distracted driving, seat belt, and motorcycle safety. Grant funds were originally accepted and appropriated in the 2023 First Quarter Supplemental budget legislation (Ordinance 126791, item #2.15) in the amount of \$25,900. As the department received additional funds from the grantor, this item increases the grant appropriation by \$6,825. The contract term runs from October 1, 2022 to September 30, 2023. There are no matching requirements associated with this item.</p> | \$6,825 |

| 4.6 | Shift Excess Grant Funds to Rental Assistance (Office of Housing) | This item transfer appropriation authority in the amount of \$1 million within the Office of Housing (OH), from the Office of Housing Fund Leadership and Administration Budget Control Level (16600-BO-HU-1000) to the Low Income Housing Fund Multifamily Housing Budget Control Level (16400-BO-HU-3000). This request is necessary for OH to distribute the remaining \$1 million of the Emergency Rental Assistance (ERA) federal grant. OH received ERA grants in 2021 and 2022, and the initial capital portion of these grants has been distributed for rental assistance. This request transfers remaining grant funds from an administrative Budget Control Level to a programmatic Budget Control level to allow OH to distribute final grant funds for rental assistance, further investing funds into the community through its network of existing non-profit partners. | \$0 |
| 4.7 | Transfer Art Maintenance Appropriation from Municipal Art Fund to Arts and Culture Fund (Office of Arts and Culture) | This item transfers appropriation authority by \$286,272 within the Office of Arts & Culture Public Art Budget Control Level, from Municipal Art Fund (12010-BO-AR-2VMA0) to Arts & Culture Fund (12400-BO-AR-2VMA0). The transfer of Art Maintenance appropriation from Municipal Art Fund to Arts and Culture Fund will allow ARTS to maintain the City of Seattle’s artwork collection. | \$0 |
| 4.8 | Correction for the errors in 2024 CBAs (Office of Economic Development) | This item transfers and corrects appropriation authority within the Office of Economic and Development from General Fund 00100 and Payroll Expenses Tax 14500 and from BO-ED-ADMIN to BO-ED-X1D00. | \$0 |
| 4.9 | Net-Zero BSL Transfer Cleanup (Seattle City Light) | This item transfers appropriation authority in the amount of \$516,929 from Seattle City Light, in the Light Fund, Leadership & Administration Budget Control Level (41000-BO-CL-ADMIN) to City Light Customer Care Budget Control Level (41000-BO-CL-CUSTCARE). | 4.10 | Customer Care BSL Transfer Clean Up (Seattle City Light) | This item transfers appropriation authority in the amount of \$5,175,500 from Seattle City Light, in the Light Fund Utility Operations Budget Control Level (41000-BO-CL-UTILITYOPS) to the Customer Care Budget Control Level (41000-BO-CL-CUSTCARE). This transfer moves the Electrification Incentives budget to the proper Budget Control Level where the costs are being charged. This item also transfers appropriation authority in the amount of \$1,510,000 from Seattle City Light, in the Light Fund Customer Care Budget Control Level (41000-BO-CL-CUSTCARE) to the Leadership and Administration Budget Control Level (41000-BO-CL-ADMIN). This transfer moves the Customer Operations budget to the proper Budget Control Level where the costs are being charged. Lastly, this item transfers appropriation authority in the amount of \$51,405 from Seattle City Light, in the Light Fund Power Supply Budget Control Level (41000-BO-CL-PWRSUPPLY) to the Leadership and Administration Budget Control Level (41000-BO-CL-ADMIN). This transfer is necessary due to a department reorganization. | \$0 |
| 4.11 | Transferring appropriation in JCF between BSLs (Department of Finance and Administrative Services) | This item transfers appropriation of \$2,500,000 from Judgment and Claims Fund Claims Budget Control Level (BO-FA-CJ000) and \$8,500,000 from Judgment and Claims Fund Litigation Budget Control Level (BO-FA-JR000) to Judgment and Claims Fund Police Action Budget Control Level (BO-FA-JR020), resulting in a total appropriation transfer of \$11,000,000, to cover extraordinary settlement and litigation expenses associated with Police Action cases. | \$0 |

| Section 5– Added Capital Projects | | | |
| | Add Capital Project to the 2024-2029 Adopted CIP | This item adds the following CIP Projects to the 2024-2029 Capital Improvement Program: NSC Expansion (MC-CL-XF9220), Denny Substation Tenant Improvements (MC-CL-XF9235), Ross – Governors (MC-CL-XS6562), Solar Microgrid for Resilience (MC-CL-XF9238), and Sound Transit - City Light System Upgrades (MC-CL-ZT8475) projects in Seattle City Light. | |
| Section 6– Appropriation Decrease – Capital Budgets | | | |
| 6.1 | McCaw Capital Reserve Carryover (Seattle Center) | This change request decreases the expenditure budget carryforward from prior years in the McCaw Hall Capital Reserve Fund, McCaw Hall Capital Reserve BSL by \$535,896 (34070-BC-SC-S0303). This item is necessary because contributions (revenue) to the fund were reduced during the pandemic. The expenditure carryover budget was not adjusted to match the actual contributions. | (\$535,896) |
| 6.2 | SCL Abandonment of 2023 Carryforward (Seattle City Light) | This item is City Light's 2024 abandonment submission of \$76.6 million. It abandons \$15.1 million of budget from the Power Supply CIP BSL, \$30.9 million of budget from the Transmission & Distribution CIP BSL, \$10.5 million of budget from the Conservation & Environmental CIP BSL, and \$20.1 million of budget from the Customer Focused CIP BSL. These funds are available to abandon due to underspend and/or project completion. | (\$76,623,578) |
| 6.3 | Streetlight General Fund Abandonment (Seattle City Light) | This item decreases appropriation authority by \$160,000 in the General Fund for City Light project MC-CL-ZL8378 in the Customer Focused CIP BSL (BC-CL-Z). These funds are being abandoned as they were no longer needed. | (\$160,000) |

|--------|--|--|---------------|
| 6.4 | South Lander St. Grade Separation Abandonment (Seattle Department of Transportation) | This item decreases appropriation authority by \$451,552 in Seattle Department of Transportation in the following Budget Control Levels: \$49,112 in the Move Seattle Levy Fund Mobility-Capital Budget Control Level (10398-BC-TR-19003), \$6,773 in the Real Estate Excise Tax II Capital Fund Mobility-Capital Budget Control Level (30020-BC-TR-19003), \$349,340 in the 2017 Multipurpose LTGO Bond Fund Mobility-Capital Budget Control Level (36400 -BC-TR-19003), \$6,145 in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003), and \$40,182 in the 2017 LTGO Taxable Bond Fund Mobility-Capital Budget Control Level (36410-BC-TR-19003). South Lander St. Grade Separation project (MC-TR-C028) is closed, and this item releases the remaining non-reimbursable budget authority. | (\$451,552) |
| 6.5 | 2024 Midyear Capital Budget Abandonments (Seattle Department of Transportation) | This item decreases appropriation authority by \$637,685 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital and Central Waterfront Fund Major Projects Budget Control Levels (13000-BC-TR-19003 and 35900-BC-TR-19002). This action is needed to closeout grant budgets left over from completed work and to abandon unneeded interfund loan budget authority related to the split of the Alaskan Way Main Corridor project from the Alaskan Way Viaduct Replacement project. | (\$637,685) |
| 6.6 | LCLIP Reduction - Capital (Seattle Department of Transportation) | This item decreases appropriation authority in the amount by \$1,300,000 in Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This reduction is necessary to align expenditures from the Landscape Conservation and Local Infrastructure Program with the actual revenue collections through 2023 and the revised revenues forecast for 2024. | (\$1,300,000) |

| Item # | Title | Description | Amount/FTE |
|--------|--|--|----------------|
| 6.7 | Central Waterfront Bond Timing Adjustment - 2024 Bond Changes (Seattle Department of Transportation) | This item decreases appropriation authority by \$28,713,000 in the Office of the Waterfront & Civic Projects (OWCP) 2024 Multipurpose LTGO Bond Fund Central Waterfront Budget Control Level (37200-BC-TR-16000). This item abandons the 2024 bond appropriations for Alaskan Way Main Corridor (MC-TR-C072), and Overlook Walk and East-West Connections (MC-TR-C073) projects. This item is related to item 9.13 in Section 9 which appropriates existing bonds to the Alaskan Way Main Corridor project in the amount of \$18,000,000. The existing bonds were originally issued for the West Seattle Bridge Repair project, which is complete. The remainder of the bonding required for these two projects, totaling \$10,713,000 (\$7,713,000 for the Alaskan Way Main Corridor and \$3,000,000 for Overlook Walk/East West Connections), will be moved to the 2025 LTGO Bond issuance and appropriated as part of the 2025-2026 budget. This adjustment will help "right size" the bond issuance to better align with projected spending, resulting in interest expense savings. This adjustment does not change total project budgets. | (\$28,713,000) |
| 6.8 | Debt Service Correction for Bond Repurposing - Capital (Seattle Department of Transportation) | This item decreases appropriation authority by \$623,459 in the Seattle Department of Transportation, in the REET II Capital Fund (30020) General Expense Budget Control Level (BO-TR-18002). This decrease recognizes the reduced debt service payment requirements associated with the Department transferring \$18 million of bond proceeds to the Office of the Waterfront and Civic Projects. This transfer reduces the debt service obligations owed by the Department in 2024. This item only corrects the debt service budget related to this transfer; the bond transfer itself is included in item 9.13. | (\$623,459) |

| Item # | Title | Description | Amount/FTE |
|--------|---|--|----------------|
| 6.9 | West Seattle Bridge Abandonment (Seattle Department of Transportation) | This item decreases appropriation authority by \$5,971,160 in the Seattle Department of Transportation, in the 2022 Multipurpose LTGO Bond Fund Major Maintenance/Replacement Budget Control Level (36900-BC-TR-19001). The West Seattle Bridge Repair Immediate Response project (MC-TR-C110) 2022 LTGO bonds were issued based on estimated need, not based on appropriation authority. At the time of issuance, it was determined that not all of the bond proceeds would be required and therefore the bond issuance was reduced. This item abandons excess bond appropriations for bonds that were never issued. | (\$5,971,160) |
| 6.10 | Abandonments for SPU CIP (Seattle Public Utilities) | This item decreases appropriation authority in 2024 by \$92,058,419 in Seattle Public Utilities across multiple capital BCLs. The request abandons unneeded CIP budget authority that has been carried forward from the preceding fiscal year. This affects all funds including the Drainage and Wastewater Fund (44010), the Water Fund (43000), and the Solid Waste Fund (45010). | (\$92,058,419) |
| 6.11 | Boat Moorage Renovation Washington State BFP Grant Abandonment (Seattle Parks and Recreation) | This item abandons appropriation authority by \$800,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First-CIP Budget Control Level (10200-BC-PR-40000) for the Boat Moorage Restoration Master project (MC-PR-41021) and was intended to be used towards constructing public transient moorage at South Leschi Marina, as well as other related items. This abandonment of RCO funding is necessary due to the expiration of the original grant due to project delays related to permitting and approved extensions; it was originally accepted in 2019 in Ordinance 125894. A replacement \$1,000,000 grant from RCO to continue this work is included in the proposed mid-year grant acceptance and appropriation ordinance. | (\$800,000) |

| 6.12 | Duwamish Waterway Funding Agreement Abandonment (Seattle Parks and Recreation) | This item abandons appropriation authority by \$137,785 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Building for the Future Budget Control Level (10200-BC-PR-20000) for the Duwamish Waterway Park Improvement project (MC-PR-21014). This abandonment of Seattle Parks Foundation-supported budget appropriation is no longer needed as the project is complete. | (\$137,785) |
| 6.13 | Beach Restoration Program Abandonment (Seattle Parks and Recreation) | This item abandons appropriation authority by \$21,016 in the Seattle Parks and Recreation Department in the Beach Maintenance Fund Fix It First-CIP Budget Control Level (70200-BC-PR-40000) for the Beach Restoration Program Project (MC-PR-41006). This request is necessary to close-out the Beach Maintenance Fund. | (\$21,016) |
| 6.14 | Parks Upgrade Program CDBG Abandonment (Seattle Parks and Recreation) | This item abandons appropriation authority by \$486,067 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First-CIP Budget Control Level (10200-BC-PR-40000) for the Parks Upgrade Program project (MC-PR-41029). | (\$486,067) |
| Section 7 – Appropriation Increase – Capital Budgets | | | |
| 7.1 | Budget Increases to Resolve Negative Capital Carryforwards (Seattle Public Utilities) | This item increases appropriation authority in 2023 by \$5,013,844 in Seattle Public Utilities across multiple Budget Control Levels. The request uses existing CIP appropriation that was carried forward to resolve negative carryforwards in various SPU capital projects. These actions are spread across the Drainage and Wastewater Fund (44010), the Water Fund (43000), and the Solid Waste Fund (45010). A separate item formally abandons excess carried forward appropriation that is unneeded to resolve negative carryforwards. | \$5,013,844 |

