**1. BILL SUMMARY**

- a. Legislation Title:** AN ORDINANCE relating to the City Light Department; accepting statutory warranty deeds to the Citipoint Church, GKI Properties, LLC, the Martin, Nelson, Taylor, and Voegtlin-Anderson properties in Skagit County, Washington, the Crawley and Wright properties in Snohomish County, Washington, and a treasurer’s deed for a Skagit County property in Skagit County, all for salmonid habitat protection purposes; declaring certain real property rights surplus and no longer required for providing public utility service or other municipal purposes; ratifying the grants of Deeds of Right to the State of Washington on the Crawley, GKI Properties, LLC, and Voegtlin-Anderson properties for salmon recovery and conservation purposes; placing said lands under the jurisdiction of the City Light Department; and ratifying and confirming certain prior acts.
  
- b. Summary and background of the Legislation:** This legislation authorizes the General Manager and Chief Executive Officer to accept statutory warranty deeds and a treasurer’s deed to the aforementioned properties, and grant Deeds of Right for three of those properties to the Washington State Salmon Funding Recovery Board (“SRF Board”) for habitat protection purposes. All of the properties were purchased as part of Seattle City Light (City Light)’s Endangered Species Act (ESA) Early Action Program under the authority of Ordinance 121114. Both the Program and Ordinance stated criteria by which the City committed to assist in threatened species recovery and these properties meet the criteria by protecting salmonid habitat. Funding for the property acquisitions included \$343,000 in City Light funds and \$163,800 from the SRF Board. This legislation places the acquired properties under the jurisdiction of the City Light Department. The funding for these acquisitions was already budgeted and does not require a new appropriation.

- b. Does the legislation have other financial impacts to the City of Seattle that are not reflected in the above, including direct or indirect, short-term or long-term costs?**

The properties will require monitoring to protect current habitat conditions. A land management plan was developed for the ESA Lands and funding has been set aside for both management and monitoring of these properties. Grant funds are pursued as needed to maintain or improve habitat conditions.

**c. Is there financial cost or other impacts of *not* implementing the legislation?**

City Light would be out of compliance with the terms of the signed grant with the Salmon Recovery Funding Board. This may ultimately result in a loss of the award for the properties and subject City Light to funding the purchase of the properties with other resources, including but not limited to ratepayer funds.
