

CITY OF SEATTLE
ORDINANCE 126196
COUNCIL BILL 119895

AN ORDINANCE relating to the City Light Department; granting authority for the Department to offer incentive programs in the electrification of transportation for its customers, including the promotion of electric vehicle adoption and advertising programs to promote the utility’s services, incentives, or rebates; and adding a new Chapter 21.53 to the Seattle Municipal Code.

WHEREAS, The City of Seattle, through its City Light Department (“City Light”), is interested in supporting the electrification of transportation across its service territory; and

WHEREAS, in its 2019 session the Washington State Legislature passed, and the Governor signed, SHB 1512 (the “legislation”) relating to electrification of transportation by amending or creating new sections to chapter 35.92 RCW; and

WHEREAS, the Legislature found that “programs for the electrification of transportation have the potential to allow electric utilities to optimize the use of electric grid infrastructure, improve the management of electric loads, and better manage the integration of variable renewable energy resources” (§1(1) of the legislation); and

WHEREAS, the Legislature found that “state policy can achieve the greatest return on investment in reducing greenhouse gas emissions and improving air quality by expediting the transition to alternative fuel vehicles, including electric vehicles” (§1(2) of the legislation); and

WHEREAS, the Legislature further recognized that each electric utility, depending on its unique circumstances, can determine an appropriate role in the development of electrification of transportation infrastructure; and

1 WHEREAS, the legislation created what was codified as RCW 35.92.450, which provides that
2 the “governing authority of an electric utility formed under this chapter may adopt an
3 electrification of transportation plan”; and

4 WHEREAS, RCW 35.92.450 also allows for an electric utility to offer “incentive programs in
5 the electrification of transportation for its customers, including the promotion of electric
6 vehicle adoption and advertising programs to promote the utility’s services, incentives, or
7 rebates”, provided that “utility outreach and investment in the electrification of
8 transportation infrastructure does not increase net costs to ratepayers” consistent with
9 rules set forth in RCW 35.92.450; and

10 WHEREAS, City Light has created a Transportation Electrification Strategic Investment Plan
11 aligned with the legislation and the RCW; and

12 WHEREAS, the Transportation Electrification Strategic Investment Plan has been developed
13 using best practice methods in concert with a wide range of stakeholders and community
14 groups; and

15 WHEREAS, the adoption of the Transportation Electrification Strategic Investment Plan
16 represents a key milestone in City Light’s overall transition to the “utility of the future”
17 that meets its customer-owners' needs how they choose and in an efficient, innovative,
18 and future-focused manner rooted in equity and social justice; and

19 WHEREAS, the City Council has reviewed the Transportation Electrification Strategic
20 Investment Plan and the results of customer and stakeholder engagement; and

21 WHEREAS, the City Council has reviewed the terms and conditions set forth in this ordinance
22 and has determined that the supporting reasoning is sound and prudent; NOW,
23 THEREFORE,

1 **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:**

2 Section 1. A new Chapter 21.53 is added to the Seattle Municipal Code as follows:

3 **CHAPTER 21.53 TRANSPORTATION ELECTRIFICATION**

4 **21.53.010 Short title**

5 This Chapter 21.53 shall constitute the “Transportation Electrification Authority” and may be
6 cited as such.

7 **21.53.015 Authority for transportation electrification**

8 The Department is authorized to offer incentive programs in the electrification of transportation
9 for its customers, including the promotion of electric vehicle adoption and advertising programs
10 to promote the utility’s programs, services, incentives or rebates, provided that City Light’s
11 outreach and investment in the electrification of transportation infrastructure does not increase
12 net costs to ratepayers consistent with rules set forth in RCW 35.92.450.

13 **21.53.020 Budget authority**

14 Budget authority for transportation electrification-related infrastructure investments, incentives,
15 or rebates will be included in the Department’s submitted budget(s) and consistent with RCW
16 35.92.450.

17 **21.53.025 Reporting**

18 The Department shall submit an annual report to the Mayor and City Council on progress of
19 implementation and further development of the overall Transportation Electrification Strategic
20 Investment Plan.

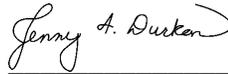

1 Section 2. This ordinance shall take effect and be in force 30 days after its approval by
2 the Mayor, but if not approved and returned by the Mayor within ten days after presentation, it
3 shall take effect as provided by Seattle Municipal Code Section 1.04.020.

4 Passed by the City Council the 5th day of October, 2020,
5 and signed by me in open session in authentication of its passage this 5th day of
6 October, 2020.

7 _____
8 President _____ of the City Council

9 Approved by me this 8th day of October, 2020.

10 _____
11 Jenny A. Durkan, Mayor

12 Filed by me this 8th day of October, 2020.

13 _____
14 Monica Martinez Simmons, City Clerk