| 7.2 | Law Department CCMS Technology Project Additional Budget (Seattle Information Technology Department) | This item increases appropriation authority amount of \$1,500,000 in the Capital Improvement Projects BCL (BC-IT-C0700). This appropriation increase will support the Law Department's criminal case management system (CCMS) information technology project. Replacing the current, over 25 year old, CCMS with this new case management system is an essential component in the City's public safety objectives. The new CCMS will track all aspects of prosecution including police reports, charging files, victims, witnesses, defendants, court dates, and dispositions. The system also relies upon significant data exchanges with Seattle Police Department and Seattle Municipal Court. The project has encountered delays leading to this item to fund additional vendor costs, as well as City staff time working on the project. This increase will bring the total project budget to \$6 million. | \$1,500,000 |
| 7.3 | Golf Net Revenue to Capital Appropriation Increase (Seattle Parks and Recreation) | This item increases appropriation authority by \$2,190,000 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Debt and Special Funding Budget Control Level (10200-BC-PR-30000). This request is necessary to support the Golf Capital Improvements Project (MC-PR-31005) and will be used towards projects at the four City-owned golf courses (Interbay, Jackson, Jefferson, and West Seattle). This item is increasing expenditure appropriation based on actual Golf revenues received in 2023, which were higher than projected for the 2024 Adopted Budget. | \$2,190,000 |

| 7.4 | OPCD Green New Deal Appropriation for South Park P-Patch (Seattle Parks and Recreation) | This item increases appropriation authority by \$36,550 to Seattle Parks and Recreation Department in the Payroll Expense Tax Maintaining Parks & Facilities-CIP Budget Control Level (14500-BC-PR-50000). This request is necessary to support the Rejuvenate Our P-Patches Program Project (MC-PR-51001) and will be used towards p-patch improvements at Oxbow Park, which is part of a broader set of investments for the Duwamish Valley community. The funds are being transferred to SPR from the Office of Planning and Community Development (OPCD). This is one of a number of actions transferring the remaining one-time funding that was appropriated to OPCD in the 2022 Adopted Budget as part of the Green New Deal funding package and that was carried forward in OPCD's budget in the 2023 year-end process. Please see corresponding appropriation decrease of \$36,550 in OPCD's Planning and Community Development Budget Control Level (14500-BO-PC-X2P00) (item 1.9). | \$36,550 |

| 7.5 | OPCD Green New Deal Appropriation for South Park Community Center (Seattle Parks and Recreation) | This item increases appropriation authority by \$150,000 to Seattle Parks and Recreation Department in the Payroll Expense Tax Fix it First-CIP Budget Control Level (14500-BC-PR-40000). This request is necessary to support the South Park Campus Improvements Project (MC-PR-21013) and will be used to help ensure the building design includes climate resilience infrastructure such as solar energy at the South Park Community Center, which is part of a broader set of investments for the Duwamish Valley community. The funds are being transferred to SPR from the Office of Planning and Community Development (OPCD). This is one of several actions transferring the remaining one-time funding that was appropriated to OPCD in the 2022 Adopted Budget as part of the Green New Deal funding package and that was carried forward in OPCD's budget in the 2023 year-end process. Please see corresponding appropriation decrease of \$150,000 in OPCD's Planning and Community Development Budget Control Level (14500-BO-PC-X2P00) (item 1.9). | \$150,000 |
| 7.6 | Duwamish Waterway Addition Revenues Appropriation Increase (Seattle Parks and Recreation) | This item increases appropriation authority by \$222,991 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Building for the Future -CIP Budget Control Level (10200-BC-PR-20000). This request is necessary to support the Park Land Acquisition and Leverage Fund project (MC-PR-21001) and will be used towards the Duwamish Waterways Addition Acquisition project to pay for relocation benefits, building demolition, and other acquisition related items. This appropriation is supported by rental revenues received in 2023. | \$222,991 |

| 7.7 | Woodland Park Zoo Night Exhibit Interest Appropriation Increase (Seattle Parks and Recreation) | This item increases appropriation authority by \$462,160 in the Seattle Parks and Recreation Department in the Park and Recreation Fund Fix It First-CIP Budget Control Level (10200-BC-PR-40000). This funding will be used to support the Woodland Park Zoo Night Exhibit Renovation Project (MC-PR-41046) to rebuild the exhibit that was substantially damaged by a fire in December of 2016. This project is funded out of insurance proceeds which have been deposited into the Park and Recreation Fund (10200), and this appropriation is supported by the interest earnings on those deposits earned in 2023. | \$462,160 |
| Section 8 – Appropriation Increase – Capital Budgets – Revenue Backed | | | |
| 8.1 | Protected Bike Lanes Additional Grant Funding (Seattle Department of Transportation) | This item increases appropriation authority by \$9,293,316 in the Seattle Department of Transportation (SDOT), in the Transportation Fund Mobility Capital Budget Control Level (13000-BC-TR-19003). This funding is awarded by the Puget Sound Regional Council (PSRC) from the Federal Highways Administration (FHWA) Congestion Mitigation and Air Quality (CMAQ), Surface Transportation Block Grant (STBG), and Carbon Reduction Program (CRP) grant programs for the federal fiscal year 2025. This \$9,293,316 comprises new, additional funding awarded by PSRC in March 2024 for three existing grants that were previously accepted and appropriated in 2021 and 2023. They will provide additional funding to the department to build a protected bike lane on Alaskan Way between Virginia St and Broad St; construct a protected bike lane along Beacon Ave S, 15th Ave S, and on Golf Dr S; and construct protected bikes lane on Airport Way S, S Alaska St, and 6th Ave S. Those grants provide \$1,757,242 in additional funding for the Alaskan Way Protected Bike Lane project, \$4,931,002 for the Beacon Ave S and 15th Ave S Safety Project, and \$2,605,072 for the Georgetown to Downtown Safety Project. The local match requirement is 13.5% and has been budgeted. | \$9,293,316 |

| 8.2 | Neighborhood Large Program - Utility Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$200,000 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This item adds appropriation authority to the Neighborhood Large Program (MC-TR-C018) CIP supported by Seattle Public Utilities revenue. This item is needed in 2024 to fund the construction costs for 55th Avenue South Sidewalk project. | \$200,000 |
| 8.3 | Route 44 King County Metro Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$1,431,687 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This item adds King County Metro-reimbursable appropriation authority to the Route 44 Transit Corridor CIP (MC-TR-C078) under an existing contract. The County is partnering with the City of Seattle to construct improvements for the Route 44 overhead catenary system. This item is needed in 2024 as work is occurring this year. | \$1,431,687 |
| 8.4 | Denny Way Preservation Additional Grant Funding (Seattle Department of Transportation) | This item increases appropriation authority by \$2,442,500 in the Seattle Department of Transportation (SDOT) Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). The funding is provided from the Federal Highways Administration (FHWA) Surface Transportation Block Grant (STBG) program for the federal fiscal year 2025. This grant provides funding to the City of Seattle to improve pavement conditions along Denny Way and extend the useful life of the road. This grant will fund the Denny Way Preservation project. The project is currently in design and will move to construction in Q2 2024. The local match requirement is 13.5% and has been budgeted. | \$2,442,500 |

| 8.5 | Transportation Demand Management and Wayfinding Expansion Additional Grant Funding (Seattle Department of Transportation) | This item increases appropriation authority by \$6,029 in the Seattle Department of Transportation (SDOT), in the Transportation Fund Mobility Capital Control Level (13000-BC-TR-19003). This funding is awarded by the Puget Sound Regional Council (PSRC) from the Federal Highways Administration (FHWA) Carbon Reduction Program (CRP) for the federal fiscal year 2025. This \$6,029 is new, additional funding awarded by PSRC in March 2024 for an existing grant that was previously accepted and appropriated in 2021. It provides additional funding to the City of Seattle to implement the Seattle Pedestrian Wayfinding Plan around major event destinations in the Downtown Seattle Regional Growth Center to support walking between major transit hubs and end destinations. The project is currently in design and will move to construction in Q2 2024. This grant carries a 15% match requirement and has been budgeted. | \$6,029 |
| 8.6 | Perkins Lane Landslide Mitigation SPU Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$372,031 in the Seattle Department of Transportation (SDOT), in the Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). This appropriation will support the Perkins Ln W Landslide Mitigation project, which is part of the Landslide Mitigation CIP (MC-TR-C015). This project includes the replacement of a watermain under the roadway at the bottom of the affected slope, which Seattle Public Utilities will fund. This appropriation will enable SDOT to manage this project and deliver this water infrastructure scope in partnership with Seattle Public Utilities. | \$372,031 |

|--------|---|--|-------------|
| 8.10 | 3rd Ave Repaving SPU Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$1,013,286 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This request is necessary in order to appropriate the SPU Water Funds that support water main work on 3rd Ave from Virginia to Pine as part of a street repaving project at the same location. | \$1,013,286 |
| 8.11 | Route 44 SCL Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$310,704 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This request is necessary to continue streetlighting work for Seattle City Light (SCL) and to approve further reimbursement from SCL for the Route 44 Multimodal Corridor project. | \$310,704 |
| 8.12 | Sidewalk Safety Repair - Private Funding (Seattle Department of Transportation) | This item increases appropriation authority by \$4,000 in the Seattle Department of Transportation, in the Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). This request is necessary to appropriate the revenue received for the Sidewalk Safety Repair Program CIP (MC-TR-C025) for a sidewalk repair partnership project between the City and a private property owner. | \$4,000 |
| 8.13 | Shoreline Street Ends (Seattle Department of Transportation) | This item increases appropriation authority by \$1,306,156 in the Seattle Department of Transportation (SDOT), in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This appropriation increase occurs in the Shoreline Street End Program CIP (MC-TR-C011). This request is necessary to construct three Shoreline Street Ends projects currently in design and to appropriate prior year receipts of Shoreline Street End permit fees. This action will align the program's budget with its accrued balance of these permit fee revenues. | \$1,306,156 |

| 8.14 | Water Structures - Appropriate SPU Occupancy Fees (Seattle Department of Transportation) | This item increases appropriation authority by \$2,286,529 in the Seattle Department of Transportation, in the Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). This appropriation increase occurs in the Water Structures CIP (MC-TR-C111). This appropriation matches the value of street use fees credited to Seattle Public Utilities (SPU) in 2023 and 2024 as part of the Ship Canal Water Quality Project (SCWQP). The SCWQP includes rebuilding the public pier at 24th Ave NW, which is being used by Seattle Public Utilities for construction staging while the project is active. The pier remains a SDOT asset and public right-of-way. The two departments have executed an agreement to credit SPU for any occupation fees they would normally be charged for occupying this public space in return for pier construction work. | \$2,286,529 |
| 8.15 | Accela ITD Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$280,000 in the Seattle Department of Transportation (SDOT), in the Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). The Accela CIP (MC-TR-C001) funds ongoing system integration and support work for the Accela permitting system, which SDOT uses for tracking and billing permit fees. A portion of this support is done through consultant services, and the specialized software consultants retained for this work are also able to assist Seattle IT (ITD) with some of their software integration needs. SDOT and ITD have executed an agreement to have ITD fund a portion of these consultant costs in return for some of their time being dedicated to ITD priorities. | \$280,000 |

| 8.16 | Bridge Seismic SPU Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$1,312,453 in the Seattle Department of Transportation, in the Transportation Fund Major Maintenance/Replacement Budget Control Level (13000-BC-TR-19001). This action will appropriate funding to the Bridge Seismic Retrofit Phase 3 CIP (MC-TR-C008) for the active project at NE 105th St/15th Ave NE. This project's design includes the installation of water infrastructure that Seattle Public Utilities have requested be included in the seismic retrofit project. Seattle Public Utilities will fund the water infrastructure portion of this seismic retrofit project, and this action appropriates the value of the funding they are contributing for this work. | \$1,312,453 |
| 8.17 | Thomas St Redesigned - Utility Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$659,252 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This item adds Seattle City Light-reimbursable appropriation authority in the amount of \$564,084 and Seattle Public Utilities-reimbursable appropriation authority in the amount of \$95,168 to the Thomas St Redesigned (MC-TR-C105) CIP. This item is needed in 2024 to fund construction costs for utility-related scopes of work. | \$659,252 |
| 8.18 | PMP-New Sidewalks - OED Reimbursable (Seattle Department of Transportation) | This item increases appropriation authority by \$30,000 in the Seattle Department of Transportation, in the Transportation Fund Mobility-Capital Budget Control Level (13000-BC-TR-19003). This item adds Office of Economic Development reimbursable appropriation authority to the Pedestrian Master Plan - New Sidewalks (MC-TR-C058) CIP. This item is needed in 2024 to fund the construction costs for Northeast 127th St Lake City Walkway project. | \$30,000 |

