***Budget Action description:***

This green sheet reduces funding for policy staffing in the Superintendent’s Office in the Department of Parks and Recreation (DPR) by \$175,000. These GSF savings will be used to fund other Council priorities.

Background

The Mayor’s 2016 Proposed Budget includes \$345,000 and two new policy positions in the Superintendent’s Office in DPR. One position will work on DPR’s partnership with the Seattle Public Schools (SPS), including an update to the Joint Use Agreement and potential modifications to DPR programs if school start times change. This position is funded at an Executive II level. A second position is added to work on furthering the work of the Race and Social Justice Initiative, and developing and implementing organizational development initiatives (both internal and external). This position is funded at a Strategic Adviser (SA) 3 level. There are three other existing policy positions in the Superintendent’s Office, two SA 3 positions and one SA 2 position. Therefore, the Council questions the need for two additional policy staff and the proposed position titles for each.
