Statement of Legislative Intent:

The Council would like the Department of Finance and Administrative Services to:

1. Develop a scope of work for an RFP to estimate the value of Seattle’s natural capital (open space, green space, tree canopy, etc.), both public and private, and including the flow of public goods and services and their asset value;
2. Determine what would be necessary to include such an estimate in the City’s asset management, cost-benefit analyses, accounting, reporting, and planning, including how inclusion of natural capital can improve the City’s bonding capacity;
3. Determine if the distribution of natural capital supports the goals of equity and social justice for Seattle communities; and
4. Propose how to incorporate the estimate in the surplus property disposition process.

Responsible Council Committee(s): Finance and Culture

Date Due to Council: June 30, 2016