| 9.3 | Transfer Budget From MC-FA-SMTCHLRPL to MC-FA-FS31IMP (Department of Finance and Administrative Services) | This item transfers appropriation authority of \$449,092 within the Department of Finance and Administrative Services, Asset Preservation - Schedule 1 Facilities Budget Summary Level (30010-BC-FA-APSCH1FAC) to the Public Safety Facilities-Fire Budget Summary Level (30010-BC-FA-PSFACFIRE). This item also transfers appropriation authority of \$29,779 within the Department of Finance and Administration Services, Asset Preservation - Schedule 1 Facilities Budget Summary Level (50322-BC-FA-APSCH1FAC) to the Public Safety Facilities-Fire Budget Summary Level (50322-BC-FA-PSFACFIRE). The transfers are necessary to cover unanticipated costs arising from project delays in Fire Station 31 Improvements MC-FA-FS31IMP. | \$0 |
| 9.4 | Grid Modernization Transfer for Demand Response Pilot Program (Seattle City Light) | This item transfers appropriation authority in the amount of \$1 million from the Conservation & Environmental CIP BSL (BC-CL-W) to the Transmission and Distribution CIP BSL (BC-CL-Y). This funding is needed to cover consultant costs to continue implementation of the Demand Response Pilot program. The funding is available in Energy Efficiency due to delays in customer projects completions due to staffing and supply shortages. | \$0 |
| 9.5 | Route 44 Transit Corridor REET I & II Fund (Seattle Department of Transportation) | This item transfers appropriation authority in the amount of \$398,902 from the Seattle Department of Transportation, in the REET I Capital Fund Mobility-Capital Budget Control Level (30010-BC-TR-19003) to REET II Capital Fund Mobility-Capital Budget Control Level (30020-BC-TR-19003). This transfer is needed to move the REET reduction in MC-TR-C078 Route 44 Transit-Plus Multimodal Corridor from REET II to REET I, correcting an error in the 2023 year-end supplemental legislation. The Route 44 project had REET I appropriation which should have been reduced; instead, REET II was reduced. This is a net zero transfer between the two REET funds. | \$0 |

| 11.1 | Generational Wealth Initiative Transfer from DON to OED (Department of Neighborhoods and Office of Economic Development) | This item transfers 1.0 FTE Planning and Development Specialist II and 0.5 part-time Public Relations Specialist Senior positions from the Department of Neighborhoods to the Office of Economic Development. Together with items 1.25 and 2.17, this transfers Community Wealth programming from DON to OED. | 0 |
| 11.2 | Position Transfer from OPCD to SPU (Office of Planning and Community Development and Seattle Public Utilities) | This item transfers one full-time Planning and Development Specialist Sr position from the Office of Planning and Community Development (OPCD) Community Planning division to Seattle Public Utilities (SPU) Corporate Policy and Planning Division. Position 10007362 was originally created as a 3-year sunset position in the 2022 Adopted Budget to serve as a program coordinator for the Duwamish Valley Program (DVP). As the planning work related to the DVP concludes in 2024, OPCD is transferring the ongoing implementation functions related to Duwamish Valley to other departments. This particular action removes the sunset date and transfers the unfunded pocket to SPU. Upon transfer, the position and incumbent would shift focus to be more SPU service centric but still strongly align and coordinate with City staff responsible for the City's Duwamish Valley Action Plan, Equity and Environment Initiative, Equitable Development Initiative, and Green New Deal efforts. | 0 |

The Adopted 2024 Budget for DEEL included \$20 million for student mental health support, funded by an increase to the payroll expense tax rate. However, given constraints in SMC 5.38.055, the law governing use of JumpStart Fund payroll expense tax monies, Ordinance 126955, the 2024 Budget Adoption Ordinance, did not provide full authorization to use these funds as intended. This proviso clarifies that the department can legally use \$10 million of these funds for the intended purpose in 2024. | |

To: Finance, Native Communities, & Tribal Governments Committee
From: Tom Mikesell, Analyst & Ben Noble, Director
Subject: Council Bill 120812: Mid-year Supplemental Budget Ordinance

On July 17, 2024, the Finance, Native Communities, and Tribal Governments Committee (Committee) will discuss [Council Bill \(CB\) 120812](#), which would amend the City's 2024 Budget.

This memo provides (1) background on budget adjustments to date; (2) describes CB 120812; (3) identifies potential issues and options for the Committee's consideration; and (4) describes next steps in the budget adjustment process for 2024.

Most of the proposed adjustments in CB 120812 are technical in nature, and several present a policy choice for which the Council may consider alternatives. The key policy choices before the Council embedded in this legislation include accepting, modifying, or rejecting the following proposals:

- New appropriations for new and existing public safety programs.
- A proviso applied to \$10 million of JumpStart funds in the Department of Education and Early Learning (DEEL) Budget, to allow use for student mental health support.
- Transfer of \$400,000 allocated for Chinatown-International District alley and right-of-way cleanup from the Office of Economic Development (OED) to the Seattle Public Utilities (SPU) Clean City Initiative.
- Creation of 21 new positions in the Community Assisted Response and Engagement (CARE) Department.
- Creation of 21 new positions in the Human Services Department, 19 of which would be dedicated to the Unified Care Team (UCT).

Background – Approved Budget Adjustments to Date

As shown in *Table 1 (2024 Revised Budget-to-Date)*, as of July 1, 2024, a combination of automatic and Council- approved budget adjustments have increased the City's 2024 Adopted Budget by \$2.1 billion or 26 percent.

Table 1. 2024 Revised Budget-to-Date

| Fund | 2024 Adopted | Adjustments as of 07/01/24 | Revised Budget 07/01/24 | Percent Increase |
|--------------|------------------|-------------------------------|----------------------------|---------------------|
| General | \$1,722 M | \$179 M | \$1,901 M | 11% |
| All Other | \$6,116 M | \$1,878 M | \$7,994 M | 31% |
| Total | \$7,838 M | \$2,057 M | \$9,896 M | 26% |

Most of the \$2.1 billion increase is from automatic carryforwards and legislation described in the [Central Staff memo](#) for the 2023 Carryforward Bill ([Ordinance 127036](#)), which Council passed on June 4, 2024. The remainder is from [Ordinance 127034](#), which passed on May 28, 2024 and appropriated \$1.6 million from the Solid Waste Fund as part of an interlocal agreement with King County that allows for the equitable disposal of residual waste that results from the processing of recyclable materials that have been collected from King County's solid waste jurisdiction.

CB 120618 – 2024 Mid-year Supplemental Ordinance

CB 120618 is the second comprehensive supplemental budget legislation transmitted by the Executive in 2024, proposing mid-year appropriation, position, and capital project changes to meet needs that are assumed to be unforeseeable at the time the 2024 budget was adopted in November 2023. Overall, this legislation would decrease the 2024 revised budget by \$171 million and would add 48 positions. The appropriation decrease is primarily due to technical changes which abandon \$208.5 million of capital budget appropriations. After adjusting for these technical reductions, this bill would increase the budget by \$37.3 million.

The City faces a long-term structural budget deficit, where General Fund (GF) expenditures are outpacing GF revenues. At the [May 15, 2024, meeting of the Select Budget Committee](#), Central Staff updated the Committee on the GF financial status following the April economic and revenue forecast prepared by the Office of Economic and Revenue Forecasts, and included key updates to expenditure projections based on best available information at the time. At that time, Central Staff estimated that the 2024 unreserved fund balance would drop to a negative \$12 million. However, that estimate did not include savings from the hiring freeze and pause on large, new contracts announced by the Executive earlier in the year. The savings from these actions put the 2024 budget “back in the black” on a projected basis. That said, absent remedies and/or drastic improvements in the underlying GF revenue forecast, the projected deficit [grows to \\$258 million in 2025](#), and would continue at roughly that level in the future.

The state budget act requires the Mayor to submit a balanced budget, and as such the 2025 projected deficit must be resolved in the forthcoming proposal using a combination of one-time and ongoing measures. That said, those measures are currently unknown; what is known is that proposals in this ordinance have a fiscal impact to the GF, and in that way factor into the sustainability conversation of the GF. While this assessment does not decrease the potential the value of any of the proposals in the ordinance, it bears consideration, and as such the following sections of this memorandum offer policy considerations for the proposed GF changes within the overarching sustainability discussion.

General Fund Review

CB 120812 would decrease the 2024 GF budget appropriation by \$1.1 million, which is the net effect of \$2.1 million of new GF appropriations being more than offset by a \$3.2 million reduction to existing grant-backed appropriations, which is the combined result of several factors, including:

- \$0.5 million increase to existing grants.
- (\$1.9) million of grant abandonments, which are instances where grant-backed work has been completed, and the balance of the appropriation is no longer needed.
- (\$1.8) million of inter-fund grant transfers.

From a GF revenue perspective, the bill would also decrease revenues by a total of \$2.7 million, due to the \$3.2 million reduction to grant revenues (commensurate with the decrease to grant-backed appropriations described above) which is only partially offset by a \$534,000 revenue increase tied to specific new items added in the bill. The net GF fiscal impact from the proposed expenditure and revenue changes would be a \$1.6 million decrease in the 2024 ending balance compared to the May 15th estimate. Table 2 includes the items that contribute to the \$1.6 million GF fiscal impact (including the revenue backed items to match the high-level totals). Following the table is a description of each item, including the long-term implications, if any.

Table 2. Summary of GF Items with 2024 Fiscal Impacts

| Title | Department | Appropriation Change | Revenue Change | Net Fiscal Impact |
|---|------------------------------|----------------------|--------------------|--------------------|
| Increase Appropriation for Transfer to Revenue Stabilization Fund | Finance General | \$396,000 | | \$396,000 |
| 2023 Surcharge from Central Service Departments | Construction and Inspections | \$64,060 | | \$64,060 |
| Paramedic Student Training | Fire | \$258,000 | | \$258,000 |
| Sexual Assault Unit Investments | Police | \$250,000 | | \$250,000 |
| SPD Police Recruiting | Police | \$800,000 | | \$800,000 |
| DON/SPU Community Engagement MOA | Neighborhoods | \$41,600 | (\$41,600) | \$0 |
| Dangerous Buildings Abatement | Fire | \$350,000 | (\$350,000) | \$0 |
| Seattle City Light Paralegal | Law | \$142,000 | (\$142,000) | \$0 |
| Streetlight General Fund Abandonment | City Light | (\$160,000) | | (\$160,000) |
| Total | | \$2,141,660 | (\$533,600) | \$1,608,060 |

Increase Appropriation for Transfer to Revenue Stabilization Fund: SMC 5.80.020.B. requires that 50 percent of any GF ending balance, after subtracting amounts necessary for encumbrances, carryforwards or planned reserves, that is in excess of the ending balance published in the adopted budget be deposited into the Revenue Stabilization Fund (RSF), provided that after the transfer the RSF balance does not exceed the maximum limit of 5 percent of GF tax revenues. This proposed \$396,000 transfer from Finance General to the RSF satisfies these requirements, and when combined with a \$2.3 million transfer included in the 2024 Adopted Budget, brings the RSF balance to a total of \$68 million.

2023 Surcharge from Central Service Departments: This item is a technical adjustment of \$64,000 that reflects the GF share of a total \$721,835 payment from the Seattle Department of Construction and Inspections to reconcile 2023 internal services charges with actual costs, which were higher than estimated in the revised budget. The balance of the total reconciling payment is proposed to be paid from the Construction and Inspections Fund.

Paramedic Student Training: This item would add \$258,000 GF to the Seattle Fire Department (SFD) to facilitate the 2024 portion of paramedic training for 5 firefighters. SFD reports that the current staffing level of 50 Firefighter-Paramedics is approximately 32 personnel short of the department's targets, resulting in extra shift work requirements for existing staff. The proposed training program would run from October through July and the proposed amount covers the 2024 share of the cost; the 2025 share of the training costs, estimated to be \$602,000, will be requested in the 2025 proposed budget.

Sexual Assault Unit Investments: This item would add \$250,000 GF to the Seattle Police Department's (SPD) Criminal Investigations budget to implement a suite of programs as recommended by the Mayor's Advisory Panel on Sexual Assault and System Reform, as empaneled through [Executive Order 2022-05](#). The Executive envisions this amount as the half year cost of an ongoing program, and anticipates a full year, ongoing request of \$500,000 per year will be included in the Mayor's 2025 Proposed/2026 Endorsed Budget.

SPD Police Recruiting: This item would add \$800,000 GF to SPD to support additional officer recruitment advertisements.

DON/SPU Community Engagement MOA: This item would add \$41,600 GF to the Department of Neighborhoods (DON) to provide community engagement services on behalf of Seattle Public Utilities. Subject to a memorandum of agreement with SPU, DON would be reimbursed for the full cost of these services, resulting in a zero net fiscal impact to the GF.

Dangerous Buildings Abatement: This proposal would add \$350,000 GF to the Seattle Fire Department to contract with vendors to perform building demolitions consistent with provisions in [ORD 127037](#), which amended the Seattle Fire code to clarify the Seattle Fire Chief's authority to demolish or otherwise remedy unsafe building conditions. ORD 127037 also provides for a mechanism to recover costs of these abatements from property owners, including placing a lien on affected property as needed. As such, the Executive submitted this proposed increase with an equivalent revenue offset amount, resulting in a net zero fiscal impact. However, it is important to note that revenues may not be received in the same fiscal year as expenditures occur and could require multi-year support until reimbursement is received, and as such there is not currently a guarantee of financial recovery. The Executive envisions this as an ongoing program, and anticipates a full year, ongoing request of \$500,000 per year will be included in the Mayor's 2025 Proposed/2026 Budget.

Seattle City Light Paralegal: This item would add \$142,000 to the Law Department to support a paralegal to assist with past-due utility accounts in Seattle City Light (SCL). The Law Department will be reimbursed for the full cost of these services, resulting in a zero net fiscal impact to the GF.

Streetlight General Fund Abandonment: This proposal would reduce the Customer Focused CIP program in SCL by \$160,000 GF. This funding was added to SCL in 2022 through Council Budget Action (CBA) SCL-001-B, to support installation of streetlights along certain specific street segments. This work has been completed using City Light Fund monies, and the GF balance is no longer needed.

Policy Consideration – 2024 GF Net Fiscal Impacts

As indicated above, the current GF projection for 2024 shows a negative \$12 million unreserved ending balance, though that amount did not include the impact of the Mayor's hiring freeze and pause on new large contracts, which are estimated to generate up to \$19 million by year's end according to CBO estimates. That said, those are one-time savings, and the 2025 projected GF deficit remains at \$258 million based on the May forecast. With that in mind, the Council may choose to modify or reject one or more of these proposals and reserve funds for use towards the deficit, or for alternate policy priorities this year, with the trade-off that the accompanying work proposed in the ordinance will not be completed as proposed.

In addition to the net fiscal implications to the GF embodied in the items described above, the bill also includes an item with a zero net fiscal impact, which staff is highlighting for Council visibility, as follows:

Transfer from OED Expanded Cleaning to SPU for Clean Cities

This item is a reduction of \$400,000 GF from the Office of Economic Development (OED) and a corresponding GF increase to Seattle Public Utilities, to support SPU's Clean Cities program. This amount was originally added to OED in the 2024 Adopted Budget through [CBA SPU-802-B](#) to provide expanded cleaning services in the Chinatown-International District. To fund this addition to OED, the CBA also reduced funding for SPU's Clean City suite of programs by \$400,000. The funding changes in the CBA were intended to be one-time. This action followed City Council's imposition of a proviso on \$200,000 of OED's GF budget in the 2023 Mid-year Supplemental ([ORD 126876](#)) to provide for expanded cleaning services as part of the Downtown Activation Plan implementation in the Chinatown-International District (CID).

According to the Executive, OED does not need the additional \$400,000 of appropriation authority to provide additional cleaning services in the CID during 2024, as the \$200,000 provided via the 2023 Mid-year supplemental proviso is sufficient. In November 2023, OED entered into an amended contract with the Chinatown International District Business Improvement Area (CIDBIA) for use of the \$200,000 in proviso funding. Under the amended contract, the funding is being used to increase cleaning services from six half-days per week to seven full days per week through the end of 2024. When combined with some of the base funding in CIDBIA's 2024 contract, a total of \$280,000 is allocated for CID cleaning services during 2024.

In terms of the increase of appropriation authority back to SPU, the Executive has indicated that SPU would use the \$400,00 in GF appropriations as follows:

- \$100,000 – Recreation Vehicle (RV) Remediation
- \$111,000 – Illegal Dumping
- \$189,000 – Graffiti Abatement

Other Funds Review

In addition to the proposed GF items described above, CB 120618 would decrease total appropriations in other City funds by \$170.2 million. Notable decreases include:

- **Capital Improvement Program (CIP) Abandonments**

A combined abandonment of \$208 million of carryforward capital budget appropriations, primarily in the City utility funds, of which \$77 million is in the City Light Fund and \$92.1 million is in Seattle Public Utilities' funds. Other significant reductions include \$28.7 million reduction in the 2024 Multipurpose LTGO Bond Fund support to the Office of the Waterfront & Civic Project. These departments indicate that these appropriations are no longer needed, and that approved capital work can be accomplished within the remaining appropriation authority.

- **Office of Housing Grant Abandonments**

Abandonment of \$7 million of carryforward grant appropriations in the Office of Housing (OH), largely to reconcile amounts in the financial system of record with actual awards. According to the City Budget Office (CBO), over time, grant budgets became out of sync with the actual grant amounts, and this abandonment removes excess budget authority. For 2024 and beyond, CBO and OH have aligned grant budgeting with citywide policy on grants, and budget should more closely align with award amounts.

It is important to note that these changes are technical and do not free up financial resources for use on other budget purposes. After accounting for these technical reductions, CB 120618 would increase appropriations to other City funds by approximately \$44.8 million. Noteworthy increases include:

- **Transportation Fund Capital Project Increases:**

A \$22 million increase to multiple projects the Transportation capital budget, the largest of which is a \$9.2 million increase to Bike Master Plan – Protected Bike Lanes Capital Project, funded by a Puget Sound Regional Council grant award backed by the Federal Highways Administration Congestion Mitigation and Air Quality, Surface Transportation Block Grant, and Carbon Reduction Program grant programs for federal fiscal year 2025.

Descriptions for other non-GF increases in the bill, which are largely in Sections 2 (operating appropriations) and 7 (capital appropriations) are included in [Attachment A to the Summary and Fiscal Note](#) provided by the Executive.

In addition to the appropriation impacts to other City funds, the bill also imposes a proviso to facilitate the expenditure of existing appropriations, as follows:

Proviso on JumpStart Funds for Student Mental Health

This item would impose a proviso on \$10 million of JumpStart Fund appropriations in the DEEL K-12 Programs Budget Control Level (BCL) to allow these monies to be used “to provide and raise awareness of critical mental health services and student safety interventions, such as proactive mental health screening, telehealth therapy, and in-person therapy for Seattle students, and may not be used for any other purpose.”

As part of the suite of legislation that accompanied the 2024 Adopted Budget, the Council increased the tax rates for businesses subject to the payroll expense tax to increase annual revenues by \$20 million. In tandem, the Council amended the 2024 Proposed Budget increase appropriations to the Department of Education and Early Learning (DEEL) to “expand educational supports at Seattle Public Schools (SPS), prioritizing services that improve mental health outcomes including, but not limited to, school-based mental health counselors and culturally specific and responsive programming from community-based organizations.”

The Council also signaled its intent to amend [Seattle Municipal Code \(SMC\) 5.38.055](#) in 2024 to allow for JumpStart Payroll Expense Tax Fund funds to be used for the specified educational support purposes. Absent additional action by the Council to provide the legal authority for DEEL to use the funds for these purposes, the additional revenues would go unspent. An alternative to modifying SMC 5.38.055 is for the Council to impose a proviso on DEEL’s 2024 budget specifying that the funds are appropriated solely for educational supports, which is the approach taken with this proposal.

According to a [press release issued by the Mayor’s Office on June 14, 2024](#), the mental health investment strategy is based on work performed by the City’s Innovation & Performance team during the first six months of the year, including interviews and focus groups, to understand the current state of youth mental health. The team’s work culminated in the issuance of their research report: [A Student-Led Approach to Mental Health Services](#).

The Executive has proposed to use the \$10 million as follows:

- **\$2.0 million – Violence and Prevention**

This funding would be dedicated to youth violence prevention, intervention, and interruption programs, to be administered by the Human Services Department (HSD) via a Memorandum of Agreement with DEEL. HSD plans to host a series of meetings with key stakeholders, including DEEL and other City departments, to help direct the funds. The funds are intended to be spent during the 2024–2025 school year, and they will be spent in collaboration with King County’s [recently announced 100 Days of Action](#) to reduce gun violence.

- **\$2.4 million – Telehealth Services**

This funding is intended to expand student access to telehealth therapy services. Currently, approximately 80 students are accessing telehealth services through a [pilot program](#) offered by HSD’s Youth and Family Empowerment division. The Executive has indicated that the goal of this funding is to expand those telehealth services to 2,000 students, which is the estimated number of students for whom therapy is a good fit and who are not served by other current programs, are open to a government-sponsored service, and are willing to use therapy. DEEL is intending to work with HSD to expand their current contract for telehealth services over the summer and to enter into its own contract for the start of the 2024–2025 school year. DEEL has also issued a [Request for Information](#) to seek additional telehealth contracts in 2025.

- **\$5.6 million – In-Person Mental Health Therapy**

This funding would be passed-through to Public Health – Seattle and King County to increase mental health providers at School-Based Health Centers, mental health case manager/coordinators for student supports, system-wide mental health consultation, training, and evaluation, and to support program management and administration. The Executive has indicated that further refinement of this work will occur when the funds become available.

Lastly, the Executive has stated that the proposal only utilizes half of the original \$20 million allocation because \$10 million represents the amount needed in 2024 to implement the strategies outlined in their spending plan. If the proviso is approved as proposed, the remaining \$10 million in appropriation authority will go unused, and the funds will either remain in the JumpStart Payroll Expense Tax Fund balance and be available for spending in 2025 or future years, or the appropriation could be abandoned, and the monies diverted to other eligible purposes in 2024.

Position Increase Review

In addition to appropriation changes and the proviso noted perviously, CB 120812 would revise approved position totals across City departments. In total, the bill would add 48 Full Time Equivalent (FTE) positions, as shown in Table 3.

Table 3. CB 120812 FTE Position Requests by Department

| Department | FTEs |
|--|-----------|
| Human Services Department | 21 |
| Community Assisted Response and Engagement | 21 |
| Seattle Center | 6 |
| Total FTE Proposals | 48 |

Position request summaries for these three departments are provided on page 8.

Position Authority in Human Services Department

CB 120812 would add 21 FTE positions related to addressing homelessness, including:

- **1 FTE Executive Assistant and 1 FTE Senior Grants and Contracts Administrator:** These two new positions would support the increased contracting work that will result when \$7.3 million of outreach funding and \$4.1 million of homeless prevention funding and associated contracts are transferred from the King County Regional Homelessness Authority (KCRHA) to HSD, beginning in Q3, 2024. The Executive estimates that \$151,000 will be needed in 2024 to pay for these positions, which would likely not be filled until late 2024. The funding in 2024 comes from unallocated homelessness prevention funds and KCRHA underspend, which was administratively carried forward.

Ongoing funding for the Executive Assistant position will come from existing resources at Seattle Parks and Recreation and HSD. Funding for the Senior Grants and Contracts Administrator, which will only support homelessness prevention contracts, will come from the annual \$2.8 million in the 2023 Housing Levy program funding for homelessness prevention and housing stability.

- **5 FTE Regional Coordinators:** \$811,000 in funding for these five positions was provided in the GF in the 2023 Adopted Budget. While the Executive is requesting approval for permanent positions, HSD has used its existing administrative authority to temporarily hire four of the five positions.
- **14 FTE Counselors:** These positions would support the Unified Care Team's (UCT's) geographic approach to outreach by creating two Counselor positions for each of the 7 UCT regions. These positions would support outreach-led encampment resolutions, provide referrals to shelter during encampment removals and provide support to individuals to move out of immediate hazard/obstruction locations. The \$825,000 needed in 2024 to pay for these positions will come from KCRHA underspend in the GF.

Policy Consideration – Only Partial Information on Future Funding Plan

The total 2025 fully loaded cost for these positions is approximately \$2 million. HSD reduced the amount available for homelessness outreach providers by \$1 million in its recently released Request for Proposals for such services to cover half the total cost. HSD has stated the remaining \$1 million will come from the \$11.4 million of outreach and prevention funding that is being transferred back to HSD and currently budgeted in the GF. However, the Executive will not provide information on what services or programs would receive a reduction and what the impact on service provision would be until budget deliberations. Consequently, Council is being asked to add these positions without having full information about the potential policy impacts of doing so. Approving the positions in the 2024 mid-year supplemental, rather than 2025 budget deliberations, allows the Executive to begin the hiring process four months sooner.

If the Council is interested, Central Staff could develop options that would allow the Executive to begin the hiring process for some or all of the new positions, but not finalize hiring until the Council completes its fall budget process. This would likely slow implementation at least somewhat, so it would create tradeoffs of its own.

Position Authority in Community Assisted Response and Engagement Department

The proposed legislation would add 21 positions to the Community Assisted Response and Engagement (CARE) Department, including 18 FTE Care Responders and 3 FTE Supervisors.

These positions would significantly expand both the size and the ambit of CARE's crisis response program, which began in October 2023. The new positions would enable the staged rollout of the program expansion from late 2024 through early 2025. Attachment 1 to this memo, "Seattle CARE Department: Citywide Expansion Data," includes a set of recommendations, generated by the Executive, that substantiate the position requests and explain the intended expansion. The information provided here is based in part on that document.

Current CARE Department staffing includes six Community Crisis Response (CCR) FTE positions and one Crisis Response Manager FTE position. The proposed expansion would support CARE crisis responders' availability citywide by early 2025. Starting from its existing downtown base, the intent is to expand CARE responders' service area eastwards, into Capitol Hill and the Central Area most immediately, with North Seattle and South Seattle to be added sequentially. (See pages 11 and 15 of Attachment 1.) Based on Attachment 1, City data, and information provided by the Executive, Central Staff estimates position costs associated with the program expansion would be \$551,000 in 2024, \$3.3 million in 2025, and \$3.5 million in 2026. Central Staff estimates the program expansion will also require one-time non-position costs of \$780,000 and ongoing non-position costs of \$840,000. This estimate does not include the potential costs associated with the establishment and maintenance of additional "station" locations for CARE response teams, which could involve one-time tenant improvements and ongoing lease costs. The Executive has also indicated that the 2025-2026 Proposed Budget will include new administrative positions to support the expanded program, but details about those positions are not available at this time. The costs that can be quantified at this point are summarized in Table 4.

Table 4: Estimated costs of CARE crisis response program expansion

| Year | Position Costs | Non-position Costs | Total |
|------|----------------|--------------------|-------------|
| 2024 | \$551,000 | \$600,000 | \$1,151,000 |
| 2025 | \$3,290,000 | \$1,230,000 | \$4,520,000 |
| 2026 | \$3,473,000 | \$840,000 | \$4,313,000 |

The CARE Department is funded by the GF. Table 4 summarizes the proposed expansion's total cost for each year and assumes that the one-time start-up costs referenced above are spread evenly across 2024 and 2025.

Policy Consideration - Ongoing Funding Gap for Proposed Expansion

The Executive has identified several one-time funding sources that could fully offset the 2024 costs and some portion of the 2025 costs, including a new \$1.9 million grant from the United States Bureau of Justice Assistance which is included for Council consideration in [CB 120813](#), the Mid-year Grants Acceptance and Appropriation Ordinance, and the reallocation of \$510,000 of existing GF funding currently allocated to help the CARE Department "envision and prepare for future needs"¹. The latter funding had been intended for such purposes as a staffing study, and the establishment of crisis-response program evaluation measures. The Executive's Participatory Budgeting funding proposal,

¹ See pages 171-172 of the [2023-2024 Adopted Budget](#).

anticipated to be transmitted to Council as legislation in the coming weeks, will also include a \$2 million GF allocation to the CARE Department. In total, \$4.4 million in one-time funding has been identified to support the 10 currently known one-time and ongoing costs of the expanded program. However, an ongoing funding source for the proposed program expansion has not been identified. Absent the identification of such a funding source, the expansion costs will increase the ongoing GF operating deficit.

Policy Consideration – Operational Limitations of CARE Crisis Response Program

Passed by the Council on December 2023, [ORD 126958](#) authorized the execution of a [Memorandum of Understanding](#) (MOU) between the City and the Seattle Police Officers Guild (SPOG). The MOU addressed SPD staffing issues and established a framework for a “dual-dispatch alternative response” pilot project. The MOU sets a maximum of 24 FTE for the project, not including administrative and supervisory personnel. With the addition of the proposed new positions, that maximum would be reached.

Other elements of the MOU describe the purview of the CARE CCRs – i.e., 9-1-1 dispatched response to certain calls coded by CARE call-takers and dispatchers as “Person Down” and “Welfare Check” – and their permissible interactions with SPD response units. For instance, a CARE response unit and an SPD response unit must be dispatched simultaneously to these call types, with CARE prohibited from approaching the scene of needed response until authorized by SPD. (A CARE response unit may also be dispatched to the scene of SPD response already in progress, at the direct request of SPD.)

The intent of this framework was maximally to protect the safety of the scene and of CARE CCRs. However, in practice it has inhibited CARE response. CARE CCRs can often wait hours in between service opportunities. Between the program’s launch and Mayor Harrell’s announcement of the expansion plan, CCRs participated in the response to around 500 calls, an average of around two calls per day. Other cities that have been able to deliver response at scale to 9-1-1 calls that have a nexus to mental and behavioral health generally have done so via solely dispatched units. As a point of comparison to CCRs’ response figures since October, in April 2024 the Durham, NC Community Response Team provided 651 responses.² The Albuquerque, NM Community Safety Department provided almost 19,000 responses³ in the first six months of 2024, over 14,000 of which it considers to have been diverted from the Albuquerque Police Department.

Another outcome of the current operational constraints on the CARE crisis response program is that limited data exists to support a program evaluation and the development of data-informed program refinements. In late 2022 the Council and the Mayor’s Office collaboratively developed a “[term sheet](#)” to document and scope the parties’ shared interest in alternative response, and it included the following explicit goals:

- Preserve first-responder capacity for appropriate emergency responses; and
- Increase rate of response and timeliness of response to 9-1-1 Priority 3 and Priority 4 calls

² It is not clear that all these responses were dispatched. The top five call types that the Community Response Team (CRT) responded to were Trespass, Non-urgent Welfare Check, Mental Health Crisis, Urgent Welfare Check, and Nuisance or Intoxicated. Each of the three CRT response units are comprised of unarmed, three-person civilian teams.

³ Albuquerque Community Safety (ACS) houses a [range](#) of non-police response units. As of April, there were 65 responders in all.

These goals imply an assumption that it would be typical for SPD and CARE response units to arrive on scene together and for SPD to authorize CARE to take control of the scene, with SPD then able to depart and respond to Priority 1 and Priority 2 calls. In practice, this is not happening with any significant frequency, so it is not possible to analyze the degree to which the CARE crisis response program is meeting its goals.

If the Council is interested, Central Staff could develop options to (i) preserve the evaluation funding, and/or (ii) slow the pace of hiring so a full funding commitment is not made until Council can see the overall budget implications. This latter option would potentially delay program expansion, so it creates trade-offs of its own.

Position Authority in Seattle Center

CB 120812 would add 6 FTE Security Officers to enhance public safety on the Waterfront's Overlook Walk, which is scheduled to open in September 2024, ahead of the original timeframe of January 2025. This proposal would bring the total Waterfront security officer staffing to 21 FTEs. In 2024, these new positions will be funded from \$393,000 of existing Seattle Park District (MPD) Fund carryforward appropriations. In the 2025 proposed budget, CBO indicates that the additional ongoing cost of these positions, estimated to be \$972,000, will be funded with new appropriations from the MPD Fund.

Next Steps

The Select Budget Committee will consider amendments, and potentially vote on the bill on Wednesday, August 7, 2024. If the Committee votes on the bill at the August 7 meeting, the legislation will be considered for final action at the August 13, 2024, City Council meeting. Future 2024 budget adjustments will include the year-end comprehensive supplemental adjustment and grant acceptance and appropriation bills, anticipated to be submitted as budget legislation with the Mayor's Proposed 2025/2026 Budget in late September, and any other stand-alone supplemental bills necessary to address unforeseen circumstances, consistent with [RCW 35.32A.060](#).

Overview

CBO 2024 Mid-Year Supplemental Legislative Package

1. CB 120811: Annual Wage Increase (AWI) Appropriations
2. CB 120813: Mid-Year Grant Acceptance/Appropriations
3. CB 120812: Mid-Year Supplemental Budget Ordinance

1. Annual Wage Increase (AWI) Appropriations (Council Bill 120811)

Annual Wage Increase (AWI) Appropriations

- Previous actions committed City to wage increases for most employees (both represented and non-represented).
- This legislation gives departments the funds needed to pay City workers retroactive payments and associated costs consistent with those required wage increases for 2023 and a portion of 2024.
- Additional funding – if needed for 2024 – will be included in the Year-end Supplemental.
- The Proposed Budget will include funding for the 2025 and 2026 AWIs

2. Mid-Year Grant Acceptance / Appropriations (Council Bill 120813)

Mid-Year Grant Acceptance / Appropriations

- City receives awards of state and federal grant funding to support specific programs throughout the year
- The timing of funding awards often does not align with the budget process
- Legislation is required to accept the grants and appropriate the funds
- Grant acceptance bills are considered by Council at three intervals during the year:
 - Q1
 - Mid-Year Supplemental
 - Year-End Supplemental

Grants Legislation Highlights

- Accepts and appropriates \$74M in various grant funds, including:
 - \$19M Washington State Department of Commerce grant to assist low/moderate households to reduce energy consumption
 - \$19M Federal Highway Administration grant for mill and overlay work on streets including E Marginal Way and Roosevelt Way
 - \$3M Washington State Office of Recreation and Conservation grant for a pedestrian bridge at Carkeek Park and other projects
 - \$2M Federal Bureau of Justice Assistance for CARE team expansion

3. Mid-Year Supplemental Budget Ordinance (Council Bill 120812)

Mid-Year Supplemental Budget Ord Highlights

1. Majority of bill is technical appropriations adjustments with no programmatic impacts
2. Few limited investments in emerging priority areas
3. Makes position adjustments to reflect emerging priorities
4. Imposes a proviso to allow student mental health spending in 2024

Emerging Priority Investments

- The proposed Mid-Year Supplemental contains approximately \$1.7m General Fund new spending on:
 - SPD Recruiting (\$800K)
 - SPD Sexual Assault Unit Investments (\$250K)
 - SFD Dangerous Buildings Abatement (\$350K)
 - SFD Paramedic Class (\$258K)

Emerging Priority Funding Strategy

- Mayor's Office instituted a hiring freeze for most positions
- Freeze is anticipated to continue through the end of the year
- Accrued vacancy savings is sufficient to offset proposed \$1.7M of new spending in 2024

CARE Community Crisis Responders Team

Frees up police officers to respond to higher-priority calls

Reduces the potentiality for **use of force** and potential **liability** associated with such use

Improves response time to 9-1-1 calls.

Streamlines the process of **identifying behavioral health issues** and getting people help

Will improve both short and long-term **public health and safety outcomes** if invested in

Financial benefit of CARE

- CARE team vs SPD team cost:
 - CARE team wage/hr: **\$87.95** on average
 - SPD team wage/hr: **\$114.96** on average (OT wage: **\$172.44/hr**)
- Reduce expense of dispatching repeatedly to high utilizers
 - CARE aims to get people on a path to change and rehabilitation
- CARE reduces duplication and waste in first response

Executive Summary

Student Mental Health Findings and Recommendations

"Our youth deserve safe, supportive environments to learn, grow, and reach adulthood, and it will take an all-of-society effort to support the mental health and wellbeing of our youth." -Mayor Harrell

City of Seattle

Mayor Bruce Harrell

Why Are We Here?

Studies show that rates of anxiety, depression, and other mental health issues are on the rise among adolescents and young adults.

Contributing factors include the pressures of social media, academic stress, and economic uncertainty.

The COVID-19 pandemic has also exacerbated the crisis, with many young people experiencing increased isolation and anxiety.

It is imperative that we come together to prioritize early intervention and access to mental health resources for young people to address this urgent issue.

Supporting well-being and readiness to learn

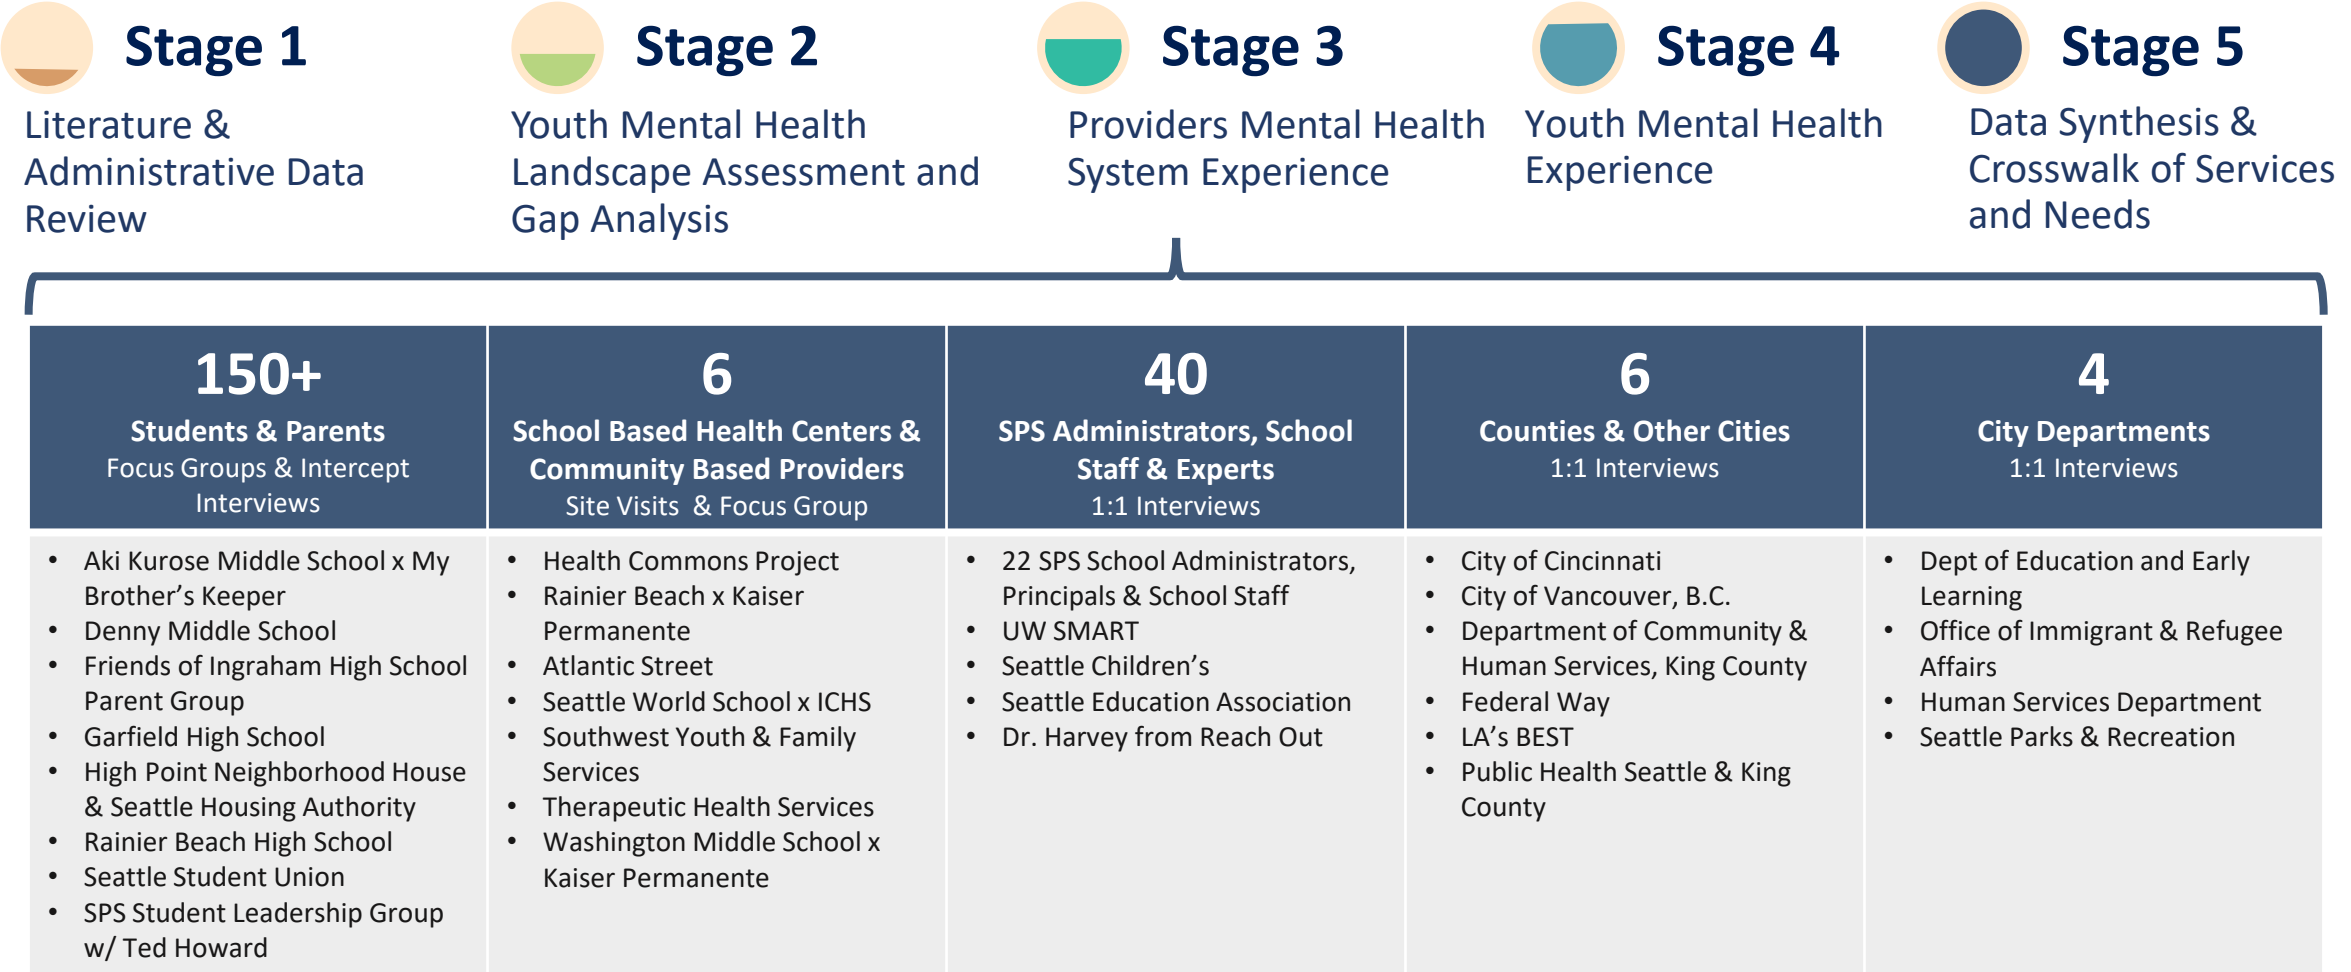

City of Seattle aims to provide evidence-based, scalable and sustainable mental health options for youth that support their readiness to learn, achieve their potential, and build skills to lead productive lives.

- **Depression** is associated with low academic achievement, high scholastic anxiety, and poor peer and teacher relationships.
- **Anxiety** is associated with drug use and dependence, suicidal behavior, and a reduced likelihood of attending college.

Tier 3: Treatment

Increase Access to In-person and Virtual Therapy:

Finding therapy is time-consuming and often results in dead ends.

Barriers include availability of providers, representation and in-language support, insurance related restrictions, confidentiality, convenience, etc. **A model that is subsidized by the City of Seattle removes many of these barriers and can provide year-round support.**

To build trust, it is important for both Telehealth and in-person therapy options be designed to increase demographic representation and build long-term relationships.

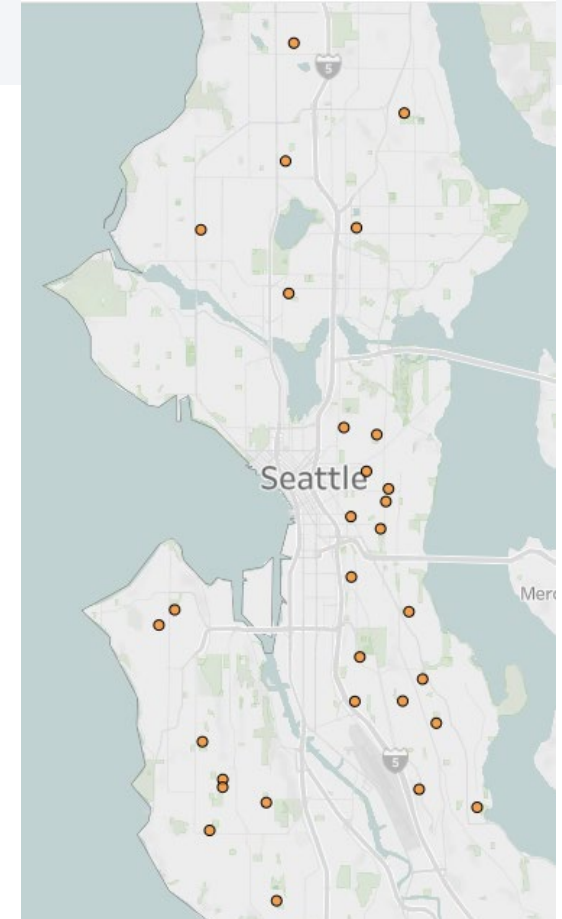

- **In-person** has the advantage of drawing local community members with similar lived experience. Exploring the use of a coordinator position to triage and route students to care.
- **Telehealth** has the potential to reach a more diverse pool due to greater geographic draw, higher wages and flexible working environment.

Funding Landscape

Youth Mental Health Funding Structure(*not comprehensive*)

01. Federal

- Grants provided by CDC (MTSS), SAMHSA (SBIRT), DOE (Mental Health Professionals through UW)

02. State/Seattle Public School District

- \$30 million spent on Social Emotional Learning (\$26 million State funding) including approximately 232.7 FTE including Academic Counselors (115.8 FTE), Social Workers (46.4 FTE), and Nurses (70.5 FTE) who triage students and refer to care
- Small crisis response team
- Contracts with 20 community behavioral health agencies (insurance/grants)

03. County

- Funds ~14 agencies in the Seattle area serving low-income communities
- Best Starts for Kids (SBIRT)

04. City

- School-based supports including Student Mental Health Supports Pilot and direct clinical care through 29 school-based health center through a partnership with Public Health Seattle King County (DEEL) (~\$6.5M)
- Community based mental health supports for youth outside of school (HSD) (~\$1.5M)
- Enrichment programs such as academic tutoring, sports, mentorship, leadership (DEEL, HSD, SPR, ARTS and others) (~\$24M)

05. Philanthropy

- Ballmer Foundation, Bill & Melinda Gates Foundation, Annie Casey Foundation

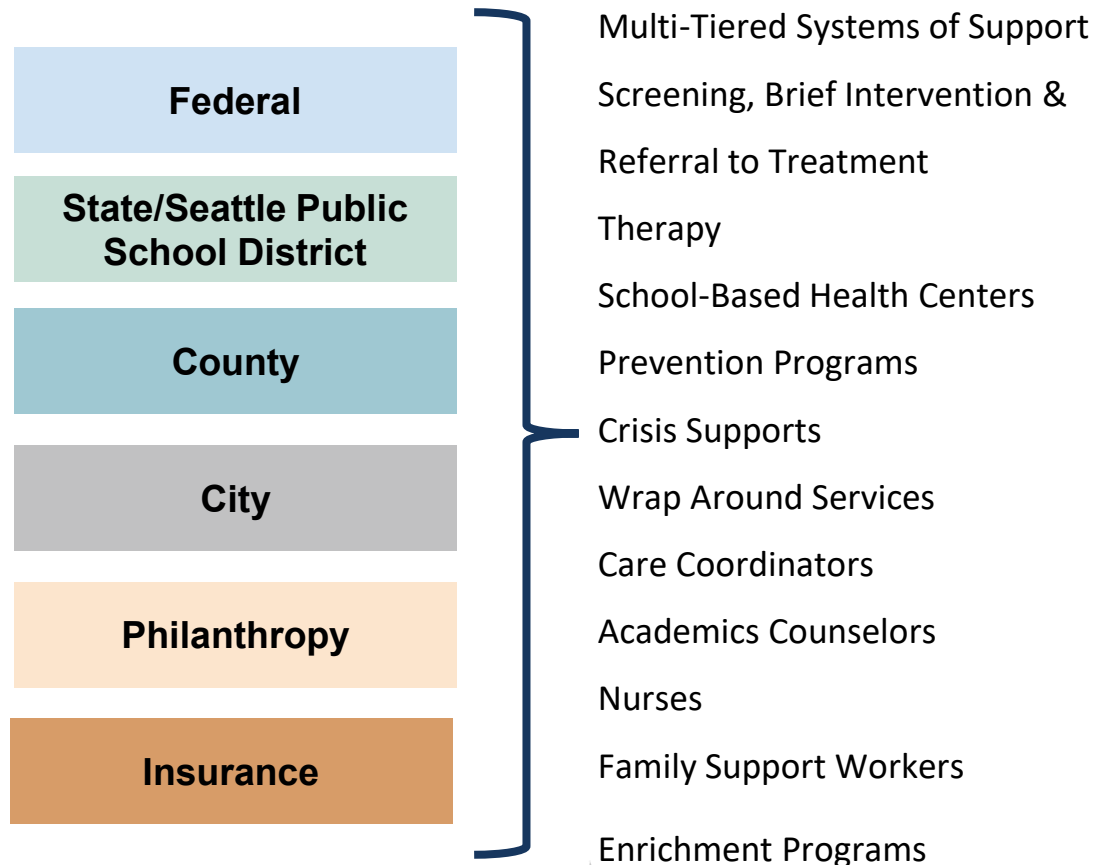

06. Insurance

- In-School & community-based therapists through Medicaid and Apple Care reimbursements

Funding Challenges Perpetuate Mental Health Disparities

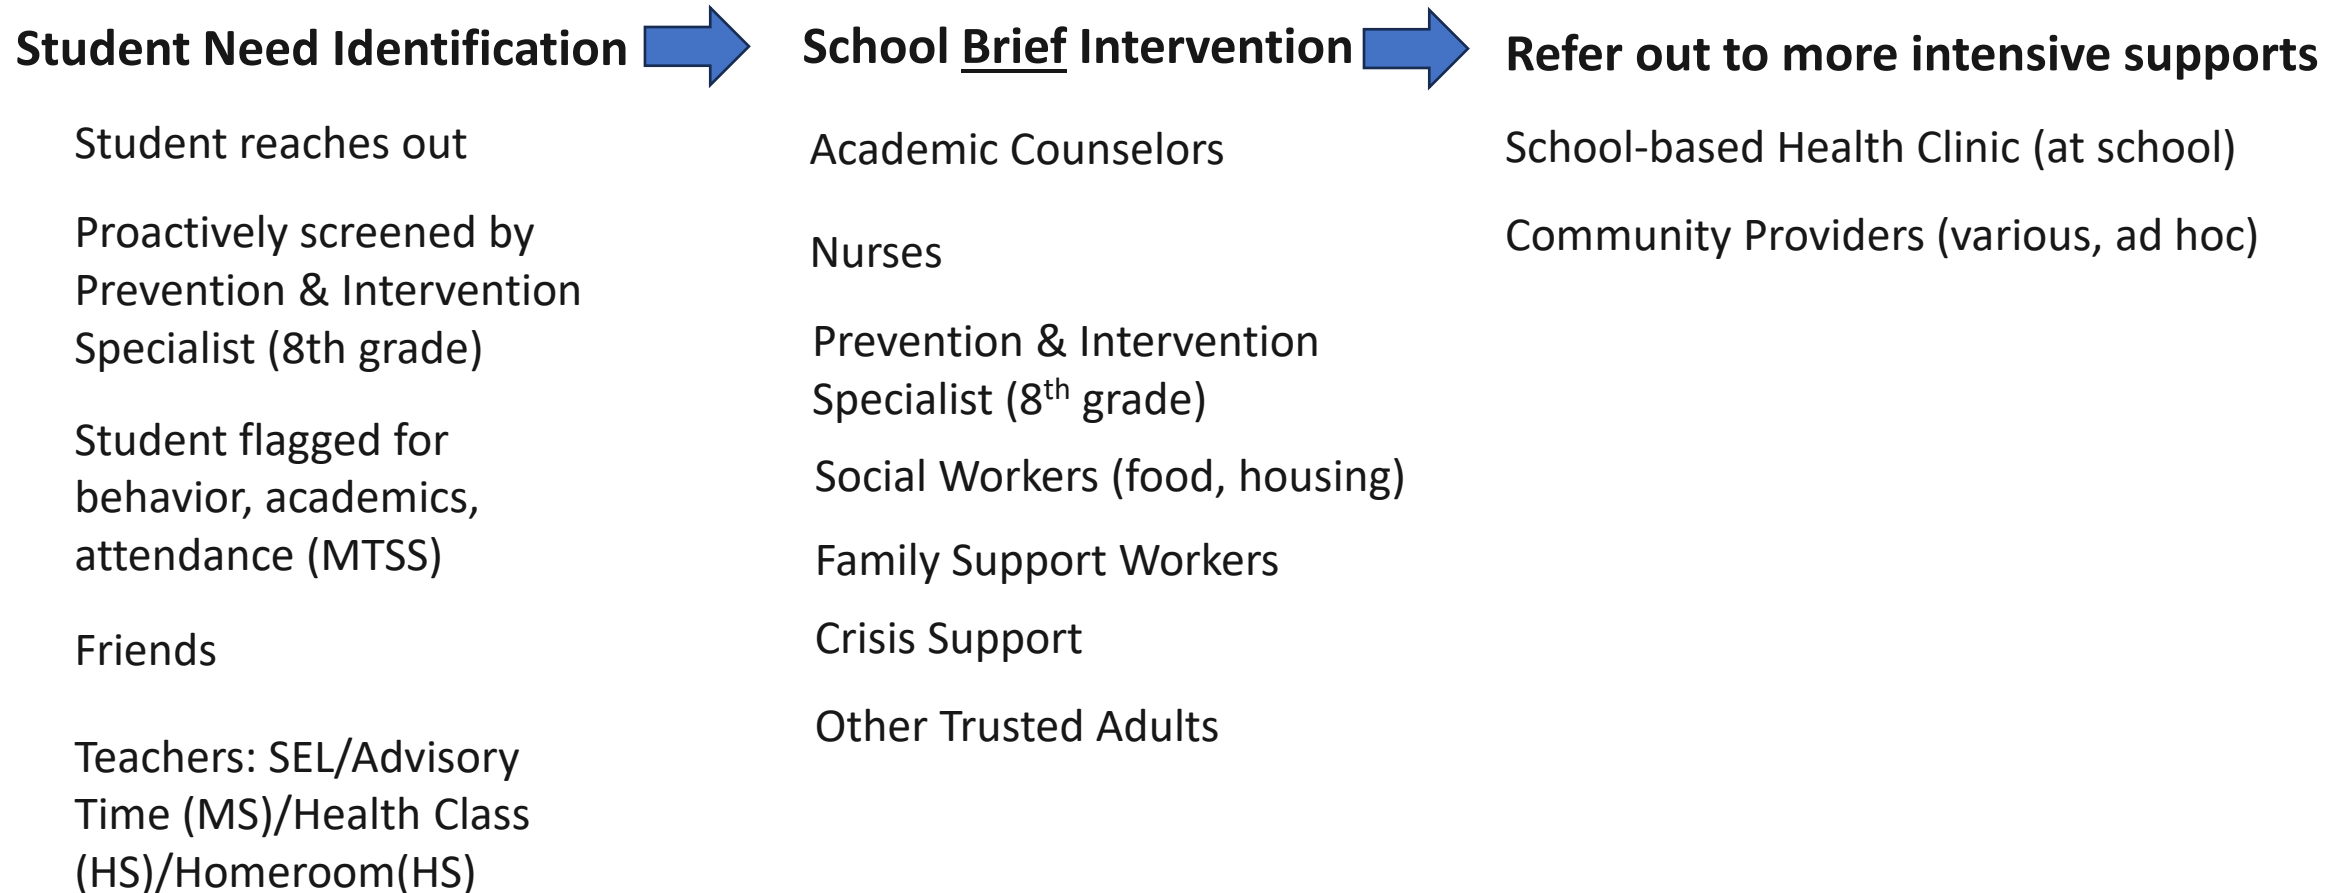

From our landscape analysis and qualitative research, we found that schools and providers have to piece meal together funding to meet the growing need for mental health supports. Many of these funding sources are one-time and unsustainable, impacting continuity of care for students and ultimately student social and emotional well-being.

The current funding system:

- Dis-incentives collaboration across funding and implementation bodies.
- Is co-located, when we need to move towards coordinated care, including how we fund mental health supports.
- Relies on short-term funding, not allowing to make long-term change.

CENTRAL STAFF

FINANCE, NATIVE COMMUNITIES, AND TRIBAL GOVERNMENTS COMMITTEE

07/17/2024

Mid-Year Supplemental (CB 120813)

Potential Policy Considerations

Central Staff has identified three specific policy proposals of note:

1. Additional positions at HSD to support the City's response to homelessness
2. Additional positions for the CARE Department
3. Appropriation of \$10 million of JumpStart funding for new student mental health and Violence Prevention program

New Positions in HSD to Support Homelessness Response

- 19 FTE proposed for the Unified Care Team, and two FTE for additional contracting support.
- Position request are in the mid-year supplemental so the hiring process can begin immediately.
- These requests are related to the decision to shift \$11.4 million of homelessness prevention and outreach funding from the KCHRA to HSD, starting in Q3 of 2024.
- Total cost of position adds is \$3.2 million
 - On-going funding for \$2.2 million has been identified from existing activities/programs within HSD, Parks, and OH.
 - For the 14 new Counselor positions, \$1 million will come from the transferred KCRHA funding but not yet known if funds will come from outreach or prevention dollars

New Positions for the CARE Department

Background

- The Executive is requesting 21 new positions to expand CARE crisis response operations by early 2025.
- The Executive has identified sufficient funding for phased hiring this year, including a \$1.9 million grant.
- The ongoing annual cost of the expansion is about \$4.3 million.

Observations

- The Executive has not identified an ongoing funding source to offset the \$4.3 million in ongoing costs. These costs will thus increase the City's projected budget deficit for 2025 and beyond.
- The CARE crisis response program operates under an existing MOU with SPOG. Dispatch of CARE on the basis of a 9-1-1 call occurs in limited circumstances.
- CARE staff have participated in the response to approximately 500 calls, in total, since program launch last October.
- Seemingly successful models in other cities (e.g., Durham and Albuquerque) use sole dispatch and respond to more call types. These programs respond to hundreds and even thousands of calls per month.

New Positions for the CARE Department (cont.)

Observations (cont.)

- The independent evaluation planned when the current pilot was developed has not been completed. The Executive is also proposing to redirect the ~\$500K that included evaluation funding to help pay for the expansion.
- Given that CARE response is a new program and dispatch protocols are evolving, an assessment of the current pilot may not offer meaningful insights at this time.

If Council is interested, Central Staff could develop options to (i) preserve the evaluation funding, and/or (ii) slow the pace of hiring so a full funding commitment is not made until Council can see the overall budget implications. This latter option would potentially delay program expansion, so creates trade-offs of its own.

JumpStart Funding for Student Mental Health & Violence Prevention

Background

- In the fall of last year, Council raised JumpStart tax to provide \$20 million for student mental health.
- The funding was appropriated to DEEL, but further Council action is necessary because mental health is not currently eligible for JumpStart funding.
- The Executive has proposed \$10 million for student mental health and youth violence prevention:
 - \$2 million for Violence Prevention. HSD will administer funding and will host meetings with key stakeholders and relevant City departments to finalize a spending plan.
 - \$2.4 million for Telehealth services. This funding would support the expansion of pilot program that currently serves about 80 students. Would expand access to ~2,000 students.
 - \$5.6 million for In-Person Mental Health Therapy. Funding will be deployed via an agreement with King County Public Health to expand services at School-based Health Centers.

JumpStart Funding for Student Mental Health and Violence Prevention (cont.)

Observations

- Mental health is not generally a city-level function in Washington State.
- That said, Council's funding decision last fall was driven by a desire to address the mental health crisis among school-aged children. This crisis presumably contributes to, and is partially driven by, incidents of youth violence.
- The Executive acknowledges that a total of \$20 million was made available for 2024, but is requesting only \$10 million at this time. The remaining \$10 million will stay in the JumpStart fund and be available for other JumpStart-eligible activities in 2025.

CB 120812 – Midyear Grant Acceptance

- Second comprehensive grant acceptance and appropriation legislation in 2024
- Would authorize City departments to accept \$73.7 million and appropriate \$53.5 million from external sources
 - \$18.7 million acceptance is funding Federal Highway Administration for SDOT's Capital Improvement Program (CIP) projects
 - \$19.5 million from the WA Department of Commerce to provide low to moderate income residential electric utility customers with a one-time \$200 bill credit.

Next Steps in Mid-Year Supplemental Process

- August 7: Second hearing & possible vote on CB's 120812 & 120813 at the Select Budget Committee
 - Amendment requests due July 25th by noon
- August 13: Final action on CB's 120812 & 120813 at the City Council meeting
- Late September: Mayor's Proposed 2025-2026 Budget
 - Will include the 2024 year-end supplemental and a final grant acceptance bill

1. BILL SUMMARY

Legislation Title: AN ORDINANCE relating to acceptance of funding from non-City sources; authorizing the heads of various departments to accept and authorize the expenditure of specified grants, private funding, and subsidized loans and to execute, deliver, and perform corresponding agreements; amending Ordinance 126955, which adopted the 2024 Budget, including the 2024-2029 Capital Improvement Program (CIP); changing appropriations to various departments and budget control levels, and from various funds in the Budget; revising project allocations for certain projects in the 2024-2029 CIP; and ratifying and confirming certain prior acts.

Summary and Background of the Legislation: This ordinance proposes the acceptance of grants and/or private funds or donations from various agencies and organizations and authorizes the expenditure of funding backed by their respective revenue sources.

During the year, City departments receive grant awards or opportunities for other funding resources that are not anticipated in the Adopted Budget. The City Budget Office formally accepts these funds by compiling departmental grants acceptances and similar agreements in separate ordinances throughout the year.

The attached ordinance contains requests related to grants, donations, or other private funding agreements, modifying the Adopted Budget for the second quarter of 2024. New in this ordinance is language that automatically abandons automatic carryforward items between \$0.00 and \$1.00 without returning to Council. This provision assists departments in cleaning up small remaining appropriation authority before carryforward processes run. Remaining grant balances \$1.00 and over will continue to come to Council for abandonment.

3.a. Appropriations

☒ This legislation adds, changes, or deletes appropriations.

See Attachment A to this document for additional details.

3.b. Revenues/Reimbursements

☒ This legislation adds, changes, or deletes revenues or reimbursements.

See Attachment A to this document for additional details.

3.c. Positions

☐ This legislation adds, changes, or deletes positions.

3.d. Other Impacts

Does the legislation have other financial impacts to The City of Seattle, including direct or indirect, one-time or ongoing costs, that are not included in Sections 3.a through 3.c? If so, please describe these financial impacts. No.

If the legislation has costs, but they can be absorbed within existing operations, please describe how those costs can be absorbed. The description should clearly describe if the absorbed costs are achievable because the department had excess resources within their existing budget or if by absorbing these costs the department is deprioritizing other work that would have used these resources. None

Please describe any financial costs or other impacts of *not* implementing the legislation.
Without these resources, departments will be unable to carryout the work as described in Attachment A without affecting other resources.

4. OTHER IMPLICATIONS

- a. Please describe how this legislation may affect any departments besides the originating department.**

This legislation is prepared by the City Budget Office on behalf of other Departments and impacts a number of departments' 2024 budgets as outlined in Attachment A.

- b. Does this legislation affect a piece of property? If yes, please attach a map and explain any impacts on the property. Please attach any Environmental Impact Statements, Determinations of Non-Significance, or other reports generated for this property.**
No

- c. Please describe any perceived implication for the principles of the Race and Social Justice Initiative.**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- i. How does this legislation impact vulnerable or historically disadvantaged communities? How did you arrive at this conclusion? In your response please consider impacts within City government (employees, internal programs) as well as in the broader community.**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- ii. Please attach any Racial Equity Toolkits or other racial equity analyses in the development and/or assessment of the legislation.**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- iii. What is the Language Access Plan for any communications to the public?**

Please see Attachment A to this document for additional details regarding the types and locations of grants being accepted.

- d. Climate Change Implications**

- i. Emissions: How is this legislation likely to increase or decrease carbon emissions in a material way? Please attach any studies or other materials that were used to inform this response.**

Please see Attachment A to this document for additional details on grants that may affect carbon emissions.

- ii. **Resiliency: Will the action(s) proposed by this legislation increase or decrease Seattle’s resiliency (or ability to adapt) to climate change in a material way? If so, explain. If it is likely to decrease resiliency in a material way, describe what will or could be done to mitigate the effects.**

Please see Attachment A to this document for additional details on grants that may affect Seattle’s resiliency.

- e. **If this legislation includes a new initiative or a major programmatic expansion: What are the specific long-term and measurable goal(s) of the program? How will this legislation help achieve the program’s desired goal(s)? What mechanisms will be used to measure progress towards meeting those goals?**

Grant funding goals are outlined in specific grant agreements. Please see Attachment A to this document for details on the grant purpose as it pertains to grant agreement goals.

5. CHECKLIST

- ☐ Is a public hearing required?
- ☐ Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required?
- ☒ If this legislation changes spending and/or revenues for a fund, have you reviewed the relevant fund policies and determined that this legislation complies?
- ☐ Does this legislation create a non-utility CIP project that involves a shared financial commitment with a non-City partner agency or organization?

Summary Attachment A – 2024 Mid-Year Grants Ordinance Detail Table

| Item | Department | Source | Description | Fund | Budget Summary Level / BCL Code | Capital Project / ID | Accepted | Appropriated |
|-------------|---|-----------------------------------|---|--|---|---|-----------|--------------|
| 1.1/ 2.1 | Department of Finance and Administrative Services | Washington Department of Commerce | This item increases grant-backed appropriation authority by \$720,000 in the Finance and Administrative Services Fund General Government Facilities - General Budget Control Level (50300-BC-FA-GOVTFAC). This grant funding is from the Department of Commerce through the Washington State Electric Vehicle Charging Program (WAEVCP). The funds have no match requirement. This item provides funding to continue the City of Seattle's commitment to reduce greenhouse gas emissions and fossil fuels, improve air quality, and promote equity in access to electric vehicle charging infrastructure. | Finance and Administrative Services Fund (50300) | General Government Facilities - General (50300-BC-FA-GOVTFAC) | Drive Clean Seattle Fleet Electric Vehicle Infrastructure (MC-FA-DRVCLNFLT) | \$720,000 | \$720,000 |
| 1.2/ 2.2 | Department of Neighborhoods | 4CULTURE | This item increases grant-backed appropriation authority by \$11,550 in the Department of Neighborhoods (DON) General Fund Community Building Budget Control Level (00100-DN-I3300). This item appropriates funding from the 4Culture Preservation Sustained Support Grant, which assists with the day-to-day needs of preservation organizations, providing a reliable funding source that promotes stewardship, advocacy, and educational opportunities around historic preservation. DON receives this annually, and no local match is required. The period of performance for this grant is from January 1, 2024, through December 31, 2024. | General Fund (00100) | Community Building (00100-BO-DN-I3300) | | \$11,550 | \$11,550 |
| 1.3/ 2.3 | Executive (Office of Emergency Management) | Washington Military Department | This item increases grant-backed appropriation authority by \$21,017 in the Office of Emergency Management (OEM) General Fund Budget Control Level (00100-BO-EP-10000) for grant management / Subrecipient Management Costs (SMC). This funding is provided by the Federal Emergency Management Agency (FEMA), through Washington State Military Department- Emergency Management Division, for the grant project: Lower Duwamish Sea Level Rise Mitigation Project Scoping. This Phase I grant will provide funding to develop plans for sea level rise (SLR) protection infrastructure in the Lower Duwamish South Park industrial area- a disadvantaged neighborhood and the highest risk area in City of Seattle for SLR inundation. A subsequent Phase II award for implementation may become available. The portion of this grant being submitted by OEM for Council grant acceptance totals \$21,016.63, comprised of \$18,014 Federal Funds plus \$3,002 State Funds (WA EMD). An additional \$3,002 local match is to be provided by OEM, met through existing General Fund budget. Subject: Council Bill 120813 – 2024 Mid-Year Grant Acceptance & Appropriation Ordinance

On July 17, 2024, the Finance, Native Communities & Tribal Governments Committee will discuss [Council Bill \(CB\) 120813](#), which would provide authority for select City departments to accept and appropriate the expenditure of specified grant revenues from non-City sources.

This memo summarizes CB 120813 and describes the next steps in the context of the budget adjustment process for 2024.

CB 120812 Summary

CB 120813 is the second comprehensive grant acceptance and appropriation legislation transmitted by the Executive in 2024, authorizing City departments to accept a total of \$73.7 million and appropriate \$53.5 million from external funding sources. *Table 1 (2024 Mid-year Grant Acceptances and Appropriations by Department and Grant Source)* on page two shows, by department, the total award and appropriation amount from each granting agency.

Of the total acceptance amount in *Table 1*, approximately one quarter (\$18.7 million) is funding from the Federal Highway Administration (FHWA) for SDOT's Capital Improvement Programs. The proposed FHWA grant would fund the paving, curb ramp installation, and crossing improvements for Roosevelt Way and East Marginal Way South projects. Another 25 percent (\$19.5 million) is funding from the Washington Department of Commerce to provide low to moderate income residential electric utility customers with a one-time \$200 bill credit.

Other noteworthy grant backed items include:

- \$5.4 million from the Washington Department of Commerce to facilitate the development of affordable housing construction by covering the upfront costs of infrastructure and connecting housing to municipal systems. This item will support four multifamily capital projects (Bridge St. Luke's, Community Roots Housing Youth Care, Mt. Baker Housing Association Via 7, and Chief Seattle Club Sacred Medicine House) and one homeownership capital project (Columbia City Condos).
- \$3.1 million from Puget Sound Energy to implement decarbonization work in low-income homes, contributing to household cost savings and the City's goal of carbon neutrality.
- \$2.3 million from the Federal Transit Administration (FTA) to further evaluate and develop conceptual design and transit alternatives to enhance access to transit for equity populations along the Aurora transit corridor. This grant has a 20 percent match requirement, which SDOT has in its 2024 Adopted Budget.
- 1.9 million from the Federal Bureau of Justice Assistance (Edward Byrne Memorial Justice Assistance Grant (JAG)) to provide one-time support for the CARE Department crisis response team. In combination with other funding, this grant would fund initial costs associated with the addition of nine additional full-time Community Crisis Responder 1's, nine full-time Community Crisis Responder 2's, and three full-time Community Crisis Responder Supervisors. This proposed program expansion is discussed in the 2024 Mid-Year Supplemental Memo (pg. 9). JAG is a primary source of federal funding to state and local jurisdictions supporting a range of criminal legal system improvement and community advancement programs. JAG funds are intended to assist states, tribes and local jurisdictions in leveraging additional dollars from other funding sources to support and maximize statewide efforts.
- \$3.7 million in reimbursable grants from Washington Recreation and Conservation Office to Seattle Parks and Recreation (SPR) for various capital improvements including:
 - \$2.3 million to replace Carkeek Park's existing pedestrian bridge
 - \$1 million to add transient moorage to South Leschi Marina
 - \$350,000 to renovate Colman Pool located in Lincoln Park
- \$750,000 from WA Department of Ecology to support environmental cleanup of the former site of the University of Washington's Laundry facility in the Mount Baker Neighborhood. This grant will help prepare this site for development of affordable housing, community open space, child-care, and early learning research facility.

These and all other grants that would be accepted in the bill are described in Attachment A to the summary and fiscal note submitted by the Executive. It is worth noting that, consistent with past practice, and given that spending of external grant awards can cross fiscal years, the appropriations made in CB 120813 are non-lapsing, meaning the authority to spend these amounts will persist until funds are fully expended or the appropriations are abandoned through a future Council action.

Next Steps

If the committee votes to make a recommendation on CB 120813 at the August 7, 2024, Finance & Housing Committee meeting, the legislation will be considered for final action at the August 13, 2024, City Council meeting.

Future 2024 budget adjustments will include the year-end comprehensive supplemental adjustment and grant acceptance and appropriation bills, anticipated to be submitted as budget legislation with the Mayor's 2025-2026 Proposed Budget in late September, and any other stand-alone supplemental bills necessary to address unforeseen circumstances, consistent with [RCW 35.32A.060](#).
